JEALOUSY GUARDED VATICAN

Impossible to Prevent Rumors of Intrigue and State-making From Reaching the Ears of the Outside Public.

London, Nov. 18.—A dispatch from Rome says: "In spite of persistent and apparently well-founded denials that there is imminent danger of the pope's decease, the air is full of speculation and apprehension, indicating that his end is not considered far off.

Rumors of intrigue and state-making, which it is impossible to keep from the outside world, exude from every crevice of the jealously-guarded inner precincts of the vatican.

The pope's closest personal attendants include his faithful valet, Centro, one chaplain and one minor prelate, who constantly and tenderly guard his material comfort.

His meals are served in his private apartment at a small table at which none other, even a crowned head, may sit down.

No feminine hand may tend or sooth the august invalid.

DEPARTMENT NEGLIGENT.

St. Louis Coroner Charges Lack of Care in Preparing Anti-Toxine.

(By Associated Press.)
St. Louis, Nov. 18.—Coroner Funkhouser today rendered a verdict finding the St. Louis Health Department negligent in the preparation of the diphtheria anti-toxine that caused the deaths by lockjaw of seven children to whom it was recently administered for diphtheria.

For some time the city health department has been making an anti-toxine for use in diphtheria cases. This was distributed among practicing physicians throughout the city free of charge, and used in the city institutions quite generally. In many cases it is said to have saved lives.

The serum was obtained from horses that are said to have contracted tetanus and to have imparted it to the anti-toxine drawn from their bodies.

SAMPLE ON TRIAL.

New Jersey Lawyer Charged With Aiding Counterfeiters.

(By Associated Press.)
Philadelphia, Nov. 18.—John L. Semple, a lawyer of Camden, N. J., was placed on trial today in the United States district court before Judge McPherson, charged with aiding and abetting Arthur Taylor and Baldwin Bredell in making, issuing and attempting to circulate counterfeit \$20 notes.

Semple is the thirteenth man arrested in connection with the Lancaster, Pa., revenue stamp counterfeiting conspiracy, conceived by Jacobs and Kendig, cigar manufacturers of that city, in 1897.

Nine men have gone to the penitentiary after conviction on charges growing out of the conspiracy, and three others are in the county prison awaiting sentence.

MISS EASTWICK SENTENCED.

American Girl Gets Six Months for Forgery.

London, Nov. 18.—Miss Marie Josephine Eastwick, the young Philadelphia woman who was committed October 1, in the Guild Hall police court for trial at the Old Bailey on the charge of having forged a \$100,000 railroad certificate and who, on being arraigned, pleaded guilty was sentenced this morning to six months' imprisonment as a second-class misdemeanant.

The recorder, in sentencing Miss Eastwick, said he had received documents from the United States embassy, showing the accused was mentally weak, but he could not accept that as a plea, the question of sanity being a matter for the secretary of state to consider.

Miss Eastwick, who looked frail and ill, leaned for support on the arm of a prison wardress when leaving the dock.

ABOLISH BREAD DUTIES.

Italian Government Believes Products of \$1,500,000 Revenue Charges.

(By Associated Press.)
New York, Nov. 18.—A Rome correspondent says Signor Carcano, the finance minister, has obtained the approval of the cabinet for a scheme to abolish the Octroi duties on bread, flour and other farinaceous products. The scheme is more moderate than those drafted by Signor Carcano two years ago, and by Signor Wollemborg last spring.

The communal losses would be compensated partly by the state and partly by increasing other forms of local taxation.

The total cost of the state is estimated at about \$5,000,000 lire (\$1,541,000).

WILL BE RETRIED

NEW TRIAL FOR THOMAS POOLEY, SLAYER OF LITTLEJOHNS.

JUDGE CLANCY TO GRANT IT

Order Will Be Made Next Saturday—Impossible to Settle Bill of Exceptions—Stenographer's Notes Are Lost.

Thomas Pooley, who killed his daughter and his son-in-law, Lydia and Thomas Littlejohn, about a year and a half ago, and who was convicted of murder in the second degree last September, will be granted a new trial.

Judge Clancy made the announcement in court this afternoon.

Judge Clancy said he would have to grant Pooley a new trial. The reason for this is that the stenographer's notes of the trial, which was held before Judge Clancy, are in part lost, and therefore it is impossible to settle the defendant's bill of exceptions on his motion for a new trial.

Attorneys Not Agreed.

The matter of the settlement of the exceptions came up before the judge this morning and this afternoon, and it developed that County Attorney Breen and Attorney Thresher—the latter represents Pooley—could not agree on the exceptions on account of the condition of the records. Hence the conclusion reached by the court.

Judge Clancy said that he would have Pooley brought before him next Saturday morning, and then issue his order. Mr. Thresher desired the motion passed on at once, but the court was too busy with other matters.

Records Are Lost.

