NOTHING DOING IN WAY OF CAMPAIGN

POLITICS APPEAR TO BE ABSOLUTELY DEAD OUTSIDE OF REPUBLICAN COMMITTEE.

FUSIONISTS HAVE TAKEN TO THE FAR BACKWOODS

Have No Past to Point to With Pride and No Issue With Which to Point With Alarm—So They Have Taken a Rest and Left the Field to the G. O. P., Who Are Working on the Quiet.

Except for an occasional fight between some of the disappointed and gold-bricked fusionists, there is but little occurring these days to suggest that there was an important campaign on.

The men who busied themselves some days ago in noisy effort to create public sentiment for the fusion ticket have presumably either worn out their voices or are engaged in more useful, if less lucrative, employment.

Aside from the steady, telling and enthusiastic work being done by the republican county central committee, there is but little being done to organize or further the interest of any of the candidates. From present indications little will be done until the closing days of the campaign. The candidates themselves are making a still hunt. So far it is known neither the democrats nor the fusionists have made arrangements for public meetings in this county.

Some say that there is nothing to do; that the democrats dare not discuss national issues; dare not praise the wholly discredited state administration and cannot conscientiously criticize, even in a mild way, the republican national administration.

The fusionists apparently have no issue. While dead to the political world here and elsewhere, the populists are the most potent and virile, faction among the fusion crowd, and they are barred by the statute of limitations from discussing anything but their desire to hold the offices.

They Have No Past.

The other members of the fusion have nothing to be proud of in the past, in fact they have no past, and nothing to hope for in the future.

It is different with the republicans. Every conceivable argument that can be made in favor of republicanism, prosperity and good government. Judged by the past and present, there is every reason why the local and state administrations should be given to the republicans.

There is no lack of argument on the republican side and it is a cause for much congratulation that the people are at last becoming aroused to the fact that the representatives of the common people, now candidates on the republican state and county tickets, are the ones to look to for relief from present conditions.

Next Saturday night there will be a rally at the town of Melrose, and it is expected that every nominee on the republican county ticket will be present.

Tuesday, October 14, the republicans of Centerville have made arrangements for the banner meeting of the campaign.

Meadeville will receive and imbibe republican doctrine Wednesday, October 15.

Ex-Senator Thomas H. Carter will address the citizens of Butte on the issues of the day in the Auditorium on Friday, October 17.

DAVID MONAHAN ARRAIGNED FOR AN ALLEGED ASSAULT

Before Boyle in Connection With Attack on C. E. Leonard—Trial to Be Resumed Tomorrow.

At yesterday afternoon's session of police court David Monahan was put on trial for assault in the first degree on C. E. Leonard, the affair having occurred early last Wednesday morning as Policemen Lydon and Dawson were in the act of arresting a drunken man at the corner of Main and Park streets.

Assistant District Attorney Yancey conducted the prosecution. John Reed was the main witness for the defense, but he contradicted himself several times and it is doubtful if Judge Boyle will give his testimony much credence.

Policemen Lydon and Sergeant Dawson both testified that Monahan was the man who struck Leonard with a sharp iron instrument. They said Monahan was followed to his room after the assault and acted in a suspicious manner when questioned on the subject.

The defense has several witnesses to produce and the trial will be resumed tomorrow afternoon at 2 o'clock.

FLATHEAD COUNTY IS SAFELY G. O. P.

KALISPELL WILL ROLL UP A BIG MAJORITY FOR DIXON, WHO IS POPULAR THERE.

ENTIRE COUNTY TICKET CERTAIN OF ELECTION

Party Managers Have Shown Extraordinary Judgment and the Convention Picked the Right Men—Montana is Overwhelmingly in Favor of the Republican Party's Expansion Policy.

"Flathead county will elect a straight republican ticket this fall," said one of that county's most reputable citizens, who was in the city yesterday.

"There is every reason for hope that this will be true. In the first place, when conditions are normal, Flathead is a republican county by a good majority and this year the party managers seem to have not been lucky only in their selections of candidates, but the nominating convention used the best of good judgment.

"Kalispell, the largest town in, and the county seat of Flathead county, is the commercial center and will poll the largest vote. In Kalispell Joseph M. Dixon has many personal friends and from the general talk among the people, one would almost be led to believe that he would receive every vote. There is every reason to believe that the republican state and county tickets will receive a magnificent majority in the county.

"From nearly every county in the state comes the glad news that the people are tired of further democratic-populistic rule and the election of Dixon and Holloway will simply be the forerunner of what will happen at the next general election when a full state ticket is to be elected.

