THEIR CELLAR DOOR "BUSTED."

"Injun Johnny" and His Partner Crawford Quit Biting Together.

"Injun Johnny" Hight and John Crawford were partners in the rag-picking business, with a joint cabin on South Arizona street.

They're not partners now. The reason assigned for the dissolution of partnership is an assault and battery case which resulted in "Injun Johnny" getting in jail this afternoon and his partner Crawford going to bed for repairs.

The pair quarreled over a division of the rags picked up, and "Injun Johnny" says Crawford wanted to "hog" the whole thing. Then it happened that Crawford was thrown out of the cabin and the partnership dissolved.

Crawford got out a warrant for assault and battery, and Officer Frank Byrnes served it on the Indian, who will be tried tomorrow.

NEW BUILDING ORDINANCE.

Contractors May Be Compelled to Clear and Protect Sidewalk.

At the council meeting tomorrow night a bill will be presented providing for amendments to the present building ordinance which will do away with the great annoyance to which the public has been put heretofore by the monopoly of the sidewalks adjoining buildings in the course of construction.

The new bill provides that after the first story has been erected the contractors will be obliged to erect a platform or scaffolding to extend over the sidewalk or passageway and all building material shall be hoisted over this instead of occupying the sidewalks as is now permitted.

The agitation resulting from the accident to Floy Closser and the law suit impending has resulted in the proposed amendment.

POLICE FIGHT GOES INTO COURT

SUSPENDED PATROLMEN INSTITUTE PROCEEDINGS BEFORE JUDGE CLANCY.

WRIT OF MANDATE IS ISSUED

Mayor and City Clerk Commanded to Reinstate Four Policemen and to Pay Them Their Salaries for December.

Proceedings were commenced today in the district court in behalf of the suspended policemen—Parini, Conley, McNally and McGlynn. The subject of this action is to have the men reinstated and their salaries for December paid. Judge Clancy has issued an order for a writ of mandate commanding the city of Butte, Mayor Davey, Chief of Police Reynolds and City Clerk Quarles to reinstate Emanuel Parini as a member of the police force, in good standing, and issue to him a warrant for December or show reason for not doing so.

Judge Clancy's order was as follows: "Upon reading the petition in the above entitled cause it is ordered and adjudged by the Hon. William Clancy, judge of the district court of the second judicial district in and for the county of Silver Bow, state of Montana, that an alternate writ of mandate issue in the above entitled cause, returnable January 28, 1902, at the hour of 10 o'clock a. m."

Writ Is Issued.

A petition was filed in the district court by Policeman Parini to have himself reinstated to the police force and to compel the payment to him of his salary for the month of December this morning. Upon this petition the order for the writ of mandate was issued.

The title of the case is "the state of Montana, ex rel of Emanuel Parini, plaintiff, vs. the city of Butte, a municipal corporation, William H. Davey, mayor of the city of Butte; James M. Reynolds, chief of police of the city of Butte, and William K. Quarles, city clerk of the city of Butte."

The petition proceeds to say that, having been duly appointed a policeman in May of last year by Mayor Davey and afterwards confirmed by the council, Parini on the 6th day of January, 1902, demanded of City Clerk Quarles a warrant for the sum of \$100 in payment for services rendered in December, 1901, and that the city clerk "under the direction and authority of Mayor Davey" refused to comply with the demand.

Says Suspension Is Illegal.

Parini adds that on the 3rd day of January the mayor "attempted to suspend and remove him from the office of police officer of the city of Butte." Also, the petitions says, on the same day the mayor ordered the chief of police "not to allow or permit him to perform his usual and ordinary labor as police officer of the city of Butte in conformity with the city ordinances and the laws of the state of Montana."

Parini alleges that the respondents in the proceeding have failed to allow him to perform his duties as police officer of the city and that the last allegation of the petition alleges that he was never legally suspended or removed from office by the mayor.

The prayer asks that a writ of mandate be issued commanding the respondents to assign him to police duty again; that they be required to issue to him a city warrant for \$100 in payment for his services in December, and that they pay the costs of the present action.

It followed the prayer of the petition, and gave the respondents the alternative of complying with it or coming into court showing cause why they refuse to do so.

The writ is made returnable on January 28, and on that day it will either be heard or set for hearing.

Parini Represents Others.

Though Parini is the only petitioner in the case, it is understood that this proceeding will be taken as a test of the cases of McGlynn, McNally and Conley as well.

The determination of the matter in Judge Clancy's court will turn upon the court's determination of Mayor Davey's power of removal and the question of whether he can remove without cause stated or not.

The conflict between the city ordinances and the equally-disputed provision of the state law which define the power of the mayor in this matter will come up for construction.

And when Judge Clancy has finished with the proceeding and entered his judgment, the case can be taken to the supreme court for further adjudication.

COULD NOT STAND DEFEAT.

Falling in Re-Election to Office Hoffmeister Kills Himself.

St. Louis, Jan. 21.—William H. Hoffmeister of St. Louis, ex-supreme recorder of the Legion of Honor, committed suicide at the Planters' hotel today by shooting himself with a revolver.

The only witness to the suicide was George M. Ackley of Kansas City, Deputy Coroner Bogher took charge of the remains.

Mr. Hoffmeister was defeated for reelection as supreme recorder of the Legion of Honor, by C. R. T. White, and an entirely new supreme council was elected, after a sensational contest.

One feature of the struggle was the arrest of Otto F. Overbeck, candidate for supreme chancellor, and leader of the opposition to the administration as he was entering the Holland building on his way to the meeting where the election was to be held.

