LARGE CROWD OF MEN ARE AT WORK

GRADE FOR NEW STREET CAR LINE IS AT THE WASHOE SMELTER BEING BUILT RAPIDLY.

WILL BE COMPLETED BEFORE COLD WEATHER

Most Difficult Piece of Road, That Which Will Cross Walker Gulch Before Reaching the Smelter Is Yet to Be Built—Will End Near Timekeeper's Office.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, July 25.—Work on the grade of the new street car line which will run to the top of the Washoe hill is being pushed rapidly and more men are being put to work each day.

This, when completed, will be one of the most advantageous improvements possible to make for the benefit of the men employed in the smelter, and at the rate with which the grade is now being put in it will be completed long before cold weather sets in.

The new line leaves the flat at a point between the foundry and the works and at a comparatively short distance from the latter. Much of the grade is already built along the side hill. It is in plain view from the valley.

The most difficult piece of grading is yet to be done, however, that is that portion which will cross Walker Gulch before approaching the works.

A small army of men are at work, however, and it will not take long. The completion of this line will see the cars stop but a short distance from the general office building, where are located the timekeepers' offices.

Thus the men will not have to climb the steep hill to check in as they do now, as they will be dropped right in the center of the huge plant and about equal distances from all buildings.

CARPENTERS' UNION MEET

Semi-Annual Social Ball, Musicales and Supper in Anaconda.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, July 25.—Turner hall was the scene of a most enjoyable festivity last evening. The Carpenters' union of Anaconda gave its customary semi-annual social and grand ball there, including a musicale and supper. The hall was crowded and everybody present had the time of his life.

The fun was opened with the musicale program, during which the following exercises were rendered: "Kilrainey," Orpheus quartet; remarks, John Delaney; song, "Wonder of the Deep," E. E. Lyman; song, John Baglin; violin solo, Messrs. Ludders; duet, "Sinking Ships," Messrs. Harris and Thomas; song, John Baglin; "My Old Kentucky Home," quartet.

Light refreshments followed the music, and then the hall floor was given over to dancing, in which everybody participated.

SPORTS WILL REMAIN UP FOR THE RETURNS

[SPECIAL TO INTER MOUNTAIN.] Anaconda, July 25.—Local interest in the Jeffries-Fitzsimmons fight is at fever heat today and from indications it will be an immense crowd that will await the result by rounds of the big battle tonight.

There is little or no betting on the event, however. As is the case all over the country Fitzsimmons has many sympathizers who would like to see him win, but Jeffries with his 56 pounds more weight and his advantage in age and height, makes them wary of putting money on the fight.

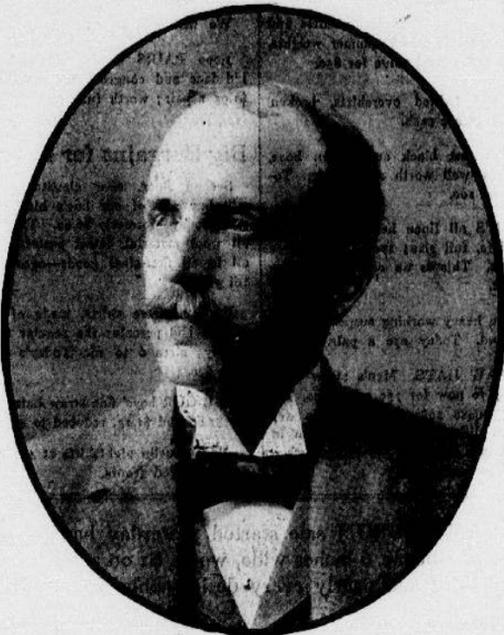

The report by rounds will be received in no less than five or six different places in Anaconda tonight.

Several well known Anacondans are at present in San Francisco and will be at the ringside, so that when they return they will have to fight it all over again and the local sports will learn to their satisfaction just how it was done.

The prevailing opinion among the sporting fraternity of this city is in favor of Jeffries, but all admit that if Fitz manages to land a couple of his "Kangaroo wallops," it may put a different phase on the matter.

But little else than prizefight talk is to be heard on the streets today.

CONGRESS DELEGATES

JUDGE WELLING NAPTON.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, July 25.—The board of county commissioners this afternoon appointed the following delegates to represent Deer Lodge county in the mining congress to be held soon in Butte: John R. Toole, A. M. Walker, Frank Jones, Mal Sheehan and Judge Welling Napton.

