London Papers Say Roosevelt's Stand Upon Monroe Doctrine Is Significant.

DOCTRINE IS CERTAIN TO BE TESTED IN NEAR SOON

European Nations See in South America the Most Tempting Field Left for Commercial Colonization and Before Very Long Uncle Sam Will Be Obligated to Fight if He Wishes to Be the Only Power in This Hemisphere.

[BY ASSOCIATED PRESS.]
London, August 28.—President Roosevelt's declaration on trusts and the Monroe doctrine are both subjects of extensive comment in the London press this morning. Discussion of the former matter centers less upon the intrinsic merits of the presidential struggle with the party leaders. All the newspapers express admiration of President Roosevelt's courage and boldness, but hesitate to predict the result. The Daily News says: "Many chances are on Mr. Roosevelt's side. St. George goes out to meet the dragon and the wishes of the whole world will be with him in his fight."
The Daily Telegraph expresses the opinion that the trust will prove the most epoch-making issue in American politics since Bryan's schism on silver, and says there is absolutely no discernible limit to the vista of political convulsions, vicissitudes and divisions which may be the outcome thereof.

To Maintain Status Quo.
The Morning Post and the Daily Chronicle both admit that Great Britain has a right to cavil at what they characterize as President Roosevelt's "modified interpretation of Monroeism," which plainly stated, they declare, to be a sanctification of the status quo on the American continent, and which, the Post says, means British possessions in the Americas are to be secured by what is practically a United States guarantee.

The Chronicle thinks the matter wears a different aspect to the continental powers who see in South America the last and most tempting field for colonization and for new markets.
This paper doubts, however, whether any power will risk the tremendous chances of war with the United States, be the prize ever so seductive.

"One thing seems clear," says the Chronicle, "if Monroeism is ever seriously challenged, it will be soon. The United States seems to realize this and is building a fleet to defend the doctrine."

Great Britain Need Not Care.
The Times believes that the president has re-asserted Monroeism in a more distinct and definite form than it has been presented to the world by any person with authority to speak on the subject since the policy of the doctrine came into being, and says:

"As Monroeism is defined by President Roosevelt in strict conformity, indeed, with its original conception and objects, it is a policy to which Great Britain has nothing to take exception and what we have no interest in obstructing, and at the same time we have no reason to object to the protest of the United States against the acquisition of new territory rights in North or South America by any of the European powers."

At Weirs.
The Weirs, N. H., August 28.—Fully 3,000 people joined in welcoming the president on his visit to the encampment of the New Hampshire G. A. R. here today. The special train came in a few minutes after noon. Governor Chester B. Jordan and Congressman Frank D. Currier, who had boarded the train at Concord, were with the presidential party.

After luncheon the president was escorted to the camp grounds, where the speaking took place. President Roosevelt was introduced to the veterans and when he could make himself heard he began his address, so loud was the cheers.

BOARDS NAMED FOR THE ENSUING YEAR

COMMITTEES WHO ARE TO GUIDE DESTINIES OF M. E. CHURCH SOUTH APPOINTED.

ROUTINE BUSINESS ONLY TRANSACTED IN SESSION

Conference Receives Invitation From Manager Wharton to Take in Columbia Gardens and Will Go Out Tomorrow Afternoon—Characters of Ministers Passed Upon in Morning Session.

There was a full attendance of the members of the twenty-fifth annual conference of the M. E. Church South for the state of Montana when that body convened at the St. Paul M. E. church this morning at 9 o'clock.

Bishop W. W. Duncan, of Spartansburg, S. C., presided and gave an interesting talk based on the seventh chapter of the Gospel of St. Matthew. After the informal address of Bishop Duncan, roll was called by G. C. Rector, who was secretary of the last convention. Mr. Rector was then elected secretary of the present conference, with Rev. J. B. Parnell and S. B. Harper as assistants.

