

PARTY IS TO HAVE MEETING TUESDAY

REPUBLICAN LEAGUE CLUB WILL GET TOGETHER AND START THE BALL ROLLING.

AIMS AND PRINCIPLES OF THE ORGANIZATION

Club is to be Conducted Upon the Broad Principles of Republicanism, Without Regard to Past Differences—All Who Love the G. O. P. Should Turn Out and Hustle for the Party.

John N. Kirk, president of the Republican League club, has issued a circular relating to the purposes and aims of the club, a copy of which has been mailed to each of the members.

Among other things, the circular calls attention to the meeting of the club next Tuesday evening at the Auditorium and urges the attendance of all who are interested in the principles of republicanism. The circular is as follows:

Republican League.

As you are aware, the club was formally organized on the 22d day of August, 1902, by the selection of the following officers: John N. Kirk, president; A. N. Yoder, vice-president; Frank W. Haskins, secretary; and P. H. Manchester, treasurer, with an executive committee of five to be selected. On the evening of the organization of the club a constitution was adopted which is known as the short form of constitution for league clubs as adopted by the officers of the National Republican League, having its headquarters in Chicago.

Objects of the Club.

The cardinal objects and principles of the order are included in Articles II, III and IV of the constitution and read as follows:

The objects of this club shall be to advocate, maintain and promote the principles of republicanism; to direct and interest in politics those who have hitherto been more or less indifferent to their political duties; to encourage attendance at primary meetings, in order that honest and capable men may be nominated and elected; to guard and defend the purity of the election laws; to work in harmony with and to carry out the plan of permanent republican club organizations; and to perform such other work as may best conserve the interests of the party, national, state and locally, thereby exerting the most potent influence for good government.

This club shall not be used in any way to further the interests of any candidate for office previous to nomination, but shall reserve its force to be exerted in behalf of all candidates nominated by republican conventions.

Any person over 18 years of age who is a republican and in sympathy with the principles of the republican party, and a supporter of its candidates, shall be eligible to membership in this club. A committee is now at work on a set of by-laws which will be submitted for the approval of the club at its next regular meeting.

Meeting Next Tuesday.

This meeting will be held at the Auditorium, in Butte, on Tuesday evening, 5th day of September, 1902, at 8 o'clock p. m. Business of importance will be transacted at this meeting, and in addition to this business some prominent speaker will address the meeting. A large attendance is expected, and the officers of the club especially request your presence, together with as many friends who are interested in republicanism as you can prevail upon to attend.

As the club has been organized and is now being conducted upon the broad principles of republicanism and in disregard of any local differences which may have existed in the past, we trust that each member will take a pride in the work and consider himself a committee of one to enlarge the sphere of its influence, to the end that Silver Bow county may again occupy the position which it has held in the past as one of the banner counties of the republican state of Montana.

MORAL IS CLEAR IN THIS DIVORCE

WHEN YOU ARE COMING HOME, ALWAYS TELEPHONE AND GIVE HIM A CHANCE TO BRACE UP.

In Judge McClernan's court yesterday Mrs. Anna L. York appeared and told the old tale about marital infelicity and the inevitable discovery, when she came home unexpectedly.

She asked the court to grant her a decree of divorce from her husband, Frank W. York, on the ground that York lost patience with her because her health was poor and because he had written her letters asking her to "come down off her high horse" and making other remarks that were not entirely in accord with the text of the marriage service.

To supplement Mr. York's harsh and cruel treatment Mrs. York alleged that when she came home one night without telephoning, she found that the winter of her discontent was aggravated by another Mrs. York. She denied in reply to a question by Judge McClernan that she had ever refused to cook for York.

Judge McClernan granted the decree with alimony amounting to \$40 a month since last May and her attorney's fee amounting to \$75.

He Knows the Business.

Being an experienced miner he enjoys a large clientele among the capitalists of the metropolis.

Mr. Johnson is an active member of the Idaho delegation, which has come to look upon him as the "father" of the crowd. He is enjoying his present visit to Butte because he was here 40 years ago when gold was first discovered in this locality. Mr. Johnson was one of the first prospectors in the Big Hole country during the early '60s, for which reason he considers this as his stamping grounds. He tells many interesting tales of the early days of Silver Bow and Butte.

One might go on at length and speak of every member of the Idaho delegation. Among the number are three newspaper men, E. E. Bebee, late of Minneapolis, is the present proprietor and editor of the

SOMETHING MUST BE EFFECTED NOW

MONTANA DELEGATION TO THE CONGRESS EXPRESS THEMSELVES IN PLAIN LANGUAGE.