"While the course of the state administration has been all that is bad and indefensible, the course of the democratic party upon national questions has been even worse.

"The opposition to every common sense condition imposed and unavoidable obligation growing out of the Spanish-American war, is unpopular with the people of Montana. We had, as conditions of the treaty of peace with Spain, assumed obligations which compelled the government to establish a government in the Philippines. There was but one course to pursue and that was to stay there and keep our promises. It was a heavy task at best, and democrats have vastly increased its burden instead of treating it as a great American work, in which were involved the honor of our government and the good name of the American people.

"Montana is overwhelmingly in favor of the republican policy of expansion."

MODERN WOODMEN HOLD RECEPTION TO VISITORS

Gather in Pythian Castle in Social Session—Some of the Outsiders Who Are Attending.

Pythian Castle in South Main street is being turned into a school for the Modern Woodmen of America for the next few days. Yesterday there was no regular instruction but instead a social session at which the Butte members entertained visitors.

T. W. Bartley of Moscow, Idaho, lectured last evening on tax readjustment with a view to giving the camps an idea of the changes which are proposed to be made at the head camp meeting at Indianapolis next June.

Among the prominent members and visitors who are taking part in the program are the following:

G. M. Roe, Butte, state deputy; S. E. Leard, M. D., Livingston, state physician; T. W. Bartly, Moscow, Idaho, national lecturer; W. W. Welsh, Helena, state lecturer; F. A. Maxwell, Bozeman, state consul; L. R. Eiddell, Helena, state clerk.

District deputies—J. C. Freeman, Butte; John F. Bannan, Missoula; R. A. Mullinger, Marston; G. H. Coulter, Culbertson; Fred E. Brown, Forsyth.

Camp lecturers—W. E. Carroll, Butte; Dr. R. W. Beck, Stevensville; George A. Zill, Dillon; H. A. Briggs, Victor; C. P. Lafray, Bonner; L. P. Smith, Plains; John A. James, Anaconda; W. F. Olary, Great Falls; F. A. Maxwell, Bozeman; Horatio Hazelton, Missoula; L. B. Morris, Helena; J. F. Lyons, Meadeville; C. L. McGarry, Walkerville; G. M. Roe, Butte.

SHOULD BUILD THAT ROAD

Committee Recommends Commissioners a Piece of County Improvement.

County Surveyor Monroe, P. J. Brophy and Pat Mullins, who were appointed to view the McCloskey road which leads over the range from Horse Canyon, made a report yesterday recommending that the commissioners proceed with the construction of the road.

Henry McCloskey, who has built a private road to the Josephine Lode claim, has offered to turn it over to the county for \$3,000, a proposition which will probably be accepted.

The road leads into the rich timber and mineral country across the range and would be a benefit to Butte in many ways.

PRICES ADVANCE ON THE STAPLES

WITH FIRST BREATH OF FROST, VEGETABLES GET SCARCE HEREABOUTS.

CANNED GOODS WILL SOON BE THE BEST YOU CAN GET

Fruit Takes a Shoot on the Approach of Winter—Oranges You Can Still Procure, but It Is Like Eating Money—Apples Bring 75c a Box—Here Is What You Will Have to Pay Today.

With the appearance of the first frost vegetables are getting very scarce and the local markets do not offer a large variety of greens at this time of the year. The fresh vegetables are about at an end and that means that canned goods will be in order from this time on.

Beets, turnips and cabbage are a few of the vegetables that last during the greater part of the winter. The prices of these staple articles do not vary much as a general rule and this will be particularly true this year on account of the plentiful crop. Most of these are Montana products and their superior are not to be found anywhere in the country. Two cents a pound is the present price.

Fruit Takes a Shoot.

Fruits are advancing on account of the near approach of winter. The choicest grade of Montana apples are now bringing 75 cents a box. California oranges are not yet in the market, but local dealers say that they will begin to appear about the end of the week. Cantaloupes are rapidly playing out. The last ones sell for 5 cents a pound. Washington and Montana tomatoes are still offered in the local markets at 5 cents a pound.

Sweet potatoes are the newest thing in the market and the best quality can be purchased for 4 and 5 cents a pound. Irish potatoes are worth 85 cents a hundred. They are all home-grown. Plums are 85 cents a case and grapes range from 35 to 50 cents a box according to quality. Cranberries have been in for some weeks and are now down to 10 cents a quart.

HARRY KING BOUND OVER

Must Tell McClernan What He Knows About Assaulting Chinaman. Justice Oleson of South Butte yesterday bound Harry King over to the district court. King was tried for an alleged assault on a Chinaman, Charley Sing, some weeks ago.

