MINING APPLICATION NO. 4534. U. S. Land Office, Helena, Montana, June 12, 1902. Notice is hereby given that Darby Hastings and John L. Neenan, whose post-office address is Butte, Montana, have this day filed their application for a patent for 1,368.2 linear feet, being 300 feet westerly and 1,068.2 feet easterly from discovery shaft of the Dasie Lode Mining Claim, upon which a notice of intention to apply for a patent was posted on the 17th day of February, A. D. 1902, situated in Independence, unorganized, Mining District, Silver Bow county, state of Montana, designated as Survey No. 6524, in Township 3 north, of Range 8 west, and being more particularly described as follows:

Beginning at the northwest corner, a granite stone set in the ground, with a mound of earth and stone alongside, and marked 1-6524, for Corner No. 1, from which the quarter Section Corner between Sections 23 and 26, Township 3 north, Range 8 west, bears north 0 degrees 31 minutes east, 922.5 feet, and running thence south 78 degrees 46 minutes east, 1356.1 feet; thence south 0 degrees 16 minutes east, 602 feet; thence north 76 degrees 26 minutes west, 1368.2 feet; thence north 0 degree 16 minutes west, 545.2 feet to the place of beginning, containing an area of 12.50 acres, of which 1.39 acres are in conflict with Survey No. 3064, inclusive of 1.22 acres in conflict with Survey No. 3821, not claimed, leaving 16.06 acres are in conflict with Survey No. 3821, exclusive of Survey No. 3064, and inclusive of 0.86 acres in conflict with Survey No. 3863.

The location of this claim is of record in the Recorder's office of Silver Bow county, Montana, in Book "P," on Page 473 of said records. The adjoining claims to these premises are Survey No. 3064, Aurora Borealis lode, on the north, Survey No. 2826, 14th placer, Lot 508 on the east. GEORGE D. GREENE, Register (First Publication June 13, 1902.)

Cuban Customs Receipts. [BY ASSOCIATED PRESS.] Havana, July 5.—The customs receipts of Cuba for the month of June amounted to \$1,232,130.

Costa Rica Reception. [BY ASSOCIATED PRESS.] San Jose, Costa Rica, July 5.—The Fourth of July reception held in the American legation by Minister William L. Terry was attended by President Esquivel and his cabinet, the late members of the consular and diplomatic corps and many prominent Chinese of San Jose.

British Shipping Statement. [BY ASSOCIATED PRESS.] London, July 5.—The annual official statement of British shipping just issued shows that more ships were built in Great Britain and more sold to foreigners in the year 1901 than in any previous year and that the total tonnage of British merchant shipping was 9,412,856 tons, or 120,000 tons above the total of 1900.

Account of Humbert Loans. [BY ASSOCIATED PRESS.] Paris, July 5.—A director of the Belgian bank here referred to by the Chronicle of London, as having failed for \$10,000,000 as a result of advances made to the Humberts who are now fugitives from justice on account of their alleged swindling operations, denies the report of the failure and says the bank was not connected with the Humbert loans.

Fourth in London. London, July 5.—The London newspapers this morning have unusually full reports of the Fourth of July banquets and speeches at Pittsburg, Pa., London, Paris, Berlin and elsewhere. Several of them publish editorials, expressing keen satisfaction at the warmth and good will which the Americans expressed for Great Britain and King Edward.

TEN PERSONS ARE INSTANTLY KILLED

BAGGAGE AND PASSENGER CARS GET AWAY FROM MOTORMAN AND GO DOWN MOUNTAIN.

FEARED THAT MANY OF THE OTHERS WILL DIE

Loversville, New York, Scene of Horrifying Wreck—Brakes Refuse to Work and Two Cars Loaded With Passengers Become Uncontrollable Going Down the Mountain Side.

[BY ASSOCIATED PRESS.] Cleveland, N. Y., July 5.—A wreck which occurred on the Mountain Lake railroad late last night caused the almost instant death of 10 persons and one victim died in the hospital here today. It is believed that several others will succumb to their injuries. The bodies of many of the victims were crushed and maimed almost beyond recognition and the scenes about the wreck were horrifying.

The accident was caused by a baggage and passenger car getting away from the motorman and rushing down the mountain side at terrific speed. The brakes refused to work and the heavy car craned into a loaded open car also descending the mountain. The latter was hurled from the track and turned on its side and over 50 passengers were injured. As the scene of the accident is remote from the city it was two hours before appliances to raise the open car and release the victims were secured. The accident occurred at the end of a pleasure trip to the top of the mountain and the cars were loaded with excursionists. The car in which the dead and injured persons were riding was the open one in charge of Motorman Arthur Perkins and Conductor James Cameron and the car which caused the wreck was in charge of Motorman William Dodge.

