PERFORMING CATS AND TAME HORSES

JAMES MURRAY HAD A LARGE STRING OF 'EM IN HIS MIND AND IS LANDED IN BASTILE.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—About 1 o'clock last night, Night Chief of Police O'Brien was called to St. Ann's hospital to put a stop to the carryings on of one James Murray, who has been occupying a room in that institution for several days past as a result of too much booze. He occupied a room on the lower floor, but every time the animals would start to perform he would leave his stipulated quarters and with his trained beasts start on a tour of the building. His actions became so strenuous last night that Chief O'Brien conducted him to the county jail. His wheels are still going, but at a slower pace. Several days' rest will no doubt put him right, but if not he will probably be examined for insanity, with a view of sending him to Warm Springs.

HE HATED TO THINK OF ANYONE OPENING THEM

'Twas Out of Pure Goodness of Heart That Eli Naza Smashed Those Eggs of Joe Balkovich.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—Eli Naza, who indulged in the innocent diversion of smashing a case of eggs belonging to Joe Balkovich of East Park avenue and was arrested in consequence by Officer Fitzpatrick, did not appear in court for trial yesterday. He paid for the eggs he smashed and avoided an inning with the court. Balkovich told him that if he would cough up for the eggs he would not prosecute, and Naza accepted this rather than pay a fine in police court. What actuated the sudden destructive tendency of Naza is not known, but it is thought that he seriously doubted that the eggs were fresh and in order to save uttering humanity from being buncoed, he put them beyond the pale of the market.

REGISTRATION IS BOOMING

Everybody Seems to Be Anxious to Get a Vote November 4.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—Registration is booming in Anaconda this fall. The offices have been open but two days and the number of names on the books is much larger than it was in the same length of time two years ago. Especially is business brisk in the Second and Fourth districts. Every voter makes it his business to push the thing along and the result is going to be most gratifying to the adherents of all political parties in the number of ballots cast on election day.

YALE STIRRED UP OVER "BIG WILBER"

DISBARMENT OF CRACK FOOTBALL LIST, FORMERLY IN ANACONDA, IS WIDELY DISCUSSED.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—The disbarment of Wilbur, the old Anaconda football player, from the Yale team, is creating some little discord among the followers of Old Eli, and if the Eastern papers are to be believed there is some personal matter mixed up in the deal. Says a Boston paper:

"A Yale football mystery is provoking a good deal of gossip at New Haven. When the season opened one of the giants who got into the game with a vim was Ralston T. Wilbur of Delamar, Nev. He is not yet 25 years of age, is 6 feet 2 inches tall, and weighs 205 pounds. He has been playing football to years. Every one thought he was a find. He tried for full back. He remained in practice until the first game with Trinity. He went out expecting to have a try in that game, but sat on the side lines all the time. That was the last seen of Wilbur in football uniform. He doesn't know why he was overlooked and his friends wonder why.

"Wilbur has a splendid athletic record. Three years ago he entered the scientific school. This year he entered the law school. During his first year in Sheffield he started to practice football. The first day he went on the field Frank Butterworth, the coach, objected to Wilbur, and he wasn't even allowed to tackle the dummy. While in Sheffield he won the high jump.

"When he left Sheffield he expected to go into the mining business with the Anaconda Mining company, but changed his plans. He owns a mine in Delamar and is wealthy. He took boxing lessons from Walter Watson, who taught James J. Corbett.

"When Frank Butterworth was coaching the Leland Stanford varsity eleven a game was arranged with the Reliance eleven of the Pacific coast, of which Wilbur was champion. Butterworth's team was defeated. Wilbur's team, in fact, beat all comers that year. Early in the '90s, when Wilbur was in High school on the Pacific coast, he went up against the Yale giant, Heffelfinger, who was coaching Leland Stanford, and played him to a standstill. Wilbur was only 17 then. He holds the Pacific coast record as champion shot-putter at 45 feet 3/4 inch."

'DUMMY' ROWAN IS TO SPAR MR. FITZ

[BY ASSOCIATED PRESS.]

