Disposed of Charm to Man on the Street—Mrs. McHale Took Lads to Police Station and They Were Locked Up.

(Special to Inter Mountain.) Anacoda, May 9.—Cavour Audrioli, aged 13 years, and Joe Proxlet, aged 9 years, were arrested last evening on a charge of having stolen a watch and locket from a house on East Front street.

The elder of the boys claimed that Proxlet went into the house and took the valuables and then gave the locket to Audrioli.

The latter youth resides with Mrs. McHale on East Third street, and she learning that the boys had the property in their possession, gave \$1 for the watch and then accompanied the lads to the police station to secure the assistance of Chief Taylor in returning it to the rightful owner.

Both Locked Up.

The boys were both locked in a cell, but Proxlet was released later at the solicitation of his parents and his promise of good behavior.

Audrioli is still retained and may have to answer to a charge of incurrability. He admitted that some weeks ago a lady dropped her pocketbook containing \$18 in the street.

He secured it and instead of making any effort to find the owner, divided the money equally with two other boys.

The chain which was taken from the house by the boys was sold to a man on the street and has not yet been recovered. It was valued at \$9.

The case of Audrioli will be investigated today by Police Judge Hayes.

They had a key which unlocked the house and it happened that the people living there were not at home.

TEMPERANCE MEETING CALLED FOR TONIGHT IN THE SMELTER CITY

(By Associated Press.) Anacoda, May 9.—Tonight will be a great time for the temperance folks of Anacoda. They are expecting 150 down from Butte and have assurances that others interested in the cause will be here from Deer Lodge and Whitehall.

A public meeting will be held at the Methodist church commencing at 8 o'clock, at which Captain W. C. Dutton will make the principal address.

The corrected program consists of the following: Song, "Rescue the Perishing," congregation; prayer, Rev. M. Macurdy; remarks, Chairman W. D. Bennett; song, male quartet; recitation, Miss Susie Evans of Meadville; duet, Miss English and Mrs. Gnosé; recitation, "The Thief on the Cross," L. S. Hamilton of Walkerville; song, "Dreaming Tonight," Bertie Curtis lodge quartet of Butte; recitation, "Two Men in One," Will Maud Davis of Butte; cornet solo, William Dunstan; recitation, Mrs. A. T. McCollough; song, "Throw Out the Life Line," congregation; remarks, Grand Chief Templar C. S. Passmore; song, "America," congregation; benediction.

After the exercises are over the local members of the Good Templars' lodge and members of the W. C. T. U. and visitors will repair to the lodge room of the former, where refreshments will be served.

DOWER IS DEAD

VICTIM OF EXPLOSION DEAD AT ST. ANN'S HOSPITAL.

SUFFERED UNTOLD AGONIES

A Strong Man's Fight With Death and the Repose With Which He Met It—Would Have Come of Age This Month.

(Special to Inter Mountain.) Anacoda, May 9.—After suffering untold agonies for nearly 21 hours, Lawrence Dower, a victim of yesterday's explosion at the Washoe smelters, died this morning at 9 o'clock in St. Ann's hospital.

Had he lived Lawrence Dower would have been 21 years of age this month. His residence in Anacoda dates back a year. In the little town of Shullsburg, Wis., a mother, four younger brothers and two sisters are left to mourn his death. One brother, Michael, lives in Anacoda, and will accompany the body to Shullsburg where it will be interred. Another, James, is special policeman to Mayor Rose, Milwaukee.

J. R. Blackstone and John Riskin, well-known in this city, are from the same town as the unfortunate Dower and have assumed charge of the funeral arrangements prior to the shipping of the body.

Stood Close By.

When the explosion came in the converter building yesterday, Dower was standing close by. He was knocked down and the red hot slag set fire to his clothing.

Although both eyes were blown out and his face was a mass of bleeding flesh, he did not lose consciousness for an instant and with the instinct of self-preservation upmost in his mind, the herculean smelterman made frantic efforts to extinguish the flames that he could not see but could feel cooking the flesh to his very bones.

Upon floor and into the puddles of water here and there, he rolled until the fire was out.

At this time assistance came and the game youth was loaded into an ambulance and brought to the hospital in the city. On the way up he asked after his fellow workmen, but said never a word as to his own injuries.

