## ESTHER DOWIE, DAUGHTER OF ZION'S HEALER

HER CLOTHING CATCHES FIRE AT  
A GAS JET AND SHE IS HOR-  
RIBLY BURNED.

REFUSED TO CALL A DOCTOR

Dowie Prayed Ferently and Long at  
His Child's Bedside But Without  
Avail and she Died in  
Great Agony.

(By Associated Press.)  
Chicago, May 15.—Esther Dowie,  
daughter of Dr. Alexander Dowie, prop-  
rietor of "Zion," died last night of  
burns, having suffered for hours without  
medical attendance while "Elijah"  
prayed over her.

Miss Dowie was 23 and a student at  
the University of Chicago.

Yesterday morning her clothes caught  
fire from a gas jet and her head and face  
were horribly burned.

Nurses placed saline on the girl's  
wounds, as the Dowie doctors allow for  
the use of medicines externally.

Meanwhile the "divine healer" was  
hurry to the bedside from his new  
City of Zion at Waukegan.

Upon his arrival the attendants were  
excluded from the room and Dowie sank  
to his knees in prayer. His supplications  
lasted all day.

He refused to cease even to take the  
nourishment which his followers pressed  
upon him.

The patient was unconscious much of  
the time, but even this did not move  
the father to break from his doctrine  
and send for medical aid.

The patient died at 9 o'clock in great  
agony, having returned to consciousness  
a short time before.

News of the death did not come out  
until today, when the coroner was notified.

An inquest was set for 11 o'clock today.

## MRS. GRADY'S CASE

PRELIMINARY EXAMINATION BE-  
FORE JUDGE ARNOLD.

FIRST STEP OF PROSECUTION

Preliminary Will Be on Charge of As-  
sault and Will Be Conducted by  
County Attorney Breen — Will  
Make Out Prima Facie Case.

Mrs. Minnie Grady, charged with grand  
larceny and assault, will have her pre-  
liminary examination in Justice Arnold's  
court tomorrow on the charge of assault.  
The examination will be conducted by  
County Attorney Breen assisted by mem-  
bers of his office staff. Mrs. Grady will  
be defended by Attorneys Kirk and  
Clinton, who have had plenty of time to  
prepare a defense for her in an elaborate  
manner.

Mrs. Proulx, the complaining witness,  
will be able now to appear in court and  
give her evidence concerning the inter-  
esting events of the memorable Sunday  
on which the women drove to Burlington  
and Mrs. Proulx had such a dizzy spell.

Only sufficient evidence will be put in  
at the preliminary examination by the  
state to establish a prima facie case  
warranting the justice to bind Mrs.  
Grady over to appear for trial in the dis-  
trict court.

Mrs. Proulx on Stand.

Mrs. Proulx will probably take the  
stand, however, and tell the tale of her  
experiences with Mrs. Grady, and how  
she woke out of her daze to find herself  
abandoned and alone on the Burlington  
road and her sparkling jewels no longer  
round her neck. She will also relate how  
many drinks out of the green bottle,  
which is supposed to have contained  
poison, she was induced to take by Mrs.  
Grady, and how the latter pressed  
her to wear her gams so as to impress the  
gentlemen friends they were to meet.

Chief of Police Reynolds will probably  
be put on the stand to refresh Mrs.  
Grady's alleged confession, and to tell  
how she broke down and told all, not  
omitting the admission that she put  
poison in the drink administered to Mrs.  
Proulx in order to rob the latter.

The First Skirmish.

It is not probable that anything new  
will be developed at the preliminary  
hearing, it not being the policy of prose-  
cutors generally to reveal the cards they  
may have up their sleeves, nor the policy  
of defending attorneys to make known  
their line of defense at that time, prefer-  
ring to reserve it for a surprise at the  
trial.

Very likely, however, the state's wit-  
nesses will be rigidly cross-examined by  
the defense in order to make a record of  
evidence for comparison and to create  
inconsistencies at the trial.

