### BOY WHO WAS BITTEN BY DOG DANGEROUSLY ILL.

## SUFFERING PAIN FROM WOUND

### Man Who Encouraged the Dog to Bite the Boy Is Not Known - Grave Fears for the Little Fellow's Life.

(Special to Inter Mountain.)  
Anaconda, Jan. 6.—The condition of the small boy who was bitten by a dog in an East Park avenue saloon, Friday morning, as was reported by the Inter Mountain, is much worse this morning. The boy's mother resides at 518 East Fifth street, and last night she appeared at the police station and reported that he was suffering excruciating pain as the result of the bite; that the wound which is in the calf of the leg, had assumed an inflamed appearance and bled profusely the greater part of the time. Saturday night and Sunday he suffered most, and screamed with pain continually.  
So far the officers have failed to get any track of the man who, it is said, sicked the dog on the boy and is responsible for his hurt. The story is that the boy went into the saloon to get some money changed and that as he was leaving the place after having secured the change, a strange man who was sitting at a nearby table encouraged the dog to attack the boy, and that the dog, in obedience to his command, bit the little fellow on the leg.  
The matter was at once reported to the police by the boy's mother, but as yet they have been unable to secure any clue as to the man's identity.  
According to the boy's story the dog that did the biting was a small terrier. This morning the gravest apprehensions were entertained as to the boy's ultimate recovery.

(Special to Inter Mountain.)  
Anaconda, Jan. 6.—Con Hanrahan, a patient at St. Ann's hospital by reason of too much squirrel foot booze, jumped from the second-story window of that institution last night, and dressed in a night gown of purest white made his way down town to get another shot of the infallible juice that makes the human race forget trouble and imagine the world has assumed a rosier hue.  
He was pursued by a nurse, but refused to accompany that individual back to the hospital. Assistant Chief O'Brien was then called and succeeded in inducing Hanrahan to go back to the snowy cot which, he had left in pursuit of the red liquor.

## CRUDE RUBBER TALK

### CHARLES R. FLINT EXPLAINS FINANCIAL CONDITION.

## PUBLIC ARE NOT INTERESTED

### Mr. Flint Says That Creditors of Crude Rubber Company Are Fully Satisfied - Failure Result of Falling Market.

(By Associated Press.)

New York, Jan. 6.—In an interview explaining the condition of the Crude Rubber company, which has just passed into the hands of a receiver, Charles R. Flint, one of the men most interested in the company, said the company owed \$1,000,000 to five bankers. He declined to give the names of the bankers, however, saying that they were not worrying about the incident and that it was not a matter of great public interest. He continued: "The public can only be interested in the debts which affect creditors widely distributed or the banks with which they do business. This does not affect either. The twenty banks which have lent the \$2,000,000 owing on crude rubber are fully secured. They will get their money from the sale of the rubber."

"The other \$2,000,000 is a contingent liability which arises from the company's endorsement of notes given to it by customers for value received. Eight hundred thousand dollars of the sum is on the notes of George Watkinson & Co. of Philadelphia, who have failed. The other \$1,200,000 is on notes of absolutely solvent companies, and every dollar of these will be paid upon maturity."  
"Mr. Watkinson informs me that his firm has assets exceeding its liabilities by \$400,000. As the firm's assets consist largely of accounts due from 10,000 retailers, it is fair to assume that there may be a material shrinkage of their value, but at the worst they will probably be but a small deficiency. This the Crude Rubber company will be able to pay out of its equities in rubber."

"The sale of the stocks of the Crude Rubber company was made after a consultation with all the principal creditors and was made in their interest. One million dollars' worth of crude rubber was sold to the United States Rubber company at a concession in price.  
"This is to be paid for in cash at 60 days, and the money will go to the banks which have made advances.  
The other million dollars' worth of rubber on hand or in transit has been turned over to the International Crude Rubber company, to be sold on a commission of 1 per cent."

"All the proceeds, less the commission, will be turned over to the receiver to pay the debts of the company. The creditors are fully secured."

Mr. Flint declared that the company's losses were the result of a falling market.

## SECURE LARGE CONTRACTS.

### De Beers Diamond Company Awards Contracts to American Concerns.

(By Associated Press.)  
New York, Jan. 6.—The De Beers Consolidated Diamond mines (limited) of Kimberley, South Africa, have just awarded contracts to American concerns for structural material and complete electrical equipment for a large plant, which will be utilized for general power purposes. The value of the combined contracts is about \$200,000.  
The steel will be furnished by Milliken Brothers of New York City. The equipment of the plant will consist of two Westinghouse-Parson's steam turbines of 1000-horse power capacity each.  
The Chicago Pneumatic Tool company has also secured an order for pneumatic equipments and the Cincinnati Milling Machine company is to furnish several machines.

Gardner Williams, general manager of the De Beers company, who has been on a visit to the United States for several weeks, has returned to Europe.

## IT MUST BE MOVED.

### County Seat of Knox County, Neb., Settled at Last.

(By Associated Press.)  
Creighton, Neb., Jan. 6.—In its ruling that county officials of Knox county must move their offices to the farm of William Wishendoff, 12 miles from the nearest town, the supreme court of Nebraska has ended the most remarkable county seat fight in the entire West; a fight which has been persistently waged for more than 20 years and has cost the taxpayers \$20,000.  
Accordingly, on April 1, the date fixed by the supreme court, a remarkable exodus will take place. Business men of Niobrara, where the county seat of Knox county has been maintained since the beginning of the history of Nebraska, and of Verdigris and Creighton, 12 miles away from Wishendoff's farm, and the last named two towns will supply the largest part of the population of the new county seat, are already preparing for this wholesale removal.  
Many of the owners of buildings will follow the example of the three towns in Charles Mix county, across the Missouri in South Dakota, where horses were hitched to the building and the entire towns moved bodily from old to new sites.  
The new county seat of Knox county will be called Center. Today there is nothing to be seen on the site, but the farmhouses and outbuildings of the Wishendoffs. The change from Niobrara was made because that place is on the border of that county and the voters decided to locate the county seat in the geographical center of the county.

## FRENCH SAILORS MUTINY.

### Becoming Disgusted With Long Voyage They Get Mean.

(By Associated Press.)  
Oakland, Cal., Jan. 6.—With their captain dead, two men in prison for rebellious conduct and a crew bordering on mutiny the subordinate officers of the French bark *Commodore de Richemont*, discharging coal at Howard's dock, have appealed to the French consulate, the commander of the French cruiser *Protet*, lying in San Francisco harbor, and the Oakland police for protection. Mate Thicutin, who is temporarily in charge

of the vessel, is maintaining his authority with a loaded pistol.  
The trouble on board the bark began during her 157 days' voyage from Swansea to San Francisco, 30 days of which were occupied in beating around Cape Horn. The delay enraged the crew, one of whom knocked the chief mate down. Another flatly refused to obey orders. Captain Thoreaux died last Friday, and since this the mates have been unable to control the men.  
Two of the mutinous sailors have been arrested, and if the local courts cannot deal with them they will be turned over to the officers of the cruiser *Protet*.

N. P. R. Co., vs. Mineral Classification of w/g section 35, township 4 north, range 11 west.

During the month of April, 1901, Mineral Land Commissioner W. H. Williams, appointed under the act of February 6, 1895, as amended by the act of June 6, 1900, to examine and classify certain mineral lands in the states of Montana and Idaho, classified with other lands, the w/g of section 35, township 4 north, range 11 west, as mineral.
