RESIGNS POSITION

POPULAR ANAONLA DRY GOODS MAN SEEKS NEW FIELD.

ENTERS BUSINESS IN OMAHA

D. J. O'Donahoe Made Many Friends in Anaconda, All of Whom Regret to See Him Go—All Wish Him Success.

(Special to Inter Mountain.) Anaconda, Jan. 12.—D. J. O'Donahoe, who for five years has been manager and buyer for the dry goods department of the Copper City Commercial company, has resigned and will return to Omaha. He will leave at once, preparatory to taking up his residence in Omaha, where he becomes the senior member of the O'Donahoe-Redmond company, which will operate in connection with the W. R. Bennett department stores, and commence business on March 1 next.

Mr. O'Donahoe has been in the employ of the Copper City for the past five years. During that time he has officiated as manager and buyer for the dry goods, cloak and suit, millinery, women's and boys' clothing departments. He also had charge of the advertising department.

Mr. O'Donahoe was intensely popular with his employees, and he is held in the highest esteem by the employees of the store, and enjoys the acquaintance of a large number of warm friends, who regret to see him leave Montana and take up his residence elsewhere.

Mr. O'Donahoe possessed an enviable personality. No matter where he happens to be he always meets those who come in contact with him in the same affable manner characteristic of him. He is a prominent member of the Anaconda lodge of Elks.

Associated with him in the Omaha enterprise is Thomas P. Redmond, for a number of years the manager and buyer for the dry goods and millinery department of the Hennessy store in Butte. Mr. Redmond resigned his position at Hennessy's, and will leave for his new post of duty next week.

Makes Two Departments.

The business of the department, of which Mr. O'Donahoe has had charge, has grown to such proportions that it has been decided to convert it into two departments.

Mr. F. J. McGrath, who has occupied the position of assistant to Mr. O'Donahoe for the past four years, will be manager and buyer for cloaks, suits, millinery, women's, children's and boys' clothing, and will occupy enlarged quarters on the second floor.

The dry goods department will remain on the first floor, with J. H. Chambers as the manager and buyer.

The O'Donahoe-Redmond company will carry the same lines as found in the departments of the Copper City and Hennessy's of which Messrs. O'Donahoe and Redmond had had charge.

Omaha will not be unfamiliar to Mr. O'Donahoe, as he was once before engaged in business in that city. For three years he was a member of the firm of O'Donahoe & Sherfy, and was also connected with the department store of Hayden Brothers in that city at one time.

Want Hunter Boys Out.

(Special to Inter Mountain.) Anaconda, Jan. 12.—Judge Napton expects to leave for Granite county tomorrow to hold a short session of court. While there he will hear an application for habeas corpus for the release of the two Hunter boys, now in the custody of Sheriff Conley of this county. It is said the authorities of Granite county desire that the boys should go to school during the intervening time before the trial of their father on the charge of murder.

KINEEN STILL IN JAIL.

Policeman Is Unable to Secure Bonds—Settled Down. (Special to Inter Mountain.) Anaconda, Jan. 12.—Peter Kineen, the policeman who fired a revolver into a crowd of boys near Austrian hall on New Year's night and shot young Willie Klusman, still languishes in the county jail, unable to secure bonds for his release from custody.

The ex-officer has practically given up all hope of finding someone willing to take any chances on him, so he has resolved to make the best of it and while away his time the best he can in the quiet but lonely confines of the county prison until the time comes for his trial in the district court.

Some of Kineen's friends do not believe the county attorney will make the charge of assault in the first degree stick. They say the prosecution must establish Kineen's intent to kill young Klusman when he fired the bullet which took effect in the bone of the latter's leg.

This, they aver, will be a difficult thing to do, as the former officer only discharged his gun after he had been tantalized by a large number of boys, who took advantage of his intoxicated condition.

Kineen's friends declare that even if he is convicted, nothing more than assault in the second degree can be established.

CHARLES BOYD DEAD.

Well Known Young Machinist Comes to Untimely End. (Special to Inter Mountain.) Anaconda, Jan. 12.—Charles Boyd, a well-known young machinist of this city, was found dead yesterday afternoon between the hours of 3 and 4 o'clock in an outbuilding in the rear of the city hall. The manner in which he met his death it is impossible to tell, but it is supposed that it was caused by heart disease.

The body was discovered by Carl Gwin, who immediately notified Coroner Hughes. The body was removed to Tuttle's undertaking parlors where an inquest will be held this evening.

Boyd has resided in this city since his boyhood. His parents and a brother and sister now live in Roseland, B. C. They were notified by telegraph of the death of Boyd and their answer will be awaited before preparations are made for burial.

