

PROBATE BUSINESS

JUDGE MCCLERNAN MAKES ORDERS IN DIFFERENT ESTATES.

FATHER ASKS GUARDIANSHIP

Ellingwood Have Interest in \$5000 Insurance Policy - Mother Cited to Show Cause - Fleming Estate Contains Money.

This was Judge McClernan's probate day and he had considerable business connected with dead men's estates to transact as usual.

There is a five thousand dollar life insurance policy in the Equitable Life Insurance company in the estate and guardianship matter just instituted in the court in behalf of three children named Osgood R. Ellingwood, Columbia G. Ellingwood and Charles Ellingwood, junior, and the father of the minors has petitioned the court to make him the guardian of the latter.

Judge McClernan made an order requiring the father to cite the mother, Mrs. Gertrude E. Ellingwood, into court on January 23 to show cause why the petitioner should not be appointed guardian of the estate and persons of the minors.

May Sell Mining Claim.

In the estate of Stephen Simpson, deceased, in which the administrator is Public Administrator Collins, Judge McClernan made an order authorizing Mr. Collins to sell a mining claim belonging to the estate.

The claim is known as lot number 176 in an application for a patent on file in the land office and adjoins the Skip lode claim. The debts against the estate are placed at \$500, and the sale of the property is made to satisfy them. The only personal property in the estate is \$40.

Con F. Fleming was made administrator of the estate of Timothy P. Fleming, deceased, and his bond was fixed at the sum of \$15,000. The estate contains money in the hands of Hall Bros., for investment, amounting to about \$7000.

In the estate of William Harris, deceased, the annual account of the administrator, Barbara M. Harris, was settled and allowed. The amount of money received in the estate by the administrator was \$5113. The amount paid out was \$4464. The balance in the estate at present is \$658.03.

Administrator Discharged.

A decree settling the account and discharging the administrator, J. P. Collins, was made in the estate of George Beer, deceased. The money received in the estate was \$183.

In the estate of W. C. Walsh, deceased, the final account of the administrator was settled. The total money received in the estate was \$102.30. The amount paid out was \$55.65. The balance in the estate is \$46.65.

An order empowering the administrator to borrow money and mortgage property was made in the estate and guardianship of Josephine Provost and others, minors.

HOTEL ARRIVALS.

At the Thornton-Miss Adine Bowler, Jefferson D'Angellis, A. Royal Rogue; J. E. Mason, New York; A. W. Martin, Helena; George W. Wilson, Mrs. H. C. Cutler, J. W. Morris, Whitehall; J. C. EXCURSION TO PARK IS A MILD WINTER

NORTHERN PACIFIC AND W. & C. R. ROADS PLANNING IT.

SPECIAL TRAIN WILL BE RUN

It Will Be Made Up at Spokane About July 1 - Oregon Short Line Improvements Being Discussed.

Information to the effect that the Northern Pacific and Washington & Columbia River roads intend to join in running a gigantic excursion from the state of Washington to the Yellowstone park about July 1, has been received in this city. If the proposed scheme is consummated it will be the first park excursion ever run out of that part of the West.

The matter is now in the hands of A. D. Charlton, assistant general passenger agent of the Northern Pacific, and S. B. Calderhead, general freight and passenger agent for the Washington & Columbia River road. Both gentlemen, it is said, favor the plan and there is little doubt as to the outcome. If they decide to make it a go, excursionists will be gathered up at all points along the lines and rendezvoused at Spokane, where a special train with sleepers and diners will be made up and run directly through to the park.

Low Rate Made.

The excursionists are to be allowed five and a half days in which to see the sights of the park, which will make the entire trip consume about 10 days. A hotel that will cover transportation and rate accommodations in the park will be made, but berths and meals on the train will be extra.

Special attention is to be given teachers in the schools of the state, but it is not to be solely a teachers' excursion.

Oregon Short Line Affairs.

W. H. Baneroff, vice president of the Oregon Short Line, is now in New York consulting with the leading officials of the road on matters in connection with the system. When he returns he will probably have in his possession a complete set of plans for the proposed improvement of the line during the present year.

The most important matter the officials have under consideration relate to the construction of the line between Los Angeles and Salt Lake. The building of the road is a foregone conclusion, but there are a few details that need rounding out and polishing. It is believed in railroad circles that trains will be running between the two cities by the first of next January.

Great Northern Fast.

When the spring schedule on the Great Northern goes into effect it will include a fast transcontinental train. At present there is a mixed train running between St. Paul and Havre, and between Spokane and Seattle there is a fast, double-train service. This leaves only one train between Havre and Spokane. The proposed new train is to take the place of the mixed one, but instead of stopping at Havre it will be sent through to Spokane and the coast.

