

MINERS' UNION NOT TO GO IN POLITICS

SENTIMENT AGAINST ADOPTING DOCTRINES EXPOUNDED AT DENVER.

QUESTION NOT BROUGHT UP AT THE LAST MEETING

Secretary Shea Says Idea of Asking Members of the Union to Adopt Any Political Doctrine Would Be a Violation of the Rights and Principles of the Strong Organization.

"Now that Miners' Union day is over, the picnic is next in order," said Secretary John Shea of the union this morning. "We will begin right now to make preparations for the picnic and I have no hesitation in saying that it will be the greatest picnic the union has ever had. We have not yet appointed any of the committees, so it would be impossible to say where it will be held. Perhaps we can make arrangements with Manager Wharton, if he can handle the crowd at the gardens, or perhaps the committee may elect to go to Mountain View park, west of Anaconda, or to Deer Lodge, but wherever we go we are going to make it the record for success and enjoyment."

This morning Recording Secretary Dan Donovan began work in the office to which he was elected last night. Frank O'Connors, who is retiring, will remain for a few days to assist in straightening up the accounts and posting his successor in the work of the office.

Not Advocating Socialism.

Asked if the union had taken any action on the socialist movement at the meeting last night, a member of the Miners' union said today:

"The Butte Miners' union did not take an active part in the advocacy of the socialist doctrine at the convention in Denver. In fact, I don't know any of our men who voted for it and we will certainly make no effort to support it here."

"We believe that the strength of our union is due in no small part to our neutrality in political and religious questions. You may say for me and I am sure that I speak for the union, that there is just as much probability of our asking our members to embrace some particular form of religious belief as of political doctrine."

Many Political Beliefs.

"We have in our ranks men of many beliefs, political and religious, we agree upon question concerning our union and its purposes, but further than that we do not wish to go."

"It would be an insult to many of our members to ask them to embrace a political faith when they have already professed their allegiance to another. Perhaps there are men in the union who believe the socialist doctrine; but I believe they would be the last to ask the union to take any action of that kind as far as it concerns the Miners' Union."

"Here is the whole thing in a nutshell: We belong to a miners' union, instituted for the protection and elevation of miners, and do not propose to become a political party to be used for the advantage of scheming politicians."

DUNLAP GETS OUT OF JAIL

Manager of the "Terrible Turk" Settles Up With Those Who Kicked.

John Dunlop, the erstwhile manager of the "Terrible Turk, No. 2," who has been in the city jail since Friday night last, charged with having defrauded several unsuspecting wrestlers, has been released.

Dunlop was being held on the complaint sworn to by Crawford White, an attorney, charging grand larceny. Eighty dollars of the gate receipts of the wrestling match were attached Friday night and as Dunlop agreed to give up this money to settle the case, he was released.

Dunlop, the wrestler, who succeeded in staying with the Turk for almost one hour, has received \$23 and the remainder of the \$20 was divided between White, Martin and Harris, the other wrestlers.

Dunlop will probably leave Butte immediately, taking the "Terrible Turk" with him.

DeBoe, Dunlop's partner, is still missing, but the police are sure that his arrest is simply a question of time.

TOOK AWAY THE PLUMBING

Mrs. Clara Wilcox Wants Compensation for Damages to Her House.

Judge Clancy put in time today listening to testimony in the trial of the suit brought by Mrs. Clara Wilcox against Fred Heimbach to recover judgment for \$750, in which sum the plaintiff says she was damaged by the removal of the plumbing from the Keystone house, in East Park street, by Heimbach about two years ago.

Mrs. Wilcox owns the property and for more than a year prior to 1900 Heimbach occupied the house. While there he put in some plumbing and when he vacated he tore it out and took it with him. Mrs. Wilcox claims that in removing the pipes and other portions of the plumbing he damaged the house in the sum stated.

Charles R. Leonard and W. A. Clark, Jr. are handling the plaintiff's side of the controversy and J. L. Wines and L. P. Forestell are looking after the interests of the defendant.

LEVY CALLS HIS INDIANS TO COME TO BIG PARADE

Pigeon-Toed Aborigines to Make Tracks in Butte Dust July 4, When Patriotic Parade Marches.

"Hark, hark, the dogs do bark; The heggars are coming to town; Some in rags, some in tags, And some in velvet gowns."

While the Indians who read this stanza from the lore of Mother Goose may resent its application in their case, it is none the less true.

The descendants of the American aborigines are flocking to Butte ready for the Fourth of July parade. They come at the call of Sol Levy, who knows them all and who speaks the Indian language.

A large band of Indians will be one of the principal features of the parade on the Fourth. Two years ago over 150 of the red men marched in the Fourth of July parade and their gaudy blankets, their feathers and other trinkets peculiar to the Indian were largely in evidence.

It is the intention of Jailer Sol Levy to have even a larger representation of the Indians in the exercises on the coming Fourth than was ever seen in Butte before in a single body. Messengers of Sol's are now traveling in the direction of the setting sun as well as eastward to summon his array.

A large number of Indians have already arrived. They are patriotic to a certain extent and show their love for the land in which they live by a peculiar fondness for our emblem of liberty—the eagle on the silver dollar.