Anaconda, Oct. 16.—Manager Frank Collins announced this morning that he has completed arrangements with "Dummy" Rowan, the heavyweight pugilist, to spar with Bob Fitzsimmons tonight. It will simply be a friendly bout, as "Dummy" goes on with no intention of staying for any length of time or any certain number of rounds.

TWELVE ACQUIT PETER MARRON IN TWINKLING

Jury Finds He Is Not Worthy of Punishment for Alleged Assault on Boy in Mountain View Park.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—Peter Marron, accused of having assaulted young Henry Early, was acquitted in less than 15 minutes by a jury in Justice of the Peace Quane's court yesterday. Owing to the number of witnesses the case occupied a portion of two days.

County Attorney Duffy prosecuted the case and J. R. Boardman appeared for the defendant. It was alleged in the complaint that while Marron was attending a picnic at Mountain View park last June, he choked and shook Henry Early, a 14-year-old boy, who had only a short time before been operated on for appendicitis. The boy complained of being sick soon after the affair between him and Marron, and he was taken to St. Ann's hospital, where two operations were performed on him to remove pelvic abscesses. The serious condition of the boy necessitated the postponement of the case several times. After a good deal of conflicting testimony on both sides as to the cause of the altercation, the case was submitted to the jury by the attorneys, without argument.

LEVY'S Peerless Electric Theater 316 East Park Avenue Anaconda

REPUBLICAN PARTY IS GAINING DAILY.

AS THE CAMPAIGN PROGRESSES, IT BECOMES EVIDENT THAT THE VICTORY IS OURS.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—As the campaign progresses the republican party in Deer Lodge county seems to steadily gain strength, and from the indications there can be but one result to the coming election, republican supremacy in this county. Reports from the country districts are strongly in favor of the republican party and while the outlying districts are not large numerically, they can be used as a criterion by which to judge the prevailing sentiment all over the county.

Each night the republican headquarters on Main street are filled with people who get together to talk over the political situation, and from night to night there are many new faces in evidence. The interest runs high and confidence grows daily. Preparations for the rally next Saturday night are going on. It will no doubt be the largest ever held in the history of the city. Hon. Thomas Carter, former United States senator from Montana, will speak in the Margaret theater, and arrangements are being made for the presence of other men prominent in public affairs in this state.

C. A. FLEISCHMAN IS DEAD

Succumbs to Peritonitis in St. Ann's After Illness of a Week.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—C. A. Fleischman, who was employed at the Washoe smelting plant, died yesterday afternoon at 5 o'clock at St. Ann's hospital from peritonitis, after an illness of a week. The deceased was in a critical condition when he was taken to the hospital and little hope was expressed of his recovery by the doctors of the hospital. He grew worse rapidly to the end. A boy who came here with him from Duluth, Minn., about a year ago, survives him. His body lies at Tuttle's undertaking parlors.

LIZZIE HALL A FREE WOMAN

Evidence Does Not Seem Sufficient to Convict Butte Lady.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—Lizzie Hall, colored, who was wanted in Butte for robbing Robert Lindwall of \$120, was released yesterday by Chief Taylor after he had a talk with the Butte police. It was discovered yesterday that Lindwall was in Anaconda and when he was asked to present an appearance at police headquarters he was unable to show sufficient evidence to warrant holding the woman.

She was arrested on Tuesday night by Night Chief O'Brien and Officer Fitzpatrick.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—Word was received from Governor Toole yesterday that the petitions submitted to him a short time ago by Joseph McCaffery, asking for the pardon of Thomas O'Brien from the Deer Lodge penitentiary had been placed on file, and that nothing would be done in the matter until the press of other business had been relieved and the petitions should come before him in their regular turn of business.

The signatures of over 3,000 Anaconda residents were attached to one of the petitions.

The sum of \$446 was raised after two days soliciting and this sum will be added to that already raised here.

