TRADES AND LABOR CONVENTION OPENS

LIVINGSTON MEETING PROMISES TO BE LIVELY ONE FROM POLITICAL POINT OF VIEW.

SOCIALISM IS TO BE ADVOCATED BY CLIQUE

Action of Denver Convention Said to Be Put Forward for Reaffirmation—Not Thought That Convention Will Embrace Doctrine—Roll Call of Delegates All Over Treasure State.

[SPECIAL TO INTER MOUNTAIN.]

Livingston, August 25.—President Frank C. Ives of Missoula called the first session of the Montana State Trades and Labor assembly to order at noon today. The first business of the session was the appointment of a committee on credentials consisting of John McInerney, Missoula; G. W. Avery, Kalispell; Hon. John Huseby, Helena.

The meetings are being held in the Park county courthouse, the quarters are good, well lighted and are excellent for speaking. The county commissioners have given the use of the courthouse to the organization during the five days of the meeting.

Among those who are here looking after their political fences are J. A. Ferguson, head of the state bureau of labor, agriculture and industry. Dan McDonald is expected to come on this evening's train. It is believed that an effort will be made to put through a resolution endorsing socialism and reaffirming the action of the Denver convention. Conservative men in the gathering oppose this step and will fight it. It is believed at this time that the socialist resolution will not carry, if proposed.

W. W. Welch, state superintendent of public instruction, is here as a delegate to the gathering from the Federal Labor union of Helena, as is also Fred Sanbin of the Capital city.

Appointment of Delegates. The second session of the convention met at 2 o'clock, and the committee on credentials reported, and the president took up the matter of appointing the other committee.

PAWBROKER ARRESTED FOR KEEPING A FENCE

Detective Murphy Finds Goods Alleged to Have Been Stolen in Shop of Second-hand Man.

Detective Murphy arrested B. Epstein, a pawnbroker doing business at No. 77 East Park street, today, on a charge of receiving stolen goods. A short time ago a shotgun valued at \$125 was stolen from the room of Mrs. J. Gilbert, in the Maule block, and pawned at Epstein's store by a man who gave the high sounding name of Willie Russell. Mr. Murphy found the gun in the store today.

"Have you a warrant for my arrest?" asked the pawnbroker when Murphy told him to come along.

"No; I don't need any warrant for you," replied the officer.

Ten seconds later Epstein was on the way to the city jail. He was released on bail pending a hearing in his case.

HORRID CREATURE HE TOOK UP WITH

WIFE FINDS HUSBAND WITH THING WHO CALLS HERSELF A WOMAN—TWO SPOUSES COMPLAIN.

One tale of woe followed hard on another today when two women called at the county attorney's office and poured their troubles in the ears of Deputy County Attorney Lynch.

The women were Mrs. R. S. Johns of Anaconda and Mrs. J. B. Reed of No. 116 West Silver street, Butte, both of whom have grievances against their erstwhile husbands.

"I want my husband arrested for leaving me and running off with another woman," said Mrs. Johns, who looked as though she would have liked to take a broomstick to her recalcitrant spouse. "He deserted me some time ago, and when I next heard of him he was here in Butte. I came here to find him and didn't have much trouble doing it, for he was living at the Missoula lodging house with a horrid creature who calls herself a woman."

The deputy county attorney told her there was not sufficient evidence to convict and advised Mrs. Johns to "make up" with her husband. It is said they have returned to Anaconda together.

Mrs. J. B. Reed, the other complainant, said: "I do hope some step can be taken to make my husband support me. He deserted me a long time ago and is now living in Dillon, where he follows his trade of a plasterer. I wouldn't care so much if it wasn't for my little 2-year-old girl." Deputy County Attorney Lynch promised to issue a complaint charging Reed with desertion unless he provided for his wife and child. He wrote Reed at Dillon to that effect.

WHITE SQUADRON HAULS DOWN RAG

ENEMY SURRENDERS TO HIGGINSON WITHOUT FIRING A SHOT—THE COAST IS SAFE.

[BY ASSOCIATED PRESS.]

Rockport, Mass., August 25.—The naval search on the New England coast was terminated at 5:40 o'clock yesterday morning by the signal, "surrender, demand unconditional," from Admiral Higginson's flagship and the reply, "Accept surrender," from the fore-truck of the Prairie, Commander Pillsbury's flagship.

The battle between the blue, or the defending squadron, and the white, or attacking squadron, was thus quickly ended eight miles south of hatcher's Island. The enemy had most signally failed to make Salen.

A preponderance of the fighting strength, relatively 64 points, represented by the battleships Kearsage, Alabama and Massachusetts, Scorpion and a torpedo boat, overwhelmed the 45 points represented by the auxiliary cruisers Prairie, Panther and Supply.