According to Conductor Cameron, the closed car collided with the open car as the latter was rounding a curve. Both cars then went down the grade at lightning speed. At the foot of the hill the cars came together again. Just before the collision the second time the lights in the first car went out. The heavy double car struck the other with such force that it raised the rear end into the air and over the right embankment.

Several Instantly Killed. Both cars were derailed and passengers were thrown in every direction. Some were killed instantly; others died from their wounds soon afterwards. The killed: MRS. EDWARD J. BAIRD, MISS ELECIA BAIRD, MISS MARGARET MAIN, MRS. ORNAN EASTMAN, EDWARD DAVIS, EDWARD L. KEVITT, JOSEPH SALOY, MRS. JOSEPH SALOY, ISADORE ROSBERG, FRED CROWN, all of Cleveland. MRS. MARIA ANNABELL of Northville. Those injured are: Recorder Frank Wood, legs broken, condition serious; Miss Wilmarth, serious internal injuries; Mrs. Herbert Maxsen, badly cut; James Meacock, fracture of leg, bruise on hip; Mrs. E. L. Heacock, face badly cut; Robert Butler, cut about head and internal injuries; Miss Ruby Hines, shock and bruises; Miss Louise Chapman, severe shock and internal injuries; Arthur Perkins, motorman, shoulder dislocated; Robert Maxsen, knee crushed; Ben Rice, scalp wound, leg broken; Orin Eastman, internal injuries; Nathan Johnson, both legs severely bruised; George Fischer, head bruised and internal injuries; William Dodge, motorman, legs broken, condition serious; William Brown, Kingsboro, leg broken in two places; Charles Brown, compound fracture of leg; Robert Saloy, cut about face and bruised; Edward Schell, broken leg, injured about body; Mrs. George Fischer, leg broken.

CASUALTIES OF THE DAY

Three Persons Killed and More Than One Hundred Injured in Chicago. [BY ASSOCIATED PRESS.] Chicago, July 5.—Three persons were killed and more than 100 injured in the celebration of this year's Fourth of July in Chicago. Of these, all the killed received their wounds from firearms, while 22 others were injured by guns and stray bullets.

The desire to have some unique machine with which to emphasize their enthusiasm led to the injury of three persons, while the cannon cracker added 50 more to the list. A number of men were arrested for discharging firearms in the city limits.

MOTOR CAR ON FIRE ON THE CHICAGO ELEVATED

Some of the Passengers Crushed in the Scramble to Get Out of the Car. [BY ASSOCIATED PRESS.] Chicago, July 5.—A motor car on the Metropolitan Elevated railroad caught fire last night while passing August street. There were 200 passengers on the train and a panic ensued. Most of the passengers made attempts to jump from the moving train, but were prevented by the guards. In the scramble that ensued, when the passengers endeavored to get out of the way of the flames, a number of persons were crushed and two women are said to have been seriously injured.

The motor car was destroyed by fire and the next car was damaged. The passengers were compelled to get off the cars and walk back on the track 300 feet to the nearest station.

Woman's Sphere Is Widening.

[Atlanta Journal.] For the first time since her creation woman has recently won something like a fair chance in the fields of knowledge and practical endeavor. She is proving so well her right to these opportunities and her capacity to use them nobly that they will never be taken from her. On the contrary, there is sure to be a still larger employment of the genius of women in more and more lines of the world's work.

MANY ACCIDENTS ON THE FOURTH

FOUR YOUNG MEN INJURED, THREE POSSIBLY FATALLY, BY BIG BOMB EXPLODING.

ACCIDENTS REPORTED AT POLICE HEADQUARTERS

Bomb Containing More Than Three Pounds of Powder and Which Was Hard to Explode Finally Set Off by a Match and Before the Boys Could Get Away the Explosion Came.

[BY ASSOCIATED PRESS.] New York, July 5.—At police headquarters 135 accidents, due to the use of explosives in celebrating Independence day, have been reported during the past 24 hours. At Roosevelt's hospital announcement was made that 147 accidents had been attended there alone. Stray bullets injured three persons so seriously that it is feared all may die. Four young men were terribly injured, three possibly fatally, by the explosion in Brooklyn early today of a big bomb with which they were going to wind up their celebration.

