PATCHING MATTERS UP WITH REBELS

COLOMBIAN GOVERNMENT OFFERS TERMS TO THE LEADERS OF THE REBELLION.

[BY ASSOCIATED PRESS.]

Washington, July 10.—Senor Don Jose Concha, Colombian minister at Washington, has made the following statement in regard to the terms offered the revolutionists in Colombia, if they will surrender and of existing conditions in that country:

"The Colombian government has offered to the rebels complete amnesty freedom of prisoners, help for transportation of the chiefs and soldiers of the rebel army to their homes with security for their persons and property; reformation of the electoral laws, with the intervention of prominent members of the revolutionary party.

"Immediate convocation of congress and guarantee of liberty and security of suffrage in the next elections. The Colombian president, Senor Marroquin, was not in office when the revolution started in 1899, and what he offers is the same he offered during his first administration in 1898. "The liberal directory in Bogota has accepted the terms offered by the president, and many heads of the guerrillas in the interior of the country have surrendered, but the leaders of the rebellion abroad, Senor Vargas-Santos and others, have asked for payment of the debts contracted to foreign countries by the rebels. The Colombian government has not acceded to these requests. The action of Senor Vargas-Santos is not approved by the majority of his party and hence the chief has limited his pretensions to the appointing of a new cabinet, but the government has not answered this proposition.

MRS. A. E. WILLIAM,

One of the Pioneers of Deer Lodge. Messages Under Water.

[BY ASSOCIATED PRESS.]

Paris, July 10.—A telegram from Cherbourg states that Rear Admiral Fournier was present at experiments in wireless telegraphy carried out on the submarine boat Triton. Messages were received without any difficulty when under water. It is said to be the intention to install the system on all French submarine boats.

Married After Midnight.

[SPECIAL TO INTER MOUNTAIN.] Billings, July 10.—Robert T. Allen, Jr., and Miss Lillie Marsh were united in marriage by Justice Mann at his office at an early hour yesterday morning. Clerk Williams issued a license at midnight and Judge Manu arose from his bed to perform the ceremony. The reason for the extreme haste in the matter was that the groom had accepted a position with the Wild West show Monday evening and desired to claim his bride before going on the road. The bride is a daughter of Jesse Marsh, a well known ranchman of the valley.

VATICAN'S REPLY TO JUDGE TAFT

PHILIPPINE GOVERNMENT TO BUY LANDS OF RELIGIOUS ORDERS IN THE ISLANDS.

PAYMENT TO BE MADE IN MEXICAN DOLLARS

Must Use Influence for the Pacification of the Islands and Favor the Established Government, and Must Prevent All Political Opposition on the Part of the Clergy—Recall of the Friars.

[BY ASSOCIATED PRESS.]

Rome, July 10.—The vatican's answer to Judge Taft follows: "The contract which the vatican proposes shall be signed by both parties and comprises 12 articles:

"The first article says the Philippine government is to buy the lands of the four religious orders concerned, the holy see acting as intermediary.

"The second article describes what are the agricultural lands to be bought.

"The third article says that if some of these lands are possessed by corporations, the friars will sell their share.

"The fourth article established a tribunal of arbitrators, to be composed of five members, two of whom are to be chosen by the vatican, two by the Philippine government, and the fifth member by the other four. In case of disagreement as to the fifth member he shall be chosen, in common accord by the pope and President Roosevelt.

"The fifth article provides that the work of the arbitrators shall begin January 1, 1903.

"The sixth article refers to title deeds. These will be transferred to the Philippine government.

Provides for Arbitration.

"Article seven sets forth that the payment is to be made in Mexican dollars in the period of time proposed by Judge Taft, in his note of July 3. Interest during the period of payment accruing at 4 per cent.

"Article eight deals with the transfer of the ancient crown lands to the church with ecclesiastical buildings on them.

"The ninth article proposes amicable accord in the matter of existing charitable or educational trusts which are in dispute.