At this stage of the proceedings, Dr. Lambeth, of Nashville, secretary of the general board of missions, and Dr. Hammond, secretary of the general board of education, also of Nashville, were introduced to the conference. Communications were then received and read from the agents of the publishing house at Nashville; from the secretary of the board of church extension; from the secretary of the Epworth League board, and from the secretary of the Sunday league, of Cleveland, Ohio. These were in the nature of informal reports, telling of the progress of those departments of the church.

Pass on Characters.

The names of several ministers were then called and their characters passed. This is a formal proceeding and it always marks the work of M. E. Church South conferences. If a preacher's name is called and some one objects to the passing of his character, an investigation is made by a committee appointed by the bishop. If no objection is made, the preacher continues a member of the conference. Those whose characters were passed this morning were: T. W. Flowers, E. J. Stanley, J. N. Sinton, R. S. Clark, L. Bramble and G. C. Rector.

After a brief address from Dr. Lambeth on the work of the board of missions, the following committees were appointed by Bishop Duncan for the ensuing year:

Public worship—G. C. Rector and R. H. Shoemaker.
General state of the church—T. B. Reagan and S. B. Tabor.
Publishing interests—S. B. Harper and R. S. Clark.
Bible course—A. A. Walker and W. G. Forbis.

Temperance and Sabbath observances—J. A. Kenney and J. B. Harris.
District conference records—E. J. Stanley and W. H. Pascoe.

Bishop Duncan also appointed the following boards, the members of which are to serve for a term of four years:

Church extension—W. H. Pascoe, S. B. Tabor, E. J. Stanley, T. W. Flowers, Thomas Noble, W. W. Arnold and S. Thomling.
Education—D. B. Price, J. S. Robertson and G. C. Rector.
Sunday school—A. A. Walker, R. S. Clark, J. M. Sinton, H. B. Bell and G. C. Rector.

Conference relations—S. B. Tabor, D. B. Price, T. B. Reagan, J. A. Kenney, A. A. Walker, W. H. Pascoe and W. G. Forbis.
Epworth league—S. B. Harper, J. A. Tedford, W. G. Forbis, L. Bramble and J. B. Harris.

Invitation to Gardens.

At the close of the morning session a communication from Manager J. R. Wharton, of the street railway, was read, in which the manager invited the members of the conference to go out to the gardens in a body and spend the afternoon on motion of G. C. Rector the invitation was unanimously accepted and the time for the outing was fixed for tomorrow afternoon at 2 o'clock. The members will meet at the corner of Montana and Park streets, where a special car will be in waiting to take them out to Butte's pleasure resort.

At noon the conference adjourned. There will be no open session this afternoon, and only the different committees will meet and transact routine business.

Tonight at 8 o'clock Dr. Lambeth will deliver a sermon to the members of the conference and visitors. After this address, Rev. D. B. Price will make a report of the new Stevensville training school, of which he is financial agent.

The conference convenes again tomorrow morning at 9 o'clock and the public is cordially invited to attend.

Following are the members of the present conference who are present: J. B. Parnell, R. S. Clark, T. W. Flowers, E. J. Stanley, S. B. Tabor, D. B. Price, W. G. Forbis, A. A. Walker, T. B. Reagan, J. B. Harris, W. H. Pascoe, S. B. Harper, J. A. Tedford and J. M. Simple.

Epworth League Elects.

Rev. S. B. Harper of Helena delivered the closing sermon of the fourth annual conference of the Epworth League South at its session last evening. His subject was "The Course of Study," and he handled it in a forceful way.

In the afternoon a nominating committee was appointed to report at the evening session. Last night the committee brought in its report and the following officers were appointed for the ensuing year:

President, Rev. S. B. Harper of Helena; vice-president, Miss Nannie Bell of Stevensville; secretary, Miss Sadie Bryson of Helena; treasurer, Miss Margaret Knowlton of Butte; superintendent of Junior work, Mrs. Williams of Bozeman; Epworth league editor, Rev. G. C. Berry of Deer Lodge; executive committee, Rev. D. B. Price, Miss Jeanie Hall of Boulder and Mrs. Whitefield of Big Timber.