Boyd, who was a machinist by trade, took a prominent part in the strike at the foundry last spring, and since that time has worked but very little.

He was immensely popular and a host of friends deplore his untimely end. He was 26 years of age and single.

G. A. R. INSTALL.

Veterans Spend a Pleasant Evening Together. (Special to Inter Mountain.) Anaconda, Jan. 12.—The veterans of the civil war spent a very enjoyable evening together last Saturday night, the occasion being the installation of officers of the G. A. R.

A musical and literary program was rendered after which the following officials were sworn in, according to the ritual of the order: Commander, H. F. Errett; senior vice commander, T. J. Ward, Jr.; vice commander, M. B. Spler; quartermaster, R. Edwards; sergeant, I. M. Rockefeller; chaplain, T. C. Davidson; officer of the day, E. Goldner; officer of the guard, P. J. Neff.

At the conclusion of the ceremonies all partook of a sumptuous spread. Pork and beans occupied the place of honor on the bill of fare.

Many of the old soldiers related reminiscences of their experiences in the army and several times during the evening they joined in singing the old familiar national songs.

ENGINEERS CLOSE SESSION.

Large Number of Membership Applications Received. (Special to Inter Mountain.) Anaconda, Jan. 12.—The Montana Society of Engineers ended a successful annual session at the Montana hotel last Saturday night. The banquet was a brilliant affair and it is doubtful if a more elaborate spread was ever served in Anaconda.

A number of toasts were called for and responded to, and altogether the evening was spent right royally.

Before the close of the regular business session the following applications for membership in the association were received and will be acted upon at the next regular meeting, to be held in Butte next month:

L. B. Evanson, M. W. Kreljic, A. E. Wheeler, W. T. Burrows, Frederick Sands, R. L. Lloyd, Charles Metlicka, Wallace D. Dickinson, J. H. Klepinger, I. T. Marrow, R. P. Roberts and R. M. Draper of Great Falls; J. C. Adams, D. W. Burnton and R. F. Pierce of Butte; Benjamin Magnus, J. B. Gallagher, F. I. Cairns and William C. Madge of Anaconda; Samuel Fortier and J. A. Thayer of Bozeman, and Wilton G. Brown of Helena.

PETER SANGER HERE.

Installed Officers of Eagles Lodge Last Evening. (Special to Inter Mountain.) Anaconda, Jan. 12.—Peter Sanger, chief of the Butte fire department and also state deputy grand president of the Fraternal Order of Eagles, was in the city last evening and participated in the installation of the recently elected officers of Aerie No. 18.

The Eagles who are to guide the affairs of the lodge for the ensuing term are: Worthy President—JOSEPH LEPKE; Worthy Vice President—L. H. KIMBALL; Worthy Chief—F. J. QUIRK; Worthy Secretary—D. G. ACHILLES; Worthy Treasurer—THOMAS COLLINS.

Worthy Conductor—OLE ROLAND; Inside Guard—GEORGE WIMONEAU; Outside Guard—ED W. KNIGHT; Trustees—Michael Mulroy, Judge R. J. Hayes and Hugh Daly.

JACOB MILLS PREACHES.

Presiding Elder Heard in Anaconda Yesterday. (Special to Inter Mountain.) Anaconda, Jan. 12.—Presiding Elder Jacob Mills of the Methodist church, preached in Anaconda yesterday, both morning and evening, and he was heard by two large congregations.

The subject of his morning sermon was, "Giving and Worship," taken from the text found in Proverbs xli, 9, "Honor the Lord with fruits of all thine increase."

Rev. Mills will remain in the city for several days this week to assist the pastor, William C. Macurdy, in the conduct of the revival meetings now in progress. These meetings, it has been announced, will continue until the close of the present week.

Hurry up. Everything going fast at the big fire sale, Peoples' Store, 115 East Park.

AT THE THEATER.

"Prisoner of Zenda" Will Hold the Boards Tonight. (Special to Inter Mountain.) Anaconda, Jan. 12.—There is something particularly interesting in the announcement that we are to have offered us Anthony Hoppe's two greatest stories by the same company.

"The Prisoner of Zenda" is good enough alone, but when we have the assurance that the sequel, "Rupert of Hentzau," is to follow on the succeeding night, the illusion of a couple of evenings in the mythical realm of Ruritania is enhanced.

We can then see the same Rensseldyll in both plays, the same Sapt, Fritz, Hentzau and the loving and lovable Flavia. This is all a veritable feast for the gods.

"Prisoner of Zenda" to night, "Rupert of Hentzau" tomorrow night, at the Margaret theater.

Jury Commission Meet.

