

COHEN IN THE TOILS

THE MAN WHO IS CHARGED WITH GRAND LARCENY.

INTO VOLUNTARY BANKRUPTCY

It Is Alleged That the Firm Secured About Seventy-five Thousand Dollars Worth of Goods on Fraudulent Credit.

(By Associated Press.) New York, March 12.—Simultaneously with the seizure at Grand Forks, N. D., on an attachment of \$10,000 worth of silks and dress goods on Tuesday, Louis Cohen was brought into the center street police court where he was arraigned on the charge of grand larceny before Magistrate Brann.

Cohen, who formerly was a member of the clothing firm of Kanter & Cohen at No. 622 Broadway, was held in \$10,000 bonds for examination.

The complainants against Cohen are the firm of J. W. Goddard and Sons, of which Capt. F. Norton Goddard is the senior member, and the American Woolen company, a concern capitalized at \$65,000,000 whose chief offices are in Massachusetts.

They allege that the firm of Kanter & Cohen misappropriated woollens and other goods valued at \$75,000, the misappropriation consisting in the fact that they obtained these goods just previously to their going into voluntary bankruptcy and at a time when they knew such was to be the outcome.

The bankruptcy proceedings began on March 3. Former District Attorney Philip, who appeared in behalf of the complainants, told Magistrate Brann that such goods had been shipped to various cities where they would be allowed to lie in the freight yards until claimed by Cohen.

STILL HAS FAITH.

Paul Kruger Much Elated Over Recent Boer Success.

(By Associated Press.) New York, March 12.—A special from Utrecht over the signature of former President Paul Kruger to the American and Journal says:

"There will be more good news yet from Delarey. This victory of his reminds me of General Botha's allusion a year ago to the miracles of faith which saved Daniel out of the lion's den.

"My confidence in the ultimate triumph of the Boer cause could not be greater than it is now; indeed, it has never been shaken.

"I hope England will show that she sees her folly of attempting to subdue the Boer race by recognizing it now and by restoring independence to the Transvaal republics.

"By doing this she will spare herself as well as the Boers from further bloodshed and expense, and will retain the republics as friendly neighbors."

SCHEME OF FRAUD

SUIT COMMENCED AGAINST AN ALLEGED STOCK JOBBER.

MANUFACTURE CAUSTIC SODA

Claimed That Patents and Secrets Were a Fake and That the Company Capitalized in Excess of Real Value.

(By Associated Press.) Trenton, N. J., March 12.—Suit has been started in the United States circuit court to restrain the collection of an assessment of \$10 on each share of the preferred stock of the American Alkali company and to wind up the affairs of the company.

The bill charges W. W. Gibbs of Philadelphia with fraudulent transactions in connection with the promoting of the company, and charges him with obtaining \$500,000 in cash and \$12,000,000 of the common stock of the company through a secret arrangement between himself and the Commercial Development company, limited, whose patents were bought by the Alkali company for \$1,000,000 in cash and \$24,000,000 in common stock.

The patents were for use in the manufacture of caustic soda. The bill charges that a quarter of a million dollars was invested in a plant in Canada; that large salaries were paid and that Gibbs, by holding so much stock, was the dominating spirit of the company.

It is alleged that the company has never made a dollar profit. In September last resolutions were adopted making an assessment of \$10 on each share of the preferred stock which would have realized \$1,200,000.

Only \$30,000 of this has been paid. Suits are now threatened to enforce the payment of the remainder.

The suit is brought by Winfield S. Campbell, Washington Rigter, David S. Thompson and W. Paul Subers of Philadelphia for themselves and others to restrain the collection of the assessment and to secure such other relief as the court may grant.

It is charged in the bill that the patents were greatly over-valued and that the whole thing was a stock jobbing scheme.

FOUND IN QUEBEC.

Colonel Gaynor, Who Is Charged With Serious Crime, Is Located.

(By Associated Press.) Quebec, March 11.—Col. John F. Gaynor and his partner, W. D. Greene, charged with conspiracy to defraud the United States government and wanted for hearing in Savannah, Ga., by the federal authorities, are registered at Chateau Frontenac. They arrived there two days ago, and Mrs. Gaynor joined her husband Monday.