King and Sing had both been shooting craps in a West Mercury street dive, so the story goes. Sing won and while on his way home he was attacked.

His assailant made good his escape. Later King was arrested and charged with the assault. Justice Oleson held that there was sufficient evidence to bind King over and he will now have to explain to Judge McClernan.

MORRIS ROTH DISCHARGED

Evidence Against Second-hand Man Insufficient to Convict.

Morris Roth, charged with having received stolen goods, was yesterday acquitted on the grounds that there was not sufficient evidence against him.

Roth runs a second-hand store at No. 221 East Park street where he recently displayed some tools and John Cody claimed they had been taken from him from the premises of the Butte Electric Power company.

No witnesses appearing against Roth the case was dismissed.

DENVER PAPERS ARE TO BE PUT UNDER BOYCOTT

District Union of A. L. U. Issue Circular in Connection With Paper Company Employees Strike.

District Union No. 3, A. L. U. of Denver have issued a circular against two Denver newspapers.

The circular reads: "At a regular meeting of this organization the Rocky Mountain News and Denver Post were declared unfair to organized labor because those publications persist in using the product of the Rocky Mountain Paper company, whose employees are out on strike to better their condition.

"You are urgently requested to appoint committees to call upon the patrons of these unfair journals with a view to restrict their circulation as much as possible."

The circular is signed by A. E. Anderson, secretary.

DENVER MATTRESS AND BEDDING WORKERS HOT

Sore at American Federation of Labor for Stand Taken in Connection With a Strike in That City.

Denver mattress and bedding workers have issued a circular which scores the American Federation of Labor in connection with the strike in that city.

"The trouble heretofore existing between the Mattress and Bedding Workers' union No. 208 and George J. Kindel is still unsettled. We have used all honorable means for a settlement, and believe that the same could have been effected had not the American Federation of Labor organized the scabs in Kindel's factory, many of whom were formerly members of our union.

"Owing to the action of the American Federation of Labor in organizing scabs you will take notice that there is but one legitimate label upon the products of the mattress factories, viz.: the American Labor Union label.

"Notwithstanding all odds against us, we have been able to put up an active fight in Denver, and would like your honorable body, through committees and individually, to visit the merchants in your immediate vicinity, and see that they purchase only such articles of bedding as bear the American Labor Union label, the only legitimate label now upon this class of goods."

SWITCHMEN SECURE RAISE

Something Like Five a Month Added to Their Salaries.

Superintendent H. J. Horn of the Montana division of the Northern Pacific has issued an announcement to the effect that the wages of all switchmen and switch-engine foremen on his division would be

raised 15 cents per day, taking effect October 1. As the switchmen and foremen work every day the raise amounts to about \$4.50 a month.

FOR MISSOURI MINÉ WORKERS

Scale Agreed Upon in Kansas City Will Put an End to Strike.

As a result of a conference in Kansas City yesterday, between the United Mine Workers of Missouri and the mine operators, practically all of the 1,300 striking miners of Northern Missouri will resume work today.

A new wage scale for the ensuing year was agreed upon and it is believed that all of the miners and operators in Missouri, who have failed to agree on a scale for 1903, will soon arrive at a settlement.

GARMENT WORKERS SETTLE

Truce Declared in Chicago and Hands Go Back to Work.

A truce was declared last night in the fight between Union Garment Workers in Chicago and the Special Order of Clothing Workers as to which union has jurisdiction over certain classes of work.

The boycott, affecting over 4,500 garment workers, was lifted.

Quiet in Sandy Hill.

The Hudson Valley Electric railway situation in Sandy Hill, N. Y., is quiet. Traffic is increasing.

LABOR NOTES.

E. L. Hughes of Spokane, a member of the executive board of the American Labor union, is still in the city looking after some private business matters. Mr. Hughes expects to remain in the city for some days yet.

C. P. Lafray of Bonner, Montana, and one of the executive board of the American Labor union, is in the city on business connected with the meeting of the Modern Woodmen. While here he was in consultation with the head officers of the union in the Pennsylvania block.

Secretary Clarence Smith of the American Labor union is authority for the statement that the Boulder Milling & Elevator company of Boulder, Colorado, has consented to the organization of all of its employees and the company are now manufacturing flour wholly with union labor and will use the union label.

Because of the accidental presence of a majority of the executive board of the American Labor union, President McDonald called them together at his office yesterday evening for the purpose of having an informal discussion upon matters pertaining to the union. No business of any kind was transacted, in fact it was not a meeting of the board as a board but purely an informal and social affair.
