

WILL STAY FOUR WEEKS

PRINCE HENRY'S AIDS HAVE ALREADY BEEN SELECTED.

NOT SUFFICIENT TIME GIVEN

Emperor William Himself Would Like to Come Over But Could Not Spare the Time—Will Visit Several Cities.

(By Associated Press.)
Berlin, Jan. 17.—The secretary of the imperial admiralty, Admiral von Tirpitz, and the chief of Emperor William's personal military staff, General von Flessen, are to accompany Prince Henry of Prussia on the latter's visit to the United States.

The other members of the prince's suite besides Vice Admiral Baron von Seckendorff and Adjutants von Sshwind and von Egidy, whose names have already been announced, will be Captain von Trotha, the emperor's general aide-de-camp; Captain von Müller, Commander von Grumme, who is also an aide-de-camp of the emperor, and Staff Surgeon Heich.

His majesty definitely made these selections today. Admiral von Seckendorff, in giving the correspondent these names, added:

"The emperor personally is making all the arrangements that can be made on this side. Details as to how Prince Henry shall spend his time in the United States are left to Secretary Hay and Dr. von Holleben, but our general idea is this: We arrive on the Kron Prinz Wilhelm February 22, at New York. Prince Henry will go on board the Hohenzollern and will stay there until the launching of the emperor's new yacht, which we think will probably be February 24.

"We go to Washington to see the president and perhaps will stay there several days. Then we make the most of the next few days, in seeing other cities, returning to New York for two more days before we sail for home on the Deutschland, March 8.

"This general design, you see, fills up about four weeks, one week in going each way, and a fortnight in the United States."

May Take More Time.

It was suggested to Admiral von Seckendorff that two weeks was not enough for the prince to see much of America and that he ought to spend a longer time in the United States and go West and South, to which the admiral replied: "It would be difficult for his royal highness to spend a much longer time there, though the Deutschland's sailing can be delayed a day or two if it seems desirable.

"An invitation from Chicago is mentioned, I see, but I am unable to say whether it can be accepted. This will be left to your people. Prince Henry simply wishes to spend his time as the host at Washington may think to be to his best advantage.

"He looks forward with keen interest to the trip, and expects to get pleasure and instruction out of it."

Regret was expressed at the fact that the emperor could not visit the United States.

Explorer May Come Over.

"He would like to," said Admiral von Seckendorff; "but we cannot spare him for so long a journey now."

The admiral was asked if it were possible that the emperor might visit the United States at some future time.

"It would please him greatly," answered von Seckendorff, "and it is not an impossibility."

The admiral visited Norfolk in 1860 on the Prussian warship Victoria, and was at San Francisco in 1872 on the old German warship Hertha, which since has been replaced by a new cruiser of the same name.

The old Hertha was the first imperial German warship to visit the Pacific coast.

Emperor William has ordered the Hohenzollern to be fitted out with all the accessories used when his majesty is on board the yacht.

MISS STONE ALIVE LAST WEEK.

A Report That She Is Feebly Guarded by Brigands.

(By Associated Press.)

Chicago, Jan. 17.—A special cable to the News, dated at Sofia, says:

Reliable advices from sources in confidential touch with the brigands declare that Miss Stone's captors now purpose protracting negotiations for the release of the prisoners until spring, in order that, after the prisoners have been liberated, they themselves may have an opportunity to hide in the mountains, which are unfavorable for concealment during the hardships of winter. A traveler who reached Sofia yesterday told Mrs. Tallia's husband that he saw the prisoners last week on the mountain, dressed in the garb of Wallachian shepherds.

He says they are feebly guarded, and that half a dozen able-bodied policemen would have no trouble in effecting their liberation.

The Americans at Sofia hope that the United States minister has returned from his American trip with instructions to stir up things in Constantinople.

WAS SENT UP AGAIN.

Preacher Howard Is Sentenced Again for Illegal Use of Mails.

(By Associated Press.)

Detroit, Jan. 17.—Judge Swan of the United States district court today sentenced Rev. G. F. B. Howard, who had previously pleaded guilty to using the mails to obtain money under false pretenses at Horton, Mich., to two and a

half years in the Detroit house of correction.

Howard, who is well known throughout the country, was arrested by a United States marshal in Columbus, Ohio, several months ago, as he left the Ohio penitentiary after serving a nine years' sentence and brought here.

He made an eloquent and pathetic plea for mercy, but Judge Swan, although he was much affected by it, said that sentence must be imposed.

