

GERMANS WONDER

WHEN THEY READ ABOUT PREPARATIONS FOR THE PRINCE.

MAKING ELABORATE PLANS

United States Will Care for Prince Henry in Style and Comfort Throughout His Trip Through This Country.

(By Associated Press.) Berlin, Jan. 30.—When Emperor William bids Prince Henry of Prussia farewell prior to the latter's departure for the United States their parting will be a simple private affair.

No set speeches for publication will be exchanged. The leave-taking will assume the form of a military act, in which an officer receives the last instructions from his sovereign before going on an important mission.

It is understood that his majesty will give Prince Henry written memoranda of what he wishes his royal brother to communicate to President Roosevelt.

The various members of the Prince's party will assemble at Bremen February 14. The sailing of Prince Henry will not be marked by any special ceremony, nor, so far as known, will any member of the royal house see the prince off.

May Be Changed. The foregoing are the arrangements as communicated to the correspondents today. But it is still quite possible that Emperor William will disregard the programme and bid farewell to his brother in a more public manner at Bremen.

The dinner to be given in Prince Henry's honor under the auspices of the New York State Zeitung to the press of the United States is the feature of the prince's diversion which is attracting the most attention here.

Prince Henry himself asked particularly about this feature of the program, and when told that some of the editors would probably travel 3600 miles to be present he expressed wonder.

What Barth Says. Dr. Barth says in the Nation today: "That Prince Henry as the representative of the German emperor comes in immediate contact with the press is a particularly happy thought. The modern spirit inspiring the whole expedition is brought sharply into view through the emperor's brother becoming the guest of journalists."

Prince Henry's attitude toward the press when in the United States has been the subject of consideration by the councilors. While the prince will not be interviewed, he desires to show respect for the profession, and will give an audience to the newspaper men with the understanding that he is not to be quoted.

What the prince has to say will be issued through the official channels. Every detail of the trip interests Emperor William, who has even given instruction regarding the flowers which will grace the tables at the luncheon on board the Hohenzollern.

His majesty has maps of Berlin and New York on the same scale. When he first compared them the other day, the emperor remarked: "Why, New York would stretch to Potsdam."

His majesty then asked a member of his household the number of New York's inhabitants. "New York has 3,000,000," was the reply.

The Emperor Knew. "No," said the emperor, "4,000,000." His majesty has taken the leading New York newspapers since Prince Henry's trip was planned, has marked articles which he thought would interest the prince's suite, and has sent them to the prince.

The principal German newspapers will send special correspondents to New York on the Kronprinz Wilhelm. Among them will be Captain Dannenhauer of the Lokal Anzeiger; Alexander von Huhn of the Vorische Zeitung; and Konrad Alberts, editor of the Berlin Morning Post.

Dr. Barth, in the Nation, dwelling on the political significance of the trip, recognizes the great services of the United States ambassador here, Andrew D. White, in preventing misunderstandings between the two countries. He says: "He has ever been ready to enlighten the public opinion of his country and to show that Germany entertained no ominous plans against the United States. Mr. White's political work has not been in vain."

"Prince Henry's visit is an impressive manifestation of the German empire's desire to cherish its friendship for the American republic."

WANTS CHINA TO RELENT.

Prince Ching Will Ask Court to Restore Industrial Institution.

(By Associated Press.)

Pekin, Jan. 30.—As the result of pressure brought to bear upon him Prince Ching will memorialize the throne, asking that more liberality be displayed in the treatment of the Peking Industrial Institution, which the court recently ordered to be closed on the suggestion of Chen Pi, the reactionary governor of Peking.

Prince Ching will also ask that the institution be allowed to revive its paper, the Common People, which Chen Pi succeeded in having suppressed. Prince Ching says the paper can be issued subject to the inspection of the censors.

The institution has been compelled to remove from its former quarters, and its promoters say that this means the court intends to strangle it, though a modification of the order of suppression may be issued.

All the foreigners here and many officials, including Viceroy Yuan Shih Kai, favor the promoters, but as yet they have been unable to defeat the pernicious influence of Chen Pi.