Each Indian that appears in the parade on the Fourth will be presented with a dollar by the committee on arrangements.

"SICKED" THE DOG ON HER

Police Asked to Find Boy Who Made Pup Bite Mrs. Farris.

S. Farris, a swarthy complected Italian, appeared at police headquarters this afternoon and swore to a complaint charging Roy Mulderhill, an 8-year-old boy, with having "incited a certain dog to bite Mrs. S. Farris."

Officer Barney McGillie arrested the boy but it afterwards developed that it was another boy who had "sicked" the dog on and the Mulderhill boy was accordingly released.

It is alleged that Mrs. Farris was walking near the corner of Dakota and Porphyry streets when some boy incited a vicious bulldog to attack her. She was severely bitten about the arms and feet. The police are searching for the guilty boy.

HUSBAND AND WIFE AT ODDS

Mrs. W. A. Osburne Complains to Police of Spouse's Cruelty.

Mrs. W. A. Osburne, a pretty little woman, walked into police headquarters this morning leading two small children by the hand, and asked that a complaint be issued against her husband, W. A. Osburne for having assaulted her.

She told Judge Boyle that her husband had treated her in a cruel manner and last night had beaten her. The complaint was issued, but later an effort was made to reconcile husband and wife.

GENEROUS MEN GIVE AID TO PENNILESS WOMAN

Hearts Touched by Pathetic Tale of Suffering Told in Butte's Police Court.

Mary Morrison, who appeared before Judge Boyle Monday morning on the charge of vagrancy, and who the kind-hearted judge discharged through sympathy for the woman's little boy, has found warm sympathizers.

The following note, addressed to the editor of the Inter Mountain, accompanied by a dollar, was sent to the Inter Mountain office this afternoon:

"I enclose you one dollar for the benefit of Mary Morrison, who appeared Monday before Judge Boyle. I hope that the same will meet with the approval of the thousands of readers of your valuable paper."

The note was signed: A. L. Dennis, 34 Main street, Meaderville.

Mary Morrison was arrested Sunday afternoon for vagrancy. Monday morning she appeared before the police court and told a pitiful story. She said that she had been guilty of stealing, but that it was on account of her little boy Willie and not for herself.

A full story of the trial and the subsequent dismissal of the case by Judge Boyle was published in the Inter Mountain and it was this that moved Mr. Dennis to make his generous contribution.

The money has been delivered to the woman. From other sources similar contributions have been received.

RHEUMATISM

Almost as Common in Summer as in Winter

When the blood is charged with Uric Acid and other inflammatory matter, and muscles and joints, tissues and nerves having become saturated with it, an attack of Rheumatism is liable to come at any time, and from very slight causes—sudden chilling of the body when over-heated, exposure to night air, a fit of indigestion, an easterly wind, or any sudden change in the weather will stir the blood and set in motion these demon forces as quickly as the cold, piercing winds of winter.

The real cause of Rheumatism is a polluted, sour and acid condition of the blood, and as it flows through the body it deposits a gritty, irritating substance or sediment in the muscles, joints and nerves, and it is these that produce the terrible pains, inflammation and swelling, and the misery and torture of acute Rheumatism. No other disease causes such pain, such wide-spread suffering as Rheumatism. It deforms and cripples its thousands, leaving them helpless and miserable. When neglected or improperly treated, Rheumatism becomes chronic; the pains are wandering or shifting from one place to another, sometimes sharp and cutting, again dull and aggravating. The muscles of the neck, shoulders and back, the joints of the knees, ankles and wrists, are most often the seat of pain. Countless liniments are rubbed upon the affected parts, and plasters are applied to get relief, but such things do not reach the poisoned blood; their effect is only temporary; they are neither curative nor preventive. The blood must be purified, the acid poison counteracted, and all irritating matter removed from the circulation before permanent relief and a thorough cure is effected, and no remedy does this so certainly and so quickly as S. S. S. It contains not only purifying and tonic properties, but solvent qualities as well, all these being necessary in eradicating the poison and making a complete and lasting cure of Rheumatism. S. S. S. cleanses the blood, and under its tonic effect the nervous system regains its normal tone and the appetite and digestion improve, resulting in the upbuilding of the general health, and because of its solvent properties all irritating matter and acid particles are dissolved and filtered out of the system, thus relieving the muscles and joints and removing all danger of future attacks. S. S. S. contains no Mercury, Potash or minerals of any description, but is guaranteed purely vegetable. Oh! people will find it not only the best blood purifier, but a most invigorating tonic. Just such a remedy as they need to enrich the blood and quicken the circulation.

GOT PROMPT RELIEF.

LOUISVILLE, KY., April 1, 1902.

GENTLEMEN:—For the past twenty-three years I have used S. S. S. in my family as a general spring tonic. I have also used it personally for Rheumatism and got prompt relief. I have bought many bottles of S. S. S. to give to those needing a good medicine and who were unable to buy it themselves. There is nothing that I can say too highly in favor of S. S. S., and will continue to keep it in the house and recommend it to whom I think need a sure cure for impure blood arising from any cause.

Yours very truly,
JAS. ANDERSON.
