

BUTTE BASEBALL ENTHUSIASTS GRATIFIED AT NEWS OF VICTORY

Team Demonstrated Skillfulness In Batting, Baserunning and In Outfielding.

CROWDS EAGER FOR BULLETINS

Naturally Local Fans Were Pleased With Helena's Good Luck== General Sporting News Of the Day.

Butte was baseball crazy, so to speak, last evening. Crowds gathered in front of the newspaper offices and watched every bulletin from Spokane. The telephones were kept hot by people asking for information as to the game.

The victory of the Butte giants over Spokane was a source of much gratification to the local enthusiasts. Not wholly because the Butte team won the game, but because the summary of the game shows that McCloskey has a bunch of good players.

The Butte team has demonstrated that they are distinctively hard hitters, baserunners and fielders.

But one lonesome error was charged against the Buttes in yesterday's game. A total of eleven runs off ten base hits tends to show that McCloskey's men did some baserunning.

Hawley pitched for the Buttes, and while he was a trifle wild in his delivery he settled down at critical periods in the game.

Spokane, April 30.—Despite the fact that Hawley for Butte, in the game yesterday, was as wild as a preacher's only son, and allowed twelve men bases on balls, Spokane was unable to drag out a victory.

The splendid infield and outfield work of the visitors proved harassing to the locals.

The work of Marshall, Wood and McIntyre was superior. Ten hits and one error speaks well for the Butte giants. The score:

Wiggins the Wizard. Seattle, April 30.—Helena won the opening game of the season by a score of 6 to 2. Seattle could not touch Wiggins and he was given splendid support in the field. Helena scored three runs in the first inning on three bases on balls, and a two-bagger by Sullivan. Harmon steadied down after that and pitched good ball. The score:

Table with columns: R, H, PO, A, E. Rows for Seattle and Helena players and totals.

AERIAL BICYCLIST ARRIVES IN BUTTE

Harry Clifford, the noted aerial bicycle rider, is in Butte and yesterday closed a contract with the management of Co-

HARRY CLIFFORD, Aerial Bicycle Rider.

lumbia Gardens for a series of performances in June. Clifford will leave today for Salt Lake and return to Butte.

The young man is a marvel in his aerial performances on a bicycle. Clifford and his partner, Romaine, were seriously injured while giving a performance in Salt Lake a year ago.

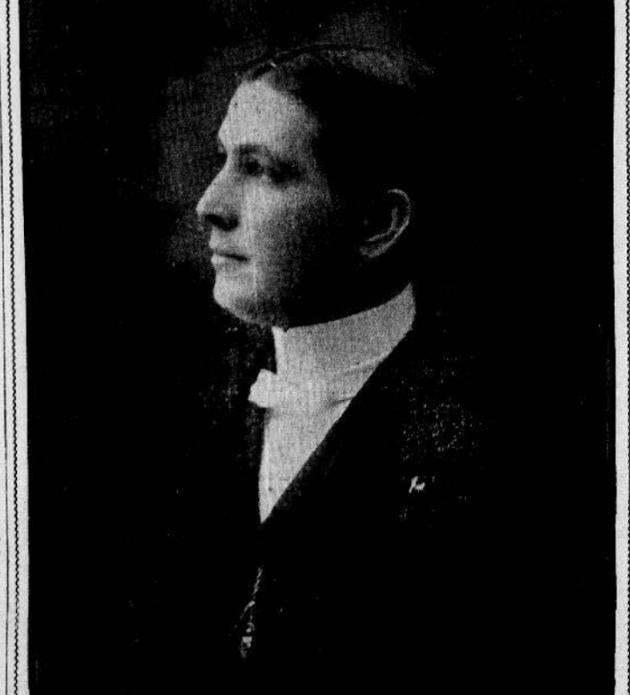

Their act consisted of riding down a steep ladder inclined for a distance of 100 feet into the lake. Clifford went down the plank and attempted, as usual to jump from the wheel. The saddle caught in his loose-fitting trousers and wheel and man went into the water in what appeared to be an inextricable mass.

Romaine was on top of the theater at the time, having started his partner down the incline, and, fearing disaster had befallen the man who had taken his place in the daring feat, he dived from the cupola to rescue him. The unfortunate fellow

NO KICKING--UMPIRES ARE SUPREME, SAYS PRESIDENT LUCAS

Spokane, April 29.—President W. H. Lucas of the Pacific Northwest Baseball league made public a letter to all league players. In part he says: "It is true ball players are not perfect. They are liable to err. They sometimes think the umpire's decision is unfair and they immediately make an unnecessary howl, occasionally mixing in some profanity. A ball player should curb his temper. Umpires have been instructed to enforce the playing rules to the letter. They have power to order any player to do or omit to do any action they may deem necessary to give force to the laws of the game. Players ought to realize that the umpire's decision of judgment cannot be reversed and all kicking against the decision is useless and senseless."

Lucas also announces that any player fined three times by umpires will be given an additional fine of \$10 and suspended for 10 days.

Advertisement for S.S.S. SKIN DISEASES featuring a woman's portrait and large text.

The skin is provided with millions of little pores and glands invisible to the natural eye, yet through these tiny outlets the larger part of the deadly matter that daily collects in the body is carried off.

Skin Diseases differ greatly in their general characteristics and degrees of intensity. Red and angry looking spots break out upon some part of the body with a mass of small pustules or blisters, from which is discharged a clear or straw colored fluid, which dries and flakes off in bran-like particles and scales, or forms into hard and painful sores and scabs.

The purifying and tonic properties of S. S. S. soon manifest their influence in skin affections; the debilitated system is invigorated and toned up, and the gradual disappearance of the eruptions show that the polluted blood is being brought back to its natural purity and strength.

The latter was stunned for a minute, and, striking it with terrific force, it was feared by the crowd he had been killed. Meanwhile Clifford had come out of the water unhurt, and he was the first to reach his injured partner's side.