"In event of failing to agree in these matters, recourse is to be had to the same arbitrators to whom will also be submitted the case of the medical college of San Jose.

"The tenth article provides for arbitration as to the indemnity the United States shall pay for the ecclesiastical buildings used during the war in the Philippines.

"According to article eleven, the tribunal of arbitrators is to be paid by the Philippine government.

"Article twelve declares that the holy see interests in this sphere of action shall use its influence for the pacification of the Philippine Islands and in favor of their adhesion to the established government, and that it shall prevent all political opposition on the part of the clergy, both regular and secular."

Judge Taft's Note.

The answer of the vatican is compiled in the order of Judge Taft's note of July 3. First comes the note which says that all the studies of the vatican were to render more clear and precise and definite the conditions between the holy see and the Philippine government. In fact the note begs, if something further with this intention be proposed that it be freely expressed, adding that it would be considered with great pleasure.

The note continues in this tone until it comes to the recall of the friars. It then says the vatican cannot accept the proposition of recalling the friars within the period, such recall not being warranted by force majeure, it would be contrary to the rights guaranteed by the treaty of Paris and would put the holy see in conflict with Spain.

It asks: "If the United States cannot order the withdrawal of the friars, how can the pope do so, and particularly when it has been proved that the accusations made against them were partly false, partly exaggerated and partly inexact?"

Escape From Jail.

[BY ASSOCIATED PRESS.]

San Diego, Cal., July 10.—H. R. Hall and Marshall Brooke, both under sentence to the penitentiary, escaped from jail, taking with them Mrs. S. D. Grosh, alias Bessie Hall, another prisoner. In some way they managed to get out of the steel cage into the corridor. They made a weapon of a stove-leg and when L. A. Foster, the night jailer, came to lock them in their cells, they attacked him from behind, beating him until he was helpless. He was then bound and gagged with strips of blankets which they tore from their bedding, and the trio fled.

Generally a Safe Plan.

"They say," said the young dramatist, "that I shall have to cut my play down, but I really don't know where to begin."

"Why not start at both ends," his candid friend asked, "and work toward the middle?"

Mrs. J. F. Wilkin of Bozeman.

PREPARATIONS FOR NAVAL MANEUVERS

FIRST THREE WEEKS IN AUGUST TO BE DEVOTED TO PRACTICE OF THE BIG SHIPS.

ARMY MUST DEFEND NEW ENGLAND COAST LINE

Hopes to Experiment With Wireless Telegraphy if Suitable Arrangements Can be Perfected in Time and All Systems of Communication Will be Thoroughly Tested Along Coast Line.

[BY ASSOCIATED PRESS.]

Washington, July 10.—Beyond a general statement of the army and naval maneuvers which will take place on the coast this year, nothing bearing an official authenticity is obtainable.

From a high official a sketch of the exercises has been obtained, however. There are to be two distinct sets of maneuvers. The first will be purely naval and will consume probably the first three weeks of August, two or perhaps three of the vessels belonging to the North Atlantic squadron will represent an enemy's fleet and will attempt to elude a squadron commanded by Admiral Higginson and accomplish a landing at some point on the New England coast inside of limits not yet prescribed.

The second set of maneuvers will be to send out scouts to locate the enemy's vessels before they can reach the coast.

The vessels participating in these maneuvers will include the battleships Kearsarge and Alabama, Massachusetts and Olympia comprising the North Atlantic squadron, as well as the Montgomery, Scorpion, Marblehead and such other vessels as can be spared at the time. In the naval maneuvers, the officials hope to experiment with wireless telegraphy if suitable arrangements can be perfected in time and it is said there will also be experiments in coaling shipment, the progress of supplies and other minor features of naval warfare.

Arranging the Details.

