HENRY IRVING TALKS.

American Actors Playing to Most Enthusiastic Audiences in England.

(By Associated Press.) New York, Oct. 15.—Interviewed concerning the reports that American actors have been treated harshly by London audiences, Sir Henry Irving, who has arrived in this country, said: "Your actors are playing to the most kindly and enthusiastic audiences in England. Gillette in 'Sherlock Holmes' is creating the sensation of the season in London. I saw the play the day before I sailed and found much merit in both the play and the manner in which it was presented. There is no ill-feeling between American and English actors. Instead, there is a reciprocity that tends to link our countries strongly together."

One charges him with being a public nuisance, being based upon attempts of Organizer Guntner to bring on a strike of the wood workers in Jamestown, was finally taken to Maysummer. The other indictment accuses him of uttering false rumors about a strike, with the object of depreciating the value of bonds and stocks of the Jamestown manufacturing and ruining their business.

BROKE EXPRESS SEAL

MONEY PACKAGE FROM BUFFALO TAMPERED WITH.

FIVE THOUSAND DOLLARS LOST

Consigned by Collector of Customs to United States Sub-Treasurer and Contained Seven Thousand Dollars.

(By Associated Press.) New York, Oct. 15.—W. H. Brendell, collector of customs at Buffalo, N. Y., has been in this city recently in consultation with the sub-treasury officials and secret service officers over the theft of \$5,000 from an express package containing \$7,000 consigned from Buffalo to the sub-treasury president. The original package was filled with \$7,000 in bills of the same denomination as were in it when it left Buffalo. Certain pin holes had been made in the covering at Buffalo, and when the package was again filled these pin holes, which had penetrated two portions of the covering were found to fit exactly. The package was carefully traced, and it was shown that it had not been tampered with from the time it was received for by the express company until it was delivered at the sub-treasury. It was also proved that it had been accepted for in good order at the sub-treasury, and that the seals were unbroken.

As soon as the yachting party had been taken ashore, the crew found it necessary to abandon the sloop.

CATHOLICS INDIGNANT.

Dislike Resolution of Satisfaction at Evangelical Progress in Austria.

New York, Oct. 15.—A resolution adopted by the general assembly of the Evangelical alliance at Breslau causes indignation on the part of the Austrian Catholic press, says the Vienna correspondent of the Times. The resolution expressed grateful satisfaction at the blessed progress of the evangelical movement in Austria. "The correspondent sent hearty greetings to the Austrian evangelists."

The correspondent says the emancipation movement forms an integral part of the program of the Austrian pan-Germans. Last week the burgomaster of Vienna declared that the movement was dangerous to the state, as it was intended to facilitate the absorption of Austria by Germany.

INDIAN FRONTIER QUIET.

Funeral of the Late Ameer Furnished a Dramatic Spectacle.

(By Associated Press.) New York, Oct. 15.—A Simla correspondent says a report from the British political office at the Khyber Pass shows that everything was perfectly quiet on the frontier, and traders are passing through. The scene at the funeral of the late ameer at Kabul is described as a dramatic one. The chief kadi addressing the people at Durbar declared that Abdul Rahman could not be buried until the new ameer had assumed power. Then the wound the turban around Habib Ullah's head and saluted him as ameer. Habib Ullah addressed the multitude, proclaiming his intention of maintaining his father's kingdom unaltered and unincreased, and of continuing in alliance and friendly relations with the British government.

RUSSIA AND JAPAN.

(By Associated Press.) San Francisco, Oct. 15.—A war between Russia and Japan over Corea is predicted by Dr. Nicholas Senn, professor of surgery in the University of Chicago, who has arrived here from a tour of the Orient. He said: "While I was in Japan I noticed on every hand that the Japanese were making preparations for war with Russia, and they made no secret of it. The cause of the trouble is no secret in Japan. It wants Corea. Japan is not large enough for the Japanese. Russia practically holds Manchuria, and Japan does not intend letting this nation extend its influence to Corea if this can be prevented. Hence the preparations for war."

BEAUMONT BURNING

TWO HUNDRED THOUSAND DOLLAR FIRE AT TEXAS TOWN.

RUMORED SEVERAL LIVES LOST

A Number of Blocks in Business Center of Town Totally Destroyed—Fire Likely to Do Much More Damage.

(By Associated Press.) Dallas, Texas, Oct. 15.—Early this morning fire destroyed \$200,000 worth of property in the business section of Beaumont, Texas. The fire originated in the McFadden block, the first floor of which was occupied by T. S. Redd, wholesale grocer, and the second floor as a rooming house. There are rumors of several lives lost in the McFadden flats, but Mrs. Field, proprietress, thinks everyone escaped. Other buildings destroyed are the Blanchett building, Gilbert building, two Sero-Fine buildings and the Dunlap-Cunningham, a new three-story building just completed. At 2:15 a. m. the Southern Pacific warehouse, a frame structure 300 feet long, was in imminent danger. CHAMBERLAIN ON DRINK.

In Birmingham Address Says Coercion Cannot Overcome Drunkenness.

New York, Oct. 15.—Mr. Chamberlain, says the Tribune's London representative, has devoted himself in a recent address to a Birmingham temperance society, to showing that it is not by coercive legislation that drunkenness can be put down, but by gradual improvement of the physical and moral conditions of the people. If the figures which he read are to be relied upon, there are three million total abstainers in Great Britain at this moment, which is proof that the leaven of moral reformation is working daily. He referred to his old doctrine of municipal control of public houses, and suggested that the sale of intoxicants by grocers and clubs should be subject to the approval of the licensing authorities. No scheme of reform which assumed the possibility of confiscating the interests of the publicans would, he asserted, with emphasis of conviction, ever be tolerated by public opinion.

MISS TEN WAKA, TEN-ICHI, MISS TEN KATSU.

CARD TO THE PUBLIC.

I have much pleasure in having to announce the presence of Ten Ichi's imperial troupe of Japanese jugglers at the Grand Opera House next Thursday and succeeding three nights. It has been my fortune to manage Hermann the great, now dead, Kellar, Carl Bosco, Hellar and other famous magicians during the past quarter of a century. They were all wonderful artists, but I have no hesitancy in stating that the greatest of all is Ten Ichi, whose standing in Japan artistically and socially is equal to Sir Henry Irving's in England. I can positively assure the people of Butte that Ten-Ichi's performances, together with his wonderful company, will be the greatest novelty ever presented on the boards of any local theater. Ten-Ichi is direct from Japan and his company is part of the retinue of Prince Ito, who comes direct from the court of the Mikado. Respectfully, JOHN MAGUIRE
