# ON THE WHOLE IT WAS A QUIET DAY

NUMEROUS DEPUTIES KEPT THE CROWD QUIET AND NO FATALITIES HAVE BEEN RECORDED.

# CUTTING AFFRAYS AND FIST FIGHTS WERE ALL

Buildozing Methods Fail to Intimidate the Police, Who Saw That the Laws Were Fulfilled in Every Particular, as Far as Insuring Protection to Ladies and Non-Combatants Was Concerned.

Thanks to the precautions taken by the city and county authorities yesterday's was one of the quietest elections for state and county officers ever held in Silver Bow county.

Notwithstanding the fact that Heinze had his disreputable heels at every ward and at every street corner, authorized by Faugust himself to "Give 'em h—" there was comparatively little disorder. At some of the precincts there were fist fights and an occasional cutting affray was reported at police headquarters, but no fatalities occurred.

All day Monday Chief of Police Reynolds was busy swearing in deputies, who were to assist the regular forces in keeping order, and it was largely due to the work of these extra officers that no serious fights resulted.

Never before did feeling run higher. The opposing factions in the political warfare strained every point from the start to win, and as was expected, the fusion forces stopped at nothing to gain their end. When buildozing failed at the polls they resorted to other foul means to attain their ends, but in many cases these were thwarted by men who stand for honest methods and straight principles.

An Orderly Election.

At the corner of Main and Park and also at the corner of Main and Broadway there were six special policemen stationed to see that traffic should not become congested. Once at the east corner of Main and Granite a Heinze speller mounted a drygoods box and undertook to harangue a motley crew, but he was promptly told to vacate and, failing to make himself scarce, he was given a berth in the city jail.

Ladies found protection on the streets, and many came up town to vote during the morning and afternoon. The streets were cleared of drunken men as fast as they appeared and at the first signs of an outbreak the participants were hustled off to jail.

All in all it was an orderly election.

# CORONER JOHNSON ON THE DEATH OF N. P. EMPLOYE

Is Conducting an Inquest Over the Remains of George Hudock, Who Died From Exposure to Cold.

At 2 o'clock this afternoon Coroner Johnson began an inquest at the Montana undertaking rooms to look into the death of George Hudock, the section hand who was found dead yesterday morning near the crossing of the Butte Electric railway and the Northern Pacific railway tracks.

The inquest is being held more as a matter of form than anything else, as it is almost certain Hudock died from exposure. He was known to have been drinking heavily, and the supposition is he fell to the ground for sleep and later froze to death. The verdict of the jury will be to the effect that the man died as a result of drink and exposure.

Hudock was 41 years of age and unmarried. He was a native of Austria, and had worked in the smelters and as a section hand in Butte for several years.

He will probably be buried by his Austrian friends.

# A. GUELF AND G. SALMI ENGAGE IN A BAD MIXUP

Men Will Have to Appear Before Justice Libby November 10—Quarrelled Over the Campaign.

A. Guef and George Salmi, both citizens of Meaderville, will have to appear before Justice Libby, November 10, to answer to the charge of assault in the third degree. The two men fought over politics yesterday afternoon on Main street, Meaderville, and it is said several shots were fired.

Salmi had the best of the argument with his fists and Guef drew his gun. Salmi beat a hasty retreat when the muzzle of the revolver pointed in his direction, and then it was the bullets sped. None of them, however, took effect.

The men were arrested and each gave bond for his appearance before Justice Libby, November 10, in the sum of \$500.

# CHOOSE AUTUMN TO GROW INSANE

BARNEY M'GILLIC TALKS WISE ON THE NUMBER OF PEOPLE WHO ARE GROWING WHEELY.

# WHILE THE CITY DOCTOR ADDS FEW OBSERVATIONS

Hundreds Walk the Street Every Day Who Are Bordering Upon Insanity, Say These Two Men, Who Ought to Know, Since They Are Daily Thrown Into Contact With a Number of Cases

"Did you ever notice," said Barney McGillic to a crowd gathered in Chief Reynolds' office this morning, "that there are lots more people to go insane at this time of the year than at any other?"

Barney's remark was prompted by the large number of people who have been arrested for insanity of late.

"Yes," said City Physician Sullivan, "and the cases most generally take the form of dementia where the patient believes he is being chased and persecuted by everybody else."

"Such insane persons become quite dangerous at times. They mistreat those around them to the extent that they will shoot down an innocent person in the perverted belief that they are ridding the world of an arch-villain."

