

MARTIN AND LENNOX PLEAD NOT GUILTY

Men Accused of the Murder of John R. Williams Will Be Tried in July.

JUDGE MCCLERNAN WILL NOT LISTEN TO DELAYS

Counsel for Prisoners Make the Usual Technical Objections With Hope of Gaining Time—Witnesses Coming From Pocatello—Lennox Seems to Be Worried While Martin Maintains a Smiling "Don't Care" Air.

James Martin and Charles Lennox, accused of the murder of John R. Williams at Silver Bow, will come up for trial for their lives July 8.

Indications point to a determined effort on the part of the county attorney to provide at least one hanging for the sheriff. Both Martin and Lennox appeared in court before Judge McClernan this morning, and after much legal jockeying on the part of Martin's attorney, which went for naught, the court ordered the men to enter their pleas.

Both men said "not guilty." After the judge had begun the announcement of the date set for the trial, J. B. Kramer, attorney for Lennox, interposed to ask for a separate trial for his client.

County Attorney Breen interjected a request that if the men be tried separately, Martin's trial be ordered first. The court complied with the request of the county attorney.

It developed in the exchanges between the attorneys in the case that depositions would be taken in the states of New Jersey and California. The county attorney also asked for an order to bring a witness to Butte from Pocatello, with expenses paid, to testify against the two men.

The accused in court. Martin and Lennox were both in court during the proceedings, and sat together. Lennox appeared worried. Martin smiled occasionally to show his nerve had not failed him. Neither man appeared to understand the legal technicalities which Martin's attorney sought to inject into the case.

Judge McClernan was firm in his rulings against the makeshifts introduced for the purpose of delaying the trial, and emphatically stated that notice served a week ago to be ready for disposition of the cases was sufficient warning for the attorneys of the defense to have their arguments prepared. Every motion introduced by the defendants' counsel was overruled.

Consideration of the cases began when, after County Attorney Breen sought to hasten matters by cutting short the reading of citations in other cases, and was told by the court to wait.

Attorney Morrin, for Martin, read an application to set aside the motion of the county attorney, filed June 9, asking leave to file information against Martin and Lennox. The grounds for the application

KILLED HERSELF FOR BALL PLAYER

ELMER SMITH WENT WALKING WITH ANOTHER GIRL AND SHE TOOK SOME CARBOLIC ACID.

Tacoma, Wash., June 16.—Minnie Gay, 20 years of age, took a fatal dose of carbolic acid about 10 o'clock last night, dying at 5 o'clock this morning.

She killed herself because Elmer Smith, a Tacoma baseball player, went walking with another girl yesterday. Shortly before her death she made a statement to this effect. The young woman lived with her mother near the ball park and bore a good reputation.

To Smith she declared that her name was Gladys Glenwood, and Smith says that she was of an emotional and sentimental nature.

She died in great agony, calling constantly for Elmer, who could not be found. The girl's mother had just returned home from church when her daughter ran in exclaiming: "I've done it! I've done it; kiss me good-by." Then she ran down to a drug store and said she had taken carbolic acid. After that she ran upstairs again and was found lying on the bed.

She had purchased an ounce bottle during the day and had taken a teaspoonful of it in water.

REVIEW OF TROOPS SPOILED BY RAIN

KING EDWARD DID NOT LEAVE THE PAVILION AND IS REPRESENTED BY THE PRINCE OF WALES.

INDIAN PRINCES AND MILITARY ATTACHES

Queen Alexandra Drove to the Parade Ground in a Closed Carriage Accompanied by the Princess of Wales—More Than Thirty-two Thousand Troops Passed the Reviewing Point.

Aldershot, Eng., June 16.—The indisposition of King Edward and the incessant downpour of rain, combined to effectually spoil the grand review of the troops today.

The king did not leave the pavilion and was represented by the Prince of Wales, who rode to the saluting point accompanied by the Duke of Connaught and a brilliant staff, comprising several Indian princes, the military attaches, Lord Roberts, the commander-in-chief and the headquarters' staff.

Queen Alexandra drove to the parade ground in a closed carriage with the Princess of Wales and the Princess Victoria.

In other carriages at the saluting point were the Duchess of Connaught and many of the notabilities who are visiting England. More than 32,000 rain-soaked troops marched past the heir to the throne.

Edward Seriously Ill.

London, June 16.—A dispatch to the Exchange Telegraph company from Aldershot says: "The king's illness has become of a much more serious nature than at first suspected. Yesterday the king was in a low state and laudanum was administered to allay the pain. Complications were feared this morning."

Going to Windsor.

London, June 16.—3:43 p. m.—When questioned regarding the alarmist reports circulated about the health of King Edward, his majesty's private secretary, Sir Francis Knollys, said: "The best answer I can give is that the king is going to Windsor this afternoon."

He Is Much Better.

London, June 16.—King Edward, who was attacked yesterday by lumbago following a chill contracted while reviewing troops at Aldershot, passed a good night and is much better. Rain is falling, however, so he will not risk attending the grand review today. The Prince of Wales will receive the salute in the king's stead. Lord Farquhar, master of the household, who is at Windsor castle, said this afternoon that King Edward was much better and that he would arrive at the castle this afternoon from Aldershot in accordance with his previous arrangements.