Montana delegates to the International Mining congress held a caucus on the stage of the Sutton theater this morning. W. G. Conrad of Great Falls, chairman of the delegation, was in the chair and R. A. Pelkey acted as secretary.

The meeting was called for the purpose of selecting a state vice-president and a state secretary to the International Mining congress, but from the speeches made it was evident that many of the delegates could see nothing attractive in the congress except its name.

Judge Stevens of Missoula seemed to voice the sentiment of a majority of those present when he said that so far nothing had been done that was of any interest to mining men or of value to the mining industry. The judge spoke plainly upon the subject and was quite certain that unless the mining men now present at the congress took hold and made their influence felt, the organization had better be abandoned altogether, as in its present shape it was worse than useless and an unnecessary expense upon the city unfortunate enough to secure its meeting.

To Perfect State Organization. A resolution was presented to the effect that the Montana delegates to the International Mining congress proceed to perfect a mining organization for the state.

Seemingly, the real purport of the resolution was not understood by the delegates present and after long arguments by Mrs. Haskell and Judge Stevens, it was decided to leave the resolution unsettled until a later meeting of the caucus.

Upon motion of Mrs. Haskell, the caucus then proceeded under one of the few rules of the congress to elect a state vice-president and a state secretary. W. G. Conrad, Mrs. Haskell and Prof. Leonard were nominated, but each promptly declined. Joseph Calloway was elected by acclamation. Carl J. Smith was also elected by acclamation.

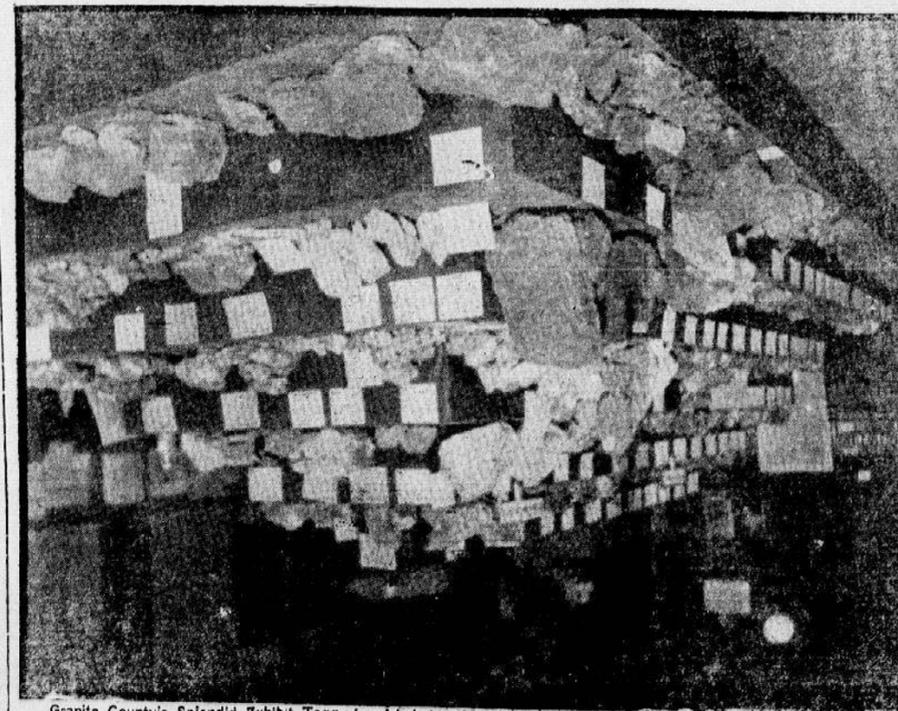

It was then moved that a committee of five be appointed by the chair for the purpose of reporting upon the resolution to perfect a state organization.

The Idaho delegates had a secret caucus this morning but went into session. Other delegations did not caucus as expected and it is probable that this preliminary work will be attended to this evening.

Another delegate from Idaho to the International Mining Congress arrived today, to take part in the closing sessions. He is R. A. Bell of Blackfoot, who is prominently known as a mining expert. Mr. Bell was recently nominated for the office of state mine inspector by the republicans of Idaho. He is a frequent contributor to the leading mining journals of the country and his articles are always readable.

Mr. Bell operated in the vicinity of Butte years ago; but this is his first return trip in 12 years. During the day he has been kept busy renewing his old acquaintances.
