

WILD CANARD OF A DOUBLE MURDER

ARCHER SAYS THERE IS NOTHING IN STORY THAT HOBART STOLE HIS WIFE AWAY.

FAMILY AFFAIRS IS HIS BUSINESS AND HIS ALONE

Thinks Hobart Circulated the Rumor in Order to Secure Permission to Wear a Gun Within the City Limits—As for Archer, He Can Take Care of His Own Affairs Without Outside Help.

Last week a man named Hobart attempted to startle the deputies in the sheriff's office with a wild tale of a double murder in a gulch southwest of Butte.

At the time the deputies paid little attention to the story, and today's developments show that there was not a shadow of foundation in it. Further, it appears that Hobart had a purpose in the tale and was making an effort to get a permit from the authorities to carry a gun within the city limits.

In some mysterious way Hobart attempted to connect a young man named L. F. Archer with the fairy tale, and from Archer it was learned that Hobart had a purpose in weaving the phantasy. Archer, who is a cowpuncher of the old type, and who appears to be an honest, manly fellow, has had some little family trouble that has received a disproportionate share of advertising in the public press.

It Is His Business.

He has a ranch south of the city and has been making an effort to straighten out his family affairs. Through misunderstanding or design, however, Hobart has been connected with his trouble and incidentally Hobart has been trying to put Archer in the light of a strenuous citizen. Hobart has a record of being connected with some shady affairs in the horse and cattle business, and not long ago was under surveillance from the sheriff's office for being a little too handy with his branding iron.

"I never charged Hobart and my wife with improper relations," said Archer this morning. "As a matter of fact, if so much had not been said by disinterested parties the difficulty between us would have been settled before now. I am represented as fighting for the custody of our child. We have never had any trouble of that nature.

There Is Nothing in It.

I learn that in the wild story of the murder of a woman and child out in a gulch that does not exist, my family and I are in some unexplainable way dragged in, and, naturally, I resent it. "Hobart has not stolen my wife, and I am disgusted with the publicity the matter has been given when, as a matter of fact, there has been no proceedings taken on either side or anything to base a story on. As for the murder, it is too ridiculous to require even a word of comment. My wife is in the city now, and I am sure she resents the murder story and the wild tales as much as I do."

Hobart, it is alleged, stated that he wished to carry a gun in order to protect himself from Harper, and trumped up the murder tale in order to make a basis for supplying himself with an armory. Between the two men the authorities place much more confidence in Harper's version of the story.

JULIAN J. ADAMS DIES OF INJURIES IN HOSPITAL

Lingered Five Days With a Broken Neck Suffering Great Pain—Inquest This Evening.

Julian J. Adams died last night at Murray & Freund's hospital after lingering a week in great pain with a broken neck. The dead man was injured on Tuesday afternoon of last week. He was standing on the platform of the freight house in the Northern Pacific yards when the team of two horses belonging to J. H. McQueeney became frightened and began to run. Adams attempted to stop the frightened animals and was thrown violently to the ground resulting in a broken neck.

It is not often a man can survive with a broken neck and the physicians attending the injured man pronounced his case to be a remarkable one, as he lived five days.

The body was removed to Richards' undertaking establishment where an inquest will be held this evening.

JUST CAME UP TO TAKE IN THE CITY

AND JOHN RABUN FELL AMONG THIEVES WHO ROBBED HIM AND LEFT HIM THERE.

NOW JOHN SAYS HE WILL NEVER COME HERE AGAIN

Three Ladies of the Class Commonly Denominated "Unfortunate," Accompany the Reuben When He Faces Judge Boyle in the Police Court—Where Is Our Curfew Law?

Sunday is unusually productive of drunks, fights and disturbances and yesterday was no exception to the rule as was evidenced by the long list of offenders who faced his honor Judge Boyle at this morning's session of police court.

John Rabun is a Reub. The trousers he wore—of the pattern of '86—his unkempt whiskers, his silk hat that might have been worn when Lincoln was inaugurated president and his swallow-tail coat, all branded him as a countryman of the first water. John had been found by Officer Barshaw asleep in a trash box in Wyoming alley.

He Has Had Enough.

"If that's the case I won't fine you," said Judge Boyle, "for your night in an ash barrel was enough. I'll advise you to stick to the ranch, however, and incidentally I would suggest that you get somebody to sweep the cob-webs off you. Try a new broom, for a new broom sweeps clean."

John Dan was a different looking customer. He was charged with having assaulted John Cunningham, a miner, who was returning from work.

"According to your own statement you begged Cunningham for a quarter and because he refused you assaulted him," said the judge. "I shall fine you \$20. You will land in the penitentiary if you don't mend your ways."

Where Is the Curfew Law?

Millie Jones, Sallie Walker and Eva Jackson, three members of the demimonde, were accused of "being seen on the streets at late and unusual hours of the night." It was amusing to see how the women acted. Millie was indignant, Sallie seemed highly delighted, while Eva wept copiously. The three cases were set for trial Tuesday afternoon.

J. B. Ferrell was certain he had been grossly mistreated by Policeman Yutz. The policeman testified to having found Ferrell at the corner of Main and Park streets last night in a fighting mood.

PAROCHIAL SCHOOLS OPEN THE FALL TERM

St. Joseph's and St. Patrick's Are Ready to Begin Work of the Year—Teachers and Pupils.

While the public schools of the city will not open until next Monday, the two parochial schools of St. Patrick's and St. Joseph's began operations today.

At 9 o'clock this morning, St. Patrick's school opened with solemn high mass, at which both the teachers and the pupils were present. Sister Mary Renilda, who had charge of the school two years ago, has resumed the position of superior. Sister Mary Aloise, who had charge during the past year, has gone to Deer Lodge, where she will conduct the St. Mary's academy. The school opened with a faculty of 14 teachers and more will be added if the attendance requires it. Father De Siere will have general supervision over the school.

