

THE INTER MOUNTAIN'S ANACONDA DEPARTMENT

CAUCUS NOMINEES

WILL BE ELECTED AT REPUBLICAN PRIMARIES TODAY.

NO OPPOSITION REPORTED

Harmony Prevails in Every Ward—Growing Opinion That Republicans Will Make Another Clean Sweep in April.

(Special to Inter Mountain.)

Anacoda, March 18.—The republican city primaries are being held this afternoon in the six wards of the city, and at this writing no opposition to the caucus nominees for delegates to the city convention has been reported. Everything seems to be harmonious, and in some wards a light vote is being cast.

The primary voting places opened at 4 o'clock and will close this evening at 10 o'clock.

The city convention will be held next Friday evening at the city hall, and will consist of 78 delegates.

Although the conventions of both parties are yet to be held, there is a growing opinion expressed that the republicans will make another clean sweep this spring and elect every aldermanic candidate.

The success of the ticket this spring, in the opinion of men prominent in the councils of the party, means much, as victory now, they assert, makes victory doubly assured next fall, when an election of greater importance will be held in Deer Lodge county.

BEEF FOR CHICAGO.

Big Hole Cattle Will Be Shipped in Few Days.

(Special to Inter Mountain.)

Anacoda, March 18.—Messrs. Bielenberg & Walker left Anacoda today for their ranch in the Big Hole for the purpose of bringing out 400 head of beef cattle for the Chicago market. They expect to arrive here with the shipment inside of a week. These cattle have been wintered in the Big Hole, and this is the first shipment of beef cattle to the Chicago market ever made from Montana.

It is an experiment and the owners recognize it as such.

Should Montana beef cattle take well on the Chicago market it will open up a new field for Montana cattlemen.

The cattle are said to be in the best possible shape, and plenty of time will be taken on the short drive of 50 or 60 miles so there will be no chance of injury from that direction.

Extra precautions will be taken on the long trip to Chicago, and the heaves will reach the end of their journey in first-class condition.

COMMISSIONERS SO DECIDE

Have Not the Right to Change the Plans—The Benefits as Asked for in Petition Are Not Made Clear.

(Special to Inter Mountain.)

Anacoda, March 18.—Before taking an adjournment last evening the county commissioners made a decision in the Mill Creek road matter, which has been pending before them for some time, by refusing to grant the petition of Walter C. Stator, J. O. Allen, William Beninger and others, who sought to have the board rescind the action taken on January 6, at which time the route in the vicinity of the new Washoe smelters was changed, and located farther to the north around the tailing ponds of the works. The road was thereby lengthened to some extent and for that reason the residents of the valley who were affected by the change entered a protest.

The board referred the matter to County Attorney Duffy and he rendered a report in which he stated that the board had no power to make another change in the roadway, so the matter, in accordance with the recommendation of the attorney, settled the controversy for the time being by denying the prayers of the petitioners in the following:

The Findings.

"The board having duly considered the petition of W. C. Stator, J. O. Allen, William Beninger and others asking that portion of their order of July 6, 1902, granting the petition of Morgan Evans and others closing that portion of the public highway running north of the Montana Union railroad to that portion crossing Section 7 from the northwest quarter of Section 7 to the south side of the same be rescinded, the board after due consideration and after being advised in the premises as to the law by the county attorney finds as follows:

"First—That the order of the board made on February 6, closing said road was a valid order and was made with due consideration of the interests of the general public and cannot now be rescinded or withdrawn by any order of the board.

"Second—That even if said order could be legally revoked by this board and the old road ordered opened and maintained it would be only a temporary shift and could only be maintained for a year or two at farthest and that at great expense.

"Third—That the general public will be provided with a new road as outlined in the petition granted by the board in their order of February 6, that will meet the requirements of the general traveling public and without any cost whatever to the taxpayers of the county. Signed, William Kellher, H. B. Hoffman, M. Martin, Phil Greenan, county clerk."

"The Man From Mexico."

(Special to Inter Mountain.)

Anacoda, March 18.—The appearance of Walter E. Perkins' company of comedians in "The Man From Mexico" at the Margaret theater tomorrow night will have the interest that attaches to a high grade comedy event, and it should attract an unusually large audience. "The Man From Mexico" bears the same relation to the field of comedy that "The Christian," "Ben Hur," "Sag Harbor," and the "Little Minister" do to their respective classes of stage work; that is, it is admittedly the best effort of its kind now before the theater-going public, a claim that has been amply proven by its success in every large city of the country. In presenting it here, the management guarantees that it will maintain the same high standard of excellence that gave it pre-eminence in New York, Boston, Chicago and elsewhere. An excellent company, special scenery and a full complement of accessories will give distinction to the presentation.

