Silver Kettle Currant Jelly

There is always a "best" in everything. We have several brands of Pure Currant Jelly, but Silver Kettle Currant Jelly is by far the best.

It is so good that you will thank us for recommending it to you.

It is prepared in a silver kettle and then packed in 5-lb. glass jars and fine glass tumblers—the glass tumblers that are used retail at at 75c doz.)

The fine fruity flavor makes it as popular with game as for dessert.

NEW NORTHERN PACIFIC DEPOT

IF THE COMPANY'S PLANS DO NOT GO AMISS

MAY BE ERECTED IN BUTTE

W. G. Pearce, a high official of the Northern Pacific railroad, arrived in the city on a special train by way of the Great Northern. Mr. Pearce's trip is not one of pleasure or simple inspection of the company's line of road, but is in connection with the building of the proposed new passenger and freight depot in this city.

Plans for the structure were drawn last year after it was supposed the ground upon which the building was to be erected had been secured, but a hitch in the negotiations for the purchase of the site occurred at the 11th hour and the project was abandoned for the time being. One lot owner, it is alleged, put a price on his ground which the company considered exorbitant and refused to entertain.

Looking for a New Location.

This difficulty has not been overcome. It is understood that the company is now casting about for a location that will answer its purpose as well as the site first selected.

It is the intention of the corporation to put up a magnificent building—one that will be a credit to the city. In one sense of the word it will be a union depot, for it is the calculation to have the trains of both the Northern Pacific and Oregon Short Line arrive and depart from it.

It may be that the Great Northern will also have an arrival and departure interest in it, as the Northern Pacific and Mr. Hill's line are said to be in pretty fair touch with each other. The centering of all trains arriving and departing from Butte is considered an easy matter, as the roads are practically all connected with one another within the city limits.

WILL GIVE \$25,000

ST. LOUIS EXPOSITION COMMITTEE IS IN SESSION TODAY.

THREE-TWENTIETHS OF A MILL

Prominent Citizens Asked to Contribute, the Amount to Be Reimbursed by the Legislature.

The members of the state executive committee for the St. Louis exposition from out-of-town arrived in the city last evening for the first regular meeting of the committee, which is in session today.

It was decided after some discussion to collect the sum of \$25,000 for Montana's representation at the exposition, which will open at St. Louis, May 1, 1904.

The following plan was adopted for collecting the money:

A few prominent citizens from each of the counties will be asked to contribute the amount for which the county is assessed, the assessment to be fixed as arranged by the committee on a pro rata of the valuation.

It was found that a tax of three-twentieths of a mill on the total valuation would secure the needed amount.

Will Ask Legislature to Refund.

The committee proposes to ask the legislature to refund the money as it did for the amount advanced to the state for the Montana exhibit at the Mid-Winter Fair held at San Francisco in 1894.

The state committee is composed of the following gentlemen: A. J. Davidson and T. C. Kurtz, Helena; C. W. Clark and F. A. Heinze, Butte; E. N. Talcott, Livingston and C. W. Conrad, Kalspell.

Speaking of the matter today A. J. Davidson of Helena, the chairman of the committee, said: "We have received the assurance of financial support from prominent citizens in almost every county in the state and, as the sum of \$25,000 is considered to be a reasonable amount for Montana's representation, we are going to have no trouble in collecting that amount."

T. C. Kurtz, the secretary and treasurer, has corresponded with most of the prominent citizens of the state in regard to the matter and has learned that the sentiment is strongly in favor of having a creditable showing at the exposition from Montana.

"Silver Bow county's share will be only \$5,900, an amount which has been guaranteed already by Mr. C. W. Clark, Mr. F. A. Heinze and Mr. Frank Pearce, representing the three foremost mining companies in the county."

"For the building, I cannot say yet, but we believe that the state will yet have a home at the exposition that will be a credit to the citizens."

"As the money will not be used until the close of the exposition, there will be no interest accruing for the intervening time. The guarantee is all we really have asked of the citizens and they certainly have given it very generously. You can see from the statement that the burden does not fall heavily on the counties, divided, as it is."

The following is the list of the counties with the amounts to be subscribed by each, according to its valuation:

Table with columns: Counties, Total Valuation, Amount of County. Lists counties like Beaverhead, Broadwater, Carbon, Cascade, etc., with their respective valuations and contribution amounts.

JOHN PAUL'S BURGLARY.

Jury Still Out in Grand Larceny Case.

The jury was still out this afternoon in the case of J. E. Richards, charged with burglarizing the store of John Paul, the Assyrian.

This morning the jury sent word that it was ready to report, and after much trouble the court, clerk, county attorney and others were rounded up at the courtroom to hear the verdict.

When all were ready, the foreman rose and solemnly announced that the jury had "agreed to disagree." The court nearly lost its breath, and then said tersely: "That's not the kind of a verdict we want. Go back and deliberate some more."

The foreman was a bearded man, and when the jury had gone upstairs again some one remarked, "That foreman has almost as much nerve as he has whiskers," and that expressed the opinion of the gentlemen who had been brought blocks to be told that the jury were still "arguing."