GEORGETOWN PLACER MINES

Proposed to Work the Placers on the Flats With a Dredge.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, July 25.—A. Cattell came to town yesterday and brought with him \$150 in gold which he declared he and his son took from their claim in the Georgetown placer district in two days. Mr. Cattell was exceedingly enthusiastic in praising the placer district.

Reports from the Georgetown Placer company, which is preparing to work claims in the same locality, are very rosy-hued. The company has ordered a big dredge for use on its properties, and the dredge will be put into commission as soon as it has been constructed and brought to the district.

The principal stockholders in the placer company are H. Frank Collins, D. G. Brownell, John Roach, John Standall and Louis King. They are all sanguine in regard to their property.

W. A. Clark owns several unworked claims in this district, but he has not done anything with them for a long time.

SHOOT IN KLEPETKO'S HONOR

Gun Clubs Have Arranged for a Tournament for Sunday.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, July 25.—Frank Klepetko is to be complimented in this city Sunday. The Butte, Great Falls, Helena and Anaconda Rod and Gun clubs will hold a shooting tournament in his honor at the race track on that day, and it will no doubt be the event of the season in shooting circles.

The shooting will begin at 10 o'clock in the morning and continue until the ammunition is exhausted or darkness intervenes. Some valuable trophies will be hung up, among them the Brownlee medal, the Klepetko medal and cup, and the live bird D. D. Twohy of Anaconda holds the Brownlee medal, the Klepetko medal is held by E. A. Morley of Butte and the Klepetko cup by a team composed of members of the Butte club.

FIRST BRICK HOUSE HERE

It Was Not Brick but Only Veneered—Many Interesting Points.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, July 25.—Since the work of tearing down the home at Park avenue and Cherry streets has begun to make room for the new brick structure of the Adams department store, many stories of the old building have been unearthed.

It is one of the oldest houses in Anaconda and was moved several times before it was finally placed where it is now and brick veneered.

It is not generally known, however, that the brick veneer placed on the building was the first instance in the history of Anaconda where bricks were used in constructing a residence. According to several old-timers, such is the case.

Prior to the time the veneer was placed on the old house there had not been a brick building constructed in Anaconda.

The removal of this historical house then, to make room for one more modern, has many points of interest.

Also the trees that surround it are the envy of a great many, and during the day numbers can be heard to "wish they could move those trees."

SHARPEN UP THEIR AXES

Anaconda Modern Woodmen Get Ready to Play Baseball.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, July 25.—The baseball team of Anaconda Camp No. 603, Modern Woodmen of America, are diligently preparing for the game they have scheduled with the Silver Bow Camp to be played August 10, at Mountain View park.

That is the date of the first annual picnic of the Woodmen, and there will be a grand celebration. The ball game between the two teams will be one of the leading features of the day.

Both lodges have excellent baseball material in their midst and consequently a good game may be expected.

The line-up of the Anaconda team will be as follows: Catcher, Frank Davis; pitcher, H. J. Hansen; first base, Ezra Johnson; second base, C. A. Tuttle; third base, Felix Falk; shortstop, W. D. Kendrick; centerfield, Deton; left field, Johnson; right field, Drum.

These players represent the best baseball talent in the local lodge. The battery, Davis and Hansen, has the especial confidence of the Woodmen. Hansen pitched last year for the Anaconda Eagle team, the amateur champions of the state, and Davis is recognized as the best left-handed catcher in these parts. His base throwing is perfect.

The Anaconda bunch feel confident of winning the set of aluminum axes, the prize that goes to the best team.

SUNDAY IS THE DAY OFF

This Week's Crowd of Pleasure Seekers Will Be Extremely Large.

Anaconda, July 25.—Last Sunday there were more Anaconda people out of town than there has been any day this year. They did not go to Butte or to other cities, but went to Silver Lake, to Mount Haggin, to Flint Creek Falls, to Lost Creek cave, to Mill Creek and, in fact, in every conceivable direction. There was not a saddle horse nor a livery rig to be had in the town. One was considered fortunate if a bicycle was secured.

If the weather permits carrying out the plans for next Sunday that are being laid today, there will be just as many people take to the woods.

Several picnic parties will leave Saturday afternoon, and many sportsmen who wish to get away back in the hills will leave Saturday afternoon.

By 6 o'clock Sunday morning the start of the great majority will be made and those who are left in the city will imagine that they have been transported to the deserted village of Goldsmith.

IT'S GENERAL PICNIC DAY

No Organization Has Mountain View Park for Next Sunday.