(Special to Inter Mountain.)

Billings, Jan. 17.—Twenty-five delegates are in attendance at the State Plumbers' meeting.

The meeting will close with a banquet.

STEAMER IS SCUTTLED

RAILWAY COMPANY BOAT SINKS NEAR HARBOR.

PASSENGERS AND CREW SAVED

Life Saving Apparatus Comes in Good Play—Boat Is Already Covered With Ice—Was a Thrilling Rescue.

(By Associated Press.)

Ludington, Mich., Jan. 17.—The Pere Marquette Railway company's steamer No. 3 struck the bar at the mouth of the harbor early today, while attempting to enter in a high southwest gale, and was scuttled in nine feet of water.

The nine passengers and crew of 35 were taken off the wrecked craft by the life saving crew with their breeches buoy apparatus.

The No. 3 lies 150 feet from the end of the north pier and 200 feet from the shore, with great waves dashing over her decks. She is already a mass of ice.

The accident occurred before daylight. Passengers and crew were rudely awakened by the succession of shocks as the steamer pounded on the bar.

Life Saving Crew Responded.

Signals of distress were immediately blown and the life-saving crew quickly responded. Running their marder out on the pier the life savers sent a line to the wreck.

A heavy rope was then hauled aboard and when daybreak came there was a line 200 feet long stretched from the pier to the No. 3, and the breeches buoy apparatus was ready for use.

Over this line the nine passengers, four of whom were women, and the crew were safely taken in the breeches buoy in two hours. It was a thrilling rescue.

As the people were drawn along the rope the great waves broke over them and all were drenched by the icy water when they arrived on the pier.

The boat was loaded with 25,000 bushels of barley and 600 tons of merchandise.

Captain Frank Dority, who was the last man to leave boat, says the rudder stock was twisted by the large seas that were rolling and the steering gear refused to work. The steamer then lost her head and rolled in the trough of the sea until she struck.

Engineer Williams made every effort to work the vessel off with her own steam and stayed in the engine room until he was driven out by the water.

METRIC SYSTEM BILL.

Merchants Are Requested to Give Views on Proposed Change.

(By Associated Press.)

Washington, Jan. 17.—Representative Southard of Ohio, chairman of the house coinage committee, is to send invitations to a number of the chief manufacturers, merchants and others engaged in mercantile pursuits, to appear before the coinage committee on February 6 concerning the bill for the adoption of the metric system of weights and measures.

Heretofore congress has secured the views of scientific men on this subject, but Mr. Southard holds that such a change in the entire system of weights and measures is a practical question, on which the large business interests should be heard.

Among those to be invited are Vice-President W. M. McFarland of the Westinghouse Electric company, Superintendent of the Baldwin Locomotive works, the electrical experts of several large concerns and the officers of a number of large woolen and textile industries.

He is Discharged.

(By Associated Press.)

St. Louis, Jan. 17.—Isaac N. Hughes, who has been under arrest, accused of complicity in the robbery of the National Stock Yards bank of East St. Louis, has been discharged from custody.

He proved a complete alibi at the preliminary hearing and Justice Putnam refused to hold him.

FIXED A NEW DATE

LOUISIANA EXPOSITION IS POSTPONED ONE YEAR.

FOREIGN EXHIBITS DESIRED

Ex-Governor Francis of Missouri Gives His Reasons for a Postponement—Says It Will Be Greatest Show in World's History.

(By Associated Press.)

Washington, Jan. 17.—The Louisiana Purchase exposition, which was to have been held at St. Louis in 1903, will not take place until 1904.

This fact was practically conceded by ex-Governor Francis, president of the exposition company, and Adolph Busch, the financial agent of the company, at the White house today.

Since arriving here and conferring with the foreign representatives, Governor Francis and Mr. Busch have come to the conclusion that unless the exposition is postponed for a year they will not be able to secure the elaborate foreign exhibits which are desired.

They find, for instance, that a great Japanese fair is to be given under government auspices in 1903 and if the exposition is postponed until 1904, everything of interest exhibited there can be brought to St. Louis the following year. It is the desire of the exposition management that the foreign exhibits especially shall be very complete.

Want Foreign Exhibits.

"In 1903 we can make the exposition as great as any ever given," said Governor Francis, "but if we postpone a year later it will surpass anything in the exposition line ever attempted. We can be ready in 1903, but it is questioned whether we can secure what we want from abroad by that time."

