

FOR BEAUTY'S SAKE.

Madame La Belle Prepared to Bring Joy to the Hearts of the Women.

(Toronto Globe.)

The fair sex in Toronto will be greatly rejoiced to learn that Madame La Belle, the celebrated complexion specialist, who is able, despite the disintegrating influences set at work by advancing years, to banish wrinkles and blemishes of all kinds, and maintain the graces of youth through middle life, is to take up her permanent residence in Toronto at 111 and 113 King street west.

But Madame La Belle is not merely a complexion and skin specialist. She is also an accomplished manicurist, chiropodist and hair specialist. Superfluous hair will be painlessly removed by electricity and electrical baths may be obtained at her commodious apartments. In this department of her work Madame La Belle profits by the knowledge of her husband, Mr. I. S. Prenner, who is a graduate of the P. D. Armour Institute at Chicago, a B. Sc. and master of electric chemistry in all its branches.

One room on the floor she has taken will be used as a school, where lessons will be given to young ladies in manicuring, chiropody, face and body massage, the removal of freckles, etc. All the formulas of Madame La Belle's preparations relating to these various subjects will be given with the lessons.

Madame La Belle's preparations number 17 in all. They include a "freckle lotion," which contains no poison and removes without breaking the skin or irritating the muscles, "skin food," which nourishes the tissues and breeds red blood-corpuscles; a "mustache, eyelash and eyebrow grower," a "wash for perspiring hands," a "foot rest" for tired feet, an antiseptic "tooth cure," a "lip ointment" for cracked lips, a "corn cure" (corns will also be painlessly removed by electricity); "scalp tonic," for dandruff, itching and eczema and a "hair grower," which will remedy baldness.

PURE PEACH-LIKE SKIN.

What a Toronto Daily Says of Madame La Belle's Dermatological Methods.

The estimation in which a pure, peach-like skin is held by lovers of beauty is sufficiently attested by the poets. When nature has given to woman this great charm she may indeed congratulate herself. But when freckles, moths, patches, or superfluous hairs disfigure the face, or when many milestones on life's journey are passed and wrinkles supersede dimples, then lovely woman is rendered unhappy by reason of her unloveliness. According to Madame La Belle (Prenner) there is no need for any woman to suffer facial blemishes or, indeed, the ravages of time on face or form. This clever woman's knowledge extends over medicine as well as dermatology, and she holds thousands of testimonials from pleased and grateful patrons. Her own youthful face and figure is, however, a good testimonial, for she owns to forty-seven years, yet her complexion is as creamy as a young child's. Madame La Belle is a firm disciple of electricity and in her electrical baths and this branch of her work she profits by the science of her husband, Mr. Prenner, who is a graduate of the P. D. Armour Institute, Chicago, a B. Sc. and master of electrical chemistry. Facial massage is administered by Madame to remove wrinkles. As she facetiously puts it: "The wrinkles go and the dimples come under my treatment." One large room in her splendidly equipped establishment, 111-113 King street west, is used as a school where lessons are given to young ladies in the art of massage, chiropody and manicuring. This dermatological institute is now eagerly thronged with ladies who have returned from the various summer resorts so sunburnt and freckled that they eagerly seek the valuable advice given free by Madame La Belle daily on "How to be healthy and how to be beautiful."

LABOR ORGANIZATION

FOR MINERS ONLY

Adjunct to the Western Federation of Miners Now Being Talked Of—Plan Is to Have a State Federation in Every Commonwealth.

One more state labor organization is beginning to peep up over the horizon, says the Denver Post.

Miners alone, however, will compose its membership, and the whole will be an adjunct to the Western Federation of Miners.

Not only will Colorado have such an organization, but every other state where the federation has a foothold will have the advantages of a home department, as it were, of the main body.

The executive board of the federation has spent considerable time discussing the advisability of organizing state federations of miners, and the favorable sentiment was unanimous.

