

INTER MOUNTAIN'S ANACONDA DEPARTMENT

HAS A MANIA FOR KICKING IN DOORS

FRANK SCHUTI IS RUN IN BY THE POLICE, AS HE HAS BEEN DRINKING.

[SPECIAL TO INTER MOUNTAIN.] Anacoda, Sept. 9.—Frank Schuti, who was arrested about a year ago and held on a charge of insanity, was run in again last night and will probably have to face a similar charge for the second time. He had been drinking last night and for several days past, which no doubt is the cause of his mental aberration.

When he was arrested before he had been drinking heavily and it was only after a confinement in the county jail that he got all right. His mania at that time was kicking in doors. He would stop in front of a house and kick the door in, laughing immoderately all the while, and as soon as he had succeeded in making it give way, he would run up the street looking back like some small boy who had been engaged in mischief.

He has kicked in no doors of late and in fact the police have had no occasion to notice him for many months, until recently, when he began to drink heavily again.

PROSPECTS GOOD FOR ANOTHER BALL LEAGUE

Bert Storey Says Eastern Montana Towns May Have One of Their Own, as They Are All Right.

[SPECIAL TO INTER MOUNTAIN.] Anacoda, Sept. 9.—Bert Storey, the Anacoda boy who has been playing such great ball for Red Lodge this season, came over from Butte last night. He just took a run into the west end of the state to get a breathing spell and will go back to Red Lodge today. After three more games Storey will go East and enter some university for the purpose of completing his course in law.

He says baseball is the whole thing in the eastern part of the state, and that the teams there can put up an article of ball that would make some of the league teams lay down. He thinks the chances for an Eastern Montana league next season are good.

As Anacoda is not in need of such citizens they were given floaters out of the city.

THOMAS WAS MADE THE VICTIM OF CRUEL HOAX

Released by County Attorney When His Story Is Told—Did Not Know He Was Doing Wrong.

[SPECIAL TO INTER MOUNTAIN.] Anacoda, Sept. 9.—Charles Thomas, arrested on a charge of having taken a horse and buggy belonging to E. Story, was released yesterday at the request of County Attorney Duffy. It develops that Thomas had sold his own horse and buggy last Friday and on finding that he would probably have to walk home, asked a man named Anderson where he could get transportation. The man pointed out Story's vehicle which was hitched in a vacant lot near by and claiming that it was his own stated that Thomas could use it, and requested him to leave the same at the Rasmussee ranch. The mistake caused Story to swear out the warrant which resulted in Thomas' arrest.

Anderson is said to have skipped to the Big Hole valley and has not as yet been located. The police will investigate.

LANDRY HEARING POSTPONED

Alleged Assailant of J. E. Wire Will Be Tried Tomorrow.

Assault in the second degree is the charge placed against Landry and his trial takes place tomorrow at 10 o'clock a. m.

He Is Discharged and Markovitch Will Have to Look Elsewhere.

[SPECIAL TO INTER MOUNTAIN.] Anacoda, Sept. 9.—Some time ago Mike Markovitch lost his bike and when recently he saw his friend Joe Pecher riding a wheel that looked exactly like his, he at once accused Pecher of having stolen the machine and thus the matter got into court.

Police Judge Hayes heard the case yesterday and it was soon discovered that Markovitch did not know so much about the wheel as he had claimed to and when Pecher proved conclusively that he had purchased it from a man named Jake Hefferson, the judge discharged the defendant.

In the police court this morning the parents of the McHugh girl were present and asked that their daughter be given into their care as they intended taking her to Colorado and would look out for her future good behavior. The other two were sent to the county jail, and their case will be brought before the judges of the district court with the probability that they will be sent to the reform school. The girls are not more than 16 years of age.

DR. HEBER NEWTON GOES TO STANFORD

HE WRITES A FAREWELL LETTER TO HIS CONGREGATION EXPLAINING HIS REASON.

[BY ASSOCIATED PRESS.]

New York, Sept. 9.—Members of the congregation of All Souls' Episcopal church of which Rev. Dr. Heber Newton has been rector for the last 33 years, have received from their former pastor a letter of a farewell, previous to his departure to his new charge, the University church of Leland Stanford Junior university of California. The letter contains the words of valedictory, which illness prevented him from delivering from the pulpit at the time of his resignation a few months ago. The letter was written from Dr. Newton's summer home on Long Island. It said: "Through the past two or three years I had grown increasingly persuaded that my strength was being overtaxed, and that it no longer sufficed to do justice to the work in All Souls' parish. At the end of last year most unexpectedly the invitation came to me to accept the position of preacher in the newly erected University church of the Leland Stanford Junior university.

"To preach to the hundreds of young men and young women gathering in this great university; to help, thus, in the formation of their character, in the formative period of life; to have a share in moulding the men and women who are to build our wonderful Western empire—this presented itself to me as an honoring work in which anyone might rejoice.

"The nature of the ministry with its exemption from parochial responsibility, appeared to provide me a work within the limits of my strength and the change of climate and the new surroundings gave hope of continuing my power of work for some years to come."

ST. VINCENT IS CHANGED

Soufriere Is Considerable Lower Than It Was Before the Last Eruption.

[BY ASSOCIATED PRESS.] Kingston, St. Vincent, Sept. 9.—The sights in the windward district of this island, resulting from the eruption of Soufriere of September 3, are very interesting. The Rabacca river is a stream over a quarter of a mile wide. The river bed is continuously throwing up columns and dense clouds of steam, pebbles and mud.