CHANGE COLOR OF BOARDS

Anaconda School Trustees Paint the Blackboards Green.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—"Greenboards" will be installed in the new school building here instead of the time-honored blackboards. This decision was reached at the meeting of the trustees last night. It is believed that green will be more restful than the colorless black. The board did not buy the furniture for the new building as was expected, but the matter was left over until the next regular meeting.

NOW THEY KEEP IT OUT OF OUR SIGHT

PERENNIAL PHOTO OF THE CANDIDATE IS LESS IN EVIDENCE OWING TO A JOKE.

[SPECIAL TO INTER MOUNTAIN.]

Anaconda, Oct. 16.—Not the least laughable feature of politics in Anaconda at the present time are the "Allow me; my photograph" maneuvers of any number of the democratic candidates for office in Deer Lodge county. The phrase of Mr. Tweedlepunch of the "Florodora" company is in every one's mouth and to bring it out it is necessary to just flash a campaign card having on it the likeness of the candidate in whose name it is printed.

So far the democratic candidates seem to be alone in the matter of having their pictures continually before the public, and since the "Allow me; my photograph" expression has become popular it is not probable that any other aspirant, democratic or otherwise, will want their facial likeness to be instrumental in reminding voters of "Tweedlepunch."

AMUSEMENTS.

Fitzsimmons Opens Tonight.

[SPECIAL TO INTER MOUNTAIN.] Anaconda, Oct. 16.—Headed by the only Robert Fitzsimmons, the world-famous heavyweight fighter, "The Honest Blacksmith" company will appear at the Margaret theater tonight.

With the actor-pugilist are his beautiful wife and their son, Bobby, Jr., supported by a big dramatic company, many of whom present clever specialties. Bob himself is a very interesting star, and besides playing the principal role, in which he thwarts the villain, throws him through the window and otherwise makes his life a strenuous one. He makes horseshoes, shoes a horse, sings comical songs, spars three rounds in lightning fashion, punches the bag in his own unexcelled style and gives plenty of good advice concerning physical culture.

A Strong Comedy.

When the record of the twentieth century of American stage history comes to be written, a prominent place will be given to "Yon Yonson," because this Swedish-American comedy has enjoyed a longer lease of life than ever fell to an entertainment of such a popular character. Literally "Yon Yonson" is no classic, but it is that which is better in the affections of the people; namely, a household word, mention of which at once awakens a suggestion of good cheer and wholesome fun. At the Margaret, Sunday, October 19.

Eagle Quartette a Feature.

The Eagle quartet, which comes to the Margaret tomorrow night with the big scenic drama, "Pennsylvania," was a feature at Manhattan Beach during the past summer. Every member of the quartet has been connected with prominent operatic organizations.

BRITISH CRUISER SAILS TO HELP THE STARVING

Concentration Measures Adopted by the Venezuelan Government Is Said to Be the Cause of Widespread Misery—United States Minister Bowen Calls an American Ship up the Orinoco.

[BY ASSOCIATED PRESS.]

Willemstad, Island of Curacao, Oct. 16.—The battle near La Victoria, Venezuela, between the army commanded by President Castro and the revolutionary forces, which began Monday morning and resulted in the retirement of President Castro to La Victoria Tuesday afternoon, was resumed again fiercely at 5 o'clock Wednesday morning.

At that time the president had received reinforcements and had over 6,000 men engaged against 7,000 revolutionists. The artillery played a part never before seen in Venezuela. Shortly before 5 o'clock yesterday afternoon, the revolutionists appeared to have gained a slight advantage. The president's artillery, which numbered 15 guns, had been reduced to four guns. La Victoria was crowded with wounded and there were no provisions in the town.

British Cruiser Sails.

The British cruiser Indefatigable has left La Guaya for Tucacas with provisions for the foreign residents there, some of whom are said to be dying of hunger as a result of the concentration measures adopted by the Venezuelan authorities. The Indefatigable, to accomplish her mission, will have to run the blockade of Tucacas.

