**TELLS OF THE BIG STORM**

Mr. and Mrs. W. C. McBride returned this morning from Cincinnati, where they spent about three weeks with relatives and old friends.

Mr. McBride is general agent for the Rio Grande railroad system in this city, but was not looking after railroad business while East.

"While in Cincinnati on May 20 I saw the greatest storm of my life," said he. "It lasted about two hours and I had no idea that so much water could fall in such a space of time. Mrs. McBride and myself were in a jewelry store on Fourth street and we were compelled to remain there four hours. The rain fell in torrents and the wind blew a hurricane. Just before it broke out the day grew as dark as midnight.

"As an illustration of the severity of the storm, the rushing water washed out the huge granite blocks of the paved streets and carried away teams of horses and the wagons to which they were attached. I saw the driver of a brewery wagon attempt to hitch his team to a post on the sidewalk, but before he could accomplish the job he and his team were carried away by the current. He was found ten blocks away. Cellars in all parts of town were filled with water and the cement sidewalks and paved streets were bulged up as a result of the pressure from below, the water having flowed under them.

"The storm was vivid with lightning and many buildings in various parts of the city were struck and set afire. This necessitated continuous work by the fire department. Houses were blown to pieces, telephone and telegraph poles were leveled and railroad traffic in the city had to be almost entirely suspended for the day. Twelve or thirteen persons were killed during the storm and it is a wonder that more did not meet the same fate.

"Covington and Newport, on the opposite side of the Ohio river, also suffered severely from the storm. Traffic in those places was not resumed until the following day."

**M'MAHON AND M'DONALD EACH SAYS NOT GUILTY**

Two Men, Charged With Horse Stealing, Arraigned and Their Trials Are to Be Separate.

Jerry McMahon and George A. McDonald, twice charged with grand larceny for horse stealing, pleaded not guilty in both cases in Judge Harman's court this morning.

In one case the men are charged with stealing four horses from John Peterson of Melrose. In the other case they are accused of stealing four horses from George Van of the same place. The eight horses were recovered from a ranch at Chinook, Montana, by the sheriff's office.

McMahon is in jail, where he has been for several weeks. McDonald is out on bonds. McMahon was brought in from the jail and McDonald was present of his own accord.

McMahon's bail was fixed at \$1,000 in each case. The bond of McDonald was permitted to stand as it was. Assistant County Attorney Yancey represented the state. Attorney Hamilton represented McDonald and Attorney Wines represented McMahon.

Mr. Hamilton announced that the defendants would demand separate trials. Attorney Yancey said that the state would elect to try McMahon first in one case and McDonald first in the other one.

**NORTHERN PACIFIC SLEEPERS**

Passengers Have Better Accommodations on Famous Train.

One of the new Pullman sleepers built especially for the North Coast Limited train of the Northern Pacific, will pass through Butte this evening on the west-bound train. It is the first of the new ones sent out of St. Paul.

The difference between the new cars and the old ones is marked. The old sleepers had twelve sections, but the new ones have only 10. There is no smoking room in the new make—the observation department is used for smoking purposes. The change makes the ladies' lavatory larger than it was in the old cars.

**BOYS ARE INCORRIGIBLE**

Information Is Filed Against Two Meaderville Boys in the District Court.

Attorney Yancey filed an information against two boys, named Mose and Fred Willard, charging them with incorrigibility and vagrancy. The boys have been in the county jail for two or three weeks. They are from Meaderville.

One is about 14 years old and the other 10 years old. They were brought in before Judge Harney this morning. The judge appointed Attorney H. A. Frank to represent them. Mr. Frank asked for a few days to look into the evidence against them, and the court set their trial for next Saturday at 10 o'clock.

**SLAP PROMPTS A SUICIDE**

Galena Street Woman Swallows Laudanum but Prompt Action Saves Her

Because Lillian Merton did something which "kid" Minor thought she ought not to have done, or else because she left undone something which he thought she ought to have done, he slapped her face in the presence of a crowd in a Galena street saloon about 4 o'clock yesterday afternoon and so humiliated her that she went to her room, at No. 205 South Arizona street, and took a dose of laudanum.

That the woman did not succeed in ending her life is no fault of her own. Two hours' hard work with the stomach pump finally brought her back to consciousness and today she is resting well.

Lillian Merton is one of the attaches of a Galena street beer-hall.

**WANT BUTTE TO CELEBRATE**

Helena and Pony Ask Citizens to Join in Fourth of July Observance.

Butte has been invited to jump over to Pony and Helena on July 4 and help those places celebrate the day, but in all probability it will not have its jumping clothes on. It intends to have a celebration of its own and do the thing properly, as it always does.

To make arrangements for the event the executive committee will discuss the matter at the store of A. F. Bray tomorrow night. Sub-committees are to be appointed by the chief committee and the wards will be canvassed by them for funds with which to help the cause.

Helena intends to dedicate its capitol building on the Fourth, and is banking on the presence of at least 100 persons from outside points.

Pony intends to have a barbecue and treat its visitors to roast ox and emoluments consisting of gold quartz and other good things with which that section abounds.

**NOON CASE IS DISMISSED**

Dr. Renick Is Not Responsible for Feeble Condition of the Boy.

Non-suit was entered by Judge Clancy yesterday afternoon in the case of Ambrose Noon, by his guardian, Michael F. Noon against Dr. Leonard W. Renick, and the case was dismissed.

Evidence introduced disclosed that the feeble condition of the boy did not result from Dr. Renick's negligence in treating him for a fractured arm, but from tuberculosis, the imperfect union of the bones being due to that fact.