Charles Kennedy, aged 18, was injured about the thigh and legs. He may recover. Those thought to have been fatally injured are: William Hartig, 20 years old; William Waincott, aged 19, Milford, N. J.; Edward Ryan, aged 19, New York. The force of the explosion maimed them externally, as well as inflicting internal injuries. All were unconscious when assistance came. A man who is alleged to have given the bomb to the boys has been arrested. The bomb which caused the disaster is known as the "o-t-on signal" and contained more than three pounds of powder. It is used on ocean steamers and is considered dangerous when not properly manipulated.

PRICES PAID FOR JEWELRY

Quick Sales and Large Profits at Christie's Auction Room. [BY ASSOCIATED PRESS.] London, July 5.—At Christie's auction room yesterday and in the presence of Lord Rosebery, Earl Le De Gray, some of the Indian princes in London and prominent Americans and South Africans, thirty-one lots of jewelry were sold in thirty minutes for £305,350. A single pear-shaped pearl weighing 509 grains, £13,500. A necklace of forty-seven pearls, weighing 1,000 grains, brought £22,200, and a rope of pearls, weighing 2,350 grains, were sold for £16,700 pounds.

CELEBRATE FOURTH IN HAVANA, CUBA

FEATURE OF THE DAY WAS RECEPTION GIVEN BY AMERICAN CLUB —IS WELL ATTENDED.

[BY ASSOCIATED PRESS.] Havana, July 5.—Americans in Havana and elsewhere in the island celebrated the Fourth with a great show of patriotism. Only an order of the mayor prevented a display of fireworks.

The feature of the day was a reception given by the American club which was attended by the most select society of the city. The entire American legation was present.

Several prominent members of the Cuban congress attended with Cuban officials. The president was expected to the last minute when he sent a note expressing regret that "many occupations deprive me of the pleasure of assisting."

A dispatch, telling of President Roosevelt's speech, was heartily cheered by Cubans and Americans alike. The reception ended with the singing of "Dixie and the national hymn.

Ancient Sky-Scrapers.

[New York Times.] Numerous conflicting estimates have been made of the height of the Tower of Babel, but one fact never has been denied, and that is that it was a skyscraper. St. Jerome, in his commentary on Isaiah, says that the tower was already 4,000 paces high when God came down to stop the work. A pace is about two feet and a half, consequently, Babel was 10,000 feet; as the Pyramids, which are only 500 feet high. Father Calmet says the tower was 81,000 feet high, and that the languages were confounded because the architects were confounded, as they did not know how to bring the building to a head. Moreover, it is understood that the Chinese language of today was originally the same language as the High German.

Philosophy of Fatigue.

"Some may be interested to know that there is now almost a new kind of philosophy of fatigue. Some speculators think man became conscious because his intuitions were slowed up by exhaustion, so that the mind has to pick its way slowly and logically instead of divining instantly as it used to do. It was the fall of man. Wilder dreamers have even described the origin of cosmic gas and nebulae, from which all the worlds come, as due to progressive fatigue of the ether, which is far more subtle and back of it. It is a little as if they were attempting to rewrite the first phrases of the Old Testament so that it should read, 'In the beginning was fatigue.'"—From 'Ainslee's Magazine.

SAWED FROM THE BODY OF DEAD MAN

HUMAN HEAD FOUND IN THE CREEK WHICH FLOWS THROUGH LA LOME PARK, NEAR BERKLEY.

JOB NOT DONE BY AN EXPERT IN SURGERY

First Discovered by Young Lady Member of Pleasure Party Strolling Through the Park—It Was Cut in a Peculiar Manner But Thought to Have Been Done by Inexperienced Person.

[BY ASSOCIATED PRESS.] Berkeley, Cal., July 5.—A human head that had been sawed from the body of a man just above the collar-bone, was found in the creek which flows through La Lome park, a pretty spot in Berkeley county and one frequented by picnic parties. The head was that of a middle-aged man, and had been severed from the body by someone unfamiliar with surgical dissection according to medical experts who have examined it. The face has the appearance of having been placed in some fluid to prevent decomposition. The flesh is not sun-bleached, so the theory that the head had been used for experimental purposes at some medical institute and subsequently discarded is dissipated.