Arrangements will take a more definite form when the board gets through its revision of the constitution, which begins this afternoon and will probably last a week.

State federations will not only enable those interested to do better work and stimulate interest, but they will prepare men for the responsibilities of membership in the executive board and other offices of the main body.

As at present, when these officers are elected by popular vote among the unions, men are sent to the high offices with little or no experience in the management of big organizations, and the board believes experience in a state organization will better fit the future candidates for general offices. It is also held that there is sufficient work in each state for such organizations.

The board also considered the advisability of having one or two speakers address the public during the coming convention on the objects of labor organization, and what labor should do to become a factor in the advancement of economic questions. No action was taken.

Died in Chicago.

The friends of Mr. and Mrs. John B. Wellcome of Madison county will regret to learn of the death of their infant boy in Chicago a few days ago. He had been taken East for treatment of the palate. An operation of a very delicate and dangerous character was found necessary and it was successfully performed, but some complication set in later, from which death resulted. The bereaved parents are now en route from Chicago with the body of the child, and the interment will take place near their home in the Ruby valley.

GRAND LARCENY CHARGE.

Man Accused of Snatching Diamonds Must Answer.

A charge of grand larceny was today preferred by Deputy County Attorney Lynch against John W. Graney, the man who is accused of breaking a window in the pawnshop of Albiez & Yoder

on Park street a few night ago, and snatching a handful of diamond jewelry. Graney was arrested the day after the offense was committed, and has been in the county jail since.

The jewelry snatched from the window consisted of a pair of diamond earrings worth \$350, a solitaire diamond ring valued at \$100, an opal and diamond cluster ring worth \$75 and a diamond and turquoise ring valued at \$65, the total value of the jewelry stolen being \$590. None of these trinkets were found on Graney, but the jeweler, Albiez, says he can swear to Graney's identity.

TAKES HER OWN TIME.

Mrs. Mary West Summons the Fire Department in a Leisurely Manner.

A slight blaze in the kitchen roof of the dwelling at 46 East Granite street, occupied by Mrs. Mary West, called out the fire department this morning. The fire was put out with no damage to speak of.

This afternoon Mrs. West thought she smelled smoke again, and after leisurely crossing in her street clothes and arranging her outward appearance, strolled over to the city hall to look for Chief Sanger.

After calling on several of the city officials she wound up in the city clerk's office, where she imparted the information that her house was on fire.

The alarm was turned in and the department again responded to find the house still standing and no fire, in spite of the somewhat delayed alarm.

Florence Sullivan's Estate \$1750.

The appraisers of the estate of Florence Sullivan, killed in Alaska with his brother Con, have fixed the value of the property appraised by them at \$1750. They say in their inventory, filed in the district court today, that the estate is also entitled to half of Con Sullivan's estate, and that there is money belonging to it in the hands of Alaskan officers, the amount of which is unknown. The property appraised and valued as above consists of interests in six quartz claims in this locality.

ASKS FOR AUTHORITY.

Public Administrator Wants to Sell Children's Property.

J. P. Collins, public administrator, has petitioned the district court for an order requiring all interested persons to appear in court and show cause why the real property of some minor children, named Michael Benson, James Benson,

Dominick P. Benson, Maimie A. Benson, Thomas P. Benson and Margaret E. Benson, of whom he is guardian, should not be sold.

The petition alleges that the children have no personal property, and that the estate consists of certain lots, and a house bringing in \$15 a month. It says that the \$15 will not support the children and that there are debts against the estate amounting to \$400.

Mr. Collins wants to sell the lots to pay the debts and provide for the children. The real estate consists of lots in the Moonlight addition.

REPLICATIONS FILED TODAY.

Pleadings in Suit of Clark Against Caplice.

In the district court the replications of the plaintiffs in the case of W. A. Clark & Brother against John Caplice and others were filed today.

Suit was brought to recover on notes alleged to be issued by the defendants to the plaintiffs.