MILES IS OFF ON VISIT TO ISLANDS

ACCOMPANIED BY MRS. M. AND AIDES, COMMANDER-IN-CHIEF IS TO LEAVE WEDNESDAY.

[BY ASSOCIATED PRESS.]

Washington, August 28.—General Nelson A. Miles, accompanied by Mrs. Miles and his aides, Colonels Whitney and Maus, will leave Washington for the Philippines next Wednesday. Mrs. Miles may not go further than San Francisco with the general.

"I regard the trip as merely a visit to the army there," said General Miles. "It may be called an inspection tour, and I shall make it a point to visit probably every camp in the islands, although, as I have said, this matter has not been determined upon. The visit will consume from 30 to 60 days."

The transport Thomas, on which the general and his party will sail, has recently been overhauled, making her one of the most elegant and comfortable of the army transports.

TROOPS AND MINERS COME TO BLOWS

and captured three men, who it is said, were urging the crowd to attack the troops. The men gave their names as John King, Timothy King and John Kelly. They were taken to camp at Manila park, where, together with McCann and Marteen, they were placed under a heavy guard.

The officers of the Twelfth regiment all agree that the situation is serious. They say the feeling against the soldiers is very intense in Lansford and Summit Hill.

There is No Hope.

Pittston, Pa., August 28.—The chances for an early resumption of the mines in the anthracite coal fields on the same scale as they were operated previous to the strike of the mine workers, are regarded as hopeless here. A few collieries have been started, but not a one is working at anything its usual capacity. At one of these mines it is admitted that only about 100 men are at work, but the claim is made that they are getting more every day. The normal tonnage of these mines during regular working time is 1,000 tons per day, while at present they are turning out about 300 tons.

While the average of 3,000 tons of mined coal is being daily prepared in the district, the average for 1900, when but 176 4.88 were worked during the year, was 28,988 tons per day.

Situation is Serious.

The situation in the Panther Creek valley last night was very tense. At 8 o'clock the streets of Lansford and Summit Hill were thronged with strikers. Early in the evening two companies of the Twelfth regiment were sent through the valley on a trolley car. All along the line the soldiers were hooted and jeered and it was not deemed prudent to take them off the cars.

While Mary Markley was carrying supper to her brother, who is employed at a colliery near Lansford, she was set upon and severely beaten by a crowd of women. Late last night the crowds on the streets had dwindled and order had been partially restored.

The civil authorities express the belief that there were no serious disturbances during the night. They are fearful, however, that a serious clash will occur between the troops and the strikers tonight. The fact that the Lehigh Coal & Navigation company is hoisting coal at its No. 4 colliery has greatly incensed the mine workers, especially the foreigners.

Asks Reinforcements.

Shenandoah, Pa., August 28.—The governor's troop of cavalry has left for Panther Creek. The second city troop of Philadelphia has been ordered by Governor Stone to Colonel Clement, who is in command here during the absence of General Gobin.

Major Gearheart, who is in command of a battalion at Manila park, reported to Colonel Clement that things have been in such a state of turmoil in the Panther Creek region during the last few days, that he has been unable to cover the disturbed district with the force at his command and asked for reinforcements.

Wilkes-Barre, Pa., August 28.—The coal operators in the Wyoming region continue to make gains. The Avondale mine of the Delaware, Lackawanna & Western company sent 250 tons of coal to the breaker yesterday. It is also said that over 100 tons were mined at the Dorrance colliery of the Lehigh Valley Coal company.

out. Another delay occurred when the procession was held up by a passing freight train. At a point opposite Merriam common the president's carriage was brought to a stop and the local company of Spanish-American war veterans tendered the president a salute and their commander, Colonel William Sullivan, stepped forward and presented a bouquet of roses. In accepting them the president spoke for a few minutes. He was enthusiastically cheered at the close of his remarks, following which the line of march was taken up for the depot, where the president boarded his special train for the Weirs.

The Debt We Owe Them.

In his Manchester speech the president said in part:

"Any American who has a proper sense of the relative proportion of things must realize that to the men who fought for the union in the dark days of the civil war there is owing a greater debt of gratitude