County Commissioners Adjourn.

Anacoda, March 18.—The board of county commissioners adjourned today, after completing two special sessions, the business of which has occupied them four days. The major part of the business was the cancellation of warrants turned in to the county clerk during the year and the examination of the county officers' bonds. This, however, while very necessary, was not the most important matter transacted. The results of the session was watched anxiously by the residents of Deer Lodge valley because of road matters.

WILL TRY GLOVES

ENTERTAINMENT SCHEDULED FOR NEAR FUTURE.

AT TWENTIETH CENTURY CLUB.

Members Are Interested in Boxing—Prof. Johnson and Jack Sullivan Will Indulge in a Friendly Mix Up.

(Special to Inter Mountain.)

Anacoda, March 18.—Last evening Professor Johnson, instructor at the Twentieth Century club, announced that inasmuch as a large number had expressed a desire to see more boxing exhibitions in the club rooms, it had been decided to give an entertainment of this character in about two weeks, and those who will participate in the event had already begun practicing.

The "bout" given last week aroused considerable enthusiasm in club circles, and it is more than likely that from now until some time in May boxing exhibitions will be of frequent occurrence.

Among those who will don the mitts in the next entertainment will be Professor Johnson and Jack Sullivan, who will indulge in some hard hitting. Matches will be made between O'Mera, Kelly, Cohen, Rhue, Lyons, Ed Johnson, Falk, Hurley, Seymour, Hudson, Donegan and others.

On the same evening several members of the club will practice in fencing, club swinging and bag punching, which will be quite an important feature.

He was on his way to Chicago to receive treatment for a nervous trouble, and stopped in Anacoda to visit some friends. Added to the nervous trouble mentioned, the shock of the injury is much greater than it would have been.

PUSHING TO COAST

RAILROAD FROM ST. LOUIS TO SAN FRANCISCO.

AMPLE FINANCIAL BACKING

Will Run Through Arizona and Over the Oklahoma and Western—San Francisco Will Be the Ultimate Terminal.

(By Associated Press.)

Los Angeles, March 18.—B. F. Yoakum of the San Francisco & St. Louis railroad, who is at present in Los Angeles, strongly intimates that his company will build to the coast, with San Francisco as the ultimate terminus.

President Yoakum recently completed a tour of Southern Arizona, where, it is said, he looked over the field with a view to accepting the most inviting field for his road. He acknowledges that the St. Louis & San Francisco now has surveys at work east of Albuquerque, with a view to extending the Oklahoma & Western road, a recently acquired property.

It is said to be the intention of the St. Louis & San Francisco to control a trans-continental road reaching from San Antonio to San Francisco.

President Yoakum declined to enter into particulars, but gave it to be understood that the company had ample financial backing to carry out its plans without seeking connection with any of the already established trans-continental lines.

FRENCH COMMENT

THE TEMPS POKES A LITTLE FUN AT US.

SAYS JOHN BULL IS JEALOUS

People of This Country Are Accused of Having a Latent, Unconscious Royalism—Prince Henry's Pleasant Recollections.

(By Associated Press.)

Paris, March 18.—The Temps publishes a leader devoted to German and American relations, in which it says: "The entente cordiale between Germany and the United States has just had its honeymoon, and almost its wedding journey, with the visit of Prince Henry of Prussia.

"It also threatens, as often happens, to let loose a crowd of bores, intriguers and chivaliers d'industrie ready to profit by this exchange of amenities or to attack those who have brought them about.

When the prince has got rid of the bruises on his hand, he will have nothing but agreeable souvenirs of his tour during which the great republican democracy gave evidence not only of its amicable sentiments for Germany, but also of that latent, unconscious royalism which lies at the bottom of the heart of every citizen of the free and equal republic.

"It is to be believed that Prince Henry, in spite of ridiculous parvenues, will have carried away with him a deep and grandiose impression of the unique spectacle of that continent in a state of fermentation.

"Smaller incidents will disappear from his memory.

"The sensational organs beat the big drum and played the trumpet with all the force of their lungs, innumerable caricatures show 'Brother Jonathan' under a thousand different forms in the carnival-like costume which he owes to a tradition which has but little of the aesthetic about it flitting with 'Gretchen,' to the great irritation of 'John Bull,' who is seated ruined and in rage in a corner meditating on his misfortunes.

"All that is highly fanciful. Things have not got to this point, and 'Gretchen' for reasons far from sentimental, has just been making eyes at 'John Bull,' who, since the speech by Baron von Richthofen, feels herself neither deserted nor disgraced.

"One thing is certain that the mere rumor of this rapprochement has put everybody's imagination in a turmoil."