In the replications the plaintiffs deny that they represented to the defendants that there was due to the plaintiffs the sum of \$155,237, and allege that it was mutually agreed between the parties that there was due to the plaintiffs \$166,759.50. They deny that there was only \$80,000 due, and deny that the sum of \$75,237 was composed of illegal interest and compound charges.

BORDEAUX DIVORCE CASE.

Allowance for New Trial Granted Mrs. Bordeaux.

Judge Clancy this afternoon allowed Mrs. Ella Bordeaux \$1,000 for attorneys' fees to prosecute her motion for a new trial in the divorce case brought against her by her husband, John Bordeaux; also \$550 to defray the expense of securing a transcript of the testimony at the last trial, which she lost.

Church Notice.

There will be a quarterly meeting at the new African M. E. church, corner of Platinum and Idaho streets tomorrow. Preaching conducted by the presiding elder, James H. Hubbard. Preaching at 11 a. m., 3 p. m. and 7:30 p. m. by the elder. All are made welcome. Jordan Allen, pastor.

Fast Driving Charged.

Jack Potter was arrested this noon for

fast driving over the crossing at Main and Park streets. Officer Radmilovich caught the horse and locked up the driver.

Funeral Notice.

The funeral of John Archibald will take place tomorrow afternoon at 2 o'clock from the residence No. 509 West Dally street, Walkerville.

The reception tendered by the Montana Woodmen at Maguire's theater last evening, to Head Consul Northcott of Illinois was a great success from every point of view.

WALL STREET QUOTATIONS.

Opening Active—Large Blocks Transferred—Close Irregular.

(By Associated Press.)

New York, Nov. 9.—The stock market was broad and active in the opening dealings and large blocks of the principal stocks changed hands. First sales of Union Pacific were of 3000 shares at 107 1/2 to 108 compared with 107 1/2 last night. Pennsylvania opened unchanged but advanced immediately nearly a point. There was a better distribution of strength during the first hour than other stocks suffered from profit taking active. Gains reached between one and two points in over a dozen stocks, conspicuous among which were the Tracings, Sugar, St. Paul, The Atchinsons, Great Northern preferred and Missouri Pacific.

The realizing movement carried Atchinson and St. Paul off about one point. American Smelting & Refining fell 1/2. The unexpected increase in the reserves of the bank stopped the selling. A strong upward movement developed in Metropolitan which carried it up 5/8. Brooklyn Transit also rising 5/8 and Manhattan 3 points. Consolidated Gas, Peoples Gas and Pressed Car Steel rose 2/4. Great Northern preferred 3/4. Metropolitan Street Railway reacted 1/4. Northern Pacific preferred fell 1/4 and other stock suffered from profit taking. The closing was very active and highly irregular.

ROOSEVELT ON PROMOTIONS.

President Announces His Intentions in Army Appointments.

(By Associated Press.)

Washington, Nov. 9.—The president today declared to Senator Culom of Illinois, that in making promotions to the brigadier generalships soon to become vacant he would be governed entirely by the record; that it was his intention to promote those whose records showed them to be most deserving of promotion; that neither personal considerations nor influence would count. Senator Burrows of Michigan talked with the president today about financial legislation. Senator Burrows is a member of the finance committee, and is strongly opposed at this time to any further reduction of the government's income. I do not believe, said he, "that it would be wise to tinker with the revenues until we know exactly what money will be needed. If we are to build the Nicaraguan canal and provide liberal amounts for the improvement of rivers and harbors, it would be the height of folly at this time to slash the revenues."

ON FRANKLIN FIELD

BOYS IN CRIMSON DEFEAT THE QUAKERS.

HARVARD 33; PENNSYLVANIA 6

Both Teams in Fine Condition—Twelve Thousand Spectators Present—Game Lasts Nearly Three Hours.

(By Associated Press.)

Philadelphia, Nov. 9.—Harvard and Pennsylvania met on Franklin Field this afternoon for their annual football game. Harvard's supporters were bubbling over with confidence and they apparently had good grounds for their jubilation. Pennsylvania's eleven was far below the average.