To speak from a theoretic standpoint, the white squadron was entirely destroyed by the guns of the defending battleships. Thus, on the fourth night, the game of naval strategy was brought to an end, it having covered a period of unceasing toil, sleepless nights and of anxious and wearing vigil and of grave uncertainty to its participants.

LONDON PAPERS ON ROOSEVELT'S VIEW

THINK PRESIDENT HAS TAKEN LOGICAL AND TEMPERATE STAND ON THE BIG COMBINATIONS.

[BY ASSOCIATED PRESS.]

London, August 25.—The newspapers here are taking time to distrust President Roosevelt's speech on trusts and there has been no little comment on the subject thus far. The evening Standard considers that his definition of the position combinations ought to occupy is "precisely what is expectable of a man of his temperate, logical mind," and adds that "the suggestion of governmental supervision of capital is admirable in the ordinary, although it is not easy to surmise how it can be made operative."

The Pall Mall Gazette remarks: President Roosevelt's pronouncements indicate that he intends at least to scotch some of the leviathan trusts. At the same time he is too wise to ignore the fact that the tendency of commerce is in the direction of a concentration of forces and that this force needs guidance and not blind opposition."

IRISH LADS THROW HAIL OF MISSILES

EMPLOYE AT COAL YARD SAYS THEY OVERWHELMED HIM WITH SHOWER OF ROCKS AND STONES.

P. C. Dorsey filed a complaint this afternoon in the office of the county attorney charging James Driscoll, John Doe Burns and John Doe Driscoll with "maliciously beating, bruising, wounding and ill-treating James Kistler by striking him on the head with rocks and stones."

The three boys, it appears, were accused of stealing coal from the yard of the Butte Coal company, and when Kistler, who is employed at yards, remonstrated with him, they went up to Corktown and secured reinforcements. Kistler was worsted because of the number of his assailants.

Mrs. Driscoll, the mother of the Driscoll boys, tried to get Assistant County Attorney Lynch to order the arrest of Kistler for beating the boys, but Mr. Lynch, knowing the lads of old, refused to issue the warrant.

CUBAN CAMPAIGN CAUSE OF DEATH

JOSEPH BOOTH NEVER RECOVERED FROM WAR—LIBRARY CLOSED IN RESPECT TO DEAD.

Joseph S. Booth, 65 years old, who has been janitor of the free public library building during the last two years, died at his home, No. 120 South Idaho street, Saturday, the cause of his demise being a general breaking down of his constitution. The funeral took place from the family residence this morning, and out of respect for the memory of the dead man, the library remained closed today until noon.

Mr. Booth leaves a wife and several grown children to mourn his death.

Mr. Booth was educated for a physician and in early life practiced his profession, but gave it up some time ago. During the war with Cuba he took part in the campaign. When he entered the service he was a strong man, but when he came out the fever of the swamps had made an inroad on his health. On returning to Butte he was appointed janitor of the library building and held the position until illness forced him to remain at home. That was only a few days ago.

His funeral was largely attended as the old man was very popular with all who knew him.

PICKETS PATROL PANTHER ALLEY

RUMOR THAT LEHIGH IS TO ATTEMPT TO START UP PUTS STRIKERS UPON THE QUI VIVE.

[BY ASSOCIATED PRESS.]

Tamaqua, Pa., August 25.—Not since the inauguration of the anthracite coal miners' strike have the United Mine Workers had so many pickets patrolling the Panther Creek valley as today. Every road and path leading to the collieries was guarded in an effort to persuade the non-union men not to go to work. No new recruits were added to the working force and quite a number were turned back.

The extra vigilance was due to the rumor that it is the intention of the Lehigh Coal & Navigation company to cut coal as soon as sufficient men can be secured. An official of the company admitted today that practical miners are hard to procure and that none of the coal companies are able to operate any of the mines for that reason.

C. F. Lloyd has filed an appeal to the district court against the judgment entered against him for \$112.85 and costs in the case of J. E. Powell vs. C. F. Lloyd in the justice court. The amount was alleged to be due for merchandise sold and delivered to Lloyd by H. G. Carmichael and Paul Kingston.

Richard Oates, for many years one of the proprietors of the Tribune-Review of this city, has bought the interest of his partner, Thomas H. Dunstan, and will hereafter conduct the business himself. The deal was consummated Saturday. Mr. Dunstan will go to Missoula, where he expects to open a store for the sale of stationery.

About two years ago the Largely company built a factory at Butte, but found that the location was not a good one for the business. In addition to the machinery which the company already owns the expenditures on the new plant will amount to about \$75,000.
