

THE INTER MOUNTAIN'S ANACONDA DEPARTMENT

COMMISSIONERS IN THE HILLS TODAY

LOOK OVER THE PROPOSED ROUTE TO THE NEW MINING CAMP ON RACE TRACK CREEK.

WILL ACT ON MATTER AT THE NEXT MEETING

Viewers Have Reported, but the Result Not Yet Made Public—It is Believed, However, that It is Favorable to the Construction of the New Road—Can Be Built at Small Expense.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, June 18.—The board of county commissioners, accompanied by County Clerk and Recorder Philip Greenan, left town early this morning for the purpose of looking over the proposed road to Danielsville, on Race Track creek.

This matter will come before the board at the special meeting called for next Monday.

The viewers in the case have already filed their report with the county clerk, and although it has not yet been made public there is a strong belief that it is favorable to the construction of the new road and that the commissioners are out today so that they may deal with the matter fully at the coming meeting.

They intend going over the entire route, to the edge of the Coryell ranch, which is the county line. As has been stated previously the road from there on would have to be built by private subscription. Mr. Coryell having made very liberal inducements for the construction of the road and the necessary funds could no doubt be raised in the city of Anaconda within an hour.

It has been estimated that the total cost of the cut-off would not exceed \$800, and this sum includes several bridges which it would be necessary to build.

The amount to be raised by private subscription for that portion of the road through Coryell's ranch has been set by that gentleman at \$240, making a total cost of \$1,040 for the entire distance.

This shortens the trip to Danielsville about six or seven miles.

WILL NOW LIVE IN BUTTE

Conductor Al Zeik of the Great Northern, and Wife, Leave Anaconda.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, June 18.—Conductor and Mrs. Al. G. Zeik, who have resided in Anaconda for the past four years left for Butte this morning and will make their future home at 721 1-2 South Wyoming street in that city.

Mr. Zeik's duties as a Great Northern conductor make it exceedingly inconvenient for them to live in Anaconda now that his train does not run in here and for that reason the change is made.

Mr. and Mrs. Zeik have made a vast number of friends during their residence in this city and it is with regret that his friends will learn of the change.

A number of prominent citizens have been asked to accept the place, but so far no one has been definitely decided upon.

TRYING TO LYNCH WILLIAM EDISON

PEOPLE OF VINCENNES, INDIANA, INDIGNANT—WANT TO TAKE LAW IN OWN HANDS.

[BY ASSOCIATED PRESS.] Vincennes, Ind., June 18.—Great excitement was occasioned early this morning by a report that a mob was on its way to the jail to secure possession of William Edison, who has been in custody on the charge of assaulting 3-year-old Irma Pihol, June 1.

For several days there has been talk of lynching among the irresponsible element and it has been through the efforts of cooler heads that the feeling against Edison has been kept in subjection.

Yesterday those who were the most outspoken quieted down and no further trouble was looked for, but early this morning a crowd of 30 or 75 men and boys assembled, but without apparent leadership. The police were notified and the word was at once passed that an effort was about to be made to lynch Edison. To add to the excitement some one turned in an alarm of fire. This was done, it is believed, to draw a large crowd to the street to swell the mob on its way to the jail.

Half an hour after the first alarm a second one was turned in, but the police were on the lookout and nipped in the bud any tendency toward violence.

The mob finally dispersed and no actual attempt was made to enter the jail. At 2:30 o'clock the police were on watch, but believed no further demonstration would take place.

Edison has spent 14 of his 37 years in the reform school and the feeling is very bitter against him.

ENSHROUDED IN MYSTERY

Nothing Is Known of Mattie Richards, Who Died at the Hospital Yesterday.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, June 18.—The antecedents and previous life of Mattie Richardson, who died of consumption in St. Ann's hospital yesterday, seem to be enshrouded in mystery.

Although she had been an inmate of that institution since last December, nothing is known as to her previous place of residence or of her friends or relatives.

During the time she was in the hospital she was frequently visited by a woman named Smith, but some time ago these visits ceased and the Smith woman cannot be found.

The body was removed to Ebert's undertaking parlors where it will be kept for a reasonable length of time, and an endeavor made to locate friends of the deceased woman.

If these efforts fail the remains will be interred at the expense of the county.

TODAY'S WALL STREET STOCKS

[BY ASSOCIATED PRESS.] New York, June 18.—Business was quite animated for a time under the impetus of large purchases of Reading, the second preferred, Missouri Pacific, Illinois Central and New York Central. Traders took profits in the notably strong stocks and bid up others, causing an irregular market.

Before noon prices were generally declining. Sugar broke 3 1-4 and other active stocks a fraction. General Electric reacted. New York Air Brake fell four points.

Bonds were irregular at noon. Illinois Central was bought confidently up to 149, making its rise 3 3-4. The enormous absorption of this stock encouraged the bulls to bid the general market up and there was an increased demand for the trans-continental stocks.

St. Paul, Union Pacific and Southern Pacific gained 1@ 3-8. Northwestern wiped out its early loss of two points.

The market eased off and became dull at 1 o'clock.

There was a re-action after 1 o'clock but the persistent strength of Illinois Central sustained the market. The gain in Illinois Central reached 7 1-8.

The market was broader and more active than any day this week.

The advance extended to new stocks in the final hour, various grain carrying roads and soft coalers rising a point or more over last night. A movement to take profits in Illinois Central forced it back two points and forced the rise elsewhere.

Rumors were current of coming stock subscription rights. Reading receded to a share below last night. The close was active and rather easy.

Corn Pit Excitement.

Chicago, June 18.—The corn pit was again the scene of a turbulent mob of grain speculators today. Prices soared skyward under the manipulation of the crowd that has cornered the July options, and as quickly dropped with a thud.
