

# CONVERSE AT SEA MAKES BAD CHARGE

### STAMSHIPS AGAIN USE THE MARCONI SYSTEM.

### SEND AND RECEIVE MESSAGES

#### Umbria and Etruria, Sister Ships, Again Demonstrate That the Marconi System Can Be Put to Practical Use.

(By Associated Press.)  
New York, Jan. 27.—The Cunarder Umbria, which has just arrived from Liverpool, talked by means of the "wireless" telegraphy with her sister ship the Etruria, proceeding eastward.  
Operator Franklin on the Umbria, caught the Etruria's call at 11:40 a. m. last Wednesday in latitude 11 and longitude 39.25.  
The conversation was continued for three hours and thirty minutes.  
The shortest distance at which conversation was carried on was 32 miles and the longest 108 or 110 miles nautical, equivalent to about 125 geographical miles.  
This was four miles further than those two ships have heretofore talked to each other.  
The Umbria sent five messages to the Etruria to be transmitted at Crook Haven to friends in England.  
Mr. Franklin made no effort to locate the Philadelphia, as he was not aware that the inventor, Marconi, was aboard the American liner or that she had a temporary installment of wireless apparatus.

### PRESBYTERIANS' NEW CREED.

#### Outline of Short Declaration of Belief Completed by Committee.

(By Associated Press.)  
Pittsburg, Jan. 27.—The Presbyterian creed revision committee has been called to meet in Philadelphia week after next, to hear the reports of the several sub-committees. It is expected that the finishing touches will be put on the "declaratory statement of the things which are most surely believed," as the sub-committee has completed the outline.  
The plan is to report this short creed to the next general assembly, as the committee feels that it will not satisfy the church simply to report progress. The statement to be issued recognizes the fundamental doctrines of Calvinism and expresses them in popular form.  
In the case of the United Presbyterian churches of the divine sovereignty, the Trinity, the divinity of Christ, the inspiration of the scriptures, life everlasting, the atonement, predestination and other fundamental truths, but avoids the old phraseology around which controversy raged.  
The United Presbyterian General Assembly has also undertaken to summarize the doctrines of the Confession of Faith for popular use.  
In the case of the United Presbyterians the General Assembly will settle the question, and the churches will use the statement on their recommendation.

Lady Constance has traveled extensively in Europe and the East, but this is her first visit to America.  
The Duke of Sutherland, who is her guardian as well as her uncle, was reluctant at first to let her come but finally yielded to her express wishes to see the United States.  
"I shall spend some time in New York, and if I am pleased with my experience here, I shall make an extensive tour of the country," she said. "I shall not be satisfied until I have seen all the wonders you have to show visitors."

He failed to please, and the expressions of disapproval by the audience precipitated a riot.

### REPORT OF RECENT STORM IN BEAVERHEAD COUNTY.

#### It Was Coldest at Bannock Where 45 Degrees Below Zero Was Reported— Hills Are All Bare Again— Snowfall Not Heavy.

(Special to Inter Mountain)  
Dillon, Jan. 27.—The worst storm that has visited this section for the past three years, is clearing up today, the wind having shifted to the south and the temperature is rising rapidly.  
The coldest weather recorded was at Bannock Saturday night at 9 o'clock, when Postmaster Jackson telephoned down that the thermometer registered 45 degrees below zero.  
In Dillon Saturday night at 9 o'clock the thermometer registered 35 below and it got still colder before morning.  
**One Case of Freezing.**  
There has been no casualties reported from the extreme cold, only one case of serious freezing occurring, that one being Charles Gooden, who froze his feet so severe that at first it was feared his toes would have to be amputated. Later the frost was successfully drawn out of the injured members and no serious results will follow.  
He froze himself while driving out to the oil well in Smallhorn canyon. When he got about half way out his team refused to go and in coming home, facing the stiff wind prevailing, the freezing occurred.  
Nipped ears and fingers are numerous.  
**Stock Did Not Suffer.**  
Throughout the county stock has suffered but little, everything but the horses being in pastures where ample feed and shelter have been provided.  
Both cattle and sheep have been kept close to sheds and haystacks for the past week. Feeding is now general and no loss of stock is anticipated.  
Horses on the range have weathered the storm in good shape and they are a little the worse for their experience.  
A party consisting of Duke Gist, R. L. Shaw, George Edinger and H. Q. Putnam, came in from the Big Hole basin Saturday and they made the trip over the range from Jackson without serious discomfort but say it was one of the coldest days they were ever out in.  
In the low lands the snow fell to a depth of six inches, but in the foothills and mountains it fell to twice this depth and the wind has drifted it so that already the exposed hillsides are bare so that stock can again be rustled in the open within a few days.

### SHAMROCK'S SAILS SOLD.

#### Bigging Costing Many Thousands Sold for a Trifle.

There was a large crowd of speculators on hand, but the whole lot was sold to one man.  
The sails were made of the finest canvas and linen and one of the sets is said to have cost \$8000.  
It is believed there are several thousand yards of cloth not injured by the fire.

#### Runs Antlers Through Body and Tosses him over Fence.

(By Associated Press.)  
Oakland, Cal., Jan. 27.—Frank Purtaido, aged 13 years, was gored to death by a vicious elk he was feeding at Piedmont Springs park.  
Young Purtaido and Leslie Spencer, the jockey, had taken some hay and barley into the corral to feed the five elks there.  
The largest elk was in a morose mood and made a dash for Purtaido.  
The prongs of the antlers caught him in the right groin and with the youth's body on its antlers the elk ran about the corral two or three times and then tossed the boy over an eight foot fence into the road, where he died in a few moments.

# WINTER WEATHER OATH OF EDWARD

### BISHOP BURKE HAS MUCH TO SAY AGAINST IT.

### WANTS CATHOLICS TO PRAY

#### He Believes That Parliament Should Change the Oath and Suggests That Catholics Do Some Act of Faith on Coronation Day.

(By Associated Press.)  
Albany, Jan. 27.—Bishop Burke, in the Cathedral of the Immaculate Conception in this city, took occasion to refer to the oath which King Edward VII will take at his coronation.  
The bishop said he wished the world, and especially the Catholics, to know just what reference the oath contained, and while the king was swearing that the Divine presence in the most blessed eucharist was false and the sacrifice of the mass a superstition, he wanted every Catholic to raise his heart to the Almighty and make a most devout act of faith.  
**Insult to Catholics.**  
Unless parliament should change his oath, the bishop declared, King Edward would, as the ruler of his kingdom, insult millions of Catholic subjects when he took it.  
"We must throw aside all sentiment; we must look at the facts as they are in cold reality," declared the bishop. "If King Edward were to take the oath now he would be obliged to swear that the eucharist is not the body and blood, soul and divinity of our Divine Lord, under the appearance of bread and wine, and he would have to swear that this divine sacrifice here is a superstition or a fable."  
"On the day of the coronation of King Edward, I want every Catholic to pray fervently to God, to repeat the apostle's creed, to make an act of faith, and, if possible, to spend some time in adoration before the most blessed sacrament."