Colonel Gaynor in response to questions would only say:

"My name is registered properly at this hotel. Any one having business with me will know where to find me."

Colonel Gaynor is well known in Quebec, where he has extensive business interests.

CHANCE FOR A ROW

UNITED STATES WAR SHIP SALUTE NOT RETURNED.

COMMANDER WAS INSULTED

Without Waiting for an Explanation the Atlanta Sailed Northward and Argentinees Are Unhappy Because of Incident.

(By Associated Press.) Buenos Ayres, March 12.—Much comment is taking place here over an incident in the recent maneuvers off Mar Del Plata.

The United States cruiser Atlanta saluted President Roca of Argentina but the Argentine vessels did not return the salute because, according to international etiquette, the chief executive of the state does not reply directly by salutes, but sends an officer to express his thanks to the commander of the foreign vessel.

No officer would approach the United States cruiser, which was continually moving ground. The Argentine officials waited a short time to fulfill the duty of returning the courtesy but the Atlanta without stopping sailed northward.

It is believed the commander of the Atlanta was vexed because the Argentine's vessels did not return the salute.

ON PELLY RIVER.

Fabulous Riches Said to Have Been Discovered There.

(By Associated Press.) Tacoma, Wash., March 12.—Dawson and towns adjacent are excited over an important gold strike made in February on a tributary of the Pelly river between that stream and Yukon, 40 miles from Selkirk.

Outcroppings of gold were taken out as high as \$700 per pan was taken out. When the news reached Dawson, the stamped to Koyukuk stopped immediately and many miners started for Pelly river.

The discovery was made by Dick Butler, an old Yukon prospector, who staked a discovery claim and then went out to Yukon to spread the news.

Up to March 1 about 200 claims had been staked.

Prospecting showed that most of them were rich in gold from the surface down.

Long Drawn Out.

Miss Sharpe—Well, no one could say it was stunted.

RUSSIA MUST STOP

JAPAN WILL NOT PERMIT HER TO GET MANCHURIA.

IS PREPARED TO FIGHT FIRST

Have the Sympathy of Both Great Britain and United States in Checking Russian Aggressions in China.

(By Associated Press.) Victoria, B. C., March 12.—Prince Konoye, president of the Japanese house of peers, recently gave the Japanese advice on an interview on the Manchurian question. As head of the National Union league, and founder of the Toyo, edited weekly under the style of the Nippon Shu-Ho, he has taken a prominent part in all protests against Russia's territorial plans on Chinese soil.

"Japan will never consent to a Russia in Manchuria," said the prince. "On this point the government is absolutely determined. Nor shall we hesitate to take recourse to armed resistance were Russia to continue in her recent semi-defiant attitude. We have the sympathy of both the United States and Great Britain in this matter, and know what we are doing.

Japan's Position.

"Japan has no objection whatever to Russia's leasing Port Arthur. It would not in any way menace our interests. As for the trans-Manchurian railway, we regard its construction with lively satisfaction in that it will unquestionably serve to open new fields for foreign industrial and commercial undertakings.

But Russia would have to maintain troops along the railway in order to keep it from attack on the part of the natives.

"Would Japan object to Russian troops in Manchuria for this purpose?"

"Not at all, where the presence of such troops is necessitated, as is the case with the railway. Japan would never object to their presence, but Russia's great territorial army on Chinese soil must be withdrawn beyond the frontier and that without further loss of time.

"That province has been kept entirely under Chinese control, not only because of its mineral and other wealth, but also because of being the birthplace of the present Chinese dynasty. Continued occupation of Manchuria by any foreign power whatever would mean the downfall of the present dynasty and subsequent revolution and anarchy.

"I am convinced that the tenure of Manchuria as a Chinese state is positively necessary to the maintenance and continuance of the present Chinese government."

Regard for United States.

"What is thought in Japan of the attitude taken by the United States in this connection?"

"It is viewed with gratitude and respect. The United States has, from the first, insisted upon the open-door policy for all nations, and a Russian Manchuria would be directly opposed to such policy. We have implicit faith in the bonafide intention of America in this matter as in others, and are persuaded that the United States will back us up in the stand we have taken.

"The United States is, we hold, the one absolutely unselfish and strictly just power. We have had frequent proofs of the correctness of this view."

