## ADMINISTRATOR'S REPORT ON ESTATE

PRESENT CONDITION OF PROPERTY LEFT BY LATE A. J. DAVIS SHOWN BY J. H. LEYSON.

### VALUE OF CERTAIN STOCKS IS NOT SHOWN

Report Notices Suit by Ingersoll Estate, as Well as Litigation With Colusa-Parrot Mining and Smelting Company Over Title to Black Tail Creek—Receipts and Disbursements.

J. H. Leyson, administrator of the estate of the late A. J. Davis, today made and filed his seventh annual report in the district court. The report shows that Mr. Leyson paid out \$15,000 for attorney's fees since his last report.

It also shows that the total disbursements since then were \$19,138.74. The total receipts were \$5,101.38. The balance on hand at the time of the preceding report was \$130,008.07. The amount in his hands in toto during the time since was \$135,069.45.

The balance in the estate now is \$115,069.71. On February 20, 1902, \$1,250 was paid to Judge Harwood for legal counsel. A similar amount was paid to him on July 10, 1902.

On July 22 the sum of \$12,500 was paid out to the legal firm of Forbis & Mattison for attorneys' fees to cover the period between November 1, 1899, and May 1, 1902. Dan Brown, the tax collector, was paid a cash balance tax of \$3,491.53 on March 29, 1902.

Mr. Leyson reports that he has been in correspondence with the representative of the Lexington Mining company, whose address is Paris, France, for the purpose of ascertaining the probable value and condition of the stock in the company.

He also reports the Ingersoll suit to recover \$95,000, and that he has appeared in the case; also the suit brought by the Colusa-Parrot Mining & Smelting company to determine the title to the Black Tail creek; also the order of court made last December instructing the administrator to distribute \$100,000 and 100 shares of the First National bank of Butte and the appeal from the order taken by the latter; also his attendance at meetings of the Butte Hardware company in which the estate has an interest.

### HIS DEATH RESULTED FROM NATURAL CAUSES

Jury Returns Verdict in Case of French Blacksmith Found Dead Under Wagon Yesterday.

Theophile Rochon, who was found dead under a wagon in front of the blacksmith shop of Robert Rutter at No. 1027 East Front street Tuesday morning last, came to his death from natural causes.

This was the verdict of the coroner's jury which met at Sherman's undertaking establishment this afternoon at 2 o'clock to make inquiry regarding Rochon's death.

Rochon had passed his allotted three weeks and ten and was growing feeble for weeks before death claimed him at his work. He was employed by Robert Rutter and on the morning of his death went out to do some repair work on a wagon in front of the shop. Two hours later his dead body was found in a kneeling position beneath the wagon.

The funeral took place this afternoon from Sherman's undertaking parlors immediately after the inquest, the pallbearers being: F. Pamaleau, L. Smith, L. Danseereau, J. R. Baker, A. A. Gagner and R. E. Hopper.

### COMMISSIONERS PLACE INSURANCE ON HOSPITAL

Thirty Thousand Dollars Worth Distributed Among Six Firms—Policies Issued for One Year.

Thirty thousand dollars' worth of insurance was placed on the new county hospital by the commissioners today. Six insurance companies shared the patronage of the county and the risk of loss in the award of the business. Policies were taken out in each of the six for \$5,000.

The names of the firms to which the business was awarded are the Thompson company, Ferris & Co., J. E. Rickards company, Slemmons & Booth, Fred Rawlins, and the Passmore company. The period for which the policies will be issued is one year.

The commissioners also awarded a contract for the painting, papering and rehabilitating of Judge Clancy's room. Three business houses bid for the work. It was awarded to the Schatzlein Paint company for the sum of \$240.

The Schatzlein bid was about half what the bid of the lowest competitor was. The Carder Wall Paper company wanted \$425 for the work. The Ellis Paint company put in two bids—one for \$399.50 and one for \$425.

### STAY OF EXECUTION IS GRANTED BY M'CLERNAN

Suit of W. B. Hamilton Against J. J. Cambers and Others—Defendants to File Bond of \$27,000.

In the suit of W. B. Hamilton against J. J. Cambers and others, the trial of which a short time ago resulted in a verdict against the defendants, Judge McLernan granted the defendants a stay of execution today on the filing of a bond of \$27,000.

The suit is one that had its origin in a lease on the Cambers mine, located in the Parrot addition to the city. Hamilton and others secured the lease and struck a body of copper ore. Shortly afterwards Cambers attempted to annul the lease on the ground that the work for which the lease called was not being properly executed. Hamilton won the case and then sued Cambers for damages which he alleged he had sustained by reason of the fact that while Cambers was endeavoring to annul the contract the lease expired and he was thus prevented from taking from the property the ore which he would have mined had Cambers not had him enjoined from working while the former action was pending.