The discovery was made by W. F. Turner of this city, who was accompanied by a party of pleasure seekers. Very frequently students visit La Lome park while pursuing their studies. A small creek flows through the park and on each bank is a wealth of chaparral and shady oak trees, any one of which prevents prying eyes from seeing what is going on. The party consisted of W. F. Turner, Judge Stanley and John Angsberg and nine young ladies. They were walking along the path when suddenly one of the girls noticed the head. "There's a man's head," she exclaimed. Turner at once turned his head over to the coroner. The coroner found the head lying in the middle of the path and returned here with it. After examining the head carefully the coroner found the head had been sawed off just above the collar bone. The under jaw had been cut in two on the right side but had not been otherwise mutilated. Dr. G. B. Hoagland voiced the opinion that the head was not removed at a medical institute: "The very condition of the head, the manner in which it has been sawed off, convinces me that it was the work of some inexperienced person. No medical student would do such a job as this."

PRESIDENT ROOSEVELT GOING TO OYSTER BAY

Party of Secret Service Men Are in Attendance Upon the Chief Executive.

[BY ASSOCIATED PRESS.] Harrisburg, Pa., July 5.—A special train carrying President Roosevelt and party from Pittsburg reached Harrisburg at 9:30 this morning, en route to Oyster Bay, L. I.

During the ten minutes' wait at the Union station to change engines and crews the president and Attorney-General Knox walked up and down the platform. A large crowd gathered and to these the president smiled and lifted his hat. A party of secret service men carefully guarded the president and Mr. Knox from the time they left the train until started on their journey east. Mr. Knox left the party here and took a train for Washington.

The president took breakfast after leaving Altoona and when he reached Harrisburg he was supplied with copies of all the Philadelphia and New York newspapers. Just before the train pulled out of the station here the president hurried down to the locomotive and shook hands cordially with the engineer and fireman who will make the run between Harrisburg and Philadelphia.

The Charming Stole Front.

[New York Times.] Many things for the neck have stole fronts. A lawn stock has a turnover of embroidery, and from the front, extending from under the turnover, two stole ends, gathered in at the top and broadening out to a couple of inches or more in width at the ends, which fall a little below the stock. These are embroidered to match the turnover. In other stocks there are buttoned ends, forming something more like a chemisette than anything else, though it falls from beneath the turnover and is of course worn outside.

Very attractive is a stock of white chiffon, without ornament. The sheer white material is filled slightly on to the foundation and has from the lower part of the front a broad plaiting of the bust. From the back of the collar two soft ends of the chiffon are brought forward down half the length of the plaiting, holding it in closely and finishing with two small rosettes. Below the rosettes the plaiting ripples out again to its full width. Another stock of chiffon which is attractive has the chiffon laid in very thin plaits, running around the stock and finishing at the back with two full ruffled ends, which stand out half an inch or so when the stock is fastened. There is a narrow edge of lace applique set on at the top of the stock, and running down it at intervals are rows of pretty mock jewels, pearls and other imitations, making altogether an effective stock. The fine plaiting of the chiffon is different from the general use of it in stocks, and consequently attractive.

[Boston Transcript.]

Barnes—Manning's house was broken into last night, and a lot of jewelry and silver plate carried off. Shed—You don't mean it. Barnes—It was a bad break; but fortunately the burglars did not go into the cellar; if they had they would have made a fine haul. It was only the day before that Manning got in 15 tons of coal.

During the Quarrel.

[Brooklyn Life.] He—But if you will allow me to— She—Oh! I know what you are going to say, but you're quite mistaken and I can prove it.

Flee From Hayti.

[BY ASSOCIATED PRESS.] Kingston, Jamaica, July 5.—The Dutch schooner Rigolette has arrived from the Island of Curacao, bringing 35 Haytians who were compelled to flee to Curacao on account of the recent fighting in Hayti. M. Jurres, late governor of Jacmet, is among them. He says the situation in Hayti was extremely serious at the time he and his companions fled.

Prince Tuan Is Foxy.

[BY ASSOCIATED PRESS.] London, July 5.—The Standard this morning publishes a dispatch from its Tien Tsin correspondent, who says it is reported that Prince Tuan, who was connected with the Boxer crimes and who is now a fugitive, is in frequent communication with the imperial government at Peking and that his son has been secretly appointed deputy general of the Chinese forces at Peking.

Fixing Up Cape Colony.

[BY ASSOCIATED PRESS.] London, July 5.—It is understood the cabinet has decided not to accede to the suspension of the constitution of the Cape Colony, but to endeavor to compromise the conflicting interests there.

Strike on Northland.

[BY ASSOCIATED PRESS.] Petoskey, Mich., July 5.—The steamer Northland from Buffalo to Chicago, has proceeded on her voyage after having been delayed over 24 hours by a strike of her crew.
