SENT TO COMMITTEE

PLAN FOR A NEW CREMATORY TAKEN UP BY COUNCIL.

EIGHT NEW FIREMEN NAMED

Alderman Duggan's Idea for a Municipal Employment Agency Is Talked Over by the City Fathers.

Health Officer Leggat's petition to the city council asking for the establishment of a new crematory was referred to the committee on buildings last night. This will probably delay the plan for a few weeks, but the health officer is certain the new incinerator will be put in. Mayor Davey sent in the names of

Kelly, Robert J. Harrison, William S. Murphy, T. J. O'Connor and M. Kelly. The men are placed on probation for six months, and at the expiration of that time will be voted on for permanent places.

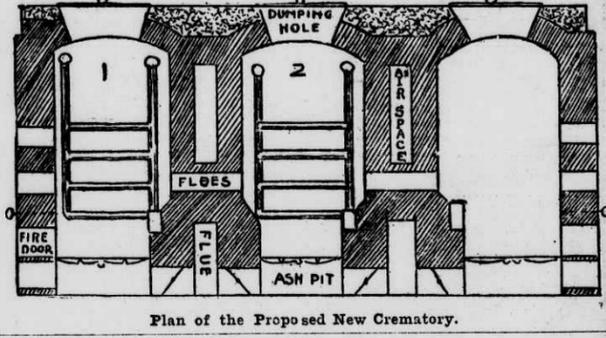

Alderman Duggan brought up his plan of establishing a municipal employment agency under the state law, and it brought out a lengthy discussion, finally resulting in a reference to the judiciary committee.

Mayor Davey brought about the first tie vote of the present council when the Butte Lighting and Power company asked for an extension of 60 days on the time allowed for making the changes in stringing the wires as required under the new ordinance.

Seven to Seven.

The vote stood 7 to 7, and the mayor voted against granting the extension. The aldermen were instructed to present at the next meeting the places in their wards where railroad flagmen should be stationed.

The city attorney was instructed to draw up an ordinance providing that all electric light, telephone and telegraph poles in the city shall be under the su-

eight firemen to be appointed under the agreement to increase the number of firemen because of the opening of a new fire station.

These Men Named.

Those named were Charles H. Grund, James Dennison, Edward Leary, Thomas

pervision of the street commissioner and at points designated by him.

The action grew out of the fight between the commissioner and the telephone company, which refused to obey orders from the official without proper authorization.

ALL KINDS OF ODD HAPPENINGS

Watson Boyle of the Gallatin Valley City Explains How the Visitors Were Taken Care Of.

It shows the number of cases for trial in the two departments of the court, and contains a catalogue of the lawyers who are engaged in the practice of the law in Silver Bow county.

There is an index of the cases at the front of the pamphlet.

In the pages that follow, the cases are set forth with the names of the attorneys engaged in them appended and the causes of action.

The pamphlet is quite thick, and the index pages alone are six or seven in number.

According to the calendar there are about 400 cases for trial in the two departments of the court, and 146 lawyers practicing in the county.

The suits are of all kinds, within the civil category. The calendar was issued on October 10.

ANNUAL ACCOUNT FILED.

Order Settling Same in Marchesseau Guardianship Made.

The annual account of S. Marchesseau in the estate and guardianship of Olivia J. Marchesseau, a minor, was settled and approved by Judge McClernan this morning. S. Marchesseau is the guardian of the minor.

The decree of settlement showed the full amount of all moneys received and disbursed by the guardian from September 1, 1900. The total amount received was \$5,008.51.

The amount expended was \$87.96, and the balance in the estate is \$4,140.95.

FAMILY ALLOWANCE MADE.

Order Issued in Estate of Fergus F. Kelley, Deceased.

Judge McClernan this morning made an order in the estate of Fergus F. Kelley, deceased, granting the family of the deceased a monthly allowance of \$100 out of the estate.

The order was made upon the petition of Katherine Finn Kelley, the executrix.

The will of the deceased made Mrs. Kelley his sole legatee and devisee, and the estate was appraised at \$78,611.

The petition relates that the estate is amply able to yield a revenue of \$100 a month. Attorney C. F. Kelley is counsel for the petitioner.

Local Players as Guides.

"The manager of the Bozeman team had assigned several of the local players as guides to the visitors and had instructed them not to omit a single thing that might prove of interest to the men from the top of the divide, and to explain everything that might arouse their curiosity.

"Pierce Buzard was detailed to chaperone Messrs. Ellis, Taylor and McKinley, and called at the hotel to invite them over to inspect the fish hatchery in Bridger canyon.

"Certainly," said Taylor, "but how are we to get there?"

"That's easy," said Buz, "I've ordered my horseless carriage."

"What?" said Taylor in surprise, "has the town a horseless carriage?"

"Indeed it has," responded Buz, "and just then a surry, drawn by two mules, drew up at the front door and the men from Butte beheld it with bated breath for a moment. Without cracking a smile they climbed in, and the party was off.

Gold Filling in Teeth.