Captain William F. Swift is now engaged in a consultation with Rear Admiral Higginson, commander-in-chief of the North Atlantic station, concerning these and other points of details. The second and more important set of summer maneuvers will consist of a naval attack at a point on the Atlantic on a hostile fleet which attack is to be met by a point defense by the army and militia, assisted by a small number of naval vessels detached for the purpose from the North Atlantic squadron.

Active preparations are in progress by the army for its part in the coming maneuvers. The defense will be under the general direction of the commander-in-chief of the department.

It has been determined that the attack will be made between New Bedford, Mass., on the east, and the eastern defenses of Long Island sound. This will include the artillery district Narragansett commanded by Col. Henry C. Hasbrouck and the district of New London, commanded by Lieut. Col. J. K. M. Davis. The Narragansett includes forts Adams, Wetherill, Greble, Rhode Island and Rodman, Mass.

The New London district is composed of Forts Trumbull, Conn.; Mansfield, R. I.; H. C. Wright, Michie and Terry, N. Y.

The New York forts are situated at the point of Long Island sound and are for the purpose of defending the cities of the sound as well as the upper approach to New York.

Be a General Test.

All the engineer officers available have been ordered to these districts. Ordnance officers have been directed to give attention to the inspection of guns and quantities of the ammunition with blank cartridges have been sent to the various points. Not only will the defense be a test of handling and firing the guns, but it will also be a test of the appliances, such as range finders, telegraphic facilities, signal operations and everything else that is necessary in a perfect sea coast fort.

In the radius of the operation the army will have no notice of where or when the attack will be made. The signal corps will be used for this purpose as well as all telegraph and telephone districts along the coast.

The navy will make every effort to mask the point of attack and the army will endeavor to find out where and when the attack will be made.

IS HIGH-PRICED NECKLACE

Jewels of Deceased Nobleman in a London Auction House.

[London cable to Chicago Record-Herald.] A very large and fashionable company was present at Christie's yesterday, the attraction being the disposal of the magnificent casket of jewels collected during a long life by a deceased nobleman, whose name was not given, but who is acknowledged to have been one of the greatest connoisseurs of his day.

One feature of the sale was the competition for a magnificent pearl necklace, which was put in at \$75,000, and eventually was knocked down for \$111,000.

A rope of 222 finely graduated round pearls began at \$50,000 and ended at \$83,500.

A matchless pear-shaped pearl fetched \$67,500, and a beautiful pearl and brilliant tiara of coronet form brought \$51,500.

The day's sale realized \$447,630.

Choose Archbishop Farley.

[BY ASSOCIATED PRESS.]

New York, July 10.—On what is claimed to be the authority of one of the most prominent prelates of the Roman Catholic church, the Herald announces that in a few days the choice of the Right Rev. John M. Farley as archbishop of New York, to succeed the late Archbishop Corrigan, will be made in Rome.

Hold Baptist Convention.

[BY ASSOCIATED PRESS.]

Providence, July 10.—When the convention of the Baptist Young People's society opened here yesterday, 10,000 persons were present, representing every state in the union.

CANADIANS HELP THE ABSCONDERS

GREENE AND GAYNOR SEEM TO HAVE POWERFUL FRIENDS ACROSS THE LINE.

POLITICAL INFLUENCE FELT AT EVERY TURN

Assistant Attorney General Who is Prosecuting the Case in Montreal Complains to His Chief and Explains the Difficulties He has to Contend With—State Department to Take Matter Up.

[BY ASSOCIATED PRESS.]

Washington, July 10.—The extradition case of Benjamin D. Greene and John F. Gaynor, whose removal from Canada to the state of Georgia on trial of charges of misappropriation and embezzlement of over \$2,000,000 in connection with the river and harbor improvements at Savannah, Ga., will take a diplomatic phase in a few days when Secretary Hay communicates to the British government statements of officials of our department justice, that the Canadian authorities are pursuing an extraordinary and unwarranted course in this case.