In order to interest foreign governments, it is the desire of the exposition management that the foreign agents of the exposition be appointed and accredited by the state department and steps are being taken to that end now.

Yesterday Governor Francis and Mr. Busch extended an invitation through the German embassy to Prince Henry to visit St. Louis during his stay in this country, but no reply had been received up to noon today.

STOLE A FORTUNE

VALET WHO TOOK \$50,000 JEWELRY HAS BEEN ARRESTED.

IS POSITIVELY IDENTIFIED

Photograph of the Missing Servant Is Recognized by Dr. Witherspoon—Was in Chicago Last Week—Under Arrest at New Orleans.

(By Associated Press.)

Chicago, Jan. 17.—Theodore E. Manners, who is under arrest in New Orleans, is positively identified in Chicago as the valet of Paul C. Thebaud of New York, and a fugitive under the charge of having stolen \$50,000 worth of jewelry from the wife of his employer.

The identification is by Dr. Louis Witherspoon of 1002 West Madison street, who the prisoner declared would identify him as the son of a pawnbroker in this city.

Witherspoon says the photographs of the missing valet who disappeared with a fortune in diamonds are unquestionably exact pictures of the man he knows as "Manners," although oddly the suspect gave Dr. Witherspoon as a reference, and as one of the men who could prove that he was what he claimed to be—the son of a Chicago pawnbroker, with a residence at 3139 Groveland avenue.

"I know Thomas E. Manners, or the man who represented himself to me under that name," said Dr. Witherspoon, "but he never told me that he was a citizen of Chicago. He always claimed that he was a resident of New York city."

"The Manners whom I know and who is certainly the valet wanted for the big jewelry robbery in New York, was in Chicago last week. He called on me at my office and later we took dinner together."

Dr. Witherspoon says that he first met Manners on the pier in New York city two years ago, and that when they left the ship at Hamburg, Manners gave him valuable information regarding resorts in Germany and Switzerland, showing he was an experienced traveler.

Dr. Witherspoon says Manners always had plenty of money, and when here last week said he was going to New Orleans, then to San Francisco.

"Manners always claimed to me," said Dr. Witherspoon, "that he was the son of the proprietor of a large firm that imports and exports fruits, and that he acted in the capacity of auditor, visiting European agents of the firm."

ENGLISH BLUE BOOK

LORD MILNER MAKES A DETAILED EXPLANATION.

BOER CHARGES ARE DENIED

Kitchener Claims to Have Made General Botha Fair Offer as to Families of Fighting Boers—High Death Rate Reported.

(By Associated Press.)

London, Jan. 17.—A blue book issued today on the subject of the concentration camps in South Africa contains further detailed explanations from Lord Milner, the British high commissioner, and Lord Kitchener as to the cause of the excessive death rate in the camps and refutations of the charges of cruelty.

Lord Kitchener emphatically denies Commandant Schalkburger's allegations of forcible removal and exposure of cruel treatment of women and children, and says:

"I offered Botha to leave the families and relatives of fighting burghers in undisturbed possession of their farms if Botha would agree to spare the farms and families of surrendered burghers."

"Botha emphatically refused, saying: 'I am entitled to force every man to join and if they do not join to confiscate their property and leave their families on the veldt.'"

The blue book gives statistics for the month of December last, when there were 117,017 inmates in the camps and 288 deaths, of which number 1157 were children.

KRAUZ ON TRIAL.

He Is Charged With Inciting Murder in South Africa.

(By Associated Press.)

London, Jan. 17.—The trial of Dr. Krauz, the former governor of Johannesburg, on the charge of inciting Brockman, the public prosecutor of Johannesburg, to murder John Douglas Foster, an English lawyer, opened at the Old Bailey today.

If the prisoner and his friends had been suspected of a design to explode dynamite in the court the precautions against the admission of unauthorized persons could not have been more stringent. Every one was closely scrutinized and compelled to produce a card of admission.

The prisoner pleaded not guilty and the case proceeded to detail the facts already testified to in the police court.

Brockman, whom Dr. Krauz is alleged to have incited to the murder of Foster, was executed by the British in South Africa.

Some Powder Explodes.

(By Associated Press.)

Knoxville, Tenn., Jan. 17.—J. W. Martin, a postoffice clerk, was injured today by the explosion of a package of powder, nitroglycerine or an internal machine. He was stamping letters, and packages and a package addressed to a hardware house here exploded when struck with the stamp. Examination revealed on it the name of a New York smokeless powder concern.

The postal authorities have begun an investigation.