The German cruiser Veneta has also left La Guaya and it is regarded that she is also bound for Tucacas. Fighting took place Monday and Tuesday between the government forces and the revolutionists at Carupano.

The American cruiser Panther has forced the entrance of the Orinoco river and has reached Ciudad Bolivar to protect the United States legation at Caracas and all his colleagues will follow Mr. Bowen's example.

MITCHELL WILLING TO ACCEPT THE BOARD

(Continued from Page One.)

the members. Some of them believed the board was favorable to the miners.

Roosevelt at His Desk. Washington, Oct. 16.—Notwithstanding the severe strain incident to the mental and physical labors of yesterday and last night President Roosevelt was at his desk early today. Surgeon General O'Reilly and Dr. Lung, called to the temporary White House shortly after 9 o'clock, announced on leaving that the president was progressing finely and in excellent spirits.

Already the president is in receipt of scores of telegrams of congratulations on his effort to effect a settlement of the coal strike.

No doubt is expressed that the miners will accede to the arrangements made by the president and accept the commission arbitration appointed by him. Indeed it is known already at the White House that the personnel of the commission meets the personal approval of President Mitchell. In fact it is understood that the miners' president suggested to President Roosevelt that in the selection of the members of the commission, he include a representative of the clergy and one who is known to be in practical, if not active sympathy with organized labor.

They Will Act. It is understood that those named as members of the commission have indicated to the president their willingness to accept the trust imposed upon them.

It is not yet determined at this time when or where the commission will hold its sittings. It is stated that this will be one of the details to be worked out when a formal acceptance of the arbitration commission shall have been received from the miners.

Naturally it is assumed that the headquarters of the commission will be in Washington, but it is entirely likely that some, at least of its proceedings, will be held in New York and in the coal regions, probably at Wilkesbarre.

The report of the commission will be made to the president and by him will be communicated to the parties to the controversy and to the general public.

Preparing to Resume. [BY ASSOCIATED PRESS.] Philadelphia, Oct. 16.—Greater activity was shown at the offices of the Philadelphia & Reading Coal & Iron company today than at any time since the anthracite coal strike began more than five months ago. It was evident that the company expected the resumption of mining, and preparations were being made for placing cars at the mines at once. The Reading company owns 21,000 coal cars. One-half of this number has been in use by the bituminous trade while the remainder are lying idle in this city. All of these cars will be sent to the mining region with the utmost dispatch. When the strike began nearly 5,000 coal handlers were laid off, and these will be re-engaged as rapidly as possible.

The company also has 30 barges lying at its wharves at Port Richmond, this city, with a capacity of 1,450 tons each, which are ready for immediate use. Their tugs, which have been in use in the soft coal trade, are being hurried back to this city.

Will Withdraw Troops.

[BY ASSOCIATED PRESS.] Harrisburg, Pa., Oct. 16.—Governor Stone will probably withdraw the troops in the mining region as soon as the strike is officially declared off by President Mitchell and the miners indicate their willingness to go to work. The cost to the state of keeping its entire military force on duty in the mining regions is enormous, and

the governor is very anxious for a speedy settlement of the strike.

Men Anxious to Work. [BY ASSOCIATED PRESS.] Tamaqua, Pa., Oct. 16.—The news of the settlement of the strike was received very quickly here. Now that a definite agreement has been reached all the men appear anxious to get back to work.

SOME WEEKS BEFORE MOVING IN MINDANAO

Preparing for Strong Movement Against Sultan of Bacolod by American Troops.

[BY ASSOCIATED PRESS.]

Manila, Oct. 16.—It will be possibly three weeks before the American expedition against the sultan of Bacolod will leave Camp Vicars. The column will not be moved until General Sumner goes to Iligan, starts the work on the north trail to Lake Lanao and returns to Camp Vicars. General Davis is anxious to avoid bloodshed in Mindanao and has directed General Sumner to refrain from fighting, unless forced into active combat.

When the expedition reaches Bacolod, the sultan will be given another chance to accept peace. General Sumner will not attack until the Moros take the aggressive.