SPECIAL POLICEMAN ATTACKED.

Riot at Columbia Hall to Be Followed by Arrests.

There was a small sized riot at Columbia hall over the Natatorium at Granite and Arizona streets about 12 o'clock last night.

No arrests were made, but a special policeman was struck several times and one of those in the melee was injured.

The trouble arose over a youth named Walker, attempting to break into the hall where a masquerade ball was in progress, without paying the admission fee. Walker was backed by others of the crowd who assaulted Special Policeman Jackson when the latter attempted to throw Walker over the banisters of the stairs.

The special policeman was overpowered and forced to release one of the men whom he had made prisoner. Warrants will be sworn out Monday for the arrest of the participants.

STRIKE IN SPAIN

WORKMEN HAVE BEEN CAUGHT PREPARING BOMBS.

RIOTERS GIVEN THREE DAYS

Orders Issued to Close All of the Saloons at 7 O'clock—Street Car Lines and All Newspapers Have Suspended.

(By Associated Press.)

Barcelona, Feb. 22.—Although there was some resuscitation of ordinary life in this city, yesterday, it was largely artificial. A few public establishments reopened under the compulsion of the authorities, but practically no business was transacted. The street cars ceased running at 8 in the evening and the newspapers were unable to publish, the printers refusing to work.

The captain general authorized the managers of the newspapers to seek for printers outside of Barcelona.

There were some isolated affrays and attempts to sack bakeries, during which five persons were wounded. It was reported this morning that a number of workmen had been caught in the act of preparing bombs.

The captain general has allowed the rioters three days in which to deliver up all their arms. After the expiration of that time, any person found in possession of arms will be tried by drumhead court martial.

Orders have been issued to all the saloons in the city to close at 7 o'clock in the evening, and citizens are not allowed to be out of their residences after 8 p. m.

Suppressed in Valencia.

(By Associated Press.)

Vadrik, Feb. 22.—Agitators are exciting the strike here in supporting the strikers in Barcelona. The agitators are greatly excited at the report that several workmen have been tried by court martial and shot. This, however, is officially denied. Advice from Valencia says the strike there has been suppressed but that the workmen are clamoring for the release of their arrested comrades.

PING PONG.

It's a New Game and the Butte Society People Are Going to Play It.

Have you heard of the new game of Ping Pong?

Butte society is wild about it.

So far only three "sets" have arrived in Butte, but twelve more have been ordered. L. C. Miller, A. F. Heinze and T. M. Polgens have the sets that are here, and they are in constant use.

It is a vastly amusing and splendid exercise.

Mr. E. L. Whitmore, who just returned from London, says that all England is playing Ping-Pong. On the ocean liners every other game is forgotten.

The game is played around a table after the tableware has been removed. It is something after the style of shuttlecock and battledore. The apparatus consists of an ivory ball, which the players knock about by a sort of racket, as in tennis. Ladies and gentlemen play the game and acquire much skill.

The San Francisco Argonaut of last week has the following to say about the new amusement:

Ping-pong seems to have gained favor more rapidly than any other society game ever known in England. It has even obtained a foothold on ocean steamers, notwithstanding the difficulties of playing the game well on a rolling ship. The purser of an Atlantic steamship talking about this game the other day, said: "You'll find it occupying a prominent place among the amusements advertised on sailing bills. Ships carry supplies of bats and balls. When the weather is at all decent the one recreation is ping-pong. Every other form of amusement formerly popular is discarded, though how long this is likely to last there is no saying. We run a net down the whole length of the dining saloon. A number of couples can therefore play simultaneously. It certainly takes even proficient players some time to get accustomed to the motion when the ship is rolling, but after a little practice they are able to place the balls almost as accurately as on a fixed table. Practice goes on all day, when the table is not in use for meals. Each evening a sweepstake tournament is arranged, when the excitement is intense. It is by a long way the best all round amusement we've ever had on a voyage, for all the passengers, young and old, can participate."

HORTICULTURAL SOCIETY SESSION AT END.

(Special to Inter Mountain.)

Missoula, Feb. 22.—The fifth annual meeting of the Montana Horticultural Society concluded its session last evening and a tournament without fixing a date for its next meeting.

A well-deserved compliment was paid the present officers for the success with which the meeting was attended and for which they were mainly responsible, in their re-election without opposition.

Stevensville was chosen as the next meeting place for the society, also without opposition.

The following are the officers who were re-elected: A. L. Stone of Missoula, president; Mrs. C. E. Ingalls of Kalspell, secretary and treasurer; W. B. Harlow of Hamilton, first vice-president; J. A. Fossum of Big Fork, second vice-president; R. N. Sutherland of White Sulphur Springs, third vice-president; W. M. Woolridge, fourth vice-president; T. D. O'Donnell of Billings, fifth vice-president; W. M. Pierce of Plains, Fred Whiteside of Kalspell and T. A. McClain of Carleton, trustees.
