

BRITISH MAKE HAY WHILE SUN SHINES

COAL OPERATORS ARE BUSY SHIPPING BLACK DIAMONDS TO THE UNITED STATES.

ORDERS FOR SHIPLOADS RECEIVED RIGHT ALONG

And J. Bull Is Rubbing His Fat Hands and Hammering the Good Pieces in His Plethoric Pockets, in Consequence—Kipling Is Needed to Sing His "Lest We Forget" in the Market.

[BY ASSOCIATED PRESS.] London, Oct. 6.—Continuance of the coal strike in the United States has given an impetus to the market here and it is now believed the demand will not be a mere flash in the pan, but will last at least over the present month.

Further considerable purchases of coal have been made at large exporting centers and quite a number of vessels have been fixed to load cargoes for American ports at Cardiff, Swansea, Newcastle, Liverpool and Glasgow. The quantity contracted for at present is considerable and fixing of large boats goes on apace, to the advantage of the market and the gratification of the shippers.

It is said that several Elder Dempster ships have been ordered to the Tyne, to load full cargoes of coal for New York and Boston, in addition to numbers of vessels which in the last few days have been chartered on the Newcastle market.

They Are Making Hay. This unprecedented export of coal to the United States has the effect of raising the price of coal on the London market, and with the continuation of the strike prices are bound to go materially higher.

Secretary William St. John Broderick and the other war office authorities are puzzled to know what to do for the unemployed and reservists and discharged soldiers now returning from South Africa. The demobilization of the army at the Cape is throwing back upon the English labor market thousands of able-bodied workers, for whom there is no apparent opening. Many of the returned reservists are in distress.

As to That Education Bill. Revolt among the supporters of the government against the education bill is spreading and they are becoming more pronounced.

Almost every day during the last week the newspapers have contained convincing evidence of this fact. Four or five prominent conservatives, who also are churchmen, have openly declared themselves hostile to the bill in its present form. Still more interesting is the stand taken against the measure by the liberal unionists of Birmingham.

There is trouble in the Chamberlain camp and though the colonial secretary affects to treat the matter lightly, it is clear from the fact that he has summoned a conclave of his supporters for tomorrow, that the matter cannot be dismissed with a sneer at the "revolting two hundred." The conference will be a private one and the country may have to wait until the middle of the month, when Premier Balfour pays his political visit to Manchester, for some explicit statement as to the intentions of the government.

BOGOTA BUSINESS IS DEAD

Nothing Doing in the Heart of the Isthmian War.

[BY ASSOCIATED PRESS.] Kingston, Jamaica, Oct. 6.—Business is almost paralyzed in Bogota. Dr. Carlos Martinez Silva, former minister to the United States, his brother Luis, Jorge Don Francisco Gutierrez, General Moya Vasquez and other conservatives are still imprisoned by the minister of war, General Fernandez, who is declared to be acting dictatorially. President Marroquin, evidently, is powerless to control him.

FOR EPISCOPALIAN PAULISTS

Movement Taken to Organize the Order in the Church.

[BY ASSOCIATED PRESS.] New York, Oct. 6.—Steps have been taken in the Episcopal church for the organization of an order of Paulists to consist of priests and deacons in that church, who shall pledge themselves to the work of missionaries while earning their livelihood by secular work, without receiving any compensation for their ministrations.

The suggestion is said to have received favorable comment from clergymen and laymen in all parts of the United States and the new organization will soon be under way.

PAYMASTER GENERAL SAYS SO IN ANNUAL STATEMENT

And He Ought to Know, at Least in Dollars and Cents, Though Not in Tears and Gray Hairs—Some Figures as to the Expenditures in Raising the Bunch of Brave Boys in Blue.

[BY ASSOCIATED PRESS.]

Washington, Oct. 6.—According to the annual report of the paymaster general army general expenses decreased during the past year \$918,819, as compared with the preceding year, partly owing to the decrease in the pay of the army and in part to a reduction of claims for extra pay to volunteers.

Expenditures made by Paymaster General Bates were \$52,523,479. The paymaster general is an earnest advocate of the creation of a re-employment system for government clerks, based on the deduction of a small sum from each clerk's salary.

The general says good results are observable from Secretary Root's plan of detailing line officers for staff duty. The only improvements he could suggest would be the detail of first lieutenants instead of captains, as the lowest grade of the pay department, giving lieutenants captains' pay while doing such work.

A financial statement setting out in great detail the expenditures of the paymaster general's office, makes it appear that the total approximate cost of the war with Spain, on account of pay and extra pay to volunteers and regulars and mileage to officers, was \$73,688,640.

General Bates takes satisfaction in noting the fact that every cent of money disbursed through his department from the date of the outbreak of the Spanish war has been sufficiently accounted for and that the government has not lost one cent through defalcation, captures by the enemy, robbery or other causes.