The Great Northern intends to make the new train as near as possible like the North Coast Limited on the Northern Pacific and run it on a fast schedule.

FOR A NEW CHURCH

BUTTE UNITARIANS WILL SOON FORM A CHURCH SOCIETY.

FIFTEEN FAMILIES IN CITY

Will Furnish Charter Members for a New Church - Unitarian Faith Is Broader Than Others.

(Special to Inter Mountain.)

Helena, Jan. 13.-Rev. Leslie W. Sprague, pastor of the First Unitarian church of this city, announces that active steps will be taken within a fortnight to establish a Unitarian society in Butte.

A representative of the American Unitarian society will reach Butte within 30 days and look the field over with a view to establishing a society in the big camp.

"For some time I have been holding services weekly in Butte," said Mr. Sprague, discussing the matter today, "and the time is now ripe, I believe, for the establishment of a church there. I should say, without having taken a census of the city, that there are 50 Unitarian families in Butte. This will give us a large charter membership and give Butte a large church."

Looking Toward Butte.

"I regard Butte as an excellent field for the Unitarian work. The Unitarian theory and practice is broader than that of any of the other churches and many persons who find objection to certain portions of the Presbyterian, Methodist or Baptist creeds often find that the Unitarian religion meets their views exactly."

"The Unitarian church has the world for its field and it includes people from the ranks of all other church memberships. I believe that the church at Butte when properly established will prove to be one of the strongest societies in the West."

"President Eliot of Harvard college, who is a Unitarian and whose son is president of the National Unitarian society, will visit Helena early in March and be entertained by the University club. His visit will be an occasion of special interest to Unitarians, as he is one of the most prominent churchmen and educators in the United States."

"Within the next few years we expect to have Unitarian societies scattered all over Montana. The Helena society is now the only one of its kind in the state, but we expect to commence a campaign at once that will result in the formation of societies in Great Falls, Missoula and several other important points in Montana."

IS A MILD WINTER

KALISPELL IS EXPERIENCING AN UNUSUAL CLIMATE.

KINTLA LAKE OIL DISTRICT

Oil Companies Are Being Daily Organized and an Over-Supply of "Coal Oil Johnnies" Predicted and Feared.

(Special to Inter Mountain.)

Kalispell, Jan. 13.-The Montana seaker after a pleasant winter resort is not wise to spend his dollars on California or Florida trips. There is the best of winter climates nearer home and in a part of his own state probably as little known to him and quite as attractive in many respects as the winter resorts of the Southwest and Southeast.

The winters in the Flathead valleys are never severe and except for an occasional sharp frost, bracing and rejuvenating in its effect. The present winter has been a second edition of Indian summer. The coldest weather has been in the neighborhood of 20 degrees above zero, and only one day of that, while today the mercury stands at 49 degrees in the shade. There is no snow except upon the mountain peaks with which this city is surrounded and building operations have not been interrupted for so much as a day.

Pleasant as such weather is it does not suit the lumbering and other industries of this section. Snow is needed and unless it comes soon the log supply for the sawmills next year will be decidedly short. Likewise the farmers prefer sleighing to wheeling in the matter of hauling their grain to market and they are patiently waiting for the snow to come.

Not having sold their grain they have not made their usual winter purchases and business with the merchants has never been so dull. Another reason for the slowness of the farmers to exchange their grain for cash and their cash for store stuff is that the price of grain is not near what it was last year.

Last year there were two independent flour mills in this city and the keenness of their competition was accentuated by the intervention of the Royal Milling company of Great Falls. One mill was owned by the Hammonds of Missoula, and the other was the property of a local company and the farmers owned a large share of the stock.

When the price did not suit the farmers they took their wheat to their own mill, where it was ground into flour and put on the market in that form.

Wheat Supply Limited.

The supply of wheat in this valley is limited and there is not enough for the needs of three rival mills, so the price went soaring. The farmers got just as much for their wheat in Kalispell last winter as they could get in Chicago or Duluth.

While this condition lasted the Royal Milling company and the Hammond mill were the only purchasers of wheat in this city, the farmers preferring to keep their mill idle and sell their wheat at the high price to the other fellows. The result was that the farmers waxed wealthy and independent.

But in their prosperity their vigilance relaxed and while they were asleep the other fellows were wide awake. The result was that the sleepers awoke one day to find that the Hammond people had quietly secured a controlling interest in the farmers' mill and it was closed down for good. This was a hard blow, but while the Hammonds and the Royal Milling company continued to fight the price of wheat still remained good.