It is pretty certain that the character  
of Mrs. Proulx will be attacked at the  
proper time, but that will not take place  
at the preliminary examination, that  
power being too valuable for use at the  
more vital time to be wasted in a  
skirmish.

The objective point of the two women  
when they started out on the Sunday  
drive and the people they were going to  
meet and the way they intended to spend  
their time will, in all probability, also  
come in for a searching investigation.

## UNITED MINE WORKERS CONVENTION NOW IN SESSION AT HAZELTON

PRESIDENT MITCHELL'S REPORT  
OF NEGOTIATIONS WITH  
COAL PRESIDENTS.

NO CHANCE FOR COMPROMISE

Strike Sentiment Still Strong and  
Officers Have Decided to Stop Plead-  
ing for Peace—Mitchell Will Advise  
Miners What Course to Pursue  
When the Proper Time Arrives.

(By Associated Press.)  
Hazelton, Pa., May 15.—The conven-  
tion of anthracite miners called to decide the  
matter of making permanent the present  
suspension of work in the hard coal  
fields, resumed its sessions today.

Its credentials committee made its  
final report and after a few unimportant  
matters had been disposed of President  
Mitchell made an exhaustive report of  
his negotiations with the civic federation  
and presidents of the coal companies.

The strike sentiment is still strong, but  
it cannot be said it is as good as it was  
yesterday. It was reported this morning  
that President Fahey of District No. 8  
had decided to stop pleading for peace  
and to let the miners do as they please.

This proposition, it is said, has met  
with much opposition in his district.

President Mitchell said he would advise  
the miners as to what course to pursue  
at the proper time.

He says negotiations with the operators  
are off.

The convention took a recess at 12  
o'clock until 1:30. The delegates re-as-  
sembled at 1:30. The speeches up to 2:30  
o'clock are said to be strongly in favor  
of a strike.

None of the national officers of the or-  
ganization has addressed the conven-  
tion.

Reports coming from the hall point  
strongly toward a strike.

RACE AGAINST TIME  
BY THE AUTOMOBILES  
NEAR PARIS, FRANCE

(By Associated Press.)  
Paris, May 15.—The race against time  
by alcohol automobiles organized by the  
minister of agriculture, M. Dupuy, from  
Champigny to Marras and return to St.  
Germain, 220 kilos, began this morning.  
It was raining at 4 o'clock when the  
starting signal was given. Eighty-nine  
vehicles were started at intervals of two  
minutes.

W. K. Vanderbilt, Jr., was No. 53. His  
machine, which was the object of much  
curiosity, was sent away at 4:56 a. m.,  
running at the rate of 60 kilometres an  
hour.

Morris Farnum, the second competitor  
to start, was the first to reach Arras, 410  
kilometres from the starting place.  
His time was 4 hours 48 minutes and  
45-8 seconds.

## FORMAL TRANSFER

CUBA COMMENCES ON HER OWN  
HOOK NEXT TUESDAY.

SOME ARTILLERY TO REMAIN

General Gomez to Raise the Cuban  
Flag and the United States  
Troops Will Then Sail  
for Home.

(By Associated Press.)  
Havana, May 15.—All the American  
forces will assemble at the palace next  
Tuesday noon after the formal transfer  
of the government to the Cubans.

A salute will be fired and then the  
United States flag on the palace will  
be lowered, the American troops and  
the Cuban troops presenting arms.

General Gomez will then raise the  
Cuban flag, the troops presenting arms  
and a national salute being fired.

The United States troops will at once  
board an awaiting steamer. Five bat-  
teries of artillery will remain until  
transferred to a point where the naval  
stations are located.

At these places the American flag  
will fly within the fixed limits of the  
camp, but outside the troops will be  
amenable to the island's civil laws.

They are positively instructed not to  
interfere in Cuban affairs, unless or-  
dered to do so from Washington.

Refugees Smuggled Away.

(By Associated Press.)  
Quebec, May 15.—Col. John F. Gaynor  
and Capt. B. F. Green, who fled to Can-  
ada from Savannah during their trial  
there for alleged complicity in frauds  
against the government, were smuggled  
out of Quebec today by an alleged detec-  
tive.