Grow Morbidly Sensitive.

"And do you know that there are hundreds of men and women in everyday life who are bordering on this form of insanity? When a man loses hope, when he is crushed by business disappointments, when his mind is seized by melancholy, he begins to think that everybody is against him and he becomes morbidly sensitive."

"There is hope for such people if they can overcome those feelings, but if they continue to be morose, then the insane asylum looms up in the distance."

An example of the form of insanity to which Dr. Sullivan referred is that of Mrs. J. T. Haggerty, who was found wandering aimlessly about the streets yesterday afternoon. She is now at the county jail where she sits all day telling pitiful stories of other women who are in pursuit of her husband. Her case is now considered hopeless.

# HORRIBLE ACCIDENT IN DIAMOND MINE AVERTED

Had Anyone Been at Work When the Skip Fell 2,200 Feet, Instant Death Would Have Resulted.

That there were no accidents at the Diamond mine yesterday afternoon is due to the fact that there were no miners working in the shaft. At 3 o'clock the double-deck cage and skip fell from the mouth of the shaft to the bottom, a distance of 2,200 feet. On its way down the skip struck and wrecked the sinking pump, completely demoralizing it.

Fortunately the sinking crew had left the mine to vote only a short time before the accident. To anyone in the shaft it would have meant instant death.

It is believed the accident was caused by the slipping of the cable over the ears of the reel. The stop was so sudden that the rope snapped and the cage shot downward.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pay him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house she thought she would try it. In less than half an hour after applying it the child was quiet and asleep and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Paxson & Rockefeller, Newbro Drug Co., Christie & Leys, Lewis, Newton Bros.

# TWELVE KILLED IN A MAD PANIC

CROWD OF FIFTY THOUSAND PEOPLE STAMPEDED BY EXPLOSION OF CAMPAIGN FIREWORKS.

# TWELVE TRAMPLED TO DEATH BY MAD RUSH

Seventy-four Are Injured and the Coroner of Greater New York Has the Job of His Life on His Hands—Criminal Negligence Charged Upon Those Who Were Handling the Explosives.

[BY ASSOCIATED PRESS.]  
New York, Nov. 5.—With a list of twelve persons killed and seventy-four injured before him, Coroner Scholer has begun an investigation of the explosion of fireworks in Madison Square last evening. Eight men have already been locked up, charged with criminal negligence. The coroner has issued a warrant for the arrest of John Dinunzio of Coney Island, who is alleged to have been in charge of the fireworks.

"It is a case of absolute criminal neglect," said the coroner. "One of the mortars was set off, and it was pointed at a row of other mortars in a line. There was a defect in the bottom of the mortar and it leaned toward the others, which were set off by the fireball thrown toward them."

A list of the dead follows:  
PATROLMAN DENNIS SHEA of the Brooklyn bridge squad.  
WILLIAM G. FINNEY, 12 years old.  
HAROLD ROBLEE, 12 years old, son of the proprietor of the Bartholdi hotel.  
NATHANIEL BIGLEY, 13 years old.  
JOSEPH ARBER, 23 years old.  
FIVE UNIDENTIFIED WHITE MEN.  
TWO UNIDENTIFIED COLORED MEN.

The scenes at the morgue and at the hospital following the terrible crash after the explosion in Madison Square were beyond description.

Fifty Thousand on Scene.

It is estimated that 50,000 persons were in the square at the time. Probably 20,000 of these were massed around the point where the explosion occurred, and while they were scrambling to reach places of safety, knocking one another down and falling over park benches, 30,000 were cheering from the opposite of the park, where they were viewing the election returns, which were thrown upon a screen before the new skyscraper known as the Flatiron building.

The persons in this portion of the park were apparently clated over the returns and supposed the explosions which rent the air were a part of the program, and were totally unaware of the tragedy being enacted so near at hand, until a detachment of police forced their way through to make room for the passage of the police bearing the mangled remains of their comrade, Patrolman Shea.

Instantly a terrible calm swept over the crowd and all interest in the returns died out.

As the long line of patrol wagons and ambulances carrying dead and injured fled through Twenty-fifth street for Bellevue hospital thousands lined the walk and gaped awe-stricken at the conveyances.

Five hundred persons gathered outside of the morgue and other hundreds came and went during the night, seeking among the unidentified dead for relatives and friends whom they had lost during the terrible crush following the explosion.

Scenes at the Hospital.