It is reported that a son of Prince Ching has been appointed Chinese envoy to attend the coronation of King Edward, Sir Ernest Satow, the British minister, has informed the Chinese that there is no objection to the appointment, but Prince Chun's brother would have been preferred.

The appointment has not yet been confirmed by an edict.

LONDON TRACTION ROW.

Denial That Mr. Yerkes Has Control of the District Company.

(By Associated Press.) London, Jan. 30.—The dispute between the two old underground railways has been renewed. The District company, offended by a statement in the Metropolitan's report, which has just been issued, saying that "an American syndicate has obtained control of the District company," has issued a protest saying that although the interest of Mr. Yerkes' traction company in the District company is very large, it is not large enough to give it control.

The Metropolitan directors have issued a counterblast, saying that that company is anxious for friendly relations with the District and other companies with which it has transactions, provided that neither its capital nor earnings are jeopardized.

Regarding the traction company's offer to lease the Metropolitan road with a guarantee of 3 1/2 per cent. on the ordinary capital stock, the directors say that the objections to this are as valid today as they were six months ago.

The directors further declare that they can supply their own electric station and the necessary current, saving nearly £100,000 a year compared with Mr. Yerkes' offer.

The next development apparently will follow Mr. Yerkes' arrival in London.

FOREIGN ADVISERS FOR CHINA.

Yuan Shih Kai Advocates Means to Prevent Frauds by Native Boards.

(By Associated Press.) Peking, Jan. 30.—Yesterday was the last day on which condolences could be offered to the family of Li Hung Chang.

There were many visitors at his house and a number of foreigners watched the ceremonies. Great quantities of paper imitations of the late earl's possessions were burned.

Viceroy Yuan Shih Kai has memorialized the throne asking that a foreign adviser be appointed for each of the eight boards. The grand council is considering the matter, but will probably limit the appointments to the six most important boards.

It is especially desired that a trained diplomat be secured for the Wai Wu Pu (foreign board), a financier for the board of revenues and a military man for the board of war.

Yuan Shih Kai thinks that in this way it will be possible to circumvent frauds by natives.

LADY COOK IN REFORM WORK.

Former Tennessee Claffin to Spend Her Fortunes Making England Better.

(By Associated Press.) London, Jan. 30.—Lady Cook, formerly Tennessee Claffin, announces that she is about to enter reform work in England with the vigor and determination displayed by her when she advocated social reforms in the United States.

She intends to devote a considerable part of her large income to opening schools and conference halls for teaching her views and promoting practical charity, eventually endowing them, if they are successful, with her whole fortune.

She says she knows that in doing this she will be executing the wishes of her deceased husband.

She will aim to teach people that the human body is the temple of God to enable them to understand their duties to themselves and their children.

WAGON MAKERS COMBINE.

Railway Vehicle Manufacturers Now in and Deal Is to Be Extended.

(By Associated Press.) Birmingham, Jan. 30.—The combination announced of the wagon manufacturers in the Midlands does not affect America, according to present reports. It is an amalgamation of concerns which are interested in the manufacture of railway wagons and not road vehicles.

A movement is on foot, however, for a big combination of all wagon, carriage and coach makers to oppose American competition. The trade is now discussing proposals which as yet are rather hazy.

The greatest difficulty that is being experienced is in trying to induce the small dealers to join the combine.

Invitation for Henry.

(By Associated Press.) Ithaca, N. Y., Jan. 30.—President Schurmann has cabled Ambassador Andrew D. White to extend to Prince Henry of Prussia an invitation to visit Cornell university when the prince arrives in the United States.

SOME OPINIONS

HENRI ROCHFORD CABLES HIS VIEWS ABOUT WAR.

(By Associated Press.)

New York, Jan. 30.—M. Henri Rochford, editor of Transigant, telegraphs from Paris regarding the outlook for peace in South Africa.

"There ought to be peace, but upon a basis similar to that given to the Cuban republic and which should also make the Philippines free. The republic of Cuba is a glorious example for the Boers in two ways. First it demonstrates the effectiveness of a people fighting for home and freedom; second, that the liberty loving spirit still lives in the United States.

