ANACONDA ELKS DO FANCY DREAMING

MANAGER CLINTON FIXES UP A SCHEDULE OF CHANCES TO INSPIRE CONFIDENCE IN MEN.

CAN ONLY END ONE WAY ACCORDING TO THEORY

In a Moment of Leisure He Figures How the Anacanda Gang Will Win Through the Courtesy of the Two Butte Umpires—Butte Loses All Chances of Retaining the Championship Cup.

[SPECIAL TO INTER MOUNTAIN.] Anacanda, July 17.—Manager Frank Clinton of the Elks' baseball team, lodge No. 239, B. P. O. E., which will meet the team from the Butte lodge at Columbia Gardens tomorrow, has been out doing a little scouting the last day or two and has fixed up a dope sheet that enumerates all the chances the Anacanda team has of bringing back the championship bowl, dubbed a loving cup, over which Tom Kilgallon is now standing guard on the 1,600-foot level of the Stewart mine, with a pick-axe in one hand, a lighter fuse and a stick of dynamite in the other and a candle in his hat, nor cares he how the grease spots his Panama, nor the copper water stains his white ducks.

Manager Clinton's first theorem is this: "If Rod Williams makes a hit, we'll get the game, and if Rod doesn't hit the ball he will surely make a hit with the bleachers. His past record proves it, and this dream is correct. That's our first chance."

"Second, if the Butte players can't hit our pitchers, we have them at our mercy. If they can't hit the ball they can't make scores. In order to retain the cup they must make scores. And that is a good long chance."

"Third, Tom Kilgallon cannot play. He is custodian of the jar and therefore our most formidable antagonist because he's got the thing hid, and rumor says he is very much attached to it. If so he would be a bad man in the game. Kilgallon out of the way is one more obstacle from our path."

Have the Umpires. "Fourth, both umpires belong to the Butte lodge, hence will have to give us the best of it for fear they should be accused of pulling for their own boys. The assistance of the umpires is at all times a thing to be desired."

"In wearing dark uniforms we will have another advantage. The Butte boys, attired in white, will have to be extremely careful or ruin their appearance. Dust adds to the attractiveness of the dark uniforms and as neatness will probably be taken into consideration by the umpires, we score another easy point."

"That makes five points. As it is hardly probable that the Butte aggregation can score that many I figure that we win by a close margin, carry back the championship in triumph and let Tom Kilgallon be once more at liberty to attend to routine business which he has not been able to do since the trip to the championship game in Helena, where he was made the watch dog of the archives, wherein lies the bucket."

MAGNOLIA CREAM

Is as good as anything you ever get to keep the skin soft and white. Of course, ladies, you wear a veil all the time in this blustery weather, but a veil does not prevent the damage done by winds and irritating dust. A good many of our customers have been using MAGNOLIA CREAM year after year. Isn't that good evidence of its goodness. MAGNOLIA CREAM is not sticky nor greasy. It is quickly absorbed and can be used at any time. 25c a bottle. The men hereabouts have learned that MAGNOLIA CREAM is a good thing to use after shaving. It prevents that dry, drawn, scraped appearance which is anything but pleasing.

GIANT POWDER FOUND IN ANACONDA STREET

[SPECIAL TO INTER MOUNTAIN.] Anacanda, July 17.—Yesterday afternoon the citizens of the northern addition were greatly surprised as well as in a measure terrified, when a teamster found lying in the middle of the street a stick of dynamite, after first just missing it with the wheels of his wagon. The dynamite was taken into anearly saloon where a crowd soon assembled to learn what was going on. It did not make their minds any easier on learning of the finding of the giant powder and many of them were firm in the belief, and are yet, that it was the intention of some evil minded person to revenge himself for real or fancied wrongs by blowing up some house. Belief is Strengthened. This belief is strengthened by the fact that a small boy, some hours afterwards, found a piece of fuse with a cap attached at a point towards the extreme west end of Mainville. The lad was in blissful ignorance of what he had found until the piece of fuse was seen and examined by a man over town, who found that while the fuse was all right the cap was worthless. It looked as though it might have lain on the ground for days. It is barely possible that the fuse and cap might have come where it was by accidentally dropping from the pocket or