Proves an Alibi.

(By Associated Press.)  
Kansas City, May 15.—The man ar-  
rested here yesterday on suspicion that he  
was Charles Hadley, wanted by the San  
Francisco police for the alleged murder  
of Maude Fuller in that city last Janu-  
ary, has proved an alibi, and was re-  
leased.

Town Wiped Out.

(By Associated Press.)  
Des Moines, Iowa, May 15.—The town  
of Farlin, seven miles north of Jefferson  
and the Chicago, Milwaukee & St. Paul  
railway, was visited by a conflagration  
last night that wiped out the entire busi-  
ness section, entailing a loss estimated at  
more than \$40,000.

Five Lives Are Lost in  
Fire at Point Pleasant

(By Associated Press.)  
Point Pleasant, Va., May 15.—Six  
the American hotel, a frame  
structure, and several adjoining  
buildings burned last night.  
Five lives are known to be  
lost. Three bodies have been  
recovered.  
Those known to have lost their  
lives are:  
JACK SLACK, Kanawha  
county.  
ELIAS BRICK, Glenwood,  
Mason county.  
JOHN WOODALL.  
They were farmers and were  
here as grand jurors at the  
criminal court. Lee Carlisle, a  
mate on the Ohio river, was fat-  
ally burned.

## FELL INTO THE ORE BINS AT WASHOE CONCENTRATOR

(Special to Inter Mountain.)  
Anaconda, May 15.—As the result of a  
50-foot fall into one of the concentrator  
ore bins at the Washoe smelters early  
this morning, W. H. Conley, of 1011 East  
Fifth street, lies at St. Ann's hospital  
with a fractured skull, unconscious and  
dying.

Conley was a motorman's helper on the  
electric motor which pulls the cars of ore  
up over the bins that lead into the  
stamp-mill.

His work was to see that the cars were  
entirely emptied and oftentimes he had  
to climb to the top of the trestle on which  
the cars stand and punch the ore down.

That was what he was doing this  
morning over a nearly empty ore bin  
when he fell.

SISTER OF JAMES FINLAYSON EN  
ROUTE TO CALIFORNIA.

HER HOME IS IN ST. LOUIS

She May Be the Half Sister for Whom  
Attorney Campbell Is Searching—  
Coroner and Custodian Are in  
Charge of Estate.

According to reports received in the  
city today, one sister of James Finlayson,  
the man who died in a hotel in San  
Rafael, Cal., a few days ago, leaving  
an estate valued at \$500,000, has been  
located in St. Louis and is now on her  
way to California to claim a share of  
the estate.

Thompson Campbell, an old friend of  
the dead man, who was asked to locate  
Rebecca Finlayson, a half-sister of the  
dead man, says that although he was  
quite intimate with Finlayson he never  
heard the man speak of any sister ex-  
cept the one that was in Butte a few  
years ago and that so far as he is aware  
none of the other close friends heard  
Finlayson speak of other sisters.

Many Knew Finlayson.

There are other Butte men who knew

Coal in Anaconda.  
(Special to Inter Mountain.)  
Anaconda, May 15.—The owners of the  
Diamond Coal mine, located half a mile  
north of the Montana hotel in this city,  
are jubilant this afternoon over the  
disclosure of coal in the shaft which they  
have been driving since last October, at  
a depth of about 140 feet. Miners have  
drilled into a coal body about 3 1/2 feet  
with no indication of bottom.

## HEARING OF THE INJUNCTION CASE AGAINST HEINZE

(Special to Inter Mountain.)  
Helena, May 15.—Attorney L. O. Evans  
applied to the supreme court today for  
an injunction restraining F. A. Heinze  
from further working the Minnie  
Healy mine or taking out any ore. The  
hearing of the injunction is set for next  
Tuesday.