The fight lasted but a short time, however, when the Royal Milling people purchased the interests of the Hammonds in the local flouring mills and immediately the price of wheat dropped from 76 cents a bushel to 58 cents a bushel for No. 1 hard, and wheat that had formerly passed in that class without question was graded away down, so that it brought only about 50 cents a bushel. That is the condition today and meanwhile the price of flour remains the same as it was when the wheat sold for 76 cents and the farmers have no mill of their own to fall back on.

"They are holding on to their wheat in the hope of a change, but the hope seems to be in vain. Meanwhile they are restricting their purchases to the barest necessities and business suffers accordingly."

HOCKEY CLUB ORGANIZED.

Helena Skaters Want a Game With Butte Hockey Team.

(Special to Inter Mountain.)

Helena, Jan. 13.-A meeting of those interested in the game of hockey will be held in Helena tomorrow night for the purpose of arranging for a match game with the Butte team.

One Helena team has already been organized and another will be formed within a short time and a series of games played in Helena during the next few weeks.

The following is the line up of the Helena team: Frank Gilpatrick, goal; W. E. Twiss, point; A. C. Raleigh, cover point; L. E. Armitage and Carlos Charles, forwards; Clifford Hillman, right wing; Henry E. Adams, left wing. The extra men are Charles Albrecht, G. Scott and E. W. Prosser.

LAWYERS TO MEET.

Sixteenth Annual Session of the Montana Bar Association.

(Special to Inter Mountain.)

Helena, Jan. 13.-The sixteenth annual meeting of the Montana Bar association will be held tomorrow afternoon in the supreme court room. It is expected that members of the bar representing different localities in Montana will be present.

Addresses will be delivered by a number of the most prominent barristers in the state.

The proceedings of the association since its organization in 1888 have been printed and will be distributed at the meeting tomorrow.

The membership roll numbers 140 Montana lawyers.

Montana Club Election.

(Special to Inter Mountain.)

Helena, Jan. 13.-The annual election of officers by the Montana club resulted

In the election of Norman B. Hoiter as president and C. F. Word as secretary, Milton S. Gunn will act as treasurer for the ensuing year. T. B. Miller and E. C. Day were elected members of theouse committee. A. J. Daddison, S. T. Hauser, J. K. Toole and Tom B. Miller were selected as members of the board of governors.

MACHINISTS MAY STRIKE.

Everything Is Ready for Dropping Their Hammers on May 1.

(By Associated Press.)

Chicago, Jan. 13.-Railroads in all parts of the country are threatened with serious trouble as the result of the announcement of the machinists employed in their shops of their intention to strike this spring.

Preparations for the strike are well under way at the present time and unless the companies agree to the terms determined by the members of the union, the prospect is that the repair shops will be tied up.

Announcement of the intention of the machinists employed by the transportation companies was made, says the Chronicle, by Vice President Conlin, in Washington, in an address delivered before local union No. 30 in Milwaukee, when he declared the men were demanding a nine-hour day and the adoption of a union wage scale would vary with the various districts in the country. In another month the demands of the machinists are to be submitted to the railroads and unless agreed to, a strike will follow on May 1.

BOYS' GOOD SALARY

JOHN PETER KOHL, 14 YEARS OF AGE, ON CHICAGO CHANGE.

IS A NAPOLEON OF FINANCE

Began His Business Career When Only 11 Years Old and Has Since Traded in Stocks - Astute and Long Headed.

(By Associated Press.)

Chicago, Jan. 13.-John Peter Kohl, the 14-year-old son of Manager Kohl of Kohl & Castle, is regarded by many well-known business men as the youngest Napoleon of finance. The story of the "Boy Broker" is discounted by this boy broker in real life, who today, hustling between J. F. Harris and Milmlne, Bodman & Co., kept his business transactions a boiling. John Peter Kohl is not a raw beginner. At the age of 14 he is old, astute, experienced and long headed. He began his business career at the age of 11.

John Peter was only at work for an hour this morning. During that time he bought some Washburns at 67 and sold for 70. Then he purchased 50 shares of Reading at 56 and sold at 57. He made only \$40 on that deal, but as it didn't occupy many minutes, he is not entitled to pity.

Then he "went in" for 20 shares of Erie common at 41 and sold at 44. This was a trifle better and he scooped \$50, a very fair week's salary, as salaries go nowadays.

He watched and waited like others for Baltimore & Ohio to climb to 110, because on a 100-share sale he would net \$125. Ten shares of Atchison preferred he bought for an investment to hold.

As a little speculation he took 20 shares of Canadian Pacific at 114 and sold at 116, pocketing \$30.

The biggest transaction during his hour down town was in United States Steel. He bought at 42 1/2 and sold at 46.

ONE OF KIPLING'S ADMIRERS.