Anaconda, July 25.—Sunday at Mountain View park will be general picnic day. That is there is no organization that has the grounds for that date and consequently private picnic parties will be located all over the grounds.

All of the amusements will be carried on as usual, however, and boating and dancing will lead in the afternoon and evening diversions. Train service will be the same as usual, and no doubt hundreds of Anacondans will take advantage of the day and, with their families, spend the time idling in the shade, having a good quiet rest.

ANACONDA BRIEFS.

'Phone 111-A, Martin Drug Co. - A. D. T. messengers—prompt, reliable.

Mr. Pritchard of the Pritchard-Harrison company, Butte, was in the city yesterday.

Dr. and Mrs. E. S. Rinehart expect to depart soon to spend their vacation in the hills.

Mr. and Mrs. F. W. Winkler, who have been visiting in Arizona for the past six months, have returned home and are living at 806 East Fourth street.

Dr. John S. Marshall, manager of the Montana hotel, and wife, Mrs. Dr. Sligh, Mrs. George Steiger and Miss Lilly Gwynne, leave today to spend a week in the National park.

The regular Thursday night dance held last night at Mountain View park was attended by the largest crowd that has yet been present. The music was excellent and a good time was had by all.

Mrs. Mathes, mother of Mrs. C. A. Tuttle and Miss Maguire Tuttle will depart this evening for a trip through the Yellowstone National park.

Board of Equalization Meet.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, July 25.—The board of equalization is kept busy entertaining kicks from irate taxpayers this week. An increase in the assessed valuations of many of the large property owners is one of the possibilities which are mentioned.

SAM THE SAD SMASHES ANOTHER BUTTE RECORD

Does Six Furlongs in 1:13 1/4—Was an 8 to 1 Shot and Not Considered in the Running by Talent.

Sad Sam broke the state record for six furlongs at the Butte race track yesterday afternoon, making the distance in 1:13 1/4. The record as it stood before the race was 1:13 3/4, made by Miles Finlen's Lucky Star in 1908.

Sam had been ruled off by the judges on account of his kicking propensities at the post but as he was entered for the Deer Lodge selling stakes before the ruling was made, it was decided to allow him to run yesterday for the last time.

He went to the post almost neglected in the betting. Sea Queen, Kitty Kelly and Glendening were all picked by the talent and lots of money changed hands on the result. Sam was an 8 to 1 shot, while Sea Queen was a favorite at even money.

Jockey Powell rode Sam to victory and right well did he use his head. To the spectators it appeared Sam was all in a quarter of a mile from the stretch but he responded nobly to the jockey's effort and won by a neck.

The other events were mediocre. As in yesterday's races the talent picked the wrong horses to win—all except the first one when Azarine with Jockey See up walked away from the field. The Buffoon had no trouble in landing the fifth race, when by reason of his past performances he should have been the favorite. He was a 5 to 1 shot. He won handsily.

TODAY'S WALL STREET STOCKS

[BY ASSOCIATED PRESS.] New York, July 25.—There was much confusion and irregularity in the opening movement of prices, indicating a continuance of yesterday's mixed realizing. The Grangers fell into the background in point of speculative interest and the Southern group was brought forward as leaders. Louisville headed this division with a rise of 2 3/4 and Illinois Central advanced 2 3/4, simultaneously.

Rock Island was very erratic. The market in general was spotty and interest shifted from one stock to another. Strong stocks included Amalgamated, Tennessee Coal and Western Illinois and Denver & Rio Grande, Pacific Mail and Fuller Construction. Declines reached 4 points in Anaconda and 3 in Rubber goods preferred. Prices all around were lower at 11 o'clock, but the market continued very uneven.

Western Union made an abrupt decline of 1 3/4, New York Air Brake and General Electric 2 1/4, and Great Northern preferred 1 1/2. Meanwhile, while the St. Louis and San Francisco stocks were ris-

ing, the other Southwesterns were fluctuating fitfully. The purchases of Missouri Pacific stocks were large, resulting in a gain of 2 1/2 in New York Central, and 2 1/4 in Pennsylvania. The Grangers and Southern stocks joined in the rally. St. Paul reaching 180, its best figure of the movement. Bonds were steady at noon. Prices reacted to the extent of a point in St. Paul, Pennsylvania, New York Central and St. Louis and San Francisco. There were gains of 1 to 2 points in Northwestern, Colorado Southern, Republic Steel and Tennessee Coal and 2 1/2 in Westinghouse Electric. New York Central and Louisville rallied again to the top and prices advanced all around.
