

THREE TICKETS IN FIELD IN GRANITE

DEMMIES ARE DIVIDED AND THE COUNTY IS CERTAIN TO GO TO REPUBLICANS.

SILVER BOW OPPOSITION SLOW IN FILING TICKETS

Unless They Get a Move, It Will Soon Be Too Late—Now Thought That Fight Will Not Make a Fight in the Courts Over a Name for His Party, but Will Borrow One From Somebody

From a gentleman from Granite county, who does not care to be known for various reasons, it is learned that that rock ribbed democratic county is almost certain to elect a complete republican county ticket.

"I have always been a consistent democrat," said the gentleman referred to, "and I am still a democrat, but our party is divided and I have no hope of either of the wings winning out."

"Upon what question of policy is the party divided?" was asked.

"I am not sure that I could make that plain to you. Indeed, I am not at all certain that I fully understand the dividing issues, if there are any, myself, although I have been active in the political and business life of that county for many years. I suppose that the real bone of contention is the fact that there are not enough offices to go around. However that may be, the fact is that either wing would prefer the election of the whole republican ticket to the election of one man of their democratic opposition."

Weston Would Sidestep.

"There are three tickets in the field—the straight republican, the democrats and the Bryan democrats. The Bryan democrats have perfected a fusion with the silver republicans and will probably patch up some sort of an agreement with the labor party."

"The republicans have put up the strongest ticket they have ever had in that county and they are united as they have never been before, and if they do not win it will not be because of a lack of enthusiasm among them."

"I am still a democrat but I confess that about the only thing for the good citizens of Granite county to do under the circumstances is to vote the republican ticket and let the warring democrats fight it out among themselves."

Unless filed late this afternoon the only county ticket that has thus far been filed is the republican. Next Tuesday is the last day that the nominations can be filed and unless they are filed before the close of office hours on that day, it is altogether probable that any of the tickets not in the fusion movement would have considerable trouble in making their filings before midnight on that day.

A Triangular Fight.

According to County Clerk Weston he will file any and all tickets of nomination that may be brought in and in the case of the two democratic tickets he is hopeful that the matter will be settled in the courts before he is compelled to show his hand. Not but that he would decide in favor of the Heinze ticket fast enough, but as it must finally be determined by the courts anyway, he is in hopes that in some way he will be able to avoid responsibility.

It is now said that it is not at all certain that Mr. Heinze will make a contest for the use of the democratic name. He has perfected fusion with other parties that have a name of their own. They have agreed to permit him to use it and there is not much necessity in making another losing fight in the courts. He is well aware that he could not win and he fears that another losing scrap would lose more political prestige.

Drexel's steam yacht, the Marguerita, and will spend part of the winter cruising in the Mediterranean. The yacht is chartered until March 1. London is now practically empty of American visitors.

CUSTOMS TARIFF FOR AFRICANDERS

WHAT THE BRITISH ARE GOING TO DO TO REVIVE TRADE IN SOUTH AFRICA.

NEW SCHEDULE SEEMS TO BE SATISFACTORY TO ALL

Duty on Dynamite Has Not Yet Been Settled, but as J. Bull Is a Wise Guy, He Will Probably Look to It Before He Is Raised, Along With Some of His Duties on the Necessities.

[BY ASSOCIATED PRESS.]

Johannesburg, Oct. 9.—The customs tariff gives general satisfaction. By it the cost of living will be reduced and the mining and agricultural industries will be materially benefited.

The duty of six cents each on poles, two cents a pound on sulphuric acid, six cents per pound on lead and five cents per pound on copper wire have been cancelled. All iron will be admitted free and the cost of building will be greatly reduced by the removal of duties on cement and timber.

The alteration of the duties on cigars and cigarettes from \$2.75 per hundred cigars without distinction as to size to \$1.50 a pound and from \$3.75 per thousand cigarettes to \$1 a pound is considered equitable. The special duty on jams and confectionery of \$10 per 100 pounds will be reduced to seven cents a pound.

Anamolous Duties Annulled.

The special duties of \$2.50 on oats and \$1.25 on oat hay will be repealed. Anamolous duties have been annulled. Most of the changes made have been agitated for years.

This is especially so with regard to matches which were taxed \$1 per gross for the benefit of the concession. This tax has now been reduced to 50 cents per cent gross.

A dispatch from Pretoria, Orange Free State, says the new customs tariff will take effect a fortnight hence. The existing duty on dynamite is left unaltered, owing to the fact that the questions bearing upon the conditions relating to the manufacture and importation of the explosive into the Transvaal colony are under discussion. The duty will be dealt with separately, however, as soon as possible.

TERRIBLE FIRE IN THE ILLINOIS CITY

Chicago, Oct. 9.—With a banquet and several speeches by distinguished men, the Marquette club will celebrate Chicago day at the Auditorium hotel tonight, in commemoration of the great fire of October 9, 1871. The orators and toasts to which they will respond are:

Senator Joseph R. Burton of Kansas was to have spoken on "Republicanism in the West," but the club has been informed that he cannot arrive home from Hawaii in time to attend the banquet. His place on the program will therefore be taken by J. S. Dean, United States district attorney at Topeka, Kas.

At the banquet of the Lakeside club, Dr. Emil G. Hirsch will speak on "Chicago's Possibilities." Bishop John Lancaster Spalding of Peoria has been assigned to the toast, "Illinois."

NOVEL METHOD OF TRAPPING VICTIM

CHICAGO THUG GETS WOMAN TO "HOLD THE PHONE" WHILE HE TAKES A SHOT AT HER.

[BY ASSOCIATED PRESS.]
Chicago, Oct. 9.—Bud Haggins, said to be a race track employe, is sought by the police on the charge of devising a new plan of attempted murder and trying it upon Annie Butler, 2421 Dearborn street.

Haggins had quarreled with the woman frequently and had been arrested on her complaint.

She feared him and had refused to have anything to do with him. Going to a telephone, within less than half a block of her house, he called her to the instrument and after a few words with her, requested her to hold the wire.

Then he went around to the side window of her house, knowing that he could see her with the telephone and, she says, fired one shot at her. The bullet struck her left side causing a wound that may prove fatal. Haggins then ran away, and is sought for by the police.

Wanted—25 carpenters, about two months' work. Send applications to Capt. H. M. Chittenden, U. S. Engineer Office, Yellowstone, Park, Wyo.