At the Four Courts a complaint was lodged against Mr. Overbeck for carrying a concealed weapon.

GROWING SERIOUS

INFORMATIONS DRAWN AGAINST FUGILISTS WADE AND OPIE.

FOR ANOTHER PROCEEDING

County Attorney Breen preparing to Take the Case into the District Court—Witnesses for the State.

The prosecution of Jack Wade, the lightweight champion of Montana, and Howard Opi, the struggling young aspirant for the honors worn by Wade, for indulging in an "exercise" exhibition on the other night, seems to be taking on a serious aspect.

County Attorney Breen is following one step with another in his endeavors to land the pugilists behind the bars, and today the county attorney's assistants finished drawing an information charging Wade and Opi with breaking the law prohibiting prizefighting.

Appear in Justice Court.

There is an information against each of the men, and the papers are lying neatly folded and encircled with a rubber band in a pigeon hole in a desk in Mr. Breen's office awaiting the opening of Judge McClernan's department of the district court next Thursday morning, when they will be filed.

The information charges Wade and Opi with "willfully, unlawfully and feloniously engaging in a premeditated fight and contention for money with fists and hands, and then and there beating and striking and punching each other about the face and body, in the presence of divers persons then and there assembled, which said contention for money above set out and alleged against said defendants, was then and there known as and named a prizefight."

The names of the witnesses who are to be subpoenaed by the county attorney in the interest of the state are indorsed upon the information.

Will Be Filed Thursday.

Wade and Opi appeared in Justice Arnold's court for preliminary hearing today, but the county attorney asked for a continuance on the ground that he did not have his witnesses ready and the justice granted it, continuing the matter until Thursday morning. The defendants expressed a desire to have their cases heard without further delay and it precipitated an argument between the county attorney's forces and Messrs. Clark, Templeman and Healey, who have been engaged to represent the defendants.

NEW CATHOLIC HYMNAL.

Joint Work of Mgr. Loughlin and Father Ganss.

Carlisle, Penn., Jan. 21.—The first official Catholic hymnal in the world will be issued shortly. It will be the joint work of the Rev. Dr. H. G. Ganss, recently rector of St. Patrick's church; Mgr. Loughlin, an officer in the household of Archbishop Ryan, and the Rev. Mr. Henry, principal of the Catholic high school of Philadelphia.

America is practically the only country in which the Catholic use such music and the desirability of having an official and uniform hymnal for use throughout the United States has been considered for some time past.

The writing of the words of the hymns will be in charge of Mgr. Loughlin and Dr. Henry, while most of the music will be composed by Dr. Ganss, who is one of the best known priests of this state, and is internationally known because of his musical compositions.

Father Ganss has written five complete masses which have attracted attention from composers of note. He was recently appointed general secretary of the Catholic Indian schools of the country. This appointment will not interfere, however, with his work on the hymnal.

The undertaking will require a long time, and the date of publication is not at all certain.

WANT MORE BOYS.

Matthews, Indiana, Is Experiencing a Boy Famine.

Muncie, Ind., Jan. 21.—Matthews, known "as the town without boys," is to be supplied if good inducements will bring them. As the result of the scarcity of boys in the town the Winslow bottle factory has been closed. Boys are so scarce there that many places of business give employment to men at men's wages when youngsters might suffice.

The Winslow Glass company, to secure boys as helpers for the workmen in its factory, offers to pay rent for houses, furnish free gas and insure steady employment to men having boys who will locate in the town. All junior male members of the families providing them are assured positions with good pay.

The men of the families bringing the boys, if they have no other trade, will be taken in and given steady jobs, also.

PEARSON IS UNORTHODOX.

He Narrowly Escaped Being Expelled From the Church.

Chicago, Jan. 21.—The trustees of Northwestern university will most probably consider the case of Dr. Charles W. Pearson, professor of English literature in the university who has openly expressed his disbelief in the infallibility of the Bible.

The exclusion from the faculty or suspension for an indefinite period are suggested as proper punishment.

The resolution of the ministers' association demanding the expulsion of Dr. Pearson were defeated by only a small majority and then only at the request of the trustees, who wished to consider the statement unhampered by instructions.

May Be a Duel.

Paris, Jan. 21.—In the course of the debate in the chamber of deputies today on the foreign estimates, M. Lasles (anti-semite), took offense at words spoken by D'Esternes Desconstant, and sent a messenger to him with a challenge.

The seconds are discussing the question whether a duel is necessary.

An examination of the books of the bank by an expert divulged the shortage and after a meeting Sunday night between President Gold T. Curtis and Mr. Matteson the latter was placed under arrest. He is said to have made a confession to Mr. Curtis and admitted his guilt to officials here.

The bond was placed at \$5000.

Mr. Matteson was a respected citizen of Great Falls and had many acquaintances over the state. He enjoyed the entire confidence of the officials of the bank and stood high in business and social circles.

BLIND PERSON MUST SIGN.

Opinion That Absence of Sight Does Not Curtail Personal Duty.

(By Associated Press.) New Haven, Conn., Jan. 21.—Corporation Consul L. M. Daggert of New Haven today gave an opinion to the board of local assessors that a blind person must sign his sworn tax list or pay the penalty of 10 per cent addition to his tax list.

It was thought by the assessors that a blind person, or property owner, inasmuch as he could not see what was on his tax list, should not take oath to it and then sign it.

The corporation counsel says there is no reason in law why the blind man should not use the other senses, such as hearing, for instance, and take the word of a trusted second person as to the truth of the list which he signs.