STEAMERS COLLIDE IN THE COLUMBIA RIVER

British Ship Cypromene and River Craft Come Together With a Crash and Awaken Passengers.

[BY ASSOCIATED PRESS.]

Portland, Ore., Oct. 6.—The river steamer Hassallo and the British ship Cypromene were in collision this evening on the Columbia river at Coffin Rocks, six miles from Kalama.

The Cypromene, with a cargo of wheat, was being towed to sea en route to Liverpool, when the Hassallo, on her way to Astoria, crashed into her during a dense fog. The upper works of the Hassallo were raked from stem to stern and the passengers were roused out of bed. No one was injured but the total damage will be about \$10,000.

The Cypromene will be laid up for two or three weeks. The Hassallo continued on her way to Astoria.

SIMPLE YET IMPRESSIVE ARE THE LAST SAD RITES

Dreyfus Marches Behind Remains of Emile Zola Unnoticed by the Crowd—Workingmen in Procession.

[BY ASSOCIATED PRESS.]

Paris, Oct. 6.—The remains of Emile Zola were laid at rest yesterday with simple but impressive ceremonies. It was such a funeral as Zola himself would have wished, without pomp, but with the serried ranks of thousands of workingmen, many accompanied by their wives, sorrowfully marching behind his coffin. Municipal guards mounted and on foot, lined the route, but except for a company of infantry which rendered military honors to the body as it was carried from the house to the hearse, they were there as guardians of honor and not as participants in the ceremony.

Former Captain Dreyfus marched in the cortege, according to the authority of the prefect of police, but he passed completely unnoticed by the crowds. A little distance behind came Mme. Dreyfus, accompanied by her father. Dreyfus sent a handsome wreath which was placed beside the coffin.

RUSSIAN WARSHIP ANGERS THE TURK

MUSSULMEN DO NO LIKE PRESENCE OF FROWNING VESSEL IN THE BOSPHORUS.

[BY ASSOCIATED PRESS.]

Constantinople, Oct. 6.—Grand Duke Nicholas of Russia had a long audience with the sultan last Friday and discussed the Macedonian situation. The grand duke assured the sultan of Russia's friendly desire to maintain order there. The sultan granted a farewell audience to his visitor yesterday and the grand duke, who had been the recipient of many courtesies since his arrival here last week, sailed yesterday afternoon for Livadia on the Black sea.

Grand Duke Nicholas arrived at Constantinople on the Russian ironclad, which, owing to the insistence of Russia, was permitted at the last moment to pass the naval inspectors.

The warship anchored in full view of the Yildiz Kiosk and the Mussulman population of Constantinople was deeply impressed by what was regarded as another outrage of Russia overriding the clause of the Berlin treaty which closes the Bosphorus to foreign warships.

Mr. Harris was riding on a bicycle with his back to the team, which just grazed his side as it passed him, and he fell just out of reach of their hoofs and the wheels. The team ran into a sheep wagon in an alley, which stopped it.

[SPECIAL TO INTER MOUNTAIN.]

Great Falls, Oct. 6.—Further particulars of the killing of young Arthur Sharpe of Sheep creek, 12 miles southwest of Cascade, have been brought in from the scene of the accident. On his arrival at the place where the shooting had occurred Saturday night, Dr. McLennan found young Sharpe dead, he having expired soon after the accidental shooting. The young man was accompanied by Charles Craig and James Taft. He was wading through Sheep creek, carrying his gun above his head, when the shooting occurred. Stepping upon a loose stone he was thrown partly, and in the effort to recover his balance the shotgun was discharged and the charge entered the right side of his neck and jaw, almost tearing his head from his body and leaving no hope for his recovery. He was carried to a place of shelter and young Craig came to Cascade, Taft staying with the wounded boy. The body of the young man was brought to this city and now lies at the Barthold undertaking rooms on Central avenue. The burial will take place tomorrow at Highland cemetery.

REITZ SAYS BOERS WERE BAMBOOZLED

KITCHENER AND MILNER, HE AVERS, LIED TO THEM AT THE TIME OF THAT AMNESTY.

[BY ASSOCIATED PRESS.] New York, Oct. 6.—A committee of Boer sympathizers, including representatives of the Irish-American societies, welcomed yesterday Francis William Reitz, formerly secretary of the Orange Free state, who arrived with his wife on the Holland-American steamer Statendam from Boulogne. "While not here to reopen the agitation of the war," said Mr. Reitz, "I have in view the two-fold purpose of aiding my country and remuneration for myself. The Boers have been tricked into forsaking their colonial allies by oral promises of Kitchener and Milner at the time of the coronation amnesty for all rebels."

OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandsire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in some kind of ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

SSS S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear.

S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the Stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help you. This will cost you nothing, and we will mail free our book on blood and skin diseases.