pack of some prospector, as quite a number leave the city by that route for a trip of a day or two in the hills. Of course, it is also possible that the powder also came where it was found by accident but those who have considered the matter think it hardly probable. Most Probable Theory. The theory most leaned to is that the fuse and powder have no connection, that the fuse came from where it was by accident, for it was so far from where the powder was found and appeared to have lain on the ground so long, that the two could not have been dropped at the same time. The dynamite, however, was fresh and was right in town. Probably some person intended to use it but his heart failed him and he dropped the dynamite in the street as it was the easiest method of getting rid of it. However, suspicious characters will be under a strict police surveillance from now on and should any incident happen that would lead the officers to think they had a slight connection with the dynamite, there will be some arrests made. The residents of Mainville are somewhat uneasy, not being used to powder in stick form and consequently being somewhat worked up over what might have been an attempt to blow up that portion of the town.

WILL NOT PAY THE DOG LICENSE TAX

CHIEF OF POLICE TAYLOR PROPOSES TO PROSECUTE THE OWNERS OF DOGS. [SPECIAL TO INTER MOUNTAIN.] Anacanda, July 17.—Anacanda is again in the throes of supreme dissatisfaction because she is minus a dogcatcher. Chief of Police Taylor stands on the main street every day and says hoarsely, between his gritted teeth, "A dogcatcher, a dogcatcher; my shield of gold for a dogcatcher." But the dogcatcher cometh not. Everybody passes up the job. Nobody wants to get rich in that way. The dogs of Anacanda roam and howl tagless, and there is none to say them nay. Fifty good citizens in every way, except when it comes to paying the dog license, will presently be prosecuted, Chief Taylor says, on the dog ordinance, for failing to buy tags for Towser. When the city attorney gets well the cases will be tried. Before the Fourth of July an Indian promised to become dogcatcher just as soon as the celebration was over, and on the strength of the promise borrowed 50 cents from one of the police force. He never returned, and the joy which he raised in the chief's heart at the prospect nearly proved fatal when the reaction came. There is crepe on the city hall now to indicate how the broken promise of Man-With-The-Flapjack-Face bowed the administration down.

CHARGES HER HUSBAND WITH A SERIOUS CRIME

Alleged That Arthur Bliss Has Gone Away With Another Woman—Quite a Scandal. [SPECIAL TO INTER MOUNTAIN.] Anacanda, July 17.—Mrs. Arthur Bliss of this city this morning went before County Attorney Duffy and swore out a warrant against her husband, charging him with infidelity. The warrant was placed in the hands of Constable Lynch for service. Bliss has been an employe at the converters of the Washoe smelters for some time past. Mrs. Bliss stated that he quit his job there recently and they decided to go to Butte. Bliss was to go in advance, and made an appointment to meet his wife in that city yesterday. Upon arriving there she found no trace of him, nor did he keep the appointment. It is alleged that Bliss has been intimate with another woman in the city for some months past, and rumor has it that when Bliss left for Butte right before last the woman was on the same train. When Bliss failed to keep his appointment with his wife in Butte, she returned to Anacanda and obtained a warrant for his arrest. Both parties are well known in Anacanda and something of a scandal has been created.

TODAY'S WALL STREET STOCKS

[BY ASSOCIATED PRESS.] New York, July 17.—The market was exceedingly active and broad during the first half hour and a number of stocks mounted buoyantly. Evidence of profit-taking and a rather abrupt relapse in some of the most prominent stocks aroused misgivings and the activity of the trading dropped materially. Colorado Southern rose 2 1/2. Colorado Fuel was pushed up 4 points in a feverish way and there were gains of 1 to 1 1/2 in Anacanda, North American, and a few minor specialties. Fullman advanced 2 1/2 and New Haven 3. Profit-taking began in high priced grangers and carried the principal stocks in that group under last abruptly to 1 1/2 under last night. Colorado Southern reacted 1/2, Colorado Fuel 1 1/2 and the whole list yielded and became dull. Bonds were steady at noon. Large buying of Reading diverted the speculation to the coalers and practically all of that group rose from 1 to 1 1/2. Gains of a point or more were made by Denver and Rio Grande preferred and Pacific Mail. Wells Fargo jumped 10 points. There were some large blocks bought of Southern Pacific and Southern Railway at fractional advances. The level of prices otherwise was not much changed. Large buying orders appeared for the Vanderbilt stocks, carrying New York Central up a point and New York, Chicago and St. Louis and Lake Erie and Western, 2. Pennsylvania, Missouri Pacific, Gas and Hocking Coal, joined the rise to the extent of a point, and St. Paul rallied to the best of the day. Long Island gained 4. TRAVIS IS NO LONGER CHAMPION OF GOLFERS

