DEPARTMENT OF THE INTERIOR.

United States Land Office, Helena, Montana, November 6, 1901.

May, 1901, Classification. Northern Pacific Railway company vs. Mineral Classification of south 1/2 Section 13, Township 2 north, Range 7 west.

During the month of May, 1901, Mineral Land Commissioner P. T. Morris, appointed under the act of February 25, 1855, as amended by the act of June 6, 1900, to examine and classify certain mineral lands in the states of Montana and Idaho, classified with other lands, the south 1/2, Section 13, Township 2 north, Range 7 west, as mineral.

On November 6, 1901, the Northern Pacific Railway company filed its duly verified protest against said classification in which it is alleged that each and every part of said tracts are essentially non-mineral in character, and are more valuable for agricultural purposes than for mining.

A hearing is, therefore, hereby ordered and all parties in interest are hereby notified to appear, respond and offer evidence touching said allegations before the register and receiver of the U. S. land office at Helena, Mont., at 10 o'clock a. m. on December 11, 1901.