In the application it is set forth that  
Heinze, since July 1, 1901, has taken out  
110,000 tons of ore valued at \$500,000 and  
is now taking out 400 tons a day.  
The application further says that in  
November, 1901, there were extensive

## HAYTIEN REVOLUTION ABOUT OVER; CIVIL WAR PROBABLY BE PREVENTED

Forepaughs' Canvas Men  
Seriously Injured in Wreck.

(By Associated Press.)  
Harrisburg, Pa., May 15.—Six  
canvas men were injured, three  
seriously, in a wreck of the can-  
vas and wagon train of Fore-  
paugh & Sells Brothers circus  
this morning at Marysville, six  
miles west of this city.  
They are all hurt internally.  
The accident was caused by  
the breaking of a truck under  
a car carrying a large canvas  
wagon on which the injured  
men were sleeping.

In Bankruptcy Court.

Helena, May 15.—Silas D. McNorton of  
Butte was discharged from bankruptcy  
today. B. W. Phillips of Helena filed a  
petition in bankruptcy; liabilities, \$568.78;  
assets, \$73.

## FELL INTO THE ORE BINS AT WASHOE CONCENTRATOR

No one saw the accident and so no one  
can tell exactly how it happened.  
He evidently fell on his head, as he has  
been unconscious ever since and the  
physicians in charge pronounce the  
injury a fracture of the skull.

One small bruise on the forehead and  
another on the left side of the face are  
the only marks on the body.

Conley is a married man and has a  
wife and three daughters, the eldest being  
about 13 years of age, an aunt in  
Livingston and one in Helena being the  
injured man's only relatives in the state.

He is 35 years old and has resided with  
his family in Anaconda for the past five  
years.

Attending physicians entertain not the  
slightest hope of his recovering con-  
sciousness.

Conley died in the hospital at 1 o'clock  
this afternoon.

A NATIONAL ASSOCIATION OF  
CREDIT MEN ESTABLISHED.

INTERNATIONAL IN CHARACTER

Bureau to Look After the Fraudulent  
Bankrupts Will Probably Be  
Located in New York—  
Law Firms Selected.

(By Associated Press.)  
New York, May 15.—A plan which has  
long been contemplated by the national  
association of credit men, the establish-  
ment of a bureau for investigating  
fraudulent failures and prosecuting  
those deemed to be guilty of such prac-  
tices is about to be realized, says the  
Journal of Commerce.

A trust of \$10,000 necessary to start  
the bureau has practically been sub-  
scribed and this new department of the  
association which will be international  
in scope undoubtedly will be opened in  
the future.

If the headquarters of the association  
continue in this city, it is quite likely  
the bureau will be located here.

Arrangements are to be made with law  
firms to act as counsel to which shall  
be referred all requests for investigation  
and prosecution. If, after receiving an  
opinion on the merits of the case pre-  
sented, the association shall decide to  
engage in the prosecution of the case,  
it will be at once referred to the legal  
representatives to be selected by the  
association in the state where the suit  
is to be instituted.

No Contract Exists.

(By Associated Press.)  
London, May 15.—In the house of com-  
mons today, the president of the board  
of trade, Gerald Balfour, informed Rear  
Admiral Lord Charles Beresford, con-  
servative, that he had reason to believe  
that no contract existed giving the  
American shipping combine the right to  
take over the shares or the fleet of the  
Cunard line.

DELEGATION HEADED BY FOR-  
EIGN AFFAIRS MINISTER TRY-  
ING TO PATCH UP.

GENERAL FIRMIN NEEDS FUNDS

President General Sam Says That He  
Did the Best He Could and That the  
People Are Still With Him—Claim-  
ed by His Opponents That He Has  
Become Wealthy.

(By Associated Press.)

Port Au Prince, May 15.—The delega-  
tion headed by Solomon Moses, minister  
of foreign affairs and sent by the pro-  
visional government of Hayti, started  
today for Cape Haytien on the steamer  
Manceval with the object of arriving at an  
agreement with the leaders of the revo-  
lutionary force in the northern part of  
Hayti and prevent a civil war.

It is generally believed here that the  
delegation will meet with success, as it  
is known that lack of funds is prevent-  
ing the northern forces from marching on  
Port Au Prince.