The Boers have astonished the world and deserve freedom. The intermediaries who are feeling their way to peace should remember this."

Col. Arthur Lynch, who served in the Boer army and recently was elected to parliament from Galway, also cables from Paris:

Peace May Be Expected Soon. "Both sides have strong reasons for desiring peace. If they fight another six months the situation may not be materially altered, and it is impossible to say exactly what is the military situation.

"It is certain that the Boers are now as optimistic as they were a year ago, with regard to their ability to hold out, while England's situation is becoming intolerable not only on account of the enormous expense but owing to the stagnation of trade and loss of prestige in the diplomatic world.

"Nor are the Boers on a bed of roses and they, like England, have long desired peace if terms are on a satisfactory basis.

"Peace is possible for there are only a few points about which both sides are not in accord. The main thing is to have a tangible feasible plan and the antagonists will soon get that if they come together and peace may be looked for very soon."

RICH GOLD FIND IN ALASKA.

CONGLOMERATES SIMILAR TO THOSE IN SOUTH AFRICA FOUND ON INDIAN CREEK.

(By Associated Press.) Victoria, B. C., Jan. 30.—J. Hepburn left for London today to enlist capital in the greatest discovery the world has ever known—the rich conglomerates of Indian river, 28 miles from Dawson.

Miners who had worked in the South African gold fields were attracted to Indian river by a similarity to the rich blanket deposits of the Rand.

They carried their investigations further to the neighboring benches and discovered that the encrustments of the Indian river valley were composed of immense masses of conglomerates, identical in composition with those which have yielded so many millions of treasure in South Africa.

A superficial prospect of the deposits satisfied the miners that they were gold bearing, and subsequent examinations at various points revealed the fact that the stuff carried from \$19 to \$200 in gold to the ton.

J. Hepburn of Victoria, who has secured an option of 182 of these claims, left for London today to enlist capital. He says that without exaggeration one of his claims, carefully examined by a competent mining engineer, will yield \$4,000,000.

He says there is enough of the conglomerate to keep 20,000 stamps at work for a hundred years.

Coal has been found within a short distance of the property.

SAYS WE BLUFFED PANAMA CO.

London Review on American Ability to Drive a Hard Bargain.

(By Associated Press.) London, Jan. 30.—The Saturday Review prints an article on the Panama canal, in which it describes France as the sufferer by the perfection with which the Americans are able to drive a hard bargain.

It says that the directors and shareholders of the Panama company were completely hoodwinked by the American bluff, and adds that the Americans made a better bargain, perhaps, than is seen in international dealings.

HUNT BIG GAME.

Young Men Going Far Into the Interior of Africa.

(By Associated Press.) New York, Jan. 30.—William McMillin of Tennessee, son of the late millionaire president of the Steel Foundry company, and Frank C. Case, also of St. Louis, will sail today on the Columbia for the Mediterranean.

From Cairo they will journey far into the interior of Africa.

"Our immediate destination," said Mr. McMillin, "is Cairo, but from there we shall shape our course into the wilds of the continent to look for big game.

"It is possible a start will be made from Algiers. We will go to the end of the

existing railroads and then, accompanied by guides, join a caravan of Arabs and hunters. I have been over a portion of the country before.

"But on this trip I want to get from 500 to 800 miles further inland than I traveled previously."

SURVEYING THE NEW LINE.

(By Associated Press.) Denison, Tex., Jan. 30.—Engineers have arrived at Muskogee, E. T., to survey the Missouri, Kansas & Texas extension from Weyburn up to Kansas valley to Guthrie and will begin work at once.

The new line will tap the richest country in the Arkansas river bottom.

Along the valley route is some of the greatest agricultural lands in the world and they are never affected by drought.

The line will reach some of the best towns in the Creek nation and will pass through the Western belt of that nation.

The line will follow the Arkansas valley from Muskogee to the junction of the Arkansas and Cimarron rivers, then down the south side of the Cimarron valley to Guthrie, will have comparatively light and easy grades.