The steamer Toyaya Maru, which arrived from Yokohama this afternoon, had a very rough trip across the Pacific, being blown from coast to coast and suffering considerable damage on deck, which was washed by heavy seas.

She brought over the crew of the American ship H. B. Walker, which has been four months in making the trip from Manila to Yokohama, her crew being paid off at the latter place.

EX-GOV. ALTGELD IS DEAD.

(By Associated Press.) Joliet, Ill., March 12.—Ex-Governor Altgeld died at 8 o'clock this morning.

HIS LAST SPEECH

GOVERNOR ALTGELD STRICKEN WITH APOPLEXY.

HE EXPIRES THIS MORNING

Fell on the Stage After Delivering a Speech in Which He Pleaded for Help for the Boer Women and Children.

(By Associated Press.) Joliet, Ill., March 12.—Ex-Governor Altgeld was stricken at the close of an address delivered at the opera house in behalf of the Boer women and children in the concentration camps of South Africa.

While Rev. J. A. J. Whipple was addressing the crowd, Mr. Altgeld arose from his seat on the stage and walked hurriedly to the wings.

Reaching there he fell in a dead faint to the floor and did not recover consciousness until one hour after he had been removed to the Hotel Monroe across the street.

At midnight Mr. Altgeld had lost consciousness again, and as late as 4 o'clock this morning there was not the slightest indication of improvement.

While Mr. Altgeld was not in view of the assemblage when he fell to the floor, the incident caused great excitement in the theater. As he walked across the stage his sudden prostration attracted attention, and immediately afterward Mr. Whipple's address was interrupted while a request for physicians in the audience to come forward was made.

As none of the local physicians was in the audience, owing to a banquet of the Joliet Medical society, it was several minutes before medical attention could be secured.

Praised Governor Yates.

In his speech Mr. Altgeld made a forcible plea for the Boer women and children in the concentration camps in South Africa. In his introductory remarks he declared that all friends of humanity owed a debt of gratitude to Governor Yates for issuing a proclamation soliciting assistance for the Boer women and children in the concentration camps which the British are maintaining in South Africa.

The speaker said that the people of America had raised a large sum of money with which to relieve the distress of the Boer women and children, but were unable to send it to them because Lord Pauncefoot, the British ambassador at Washington, objected to it.

He further charged that Lord Pauncefoot had for years meddled in American affairs. There were 18 counts and specific charges in Governor Altgeld's indictment. He said, in substance:

Says Pauncefoot a Meddler.

"Just before the beginning of the Spanish war Lord Pauncefoot, representing the aristocracy, meddled in our affairs and tried to unite the governments of Europe in making a joint protest against America's interference in behalf of Cuba.

"But when the American people asserted themselves and our government was compelled to go to the rescue of the people of Cuba, England issued a strong neutrality proclamation, prohibiting all her subjects everywhere furnishing us any aid anywhere or doing anything which in any way could be construed as a breach of neutrality."

The meeting was arranged under the auspices of the Chicago branch of the American Transvaal league. The German, Swiss, Italian and Irish societies were well represented, and the people generally purchased tickets liberally.

GREAT THEATRICAL BENEFIT

French Government Permit Use of the Theater Comique for the Purpose and Many Stars Have Volunteered.

(By Associated Press.) Canton, Ohio, March 12.—On April 16, in Paris, is to be given the greatest theatrical benefit ever seen in the French capital, according to advices received here. The proceeds are to go to the fund for a McKinley memorial at Canton.

Secretary Frederick Hartsell of the Ohio McKinley Memorial association today received from Judge Holmes, formerly of New York, but now of Paris, who is at the head of the McKinley collection in Europe, details of the plans for the benefit.

Judge Holmes writes that the French government has broken a precedent by permitting the use of the Theater Comique for the benefit. Boxes will be reserved for President Loubet and Ambassador Porter.

Assurance has been received from Sarah Bernhardt, the two Coquellins, Aine, Cadet, Melba, Rejane and others that they will give their services. Jean Van Beers, the famous French artist, has agreed to paint a special illustration for the souvenir program, which will be sold. One American voice will be heard and that will be in the "Star Spangled Banner."

Judge Holmes says he expects to raise at least 25,000 francs from the fund by means of the performance.