Arriving at the hospital he was immediately taken in charge by the physicians and sisters and every possible effort made to alleviate his sufferings.

Suffering Tortures.

Lying upon his cot in the hospital, swathed in bandages and with his mouth the only portion of his body visible, he must have suffered the tortures of the damned, yet the only sign he gave of it was a physical restlessness, which made it necessary to watch him closely else he got out of bed.

At one time he thought he recognized his brother Michael's voice among those at his bedside and said, "Is that you, Mike? I guess it's all off."

Others Injured.

Besides the injuries to eyes and head, enough to have caused death, Dower's left arm was almost torn from his body, his back was a mass of bleeding flesh and his entire body was burned fearfully.

An inquest over the remains of Dower will be held this evening at 7 o'clock by Coroner Hughes.

Mike Dower, the dead man's brother, was also injured in the explosion, and witnessed the awful torture administered to his relative.

Michael was severely injured about the legs and sustained a slight burn upon the arm.

Oscar Launreille was also badly burned about the face and neck, but is able to be about town today.

ANNUAL CONVENTION OF SWEDISH MISSION CHURCH

(Special to Inter Mountain.) Anacoda, May 9.—The semi-annual convention of the Idaho-Montana Mission society was convened at the Swedish Mission church last evening for a five-days' session. Among the ministers who will participate in the proceedings are:

Rev. Oscar Johnson, traveling evangelist for this state; Rev. E. Walden of Helena, Rev. August Gustafson of Butte, Rev. M. Peterson of Missoula, Rev. A. Samuelson of Idaho Falls and Rev. C. P. Bjork of Chicago. The latter is president of the Swedish Mission Covenant of America, and this is his first visit to Anacoda. At 10 o'clock next Saturday morning a business meeting of the mission will be held.

At the Theater.

(Special to Inter Mountain.) Anacoda, May 9.—Williams and Walker head what is probably the best organization of colored entertainers on the American stage, the "Sons of Ham." It is sort of an extravaganza, and yet tells a fairly comprehensive story in addition to furnishing the means for introducing a number of specialties. The show is a lively one, and those who like an evening of rag-time can get it. A good many of the songs are new. The settings are handsome and there are several pleasing novelties in the lighting effects.

Among the well-known people with the Frawley company that C. J. Reilly brings to Anacoda next Sunday night to present "In Mizoura" will be Benjamin Howard, Harrington Reynolds, Duffield, Charles Fleming, Reginald Travers, Herbert Ashton, A. D. Macdonald, Minnette Barrett, Blanche Douglas, Phosa McAllister, Lillian Brunson and Lillian Douglas.

Small Roof Blaze.

(Special to Inter Mountain.) Anacoda, May 9.—A small roof blaze at 303 East Commercial avenue, called out the fire department this morning. The blaze was extinguished with the chemical and the damage was nominal.

HO! FOR FORT HALL

ANACONDANS INTERESTED IN RESERVATION OPENING.

AVAILABLE FOR ENTRY JUNE 17.

According to Proclamation of President Roosevelt—Covers an Area of Over Thousands of Acres.

(Special to Inter Mountain.) Anacoda, May 9.—Not a few Anacoda citizens are interested in the opening of the Fort Hall Indian reservation, near Pocatello, Idaho. The matter of making these lands available to settlement has been before congress for several years and favorable action was taken by the national law makers about a year ago.

It was then necessary for the government to treat with the Indians, which was done successfully, and about two months ago the officials sent out for that purpose, completed their work and made their report.

Last Wednesday the proclamation was promulgated; the first details of which were received in Anacoda today and will be read with satisfaction by a goodly number of persons in this city who already have interests in that section of Idaho, and by others who have a desire to get a slice of this portion of the public domain.

Under the terms of the president's proclamation the lands within the Fort Hall Indian reservation, in Idaho, ceded by the treaty with the Shoshone and Bannock Indians June 6, 1900, amounting to about 400,000 acres, will be opened to settlement, except the lands within five miles of Pocatello.

Entry may be made under homestead, townsite, stone and timber and mining laws of the United States, June 17 next, at 12 o'clock, is the date, and the Blackfoot land office is the place of entry.

These lands have been classified as agricultural and grazing lands, and will be rated at \$2.50 and \$1.25 per acre, respectively. One-fifth of the money will be required of entrymen at the time of original entry, the remaining four-fifths to be paid at the time of making final proof and final entry.