SUES A DEAD MAN.

Miss Christiansen Gets Verdict From Deceased Lover's Estate.

(By Associated Press.) Onawa, Ia., Jan. 30.—Mary Christiansen, has secured a verdict for \$6000 in her breach of promise suit against a dead man.

She sued the estate of Frank Crum, who died last summer, for \$7000, claiming he had postponed the date of their marriage and finally died before the new date, without wedding her.

It was proved conclusively that he intended to marry her and the suit was begun as the best legal way to recover a portion of the property left by him.

RIVAL WEST ASIAN LINES.

Russians Need Not Fear the German Bagdad Railway.

(By Associated Press.) London, Jan. 30.—The Exchange Gazette of St. Petersburg, decides that the Bagdad railway will not offer dangerous competition to the projected Russo-Persian line.

By the latter road, says the paper, one will be able to travel from Calais to Bandar Abbas (on the Persian gulf) in six days, while by the Bagdad road eight days will be necessary.

As for the Konia-Bagdad line, says the Exchange Gazette, dangerous competition on the part of that road can be checked, "if only, to the German spirit of enterprise in Turkey, we oppose the Russian spirit of enterprise in Persia."

The Novosti assumes that French capital will be largely employed in the Bagdad railway, and says the creation of an international syndicate for the construction of that line deprives it of all its importance.

What was considered a brilliant success for German diplomacy, says the Novosti, turns out to be a mere financial affair, the result of which is more or less uncertain.

REFERRING TO SPANISH WAR.

Denial of the Report That She Initiated the Anti-American Plan.

(By Associated Press.) London, Jan. 30.—The Times' correspondent in Vienna says that before hostilities between Spain and the United States began Austria agreed that the interests of Spanish subjects in the United States should be entrusted to the Austrian diplomatic and consular representatives there.

No initiative was taken by Austria looking to mediation or intervention in any form, and no suggestion was made by her for a joint note or collective action of any kind.

Nor did Austria accede to any proposal made to her with those objects in view.

The correspondent says it is within his knowledge that Austria's reserve was such as to cause a little coolness with Madrid.

The policy of Austria from the beginning was one of strict and absolute neutrality.

HAD WILD TIME

Had Scared the Traveling Men of New York

(By Associated Press.) Clarksburg, W. Va., Jan. 30.—A wild time was experienced on the Short Line train from New Martinsville last night. A. S. Kirkpatrick who sells whisky at the west end of the big tunnel boarded the train at that place and began to flourish his revolver.

He prevented one passenger from getting on and then drew his gun and fired several shots at the brakeman and traveling salesman.

The salesman fled to other parts of the car, and at the first step jumped out of a window and rode into this city in the cab of the engine.

Kirkpatrick left the car at Dola. B. & O. police officers started to that place this morning and arrested him.

He put up a fierce resistance. The passengers were nearly all New York traveling men.

WICKED AMERICANS.

Canterbury Says Englishmen Are Much Better Morally.

(By Associated Press.) London, Jan. 30.—The archbishop of Canterbury speaking in support of a resolution protesting against the legalization of marriage with a deceased wife's sister, drew a comparison between English and American morals.

He denied that the moral law is as much observed in America as it is in England; divorce is far easier than here, and he regarded the prevalence of divorce as a certain sign that the moral line in life has been lowered.

Americans he argued were distinctly beneath Englishmen in that respect.

Wedding Gifts Worth \$1,700,000.

(By Associated Press.) London, Jan. 30.—The marriage of Lady Helen Stewart, the beautiful daughter of Lord Londonderry, to Lord Stavordale, eldest son of the earl of Ichester, will be solemnized at St. Peter's church in Eaton street tomorrow.

Over seven hundred presents, valued at \$240,000, have been received. These include gifts from the king and queen and many members of the royal family.

NEW YORK.—The Commercial Cable company has issued the following notice: "We are advised that the Foo Chow-Hong Kong cable has been repaired, thus restoring communication via the Eastern route to Japan and North China."