The land has spread further south and is changing considerably the appearance of the district from what it was prior to September 3.

The post officer of Cheaters Belaire, who saw Soufriere from the sea yesterday, made the following report: "The mountain is considerably lower than before September 3, and the appearance of the summit has changed.

"The crops of arrow root and cocoa are ruined. During the night of September 4 there was a terrific storm, accompanied by blinding lightning and terrific peals of thunder and a moaning sound from the agitated crater.

RESUME WORK ON BUILDING

[SPECIAL TO INTER MOUNTAIN.] Helena, Sept. 9.—Work was again resumed on the federal building yesterday, and it will be pushed to completion as rapidly as possible. Manager Fred C. Britten of the Congress Construction company has returned to take charge of the work.

The reason given for the long delay is that the United States Steel corporation has been unable to keep up with its orders and it was impossible to handle the local order at an earlier date.

MUGGSY IS A GOOD MANAGER

New York National League Team Under His Guidance Begins to Show Better Form—McGraw as an Organizer.

Whatever else may be said of John J. McGraw, commonly known as "Muggsy" McGraw, it can not be denied that he is an organizer of no mean ability. The work of the New York National league team since he has taken hold speaks in eloquent terms of his ability in this direction. He not only knows how to get a good team together, but he also knows the trick of getting good ball playing out of his men. The men don't like him, but they do like to draw their salaries and when "Muggsy" is the boss they have nothing to say.

New York and Baltimore clubs, he has organized a team that will eventually be re-ganized. New York had good players and at least two winning pitchers—twirlers who could win under the old regime, Matthewson and Taylor. Baltimore had a few discontented players who were not satisfied with their connection and most of them accompanied McGraw to New York when the smashup came. McGraw put the two together and made a club that can win occasionally, though it is still in last place. They will not be next year, if the work done by the amalgamated forces under short notice is any criterion.

DOES HE FEEL A DEAD ONE NOW?

BUSY PRESS AGENT GETS TO WORK TO START A LITTLE PUBLICITY FOR "GENTLEMAN JIM."

Jim Corbett is evidently beginning to have a few misgivings about his real standing in the world of fisticuffs. That is, "Gentleman Jim" has arrived at the conclusion that he is not getting all the publicity that is coming to him, at least, "appearances would point in that direction.

Now the clever press agent, or rather just "ordinary" press agent, for the is nothing particularly clever in the story, has dashed up the following stew about how the ex-champion heavyweight took three soldiers, who mistook him for a rule and started to guy him, in hand and planted a solar-plexus knockout on the anatomy of each individual separately.

He was dressed in buckskin and looked for all the world like a yokel. "Ho, ho!" said one of the soldiers. "We will have much fun with his bucolic highness."

"Tharshed your pumpkins yet, Bob?" shouted one of the soldiers ironically to the former champion. "Say, let's take his horse away from him and drive along to where we are going," said another.

"Let's make rube get out and dance for us," joined in the third. "Now, boys, run along," said Corbett. "Be good."

Proposed Cowboy Runaway From Deadwood to Omaha Called Out at the Request of President.

[BY ASSOCIATED PRESS.] Deadwood, S. D., Sept. 9.—President Roosevelt having put his stamp of disapproval on the proposed cowboy race from Deadwood to Omaha, the contest has been abandoned. The following telegram was received from the chief executive's secretary at Oyster Bay, addressed to Capt. Seth Bullock, Deadwood, S. D.:

"Referring to the proposed horse race from Deadwood to Omaha, the president would not be willing to have it take place unless it were possible to exercise supervision over the condition in which the horses would come in, and as this would be impossible, he asks you to say in his name that he requests the race not to take place."

FIERCE BATTLE BETWEEN SHERIFF AND NEGROES

Corn-Knives Used in Bloody Conflict, in Which Missouri Man Wields His Weapon With Effect.

[BY ASSOCIATED PRESS.] Liberty, Mo., Sept. 9.—Andrew P. Wynore had a battle with two negroes—Tom and Frank Kidd—with corn-knives this morning, in a field near here. All three were fearfully slashed, one negro having his left arm nearly cut off between the wrist and elbow as he held it up to ward off a slash.

Wynore is the democratic nominee for sheriff of Clay county. He had a dispute with one of the negroes, when one assaulted him with a rock and the other with a corn-knife. Wynore got a corn-knife to defend himself with and a fierce fight took place. The negroes are under arrest.

ITALIAN STRIKERS HAVE A CONFLICT

SOLDIERS KILL FIVE PERSONS IN SMALL TOWN IN SOUTHERN ITALY—MANY STONES.

[BY ASSOCIATED PRESS.] Rome, Sept. 9.—Five persons were killed yesterday and 10 were wounded in a conflict between the troops and strikers at Candela, a small town of Apulia, in the extreme southwestern part of Italy. Owing to a dispute with the laborers on a question of wages, 400 peasants stopped work yesterday. The strikers occupied all the roads in the district and prevented others from proceeding to their work. The gendarmes, in attempting to intervene, were assailed with stones and sticks, and were severely wounded. Troops were then called out and were received with volleys of stones, which killed several of the soldiers. A couple of the latter were disarmed by the rioters, who walked off with their rifles and revolvers. The troops then fired, killing five strikers and wounding 10.

An official of the ministry of the interior has gone to Candela to investigate the disturbances. Order has been restored.