St. Joseph's school in Walkerville also opened under the most propitious circumstances. The corps of teachers has been increased from four to seven and many other changes have been made both in accommodation and equipment that will add to the success of the school. It is expected that 400 pupils will be in attendance. Sister Monica will have charge, Sister Joseph who was superior last year having gone to the mother home of her order at Leavenworth, Kan., because of poor health. Father Francis X. Batens of the parish will direct the affairs of the school.

Died From Pleurisy.

New York, Sept. 8.—Frank Tousey, founder of Judge, and a nephew of the late Sinclair Tousey, founder and president of the American News company, is dead in this city from pleurisy. For several years he had conducted a music publishing house.

FIRST HOUSE BUILT IN PRECINCTS OF WALKERVILLE IS THIS CABIN

IF THIS OLD HOUSE COULD TALK!

(Picture by Inter Mountain.) What Tales It Would Tell of the Early Days in Silver Bow County—It Is the Oldest House in Walkerville, Having Been Built 35 Years Ago.

Set back from the road, without fence or gate, Stands a chinked log cabin of ancient date; Its gables bleak and dull and square Have braved the storms of many a year, But never have crumbled down.

And were there one, whose deeds of good Had served mankind as well, he would Deserve a golden crown.

This is a picture of the oldest structure of Walkerville. It is the pride of the town and the oldest citizens point to it

as a monument to the days when the little camp abounded in such rude structures. It is just a little one-room log hut, with a door and a window. It has a shingled roof and the cracks between the logs are chinked with a plaster made of Walkerville dirt. It has no floor for the boards that once formed it have long since crumbled to decay.

This cabin was erected by Patrick Fitzgerald just 35 years ago. Mr. Fitzgerald enjoys the distinction of being the oldest citizen of the town; he has often received flattering offers for the lot on which the

little cabin stands, but he has refused to sell, as he says money couldn't buy his cabin—the first of the camp. When this hut was built timber was plentiful and Mr. Fitzgerald had to cut only a few feet from the cabin door to cut his shingles and the boards for the floor. Now a tree of any size would be looked upon as a curiosity.

No one occupies the little cabin unless a stray tramp should seek shelter beneath its time-worn roof. It will probably stand as it now does until it collapses from old age.

MILLER'S CASE MAY BE POSTPONED BY BOYLE

Thought Dillon Doctor Will Write Asking a Delay—Meanwhile, Where Is the Injured Wife?

At this afternoon's session of police court the case against Dr. M. E. Miller of Dillon for assaulting his wife will be tried. It may be that Dr. Miller will address a written communication to Judge Boyle and ask for a continuance of his case, in which event the case will be postponed.

Under Sheriff Phillips of Beaverhead county has returned to Dillon without having been successful in locating Mrs. Miller, on whom he wished to serve a warrant for grand larceny. The under sheriff looked wise, however, and even hinted he had been partially successful in his mission and had taken the first steps in reconciling the doctor and his wife.

It is known that Dr. Miller only wished the warrant for grand larceny served upon his wife so far that she would be brought back to Dillon, where he could consult with her. It is said the doctor is anxious to amend matters as far as he is concerned.

LAKE ERIE ON THE RAMPAGE

Only the Largest Lake Steamers Have Been Able to Leave Port.

New York, Sept. 8.—A gale which began Thursday night is sweeping Lake Ontario from the west and paralyzing passenger traffic, says a Rochester, N. Y., dispatch. Only the largest steamers have been able to put out and they have had some exciting experiences.

The storm is causing much trouble to the hundreds of tourists who, flocking from the Canadian lakes, are in the shore ports unable to reach home except by train, which means a round-about trip by way of Toronto. The United States life savingscrew have doubled their watches.

Helping Colombia Insurgents.

Baltimore, Sept. 8.—Loaded down with dynamite and carrying in her hold a large quantity of ammunition, it is alleged, the little steamer Maid of Patuca has sailed from this port. Every member of the crew of 12 carried rifles and cartridges. It was stated that the vessel was to be used in building a jetty at the mouth of the Patuca river, in Honduras, but along the water front the impression prevails that the steamer is carrying ammunition for the insurgents in Colombia.

Australian Premier Goes Home.

London, Sept. 8.—Richard Seddon, premier of New Zealand, has brought his English visit to a close. He will leave London today for Plymouth, where he will embark for home.

Parochial Schools Open the Fall Term.

St. Joseph's and St. Patrick's are ready to begin work of the year—Teachers and Pupils.

While the public schools of the city will not open until next Monday, the two parochial schools of St. Patrick's and St. Joseph's began operations today.

At 9 o'clock this morning, St. Patrick's school opened with solemn high mass, at which both the teachers and the pupils were present. Sister Mary Renilda, who had charge of the school two years ago, has resumed the position of superior. Sister Mary Aloise, who had charge during the past year, has gone to Deer Lodge, where she will conduct the St. Mary's academy. The school opened with a faculty of 14 teachers and more will be added if the attendance requires it. Father De Siere will have general supervision over the school.

St. Joseph's school in Walkerville also opened under the most propitious circumstances. The corps of teachers has been increased from four to seven and many other changes have been made both in accommodation and equipment that will add to the success of the school. It is expected that 400 pupils will be in attendance. Parents' Responsibility Great

It is the right of every child to be well born, and to the parents, the lawful guardians of that right, the child must look for health, happiness and success. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world?

If you have any disease lurking in your system, how can you expect well developed, healthy children. Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches these deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send you our book on blood and skin diseases.