The air of confidence was apparent on all sides, and early in the day Coach Reid announced that all the regulars would not be in their positions. Trainer McMasters said today that the Harvard men were all in fine condition and Coach Woodruff of Pennsylvania said the same of the Quakers.

The Line Up.

Table listing lineups for Harvard and Pennsylvania football teams, including positions like Quarter Back, Left Half Back, Right Half Back, Full Back, Left Tackle, Right Tackle, Left Guard, Right Guard, Left End, Right End, and Quarter Back.

At 2 p. m., the time fixed for play to begin, there was about 12,000 persons present. The sun was hidden by clouds which made the day somewhat raw.

Harvard won the toss and Captain Campbell chose the west goal with a moderate wind at his back.

Reynolds of Pennsylvania kicked off at 2:08. Graydon scored a touchdown for Harvard at 2:38 p. m., and Cutts kicked goal.

Score: Harvard, 6; Pennsylvania, 0. Graydon made another touchdown and Cutts kicked goal at 2:46.

Score: Harvard, 12; Pennsylvania, 0. Pennsylvania made a touch-down at 2:51. Davidson kicked goal from touchdown. Score: Harvard 12, Pennsylvania 6.

At 3:10 Harvard made their third touchdown. Score: Harvard 17, Penn-

sylvania 6. Cutts failed to kick goal from touchdown.

3:20—Harvard made another touchdown, this being the fourth. Score: Harvard 22, Pennsylvania 6. The kick for goal was a failure.

3:26 p. m.—First half ended. Score: Harvard 22, Pennsylvania 6. Second Half.

At 3:53 Harvard made a touchdown. Cutts kicked goal. Score: Harvard 28, Pennsylvania 6.

4:10 p. m.—Harvard made another touchdown. Score: Harvard, 33; Pennsylvania, 6.

Final score: Harvard 33, Pennsylvania 6.

Indians and Cadets.

Annapolis, Nov. 9.—The Indian football team from Carlisle, Pa., waged battle on the gridiron this afternoon with the Naval Cadets. This is their first appearance here since 1895, when they were beaten by the middies by a score of 42 to 0. Score: First half, Carlisle Indians, 5; Navy, 0.

Yale-Princeton Freshmen.

Newhaven, Nov. 9.—Final score: Yale Freshmen, 11; Princeton Freshmen, 0.

ORE DON'T PAN OUT.

Government Assay Fails to Find Value in Helena's "Rich Strike."

(Special to Inter Mountain.) Helena, Nov. 9.—Assays of the material from the newly discovered mine on the federal building site in this city, show that there is neither gold, silver nor any other valuable metal in the supposed strike of rich ore.

The certificate of the assayer making an analysis of the rock was filed with B. H. Tatem, assayer in charge of the United States assay office in Helena, who is custodian of the site, today.

MACCABEES TO PROSECUTE.

Finance Keeper Thompson Must Answer for His Defalcation.

Port Huron, Mich., Nov. 9.—It develops that if Charles D. Thompson, ex-supreme finance keeper of the supreme tent of the Order of the K. O. T. M., who embezzled \$60,000 from the order, is to be prosecuted, the Maccabee officials will have to take the initiative.

By the terms of Thompson's bond with the Fidelity & Deposit company of Baltimore, the organization must apply for the warrant in the event of a defalcation and prosecute with the assistance of the bonding company. Supreme Councilor Altken has all the necessary papers in his hands, and Thompson's arrest is expected soon.

Dr. L. E. Sisler of Akron, Ohio, was selected today to succeed Thompson as finance keeper.

Ludwig of Bavaria Injured.

New York, Nov. 9.—A cablegram from Berlin says:

Prince Ludwig of Bavaria was thrown from his car last evening, near Nimpberg castle, after colliding with a tree. His left shoulder was put out of joint.