(Special to Inter Mountain.) Anaconda, Jan. 12.—A jury commission, composed of William Kellner, chairman of the board of county commissioners, County Treasurer Twohy and Assessor George Miller, met this morning and selected the jury list for the present year. One thousand names were taken from the tax rolls to be drawn from when the venire for jurors is issued. The state law provides that the commission shall meet the second Monday in January of each year to make up the jury list.

Died of Heart Failure.

(Special to Inter Mountain.) Anaconda, Jan. 12.—Coroner Hughes expressed the opinion today that Charles Boyd, found dead yesterday, came to his demise through heart failure, precipitated by strong drink. An inquest will be held this evening at 7 o'clock. The deceased was a member of the machinists' union and will be buried here tomorrow.

Hurry up. Everything going fast at the big fire sale, Peoples' Store, 115 East Park.

LARGE SHEEP DEAL

CALIFORNIA STOCKMAN MAKES PURCHASE NEAR DILLON.

STOCK IN GOOD CONDITION

Sheepmen Are Highly Pleased With Open Winter But Want Snow to Fall for Benefit of Summer Ranges Next Year.

(Special to Inter Mountain.) Dillon, Jan. 12.—The largest deal for the new year, which has been consummated in this county, was between Tommy Haw of this city and D. I. Waltz of California. The deal included the sale of a band of sheep numbering 10,000 head and a large amount of hay, as well as the lease of Mr. Haw's ranch on the Rattlesnake near Dillon for a number of years.

Over \$25,000 was the amount of the deal. Mr. Waltz left for his home in California Friday evening, in which state he is interested largely in sheep. His brother-in-law, Lou Thomas, who is sheep inspector for this county, is in charge of the ranch and will look after his relative's interests in this part of Montana.

Mr. Haw has th mining fever to some extent. Already he is interested in some good leases in the Argenta district and he is figuring on engaging in that business quite extensively, now that he is out of the sheep industry.

Mr. Thomas, who is in charge of the sheep just purchased by Mr. Waltz, was in town yesterday and stated that the Inter Mountain reporter that sheep throughout the county were in excellent condition; that up to date they had wintered the best of any winter for many seasons past.

So far but very little hay had been fed, there having been scarcely a day when the weather was so severe that the sheep could not be rustled on the range.

The sheepmen are highly pleased with the open winter, but they fear that a lack of snow in the highlands will result in a shortage of feed in the summer ranges for next year.

FATHER EBERT DEAD.

Once a Dashing Cavalry Officer, Later Devout Priest. (By Associated Press.) Kalamazoo, Mich., Jan. 12.—The burial of Father Joseph Ebert of the local deanery marked the close of a romantic career. Once a dashing Bavarian army officer, Father Ebert renounced war and became a priest.

Father Ebert was born in Wallerstein, Bavaria, in 1849. He studied theology and philosophy in Munich. In 1866 he entered the Bavarian army during the war with Austria, and for bravery was promoted to the rank of captain.

In 1869 he became a papal zouave. Soon after this he deserted army life altogether and became a priest, being appointed chaplain of St. Peter's in Rome.

Afterward he was sent as a missionary to this country and officiated in the diocese of Detroit.

While in Michigan, one of his offices was editing a German Catholic paper.

OUT OF DATE RAILROADS.

British Road Contemplate Making Some Modern Changes. (By Associated Press.) London, Jan. 12.—There is a disposition on the part of several of the leading railways of Great Britain to amend their ways in the direction of economy. Railway transport in this country is at present carried on under much the same conditions as those which prevailed in the United States a quarter of a century ago and in England nearly half a century ago.

Wagons of eight to ten tons' capacity are still used, and the average mineral train load is under a hundred tons.

The Lancashire & Yorkshire, London & Northwestern, the Northeastern and one or two minor British lines have recently, however, given orders to build wagons varying in capacity from 20 to 30 tons, and if the experiment comes up to expectations the smaller wagons will be gradually discarded.

The country is so intensely conservative, however, that the reform is sure to meet with opposition from colliery companies.

IN HARD LUCK.

Chinese Officials Lose Their Heads for Collecting Salary. (By Associated Press.) Tacoma, Wash., Jan. 12.—Mail advices from Seoul, Korea, via Yokohama, are to the effect that the checking of the government's receipts from taxes and internal revenue reveals the astonishing fact that not less than 10,000,000 yen have been embezzled by government officials during the last six years.

Y. Y. Yok, minister of finance, advised the emperor to pass sentence of death on all officers who embezzled over 2000 yen.

The emperor's order was given three weeks ago, and wholesale executions will soon take place.

Eighty officials are implicated, many of whom have been already arrested. Among those convicted is Cho Pieng Jak, an ex-premier.