Pooley was tried while Attorney Connolly was county attorney, and there were three transcripts of the testimony made, one private and one official record in question and answer form, and one narrative record.

There was no agreement among the three records, and Stenographer Wilson's notes were called for. It was found then that part of the notes had been lost.

The killing of the Littlejohns by Pooley created great excitement when it occurred, the former shooting the two latter on the street.

Pooley has been in the county jail since his trial, awaiting the determination of his request for a new trial.

WIFE IS GUARDIAN

AARON RINEHART SUBMITS TO CONTROL OF BETTER HALF.

Asked Court to Declare Him an Incompetent Because He Could Not Control Appetite For Liquor.

The unusual case of the voluntary submission of a man to the guardianship of his wife was presented as part of the business of Judge McClernan's court this morning.

The man was Aaron E. Rinehart, and letters of guardianship, on the ground of his incompetency to transact his own affairs, were issued to his wife, Melissa Rinehart.

Rinehart took the step related because he has become so addicted to the habit of drink that he cannot control himself, and is in danger of squandering away the property that is the dependence of his wife and three children.

He wished to be put in such condition that he could not incur debts to saloons for which the property would stand good.

Wife Files Petition.

Mrs. Rinehart petitioned for the letters, but Attorney Wilson stated that it was at Rinehart's request. The attorney said that Rinehart wanted something done to check his liquor-drinking; that one drink led to another till he became uncontrollable, and under the influence of drink contracted bills that his wife was compelled to pay to protect the family property.

The lawyer said that Rinehart could think of nothing better than the guardianship, and so desired it. But the man wanted to be excused from appearing in court at this time. A request for the appointment of his wife by the court, signed by Rinehart, was read.

It said that he (Rinehart) realized his situation, desired to reform and believed that it would be well for his wife to be made his guardian.

Mrs. Rinehart, a slender, nice-looking woman, still young, took the stand and testified as to Rinehart's habits and the necessities of the case.

Runs Big Drink Bills.

She said that Rinehart had run \$50 worth of drink bills in various saloons

since the first of October, and that she had had to pay them.

The couple live at 1111 Chicago street, and they have three houses which rent, two each for \$18 a month and one for \$17.

They have three children, the oldest of whom is 12 years.

Mrs. Rinehart said she had been married to her husband for 13 years, and that he is a good worker when sober.

Rinehart's habits were good up to seven months ago, and she said, he had become unable to restrain himself during the past two months. She stated that he was gone from home half the night sometimes, and then brought home unconscious.

The rent money, \$53 a month, is the family's only income since Rinehart had ceased to work, Mrs. Rinehart stated.

Judge McClernan was of the opinion that the guardianship was justified, and the order was made.

The saloonkeepers who sell drinks to Rinehart hereafter will have to get an order from his guardian or do without their pay.

WADE-SULLIVAN FIGHT

Efforts Made to Prevent the Pulling Off of the Event.

(Special to Inter Mountain.)

Anaconda, Nov. 18.—Up to a late hour this afternoon it had not been determined whether or not the Wade-Sullivan boxing contest, scheduled for tonight, would be pulled off in the Margaret theater. Seats were still being sold, however, and the two pugilists were threatening to sue Manager Collins in case he barred them out.

County Attorney Duffy said this afternoon: "I see no legal reason why this contest should be stopped. I have examined the articles of agreement and find everything is being done within the pale of law. I certainly cannot prohibit it."

Other attorneys asked to pass on the matter gave the same opinion.

which will be December 16. On that date I will start for New York, and at the earliest possible moment I will take a steamer for France. If things go as smoothly as I expect them to, I will be in Paris by Christmas, on which day I hope to be married. PRESIDENT DISCUSSES TARIFFS WITH CALLERS.

MEMORIAL OF MANUFACTURERS

Senator Cullom's Attitude Considered Important—Senior Statesman From Illinois Slated for Head of Committee on Foreign Relations.

(By Associated Press.)

Washington, Nov. 18.—The president's time today was largely taken up in the discussion of reciprocity.

Senator Cullom of Illinois, and Representative Dalzell of Pennsylvania, had something to say to him on that subject, and a delegation of agricultural implement manufacturers, consisting of James Deering of Chicago, A. B. Farquhart of York, Pa., and W. V. Barker of New York, who are here to attend the reciprocity convention which meets tomorrow, presented a memorial, strongly urging that something be done.

The delegation told the president that in its opinion the time for action had come. Reciprocity had been talked and preached about for years and unless a decisive step was taken now which would affect the whole subject, it might as well be abandoned.

The members of the delegation said they had no particular interest in any of the treaties, but thought, taken altogether, that the French treaty more nearly represented the best possibilities in the way of reciprocity and that if it could be ratified a distinct victory would be won.

Senator Cullom, after his interview with the president, talked in the same vein.

His attitude is considered as important, as it is believed to be actually settled that he will be at the head of the foreign relations committee.