The proceedings resulted in Marion E. Erwin, special assistant to the attorney general, who has been in active charge of the extradition proceedings for the United States, transmitting to the attorney general under date of Montreal, July 7, a special report on the case in which he calls attention to the fact that the legal representatives of Messrs. Greene and Gaynor are closely connected through professional and family ties with the Canadian officials to whom this government must look for extradition of the men whose custody it seeks. After enumerating proceedings which he declared to have been irregular and illegal, Mr. Erwin declares:

Resist Extradition.

"It will thus be seen that before we can finally take the prisoners out of Canada, we will have to submit the regularity of our proceedings in some very important features to a high official of the dominion government whose firm was retained in advance of the extradition proceedings to resist extradition and whose political influence has been felt at every turn the case has taken.

"If this state of affairs then is to continue without protest on the part of our government we had just as well understand in advance that extradition of criminals from Canada under our treaty does not apply to cases where the fugitives have committed financial crimes of magnitude."

Upon receipt of this, the acting attorney general called the matter to the attention of the state department, saying in his letter of transmittal: "It has been a great surprise to this department that such a state of affairs as that reported could exist in any country controlled by British sentiment and laws, and I respectfully submit that the case be laid before his majesty's government in order that the matter may be dealt with according to the high state of British justice."

It is understood the state department will bring the matter to the attention of the British ambassador at once.

MISS PAULINE TURNER,

One of Livingston's Most Popular Young Ladies.

EMIGRANT RULES RELAXED

Stowaway German Woman Is Permitted to Land Through Sympathy.

[BY ASSOCIATED PRESS.]

New York, July 10.—Notwithstanding that the woman was a stowaway and without money the board of inquiry at the immigrant station had given Mrs. Louisa Schaller her liberty and remitted her fine.

Mrs. Schaller, who found herself unable to support her 10-year-old son in Germany, toiled until she had saved up enough to send him to relatives in America. She accompanied him on board a steamer to Bremen, but was unable to bear the separation when visitors were ordered ashore and secreted herself below.

A relative promised to see that she will not become a public charge, and one of the stringent emigrant rules was relaxed in her favor.

OLD BOILER GOOD ENOUGH

Cylinder Said to Be the Most Economical One Yet Known.

[BY ASSOCIATED PRESS.]

London, July 10.—The report of the committee appointed by the admiralty to consider the comparative utility of various types of boilers, has been presented to parliament.

The report says that no type of water tube boilers is at present so economic as the cylinder boiler. The report urges the use of such boilers in all large cruisers and battleships, until such a time as the necessary type of water tube boiler is obtained.

Cloudburst in Mexico.

[BY ASSOCIATED PRESS.]

Monterey, Mexico, July 10.—A special from Parras, state of Coahuila, says: A cloudburst covering an area of 50 square miles today did damage to the extent of \$400,000. The big Palagiana dam, the largest in Northern Mexico, broke with all the flood-gates open and was destroyed. The San Lorenzo dam, which has been standing for over 30 years, also was washed away. This dam was built of solid masonry about 1870.

Yale Mission to India.

[BY ASSOCIATED PRESS.]

Boston, Mass., July 10.—Close upon the announcement of Yale's mission to China, has come information of a movement on the part of Harvard University which promises to put into India Harvard men, who will directly represent the university there in the same way as other bodies of students will stand for Yale's interests in China.

He Praises Roosevelt.

[BY ASSOCIATED PRESS.]

Berlin, July 10.—Prof. Schieman, who occupies the chair of modern history in Berlin University and whose weekly reviews of foreign politics are one of the most interesting features of the Kreuz Zeitung, has taken up American affairs. He refers to President Roosevelt as being a man of the highest political capacity and says the Philippine proclamation gives much fuller amnesty than Great Britain's did to the Boers for, "by the stroke of the pen, he has transferred the government of the Philippines from the military to the civil authorities."

Agreed.

[Philadelphia Bulletin.]

Edna—He's just crazy to marry me!

May—Me must be.

Miss Irene Eldred of Deer Lodge.