"Dr. Ellis, there is one thing over at the hatchery you must be sure not to miss," said the guide; "it is a curious thing, and appertains to your profession. I refer to the gold filling in the teeth of the trout in Bridger creek, a phenomena that has created a great amount of talk, and scientific men find great difficulty in accounting for the freak, having arrived at different conclusions as to the cause. Even Dr. Henshall feels a great delicacy when speaking upon the subject, and he is without doubt the foremost 'fish sharp' in the state and country."

"On the way over McKinley sprung up a number of questions as to trees, plants and flowers. Here are a few samples:

"What is that?" queried Mac.

"Oh, that's a sweet pea vine."

"And what is that?"

"A stack of barley."

"And that?"

"A cottonwood tree."

"And that plant, away over yonder?"

"That? That is the electric light plant."

"Then Mac went into a trance that lasted full two minutes and three seconds. Ernest Heilmann had been delegated to see that Adams, Sheehan and Fisher did not come to grief. Ernest thinks there is nothing that can compare with the Gallatin valley, and says so whenever he has half a chance."

TRIAL CALENDAR ISSUED.

Gives Suits for Trial and Practicing Lawyers.

District Court Clerk Samuel M. Roberts has recently issued a new trial calendar for department one and two of the district court.

The calendar is in pamphlet form, and is a neat and handy book.

EXPOSURE

To cold and stormy weather opens the way to an attack of bronchitis. The man on the wagon, be he farmer, milkman or truckman, needs to pay special heed to the first symptoms of weakness or disease of the organs of respiration.

The use of Dr. Pierce's Golden Medical Discovery will cure bronchitis, deep-seated coughs, bleeding of the lungs, and other conditions which if neglected or unskillfully treated terminate fatally in consumption.

There is no alcohol in the "Discovery," and it is entirely free from opium, cocaine and other narcotics.

"For seven years I had been troubled with what the doctors called bronchitis," writes Mr. Arthur Maule (general merchant), of Niles-ton, Middlesex Co., Ontario. "A year ago, after I had been taken sick with a severe attack, I began taking your 'Golden Medical Discovery.' I rapidly recovered from the attack and felt no more of it. This season I began taking the 'Discovery' in August, and have so far been perfectly well. I can go out in all kinds of weather and not feel the bronchial trouble at all. Let me say to all who are suffering from such complaints to give Dr. Pierce's Golden Medical Discovery a fair trial, and I am convinced that good results will be obtained."

Dr. Pierce's Common Sense Medical Adviser, paper-bound, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only; or 31 stamps for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

TOURNAMENT OPENS

STATE BOWLING CONTEST BEGINS AT THORNTON ALLEYS.

TEAMS FROM OUTSIDE CITIES

Bozeman, Helena, Virginia City and Anaconda Represented—Buttes and Thornton Enter for Their Home Town.

With a large crowd present and five teams ready for the contest, the bowling tournament opened at 1 o'clock this afternoon at the Thornton alleys.

The bowling for the championship of the state is to last two days, and six teams are competing for the honor and prizes.

The teams from outside of Butte come from these cities: Bozeman, Helena, Virginia City and Anaconda. The Buttes and Thornton represent this city.

The Anaconda and Virginia City teams were here early in the day. The Bozeman boys came in about noon and the Helena bowlers arrived about 4 o'clock this afternoon.

The bowling will continue this evening and tomorrow afternoon and tomorrow evening the contest will be closed.

Great interest centers in the tournament that is being held here now, for the reason that there has been considerable question as to which team in the state was the best.

It is probable a regular state association of the bowlers will be formed while the contest is on here.

Besides the spirit of rivalry that is being shown among the teams there are individual contests that are likely to take place. Bozeman has some good bowlers who are said to be anxious to meet crack men from the other towns, and much interest centers in the prowess of the individual players.

There is likely to be a state individual champion as well as a champion team.

Last night the Silver Bows defeated the Overlands in three straight games at the Thornton alleys. Todd and Hodgins of the Silver Bows played especially well, and perhaps of the Overlands did some fine work.

burglary for his theft and was given a year by Judge McClernan.

The feed was in a warehouse and Miller took it out of that, and therefore laid himself liable to a charge of burglary.

A year is the minimum sentence for burglary, and the court was as merciful as possible.

But the punishment seemed very heavy considering the nature of the offense and the fact that the man was not of the criminal class.

TRIALS ARE CONTINUED.

Burglary Case Against Colored Man Goes Over.

Judge McClernan's court was in session for a few minutes this morning.

A venire for 20 additional jurors was issued yesterday, and the trial of Jesse Hedlin for robbery was continued last evening until 2 o'clock this afternoon, awaiting the return of the venire.

The trials of John Woods, a colored man, for burglary, and Pat Byrne for

disturbing the peace, on appeal, had been set for this morning.

But the court postponed them till tomorrow morning, on account of the Hedlin trial being unfinished.

Woods was caught in the house of a woman on Galena street at 10 o'clock at night, while engaged in ransacking a room.

The back door of the house was locked, and it was supposed Woods effected an entrance via the transom by means of a barrel placed against the door.