By the terms of the act ratifying the agreement made with the Indians, the lands upon which any Indians had improvements have been allotted to such of the Indians as desired to remain upon the lands so improved by them. Improvements upon lands which Indians did not desire to retain as an allotment will be sold at a public auction to be held at the land office at Blackfoot, Idaho, May 25, and the purchaser of such improvements will, under the terms of the ratifying act, be granted a preferred right of entry for a period of 30 days following the opening on June 17 next.

All lands within the five-mile limit of Pocatello will be sold at public auction to the highest bidder, at not less than \$10 per acre. The sale is to be held at the local land office at Blackfoot, Idaho, beginning July 17.

The reservation not only contains vast areas of agricultural and grazing lands, but it is believed that its mineral resources will play an important part in the development of Southeastern Idaho.

While the mineral sections have been but little explored, it is said that copper appears to be the prevailing metal found there.

OTHER VICTIMS OF EXPLOSION ARE NOT SERIOUSLY INJURED

(Special to Inter Mountain.) Anacoda, May 9.—With the exception of Lawrence Dower, who died this morning, the victims of the accident at the smelters yesterday are doing nicely, and are in no danger.

James Gleason, Mike Connors and Patrick Paley are the most seriously injured, and will have to remain in the hospital for some time.

The hurts of all are painful, but not dangerous. This morning they are all resting easily and were able to talk of the accident, but none of them can tell a great deal, for the reason that there is nothing to tell. They were all lounging about during the noon hour when the explosion came. That's the end of the story.

TODAY'S WALL STREET STOCKS

(Reported by Coe Commission Co.)

There is a rumor afloat that the miners' executive officials took a trial vote which resulted 16 to 12 in favor of not striking, but there is no satisfactory guaranty that this is correct.

All that is definitely known is that after a two days' session the miners have postponed the question and suggested arbitration, having the backing in the proposition of the National Civic Federation.

In the general list 15-per cent money and the strike talk are the trading incentives which have created a new and large short interest in Atchison, Union Pacific, Missouri Pacific and the Readings, and there is a theory that the market is in a good position in the event of good news to have a rapid advance on the phenomenal earnings of the railroads.

It is stated that large time loans have recently been made by banking interests to facilitate their stock market plays.

Waldorf Hotel Notes.

(Reported by Coe Commission Co.) New York, May 9.—While considerable disappointment is felt by bull traders over the feverishness and irregularity of the market conservative sentiment is optimistic. The fact that high money rates are lasting longer than expected is undoubtedly a depressing influence in speculation. But good authorities on the situation adhere to the opinion that the stringency is due to temporary causes.

They point out that by an unfortunate coincidence the payments for a large amount of new stock, including new issues of Pennsylvania, New York Central and Louisville & Nashville, have had to be made since the first of May. Thus \$5,000,000 additional money had to be borrowed for new L. & N. stock.

Argument is made that as New York is the only financial center in the world where money commands more than 6 per cent, the present high rates cannot prevail much longer without attracting capital from all directions.

PLAYGOERS DECIDE IN FAVOR OF "THE FINDING OF NANCY."

(By Associated Press.) London, May 9.—The Playgoers' club competition prize play, "The Finding of Nancy," has been performed at a special matinee at the St. James theater in aid of the actors' benevolent fund. The play was written by Miss Netta Syrett and was deemed the best of 40 examined by a committee of earnest players.

It deals with the sex problem. The appearance of Beerholm Tree in a part that had not been given a single line, caused much amusement. George Alexander, who also assisted, had not much more to do.

The production was enthusiastically received by a crowded and fashionable audience.

To... Investors

The property known as the Jenny Dell and October claims has been secured by a company formed for developing the same. These claims lie directly west and join the Evelyn claim, which has produced \$500,000 at a depth of 300 feet. As the ore bodies of the Evelyn pitch directly into the Jenny Dell, the company expects, with the expenditure of a comparatively small amount of money, to open up a paying mine. The company is incorporated with 200,000 shares at a par value of \$1 per share, and has placed on the market 50,000 shares to be sold for exploration purposes at \$1 per share. This proposition merits the fullest investigation. For particulars, etc., inquire at the office of the company, No. 47 East Broadway, Butte, Montana.