Rev. Banks Makes Rudyard the Subject of a Sermon.

(By Associated Press.)

New York, Jan. 13.-The Rev. Dr. Louis Albert Banks, at the Grace Methodist

SUTTON'S NEW THEATER

HEARTS

Don't miss seeing it. Only three more performances, MONDAY, TUESDAY

MATINEE and TUESDAY NIGHT, January 13 and 14.

PRICES-75c, 50c, and 25c.

What S. S. S. Does for Children

Children are constantly exposed to all sorts of diseases. The air they breathe is filled with germs, sewer gas and dust from the filthy streets are inhaled into the lungs and taken into the blood. At the crowded school rooms and other public places they come in contact almost daily with others recovering from or in the first stages of contagious diseases. You can't quarantine against the balance of the world, and the best you can do is to keep their blood in good condition, and thus prevent or at least mitigate the disease. You have perhaps learned from observation or experience that healthy, robust children (and this means, of course, children whose blood is pure) are not nearly so liable to contract diseases peculiar to them, and when they do it is generally in a mild form. On the other hand, weak, emaciated and sickly ones seem to catch every disease that comes along. This is because their blood is lacking in all the elements necessary to sustain and build up the body. Poisons of every description accumulate in the system, because the polluted and sluggish blood is unable to perform its proper functions.

Such children need a blood purifier and tonic to give strength and vitality to their blood, and S. S. S., being a purely vegetable remedy, makes it the safest and best for the delicate constitutions of children. S. S. S. is not only a perfect blood medicine, but is pre-eminently the tonic for children; it increases their appetites and strengthens the digestion and assimilation of food. If your children have any hereditary or acquired taint in their blood, give them S. S. S. and write to our physicians for any information or advice wanted; this will cost you nothing, and will start the little weaklings on the road to recovery. Book on Blood and Skin Diseases free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

HOSTETTER'S STOMACH BITTERS

What this wonderful medicine will do for you must be gathered from what it has done in the past. It has restored thousands of sickly people to good health during the past fifty years, and will not disappoint you now. It is a specific remedy for ailments of the stomach, liver and bowels, such as dyspepsia, indigestion, constipation, biliousness, dizziness, or sick headache. We urge you to try it. The genuine has our private stamp over the neck of the bottle.

Episcopal church, in a recent sermon, said in part:

"The one poet now living who has the power to speak to world-wide audiences is Rudyard Kipling, and most of us feel that the man who wrote the 'Recessional' and the 'White Man's Burden' has fairly won the right, but there are millions of his admirers who feel that in the poems relating to the South African war there has been a prostitution of his great gift. 'In Mr. Kipling's latest poem, in which he is severe against the English people for lack of devotion in pressing the war against the Boers, the line which has caught the popular eye and ear more than any other is the one which calls for public contemplation, 'The Flanneled Fools at the Wicket.'"

"His point of view is evidently that a man is a 'light-headed, light-hearted fool,' who gives himself up to sport and idle jollity, when his country needs his help to stop bullets in the Transvaal, but the intelligent middle-class Englishmen have no great enthusiasm about the war in South Africa. 'It does not appeal to his sense of justice or humanity. England is learning what all nations must learn sooner or later, that war is simply because it is war is losing its glamour.'"

Clark's Cruise of the "Coltic," the Largest Steamer in the world. TO THE MEDITERRANEAN AND THE ORIENT. FEBRUARY 8, 74 DAYS, \$400 AND UP. Including Shore Excursions, Hotels, Drives, &c. 18 days in Egypt and the Holy Land. CLARK'S EXCURSION TO EUROPE, 1902. Send for programs. F. C. CLARK, 111 Broadway, N. Y.

MINING APPLICATION NO. 4482.

United States Land Office, Helena, Montana, November 20, 1901.

Notice is hereby given that Samuel D. Sumwalt, James K. Currie, Belle B. Irvine, Herbert K. Matthews and James S. Pauley, whose postoffice address is Butte, Montana, have this day filed an application for a patent for 1462.4 linear feet, the same being for 30 feet in an easterly and 1432.4 feet in a westerly direction from the point of discovery on the Paul lode mining claim, situated in Summit Valley mining district, Silver Bow county, Montana, the position, course and extent of the said mining claim, designated by an official survey thereof as Survey No. 6488, Township No. 8 north, Range No. 7 west, a notice of which was posted on the claim on the 18th day of November, 1901, and being more particularly set forth and described

The location of this claim is recorded in Book "S," page 154 records of Silver Bow County, Montana.

There are no known adjoining claims. Conflicting on the southwest is Survey No. 5910A, the Cincinnati Lode, Millard F. Martin et al., applicants.