Quiet has been restored here. All the  
administrative offices have been re-  
opened.

The correspondent of the Associated  
Press had an interview yesterday with  
the former president, General Sam, on  
board the Olinda Rodrigues, which was  
detained here by the French minister  
Dupres. General Sam said he had re-  
signed his office with the conviction that  
he had done everything possible for the  
prosperity of Hayti, adding that what  
affected him most was the attitude of  
the presidential guard which remained  
loyal to him up to the last moment.

People for Sam.

According to General Sam, the popu-  
lation of Port Au Prince, instead of being  
hostile to the former president, was in  
sympathy with him, as was shown by  
the behavior of the people as he left the  
place and passed through the city on his  
way to the Olinda Rodrigues, cries of  
"Vive Sam" being heard.

General Sam further asserted that he  
was leaving Hayti fully satisfied that he  
had served his country with the greatest  
loyalty and patriotism.

It had been asserted in the papers here  
that General Sam, in the last six years,  
had made \$2,500,000, but the general pro-  
tested against this assertion, claiming it  
as a calumny. The latest news received  
here from the north of Hayti is to the  
effect that General Firmin, head of the  
revolutionary forces, having requested  
the manager of the national bank, Mr.  
Dela Myre, to advance him \$10,000 to  
meet his expenses, met with a refusal.

The belief here, however, is that the  
bank is favorably inclined toward Gen-  
eral Firmin, who is by far the strongest  
of the many presidential candidates in  
the field.

IOWA IS UNABLE TO  
ENFORCE ITS OWN  
STATUTORY LAWS

(By Associated Press.)

Des Moines, Iowa, May 15.—The su-  
preme court ruled today that the sale  
of liquor to "boot leggers" and other  
resident violators of the Iowa law can-  
not be prohibited when the sales are  
made by agents of non-resident dealers.  
The court holds that a section of the  
Iowa liquor law, prohibiting such sales,  
is in conflict with the interstate com-  
merce laws, and is therefore unconstitu-  
tional.

The decision is rendered in the case of  
the State vs. Pat Honaphy of Jefferson  
county, and is reversed in favor of the  
defendant, who was an agent for an  
Illinois liquor house, soliciting orders at  
Fairfield, which were filled by shippers  
direct to purchasers.

COPE TAKES A FRENCH  
LEAVE OF WARM SPRINGS

Harry Cope, a colored inmate of the  
state insane asylum at Warm Springs,  
escaped from that institution this morn-  
ing. Dr. O. Y. Warren of the asylum  
telephoned the escape to the sheriff's  
office, and the sheriff and his deputies  
are looking for Cope.

Cope is described as very black. He  
has big lips, wears a blue jumper and  
overalls and a white hat. He is rather  
good-looking, but not very crazy.

From this description it is hoped by  
the asylum authorities that the sheriff's  
officers and the police may be able to re-  
cognize Cope if they see him walking  
down Main street or out Grants. He is  
not regarded as dangerous, but they  
want him back at the asylum to finish  
his term.

PROGRAM FOR MEMORIAL  
DAY BEING COMPLETED

No program has yet been arranged for  
the Memorial day exercises, but in all  
probability it will be done Saturday  
evening, at which time the committee  
having charge of the matter will hold an-  
other meeting.

The committee held a meeting yester-  
day and Mrs. Ruth Burton of the  
Woman's Relief Corps presided as chair-  
man. After a general discussion on the  
program question Mrs. Burton appointed  
committees to secure musical organiza-  
tions and singing societies to take part in  
the exercises.

Some societies that had already  
promised to donate their services have  
backed out and refuse to participate un-  
less they receive pay for their work.

Springs Getting Hot.

Monterey, Mex., May 15.—Since the  
volcanic disturbances in the Island of  
Martinique, the temperature of the water  
at Topo Chico Hot Springs, near this  
city, has increased six degrees. The nor-  
mal temperature for the springs is 104  
degrees and the thermometer tests now  
show a temperature of 110 degrees.