### ANXIOUS TO FIND TWO MEN WHO ARE MISSING

Police Receive Letters of Inquiry Regarding Whereabouts of W. H. Coats and William McCormack.

Mrs. Thomas Moroney of No. 370 Hicks street, Brooklyn, is anxious to find out what has become of her brother, William McCormack, and has written the police department of this city a letter of inquiry. She says that she has not seen the missing man for 29 years, but not long ago she heard he was engaged in the horse-breeding or ranching business in this state. William was born in Tipperary, Ireland, about 50 years ago and has been in this country 31 years. The last time she saw him was in New York. He is 5 feet 6 inches from the ground up.

The whereabouts of William Hiram Coats, at one time cattle inspector in the Grass Range district, are also desired by his sister, Mrs. M. E. Rice of San Jose, California. She says there is an estate to be settled and it cannot be done unless it is shown that Coats is either dead or alive. The last she heard of him he was working as a miner in the Gilt Edge mine of Fergus county, this state.

### MOTHER WANTS MARY TO RECREATE AT MILES CITY

Thinks Reform School Would Be a Good Place of Rest for Young Lady, Who Is Incurable.

Mary Coskolin, who disappeared from her home in Dublin Gulch about two weeks ago, was found by Officer Barney McGillic at No. 243 East Broadway yesterday and lodged in the city jail with a charge of incorrigibility opposite her name on the blotter.

Mary is under the age at which girls are permitted to leave themselves and direct their own course when not in the employ of some one else that likes to boss, and is said to have been keeping questionable company since she left the parental roof. It is the intention of her mother, who started the police department on her trail, to send her to a place where girls and boys who were bad in cities and towns retire at a certain minute every night, get up in the morning with equal punctuality, eat three meals a day without casting reflections on the bill of fare, pursue a course of study, whether they like it or not, and come out when they are of age with the feeling that "there is no place like home."

### MAXWELL CANNOT BE HERE

Secretary of National Irrigation Association Is Called East.

George H. Maxwell, executive chairman of the National Irrigation association, who was to have lectured in Butte on August 4, and at Anaconda on August 5, has sent word that he has been unexpectedly called East and will be compelled to cancel all his Montana engagements after this week.

This announcement will be a disappointment to those who have been looking forward to Mr. Maxwell's lecture, for his position particularly fits him to discuss the subject instructively and much interest is felt in the irrigation matter in Montana.

### GOOD FRUIT IS COMING TO BUTTE THIS SEASON

C. H. Edwards, secretary of the state board of horticulture, said this morning that the imported fruits coming in this season up to the present time have been absolutely clean and free from injurious insects and are of the best grade.

"Our work of the year is now beginning to be effective," said Mr. Edwards, "in fact the dealers have expressed great surprise and much satisfaction with the result of our labors. They say that the fruit imported this season has been, throughout, the best ever shipped to the city."

### TWO ACCIDENTS IN SAME FOLD

Little Brother of Girl Who Was Burned to Death Is Badly Hurt.

Little Harold Lamoreaux, aged 8 years, and a brother of the little girl of 3 years who was burned to death on Monday, met with an accident yesterday which nearly proved fatal. Immediately after returning from the funeral of his sister, he stepped on a loose plank and fell, the back of his head striking upon a large nail, which crashed into his skull and cut his head badly.

Dr. C. Turner was called and arrived at the scene within three minutes. A short delay would have been fatal, as the boy was bleeding rapidly. He is now out of danger.

News of the accident was kept from the afflicted parents until this morning, the boy being taken to the house of Pat Hurly, his uncle.

In the case of four foreigners, who cannot speak English, sentence was postponed until the arrival of their interpreter. Thomas Haggerty was given 90 days in jail and the other five defendants, 60 days each.

### PROGRESS OF HAYTI RUMPU

M. Firmin's Forces Marching Toward Cape Haytien from Three Sides. [BY ASSOCIATED PRESS.]

Cape Haytien, July 24.—The army from the department of Artibonite and from the districts in sympathy with M. Firmin, who has been declared president of the Artibonites, is marching on Cape Haytien from three sides. General Albert Salhave has arrived at Plaisance, General Emile Gasparard has reached Dondon and General These Monistans is moving on St. Raphael and Trou.

General Alexis Nord, the minister of war of the provincial government, is still here, but it is said he contemplates leaving Cape Haytien shortly in order to take charge of the troops relied upon to defend the capital, Port au Prince.

The population here are in a state of uneasiness, believing the town will shortly be attacked by the Firminists. No news has been received here regarding the movements of the warship Crete-a-Pierret, but it is feared that she may appear off this port and land troops to support M. Firmin's forces.

There are no foreign warships here.

Dealers are no longer able to supply the immediate needs and, as for New York's winter supply they say if the mines were opened tomorrow they would not be able to meet the winter demand.