Beaten in Great Illinois Tournament by E. M. Byers of the Allegheny Golf Club. [BY ASSOCIATED PRESS.] Glenview Gold Course, Ill., July 17.—E. M. Byers of the Allegheny club, playing the prettiest golf in the nine last holes that has ever been seen in an amateur championship tournament, today added an "Ex" to Champion W. J. Travis' title, defeating him by one hole. Byers' medal score of 35 for the nine last holes has only been made by one or two professionals. Travis played par golf, or better; in fact he beat Bogey by three strokes going out and three strokes coming in, but this was not good enough to hold down the Pittsburgh golfer. The result upsets all calculations as regards the championship. The medal score follows: Travis—Out, 39; in, 39. Total, 78. Byers—Out, 42; in, 35. Total, 77. Walter Egan—Out, 42; in, 44. Total, 86. George Ormiston—Out, 45; in, 44. Total, 89. Dr. D. P. Fredericks, Oil City, beat Abram Poole, Jr., Ontonwissa, 3 up 2 to play. F. B. Hoyt, Glenview, beat H. J. Tweedie, Esmond, 3 up 3 to play. Dr. D. O. Reinhardt, Baltusrot, beat H. C. Smith, Ontonwissa, 5 up 3 to play. "I have only one thing to say about my defeat," said Mr. Travis, "and that is Mr. Byers played a better game than I did. He earned his victory, and therefore deserved it." Butte's Golf Club. Butte's Golf club will enjoy itself individually and collectively Saturday afternoon. First the ladies of the house committee will give an afternoon tea as ladies of a golf club alone can prepare it. Then there will be a tournament for the men, the winner to receive a handsome trophy. Promptly at 3 o'clock in the afternoon, a tallyho will be ready in front of the Silver Bow club to take the members to the grounds.

TODAY'S WALL STREET STOCKS

[BY ASSOCIATED PRESS.] New York, July 17.—The market was exceedingly active and broad during the first half hour and a number of stocks mounted buoyantly. Evidence of profit-taking and a rather abrupt relapse in some of the most prominent stocks aroused misgivings and the activity of the trading dropped materially. Colorado Southern rose 2 1/2. Colorado Fuel was pushed up 4 points in a feverish way and there were gains of 1 to 1 1/2 in Anacanda, North American, and a few minor specialties. Fullman advanced 2 1/2 and New Haven 3. Profit-taking began in high priced grangers and carried the principal stocks in that group under last abruptly to 1 1/2 under last night. Colorado Southern reacted 1/2, Colorado Fuel 1 1/2 and the whole list yielded and became dull. Bonds were steady at noon. Large buying of Reading diverted the speculation to the coalers and practically all of that group rose from 1 to 1 1/2. Gains of a point or more were made by Denver and Rio Grande preferred and Pacific Mail. Wells Fargo jumped 10 points. There were some large blocks bought of Southern Pacific and Southern Railway at fractional advances. The level of prices otherwise was not much changed. Large buying orders appeared for the Vanderbilt stocks, carrying New York Central up a point and New York, Chicago and St. Louis and Lake Erie and Western, 2. Pennsylvania, Missouri Pacific, Gas and Hocking Coal, joined the rise to the extent of a point, and St. Paul rallied to the best of the day. Long Island gained 4. Atchison spurred to above 89, and United States Steel stocks were more active and higher. The market elsewhere was hesitating under realizations. St. Louis-Southwestern fell a point under last night and Missouri Pacific reacted a point. Northwestern broke 3 1/2. Later in the day, Chesapeake & Ohio rose strongly to 5 1/2. New York Stocks.