Start for Windsor.

Aldershot, June 16.—King Edward and Queen Alexandra started for Windsor at 4:15 this afternoon in a motor car. The king showed little trace of his recent illness.

GOVERNOR TAFT SUCCESSFUL

Only One of the Cardinals Refuses to Accept His Proposals.

Rome, June 16.—The complete success of the negotiations between Governor Taft and the Vatican on the friar lands question seems assured. Four out of the five cardinals composing the sub-committee of cardinals favoring the governor's proposals, Cardinal Steinhuber, a Jesuit, opposes them.

After the completion of the negotiations an acute conflict is expected between the vatican officials and the Filipino religious orders regarding the disposition of the money which the United States will pay for the lands. The vatican considers that the money ought to be given to the propaganda or society of cardinals having the care and oversight of foreign missions.

Fractured His Skull.

Kansas City, June 16.—Bernhard Steiner, a slater, 40 years old, was picked up on the sidewalk at the corner of Fourteenth street and Grand avenue at midnight unconscious and with his skull fractured and died soon afterward at the police station. Several boys told the police that they saw Steiner accost a man and that the man at once felled Steiner with a club or slung-shot, kicked the prostrate form in the face and fled with his female companion. The police have no clew to the murderer.

Chicago, June 16.—Shot by his pursuers and cut in a dozen places by a man whom he had shot through the heart, after a desperate fight, Joseph Haddock, colored, took refuge near the grounds surrounding Harlow N. Hithonbach's residence, Twenty-Ninth street and Michigan avenue last night. Before the police discovered his hiding place he made good his escape. Haddock last night shot and killed Robert Fulton, also colored, as the result of a fight over a pool game.

EUGENE DEBS WILL SPEAK HERE TONIGHT

"One is the economic wing and the other is the political wing of the labor movement."—Eugene V. Debs on the relation of the trade unions to the socialist party.

Eugene V. Debs, labor leader, lecturer, socialist and orator, is in Butte. He arrived this morning from Helena and has been engaged to speak tonight at the Auditorium, in the Library building. The meeting was hastily arranged for, no one knowing the famous A. R. U. president of other days was coming in today. He called at the headquarters of the American Labor union in the Goldberg block and happened to find in the office John Rowe and Charles Whitley of the Mill & Smelters' union. This union for three months past had

been trying to secure Debs for a lecture in Butte, and one of Delegate Whitley's assigned duties at the Denver convention was to secure the orator's services. The efforts at the time were unsuccessful, but the two smelters' representatives lost no time in monopolizing his services for tonight.

Laboring Men Will Turn Out.

The meeting will be conducted under the auspices of the Mill and Smelters' union, and this committee will have charge—John Rowe, Charles Whitley and Edward Reinhart.

As soon as the news spread that the socialist leader was in the city, representa-

tives of the socialist party in Butte flocked to headquarters, but not being able to meet the lecturer went to work energetically to advertise the meeting also in behalf of the socialist party.

Arrangements were made to have the different unions which meet in regular session tonight to adjourn their meetings and march to the Auditorium, where it is expected an immense crowd will be on hand. The address tonight will be an exposition of the principles and platform of the socialist party as re-organized from the driftwood of the old social democracy, and which is pushed now as a distinctively political branch of trades unionism.

Principles of Socialism.

This is Mr. Debs' first appearance in Butte in three years. He was here last time as an advocate of the same principles, practically, as he represents today, but since then the advocacy of the movement officially by the American Labor Union has enlarged what was considered then another visionary scheme of a visionary enthusiast. Since that time the efforts of Debs and his fellow-leaders have brought larger and wider recognition of the movement which they intend shall be national in character before the next presidential campaign.

In speaking of the new movement in connection with united labor, Mr. Debs said this afternoon:

"At the meeting in Denver the American Labor Union adopted the platform and endorsed the socialist party.

"This means that all workmen of the Western states are to supplement their efforts to better the condition of the working class by united political action in support of the socialist party which stands for collective ownership and co-operative control of all the means of production and distribution.

In the Interests of All.

"The change proposed in the new program is not one of the parties, but contemplates a change from the present capitalist system of production or profit and wage slavery to social ownership and the operation of industry in the interests of all the people.

"In a word the end aimed at is industrial democracy based upon co-operative industry.

"This will mean a real republic such as the world has never known.

"This work I am now doing is unofficial. I am on a lecturing tour and am working in conjunction with the American Labor union and others who are interested in the promotion of unionism along the progressive lines stated above.

"I will assist in organizing unions in connection with trades unions. That is, I will do the preliminary work wherever I

PHILIPPINE BILL IS SPECIAL ORDER

BY UNANIMOUS CONSENT FINAL VOTE WILL BE TAKEN ON LAST THURSDAY IN THIS MONTH.