## FIGHTING IN VENEZUELA IS PROGRESSING

DUTCH STEAMER FROM SOUTH  
AMERICAN PORTS ARRIVES  
IN NEW YORK.

EVERY MAN CARRYING A GUN

People of Carupano Fight With Gov-  
ernment Troops and Have the City  
Barricaded—Business Sus-  
pended at All Ports.

(By Associated Press.)  
New York, May 15.—The Dutch  
steamer Prinz Frederick Hendrick ar-  
rived today from ports in Venezuela and  
the island of the West Indies.

The steamer, however, passed Mar-  
tinique too distant to know anything of  
the eruption.

At Carupano, Venezuela, the people  
were in a state of defense, having fought  
a battle with the government forces a  
few days before. The town was barri-  
caded and every man carried a gun.

Captain Vandergeet, of the steamer,  
contradicted the report that the city had  
been abandoned. He said it had fallen  
after 1,500 men had gone out to meet the  
enemy and only 350 returned.

It could not be learned if they had been  
killed, wounded or captured or had merely  
run away.

At Cumana, the men went ashore but  
could find no officials to do business  
with, and consequently was unable to  
discharge his cargo for that place.

The inhabitants were also under arms  
and business appeared to be suspended.

## BREWERS TO WORK

DIFFERENCES BETWEEN EMPLOY-  
ERS AND UNION ADJUSTED.

VICTORY IS FOR THE MEN

Butte Men Benefited by Settlement of  
Brewery Workers in the State Get

Increase in Wages—No Pros-  
pect of Strike Now.

It was a victory for the men in the  
brewery fight, and, while it does not ap-  
pear on the surface, it was a victory far-  
reaching and complete.

After a session which lasted from 10  
o'clock yesterday morning until 6:30 in  
the evening, and in which three dele-  
gates from the brewers and three from  
the maltsters met the executive com-  
mittee of the State Brewer's association,  
the employers finally conceded to the  
demands of the men.

President Dan McDonald of the West-  
ern Labor union was called to the con-  
ference, and it was largely through his  
counsel and intercession that the affair  
was settled amicably. In fact, had it  
not been for his advice at the meeting  
of the maltsters, brewers and drivers  
Monday night every brewery in the state  
would be closed today.

Affected the State.

All the demands of the men were not,  
as is generally supposed, confined to the  
city of Butte and to the men employed  
in the Butte breweries, but were made  
to include every brewery in the state.  
They were for a scale of \$4 for the  
brewers and maltsters and \$3.50 for the  
bottlers.

In Butte the brewers and maltsters  
had been working for \$3.50 and the bot-  
tlers for \$3, but in other cities of the  
state this scale was not being paid,  
many of the bottlers getting only \$2.50  
a day.

Under the agreement reached yester-  
day the brewers and maltsters through-  
out the state are to receive \$4 for eight  
hours' work and the bottlers \$3.50 for  
the same number of hours.

This means an increase of 50 cents a  
day for the brewers, and while it does  
not better the condition of the Butte  
bottlers, it does mean a great deal for  
the bottlers in the other cities of the  
state.

Want Indorsement.

One condition was embodied in the  
concession—that the national organiza-  
tion should indorse the action of the  
Montana brewers. At least this state-  
ment was made by the employers, but  
the men claim that it does not mean  
anything as they had simply sent their  
contract East for indorsement of the  
national body, and that although it  
had been delayed, they had been notified  
both by telegram and letter that the  
agreement was satisfactory to the cen-  
tral organization and the contract was  
on its way to Butte.

Employers, on the contrary, maintain  
that the national organization will not  
indorse the action of the men, but it  
was learned today on reliable authority  
that even if the national organization  
would not indorse the scale, the brew-  
ers would go out to a man.

Bottlers of Butte claim that they were  
willing to give up their demand for the  
benefit of the bottlers throughout the  
state, for whom the new scale meant  
a marked increase, and that they would  
be in a position later to ask for the  
major scale.

Fight a Hot One.

This fight has been a hot one, but the  
men felt all along that they would win,  
and, as one of
