PARDONED THAT HE MAY ENJOY LARGE FORTUNE

Inventor Gets Sentenced to Prison That He May Cheaply Perfect New Machine.

New York, July 17.—In order that he may return to Germany and obtain a fortune of \$50,000 to which he recently fell heir and to which his right has been fully established, Richard Bassler has been pardoned by the New Jersey court of pardons. Bassler was sentenced to two years' imprisonment on a charge of burglary. The story of the crime as he related it to the court of pardons was that while intoxicated, he fell through a store window with no intention of stealing.

Another prisoner was sentenced to 10 years in 1895 on a charge of breaking into the postoffice, in order that he might take up the manufacture of a sewing machine invented by him while behind the bars.

A company with an authorized capital of \$1,000,000 has been formed to manufacture the machine. The pardoned prisoner is said to have received \$50,000 cash and a block of stock in the new company.

Royal Patient Doing Well.

London, July 17.—The royal yacht, it is understood, will remain off Cowes about a fortnight if the weather continues fine, and the king may then take a trip down the channel. The doctors are anxious that their patient shall not be given the least discomfort or inconvenience and instructions have been issued to skippers and pilots navigating vessels through the solent to slow down when passing the Victoria and Albert in order to prevent oscillation.

Organize New Asphalt Company.

New York, July 17.—The announcement is made, says the Journal of Commerce, that the reorganization plan of the National Asphalt company, prepared by the protective committees, has been signed by members of both committees, and the details will be made public on Friday or Saturday of this week. It is understood that the capitalization of the new company under the new plan, will be \$31,000,000, consisting of \$17,000,000 in common stock and \$14,000,000 in preferred.

Simply a Theory.

[Washington Post.] Perhaps the after-dinner coffee was so warm that it singed the ginger-ale side-whiskers of the Hon. Don M. Dickinson.

SPANISH MINISTER WILL ACCEPT LESS RIGOROUS TERMS

HE DISCUSSES THE CONDITIONS WHICH EXIST IN BOTH COUNTRIES AND THE TREATY.

SUGGESTS MUCH MORE GENERAL INTERCOURSE

He Wants to Encourage Americans to Visit His Country—Spirit of Consolidation is Already Developing in Spain and the Country is Making Wonderful Progress Along Commercial Lines.

[BY ASSOCIATED PRESS.]

New York, July 17.—Emilio de Ojeda, the new Spanish minister is in the city and will remain here a few days before going to Newport for the remainder of the summer. Discussing the conditions of trade in Spain and the proposed treaty with the United States, Mr. Ojeda is quoted by the Journal of Commerce as saying:

"Spain has lost her colonies and fully recognizes the importance of increasing her commercial relations in order to adjust her affairs to the new conditions; but what is needed is a preparation for increased commercial intercourse and a better understanding and more general intercourse between the two peoples.

"I find there is almost total ignorance, in a popular sense, in the United States as to what Spain really is and there is greater ignorance in Spain in regard to the United States. In the beginning, therefore, I favor increased intercourse between the two nations. When the two peoples of Spain and the United States get to understand each other, the trade will come. My idea is to establish a kind of combination to include prominent bankers in Spain, the bankers, hotels, etc., to encourage Americans to visit our country. The plan is to make the trip as cheap and in every way as pleasant as possible.

"In this connection, I may say that the spirit of consolidation of interest is already developing in Spain over very broad lines. There has been wonderful progress in ship yards, sugar growing and planting. The foreign cable has already given this matter great study and as a first step has started a sample office for the purpose of giving our own people an idea of foreign requirements.

"Samples of all the articles Spain can produce and that have a foreign market are on exhibition with their ruling prices attached and prove of great value."

Doctor Goes Insane.

Chicago, July 17.—Dr. Emmett Enos is dead at the Elgin Insane asylum. Dr. Enos was chief of the medical staff at the Kankakee asylum for many years until last fall, when he felt his mind giving way. He diagnosed his own case and hoped that by leading a quiet life his faculties would be restored. He engaged in medical practice in Hershey, but became violently insane there on May 20 and a few days later was committed to Elgin.

Bidding Pope Leo Farewell.

Rome, July 17.—At noon today Major Porter of the judge advocate's department of the army at Washington, personally delivered to Cardinal Rampolla, the papal secretary of state, the last note of Judge Taft, governor of the Philippine islands, on the subject of withdrawal of the friars from the islands which presumably end the governor's negotiations here, as Major Porter simultaneously presented a letter from Judge Taft asking for a farewell audience with the pope.

Italians Have a Good Time.

New York, July 17.—Thousands of men, women and children, gaily dressed, thronged the streets and joined in the parades, celebration charivaries in "Little Italy" in commemoration of the feast of Our Lady of Mount Carmel, the patron saint of Naples. A feature of the ceremony was the great parade of the society of Our Lady of Mount Carmel, in which a banner with the portrait of the Virgin was conspicuous. The banner when the end of the parade was reached had \$5,000 in money and jewelry attached to it, these offerings having been pinned during the march in accordance with the ancient custom.

South African Situation.

London, July 17.—Some uneasiness is felt in official circles regarding the situation in South Africa. There is evidence today that complete racial reconciliation is far from complete at present.

In Another Race.

Dover, England, July 17.—Emperor William's schooner yacht, Meteor II, was the first to arrive here in the race from the island of Heligoland, Germany, for the Von Busch trophy, valued at 600 guineas, and two other prizes. The yachts started in the race Monday, and last night were becalmed in the North Sea.