The officials arrested declare the money taken by them was in payment of salaries or expenses incurred in collecting.

INSURANCE COMPANIES COMBINE

English Concerns Join Hands and Bank Accounts. New York, Jan. 12.—It has just become known through the office that the directors of the Yorkshire Life Insurance company of York and of the Lion Fire Insurance company (limited) of London have signed a provisional agreement whereby, if approved, the Yorkshire will absorb the Lion, and F. E. Booker, general manager and secretary of the Lion, will become secretary of the Yorkshire.

There had been rumors since the re-insurance of the Lion's American portfolio that some amalgamation may be pending, and these intimations now turn out to have been founded.

The Yorkshire has a capital of \$500,000, assets of \$1,240,717 and an annual income of \$287,147.

GOMPERS LETTER

LEADER WRITES ABOUT REFERENDUM.

OFFERS A NEW RESOLUTION

Believes in Encouraging the Recent Efforts of Labor Leaders and Employers Looking to Amicable Settlement of Grievances.

(By Associated Press.) New York, Jan. 12.—The Central Federated union of this city has received an interesting letter from Samuel Gompers, president of the American Federation of Labor, upon the proposition to secure a referendum vote upon the work of the National Civic Federation. In part the letter says:

"The action of the Central Federated union to refer the work of the National Civic Federation, with a resolution of condemnation of said conference, to a vote of affiliated unions, does not appear to me entirely one which can be conducive of a fair judgment of the members of the unions affiliated with the Central Labor union.

"The only resolution before them is one of condemnation, and even should that not be defeated it would mean that the purpose of the conference has not been condemned, which is at least a negative result.

"It would seem that if the matter was referred to the unions for vote, and a resolution of condemnation is submitted, that another resolution, something on this order, should accompany it:

"Inasmuch as the recent conference held between representatives of organized labor and employes and employers have recognized the justice of organized labor's claim to be consulted and conferred with relative to the wages, hours and other conditions under which labor shall be performed, and that conferences for that purpose should be held and agreements reached;

"Resolved, That organized labor insists upon its right, and in this instance welcomes a method to their attainment by peaceful means.

"Resolved, That we see in the recent conference a recognition of labor's rights, particularly in organized effort, and that the same is a step in the direction of industrial progress, and is, therefore, deserving of encouragement."

OPEN MARKET FOR LIGNITE.

German Process May Enlarge Use of Brown Coal of Northwest. (By Associated Press.) Paris, Jan. 12.—Vast coal fields may be opened on the line of the Northern Pacific road through the investigations made in Germany by Lucien Storms of St. Paul, geologist of the road. Lignite or brown coal, made into briquettes, is quite commonly burned on German railways.

Mr. Storms believes enormous quantities of lignite buried in the Northwest of the United States and hitherto considered unfit for firing purposes may, through the German process, be utilized with great advantage.

MISS STONE NOT FREE.

Rumors That She Has Been Liberated Unfounded—No Direct News. (By Associated Press.) Constantinople, Jan. 12.—The news that the brigands holding Miss Stone captive are being hustled by the inhabitants of the Turkish territory where they are said to be in hiding has created considerable sensation here. A deadly feud is said to exist between the leaders of the hostile bands, part of whom are reported to have deserted and to be attempting to re-enter Bulgaria, and much anxiety is felt here with regard to the outcome of these developments.

The American legation here has not yet received news from M. Garulio, the Dragoman of the legation (who left Salonika for the interior in the latter part of last month for the purpose of meeting Miss Stone's captors), and says the rumors of Miss Stone's release are quite unfounded.

No direct news has been received from the captive since November 13, the date of the last letter from Miss Stone to Mr. Dickinson, consul general at Constantinople, who was then acting as diplomatic agent of the United States at Sofia.

NEW CONSUMPTION TREATMENT

Boston Expert Says Cod Liver Oil Is Not a Necessary Agent. (By Associated Press.) Boston, Jan. 12.—In the fifth annual report of the trustees of the Massachusetts state sanatorium at Rutland, Mass., an institution maintained by the state

for the care and cure of consumptives free of expense, or at a nominal cost where patients are able to pay. Dr. Herbert Clapp, an expert on tuberculosis, makes some interesting observations regarding the use of alcohol and cod liver oil by consumptives.

His views indicate a change of views among medical men regarding these supposed aids in curing the dread disease. He says: "It is interesting to note that in the three years during which our state sanatorium has been in operation practically no alcohol whatever has been used in the treatment of patients, and yet our success has been phenomenal.

"Our experience at Rutland for three years would also seem to show that cod liver oil is not, as many practically believe, an indispensable agent in the successful treatment of phthisis."