Washington, June 16.—At the opening of the session of the house today, Mr. Cooper, Wisconsin, asked unanimous consent for the consideration of a resolution to make the Philippine government bill a special order from June 9 to June 26, inclusive.

The resolution provides for five days of general debate, beginning at 11 o'clock each day, and for night sessions from 8 to 10:30 for three days' consideration under the five-minute rule, and the final vote at 4 o'clock on Thursday, June 26. Mr. Richardson, the minority leader, asked if the effect of the rule would be to cut off all except committee amendments.

Mr. Cooper denied this and said it was the intention of the committee to allow the widest latitude in amendment.

There was no objection and the resolution was made without division.

Mr. Gillet, of Wisconsin, chairman of the committee on reform of the civil service from that committee, reported back the resolution calling upon the secretary of the war department to classify the service of the war department of Rebecca J. Taylor, and moved that the resolution be laid upon the table.

Upon that motion Mr. Shellenbarger of Nebraska demanded the ye and nay vote and the roll was called.

They allege that they will stop all work there.

At the conclusion of routine business, Mr. Teller of Colorado offered the following resolution: "Whereas, it seems impracticable to prepare during this session of congress an itemized statement showing the collection and disbursement of funds for the whole period of the military occupation of Cuba, and

"Whereas, it is deemed important that a statement be now made of the accounts heretofore named; therefore, be it

"Resolved, that the secretary of war be, and he is hereby directed to send to the senate the following:

"A full itemized statement of all payments made out of Cuban funds to any person or corporations, in any, or the purpose of promoting 'reciprocity' between the United States and Cuba at any time during the military occupation of the island by the United States, and whether these payments were authorized by the secretary of war."

Mr. Keen of New Jersey objected to the immediate consideration of the resolution and it went over.

Consideration was resumed of the London dock charges bill.

Pending the disposition of the bill the senate agreed to a conference on the bill for the protection of the president, and Messrs. Hoar, Fairbanks and Pettus were appointed as conferees.

The London dock charge bill was discussed by Messrs. McCumber, Nelson, Gallinger and Hale. The vote was then taken on Mr. Hoar's amendment, which provided that nothing in the act should prevent the carrier from obtaining reimbursement to him by the consignee or shipper, of any charges which he lawfully may be compelled to pay or compensation for any service which he may agree to render.

The amendment was rejected—9 to 23. The bill was then passed.

MOTHER STOLE BREAD TO FEED HER CHILD

Pathetic Story of Mary Morrison Is Related to Judge Boyle in Police Court.

SPECTATORS TOOK UP A LARGE COLLECTION

Little One in Court With Parent—Charge Promptly Dismissed—A Ducky Boy Who Thought He Would "Hit the Pipe"—Smoke Made Him Sick and Now He Has 30 Days to Spend in Jail, No Puffs in the Jail.

"I guess Miners' Union day absorbed the interest of our usual run of police court patrons," remarked Judge Boyle this morning, as he took his seat on the bench with only two prisoners facing him.

But while the defendants were few, the pathos contained in the story of one was deep enough to write a book about, while the humor in the circumstances of the arrest of the other, coupled with the unique defense offered, was good enough for a comic magazine.

"Mary Morrison, I am sorry to say you are reported to have been living with a Chinaman, and that after he deserted you, you made your habitation on the streets and in back alleys," said Judge Boyle.

A haggard looking young woman, scarcely out of her teens, stood up when the judge addressed her and waited patiently to tell her story.

"Stole for Child.

"Yes, judge, I am guilty—guilty of most all of that, and more beside," said she, with a quiver in her voice; "but it was not for myself I did it. I was unable to get work and I would do anything on earth to keep my child alive. Here, Willie! Don't run off, my child," she said, calling to a pale-faced little boy, who up to that minute had been playing unobserved beneath one of the court room benches.

"And so that is your child?" queried the judge.

"Yes, judge," she answered, "and I would to God he were well cared for and properly fed. I have stolen bread to keep body and soul together in that boy while I went hungry."

"I came to Butte last winter when work was hard to get. I worked three days in a laundry and then broke down in strength and was forced to quit. It is not true that I lived with a Chinaman, and I don't know where the story started, unless it was because I was around the Chinese laundry working."

"I could not see my boy starve, and so I have wandered about the streets begging

CLOUD BURST AT BARRE, VERMONT

FIVE RAILROAD MEN LOSE THEIR LIVES IN A FREIGHT WRECK—LOGS CARRIED AWAY.

Barre, Vt., June 16.—In addition to the property damage caused by a cloudburst over this section late last night, five railroad men lost their lives by a freight train wreck on the Central Vermont railroad running into a washout at Middlesex.

The dead include the conductor, engineer, fireman and two brakemen. Passing through Middlesex, the train was running at a high rate of speed when it struck a ditch washed out by a torrent of water. The locomotive leaped into the ditch and the freight cars piled up on top of it. The trainmen were buried among the ruins.

The Winooski river rose to spring freshet heights and caused much other damage. The railroad bridge at Bolton was destroyed and a sawmill, together with the house adjoining, were demolished in the town of Middlesex.

One hundred thousand feet of logs were carried away.