Stock Goes Down.

Salt Lake, Utah, July 17.—On the local mining stock exchange this morning Daly-West dropped from \$54 to \$48 a share, a loss of over \$1,000,000 on the entire capital stock.

Have Robbers Cornered.

Denver, Colo., July 17.—A telegram received at the office of the Denver & Rio Grande railway here from its representatives at Pitkin says the robbers who held up the train near Marshall Pass have been surrounded in Box Canon. The message says the posse was apprehensive of good results unless reinforcements were sent at once. Assistance has been sent from all the officers in the vicinity.

Price of Whisky.

Peoria, Ill., July 17.—The price of whisky advanced one cent this morning on the Peoria board of trade. This brings the present price up to 75¢ per gallon as a basis for finished goods.

IRON PRODUCTION NOW FALLING OFF

ALABAMA FURNACES WILL BE BEHIND THIRTY PER CENT—COAL STRIKE CAUSES DELAY.

[BY ASSOCIATED PRESS.]

Cleveland, Ohio, July 17.—The Iron Age in its current issue, says: "There has been heavy buying of pig iron in the Chicago district, two orders alone amounting to over 50,000 tons. The Alabama coal miners' strike has been settled, the men deciding to return to work on the basis of the old scale, which provided for a 50 cent maximum. The day wages of skilled workmen are increased. Of the 30 Alabama furnaces on the active list 13 were banked because of the strike and some of these will not resume until toward the end of the month.

The pig iron production in Alabama, it is estimated, will fall off about 30 per cent, or 8,000 tons, from that of June sales of iron for delivery in 1902.

At Pittsburg sales of 20,000 tons of foundry iron have been made in the week for next year. The troubles of the northern furnaces, banked because of coal strikes and some stocks that have been operated freely are now in doubt from day to day how long they can keep going. With all the hindrances the production of iron keeps up a surprising rate, the active furnaces of July having a reported capacity of 352,590 tons, which is a high record.

CARNEGIE'S SUBSCRIPTION

He Gives One Hundred Thousand Dollars to Clark University.

New York, July 17.—Andrew Carnegie has promised to give Clark university \$100,000 toward the \$250,000 needed to secure a bequest of \$500,000 under the late will of the late Jonas G. Clark, says a Worcester, Mass., special to the Tribune. Mr. Carnegie made the news known in a cablegram saying: "I will give \$100,000 providing the other half be raised by a special gift fund in honor of Senator Hoar."

The other half to which Mr. Carnegie refers is the \$250,000 which by the will of Mr. Clark must be raised in order to allow the trustees to divide the \$500,000 between the departments of research, library and literature in equal sums.

NOT SO BAD AS REPORTED

Storm Did Much Damage Through Minnesota and North Dakota.

St. Paul, July 17.—Telegraphic communication with the Red River valley is still interrupted, but a brief telephone conversation with Grand Forks at noon brought the news that the storm was very widespread and did much damage will be heavy in the aggregate, but there is yet no confirmation of the reports that several towns have been destroyed. These reports are "discredited at Grand Forks, as are also the reports of loss of life. It is believed, however, that many are injured.

The storm started near Devil's Lake, N. D., swept over and up the Red River valley, jumped across Minnesota and went tearing down the Mississippi river into Iowa.

President's Quiet Day.

Oyster Bay, L. I., July 17.—Today was the first really quiet time the president has had at Sagamore Hill since his vacation began. He passed most of the day in recreation with Mrs. Roosevelt and the children. Tonight R. D. Wrenn, the tennis champion, and a former member of "Troop A" of the Rough Riders, and Owen Ritter of Philadelphia, author of "The Virginian," will arrive at Sagamore Hill to spend the night and tomorrow with the president.

Inquest on Merrill.

Tacoma, Wash., July 17.—The inquest over the body of Merrill, the dead convict, has developed the fact that he had served two terms in the Montana penitentiary at Deer Lodge, one term under the name of McTague and the other under the name of Merrill. Information is needed from Deer Lodge as to four false front teeth Merrill wore, which the Oregon penitentiary officials failed to discover when examining. Convicts at Salem have since told the warden that Merrill had false teeth and this fact was telegraphed to the coroner at Chehalis this morning.

Helping Infant Industries.

Havana, July 17.—The senate has appointed a committee to decide whether the agricultural and cattle industries in Cuba need assistance and if so to recommend means to aid them. A loan of \$4,000,000 to assist cane growers is proposed and it is suggested that a bounty of \$5 be paid for each cow imported into the island.

Hanged by a Mob.

Owensboro, Ky., July 17.—Josh Anderson was hanged by a mob at 2:30 this morning. He was taken from the jail without much resistance, the jailer not expecting a mob. Anderson was strung up to the crossbeam of the city scales. Last Thursday night he went to the home of his wife, three miles below town, called her out and shot her three times, instantly killing her.

Must Repair Ancient Church.

London, July 17.—According to a Rome correspondent of the Daily Express, the rich wooden ceiling of the church of Saint John Lateran is cracked in several parts and a commission has reported that repairs costing \$4,000 are necessary to prevent its falling. The correspondent says that the pope alarmed by the fall of the Campanile in Venice has ordered that a fund be started to defray the cost of repairing the ceiling.

Jury Is Secured.

Detroit, July 17.—After exhausting three panels each and using up all but one man of a fourth panel a jury was secured for the trial of former Cashier J. C. Andrews of the City Savings bank who is charged with misappropriating the funds of the bank.