FOUND DEAD IN A BUGGY

YOUNG LADY KILLED WHILE OUT FOR A RIDE.

COMPANION ABOUT DEAD, TOO

Death Caused by Ugly Wound in Temple—Letter Explaining Cause of Trouble Found But Police Refuse to Disclose Contents.

(By Associated Press.)

Coffey, Ill., Jan. 17.—At 9 o'clock last night a horse and buggy stopped at Hart's livery barn. There was no driver. The buggy was found to contain the dead body of Miss Gerty Clifford, who lived near Donnellson, and Fred Brockman, almost dead.

Brockman was aroused from his unconscious state and put under arrest. The young lady's death was caused by an ugly wound through the temple. Brockman had shot himself twice in the head.

He refused to say anything except that a letter could be found in the buggy to explain matters. The letter was found in his overcoat.

The coroner has not yet arrived, and officers decline to make public the contents of the letter. Miss Clifford was a member of a highly respected family near Donnellson and was about 20 years old.

Frederick Brockman is 20 years old, a son of Hiram Brockman of Coffey.

The letter which was finally opened was addressed to "Kind Friends, Brother and Sister," and signed "Fred and Gerty."

In it Brockman stated that he was in debt and meant to commit suicide; that he had told the girl what he was going to do, and she declared she must go to.

The last line of the letter contained a request from Gerty to be buried beside Fred.

It took several hours work by the men from adjoining mines before the imprisoned miners were reached.

CHAMP CLARK DEFIANT.

Will Launch His Boom in Defiance of Seibert and Stone.

(By Associated Press.)

Washington, Jan. 17.—Congressman Champ Clark of Missouri is receiving a large number of letters from members of the Missouri state democratic central committee in answer to his inquiry as to their willingness to vote for calling a general state primary, to allow the voters to indicate their preference of candidates for the United States senator from Missouri.

"I am much encouraged," said Mr. Clark, "by the replies I have received. Of course, Chairman Seibert and Governor Stone are against the proposition, and the members of the committee that are controlled by them will probably oppose the plan."

Mr. Clark is preparing a letter, defining his position on the question of primaries, and will have it published in Missouri as an answer to the opposition of Stone and Seibert to the primary system.

St. Louis, Jan. 17.—Mrs. Susanna Penneck, who is 21 years old and is now a patient at the city hospital, has given birth to three pairs of twins in her brief life.

Mrs. Penneck's mother bore 24 children, of whom 12 came in couplets.

Mrs. Penneck says that one of her sisters, now living in Georgia, has borne five pairs of twins, and another four.

There are 13 more children, who produced three pairs each, making a total of 57 sets in this one family, 114 children in all.

Mrs. Susanna Penneck was born in Sweden, whence her mother came to this country. The sad feature of this remarkable family is the fact that all but the first set of twins of the grandmother, who is now 83 years old, and still hale and hearty, have been afflicted with epilepsy.

WADE-OPIE FIGHT OFF

ANACONDA AUTHORITIES WILL ENFORCE THE LAW.

TRIPPET STOPS THE CONTEST

County Attorney's Representative Says Boxing "For Exercise" Is Prize Fighting—Mill May Be Pulled Off Elsewhere.

Owing to the strong opposition of the Law and Order League in Anaconda and the appointment of W. H. Trippet as special county attorney, the Wade-Opie fight will not take place in Anaconda tonight. Where the fight will be held is being settled upon this afternoon in a conference of the backers of the two men.

The announcement that the fight could not take place in Anaconda followed immediately on the heels of the statement

that County Attorney Duffy had left the city and had appointed Attorney Trippet to represent him during his absence.

King Is Notified.

Notice was then served on Manager Andy King and his associates that if a prize fight was pulled off some one would get into trouble.

Attorney Trippet is the man who, when county attorney, sent Andy King to the penitentiary for participating in a prize fight. Mr. Trippet's record in this direction was a sufficient indication to the promoters that they were taking long chances in putting on boxing "for exercise only," and the mill was called off.

Moss Lafontise and Opie went to Anaconda last night, but Wade and his trainer, Young Thomas, remained in the city, intending to take the afternoon train.

Lafontise arrived here this afternoon, when it is expected that some agreement will be reached as to where the fight will take place.

There is some talk of the match being held at the Reception roadhouse tonight, but this has not been definitely decided upon.

Lafontise and Billings both wired this afternoon for the fight, and it may be that the match will be postponed until a date for one or the other of these towns can be fixed.

Duffy Went Away.