Thousands gathered at the hospital gates, among them many women. The scenes around Bellevue were the most exciting in the history of the institution.

Nearly the entire force was at work over the injured. Sixty-five emergency surgeons and physicians, forty visiting surgeons and physicians and 200 male and female nurses, together with every attendant at the hospital, were summoned for immediate duty.

Many amputations were found necessary.

At the hospitals the injured were reported as being in a fair way toward recovery, with the exception of Mortimer Butler, who became unconscious after the amputation of one of his legs and is not expected to recover, and Frank Leisten, one of the men engaged in setting off the fireworks, whose death is probable.

# DOWN IN OLD KENTUCKY

Bettors May Draw Their Money if They Give Proper Notice.

[BY ASSOCIATED PRESS.]  
Frankfort, Ky., Nov. 5.—The court of appeals decided that, under the statutes, a man who has made a bet and deposited the money with the stakeholder may, by notifying the stakeholder, draw his money down whether the other party to the bet consents or not. The case was Gardner vs. Ballard, etc., from Marion county. Gardner and Perkins bet \$100 each on the Goebel-Taylor race. Ballard was stakeholder. Gardner notified Ballard not to pay Perkins the bet, as he wanted to draw it. Ballard paid it anyhow. Under the indictment for betting a judgment was rendered forfeiting the \$200 to the commonwealth and dismissing Gardner's suit against Ballard to recover his \$100.

The court today reverses the judgment and directs that Gardner shall have his \$100.

## STATE FREE EMPLOYMENT BUREAU A GREAT SUCCESS

Illinois Official Says Scheme Has Been of Material Aid in Securing Positions for Large Numbers.

[BY ASSOCIATED PRESS.]  
Springfield, Ill., Nov. 5.—The state free employment bureaus of Illinois have proved a success, according to the report of David Ross, secretary of the state bureau of labor statistics. He says men and women of all vocations have made application for work at the three bureaus in Chicago and the one in Peoria, and in the great majority of cases positions have been secured for them.

During the last year a total of 27,779 men and 14,134 women applied for help, and work was found for 23,863 of the former and 12,876 of the latter. For the three years that the offices have been in existence 80,535 out of 100,210 applicants were provided with employment. Of applications for assistance there were 56,301, and 43,517 of these were aided.

In Kansas a state board of a similar nature has been in operation only a little over a year, and yet it has demonstrated its usefulness and is a success. Thousands of men and women seeking positions have secured them through this agency.

## THESE FRAUDS HAVE BEEN SWINDLING LABORING MEN

Correspondence Institute of America Called Down by the United States Officials.

[BY ASSOCIATED PRESS.]  
Scranton, Pa., Nov. 5.—A. F. Clarke, Conrad Lutz, Louis Conrad and W. F. Bingham, who composed the Correspondence Institute of America, were recently arrested on a charge of fraudulently using the mails in advertising their correspondence school. They were arraigned before United States Commissioner Scarle and bound over to the grand jury to answer to the charges.

The Correspondence Institute must not be confused with the International School of Scranton. During the preliminary hearing it was brought out that the offending concern was offering to teach its students impossible things. The concern had 6,000 clients on its books. Most of them were laboring men and wage earners, who were allured by enticing advertisements. This company spent fabulous sums for publicity, and its notices appear in all of the leading magazines.

# MRS. GRACE BRUCE-DAWSON,

No. 138 Broadway,  
GRAND RAPIDS,  
MICHIGAN.

GRAND RAPIDS, MICH., Feb. 18, 1902.

Wine of Cardui is an untold blessing to the wife who is in daily fear and trembling dreading the time when a new life is born. That time of intense pain is banished if only Wine of Cardui is used during pregnancy. I had a miscarriage six years ago and it seemed to break down my general health and I was in misery and pain for two years, although doctoring constantly. I then took Wine of Cardui for eleven weeks and it changed me so I hardly knew myself again. I felt so well and happy. I now became pregnant again and the anticipation of the coming event kept me in rapture and yet dread that the first experience would again be my lot, but thank God and Wine of Cardui, in due time a lovely boy came to my home, a cute, healthy, happy child, fat and good natured enough to satisfy any fond mother's pride. I had no serious trouble after his birth, but felt well and so glad it seemed the choicest blessings had fallen to my lot. I feel that a happy married couple with a child have something to live for and I look forward to the joy which only parents know. My thanks are due you. I only wish I could speak to every individual wife and I would say, take Wine of Cardui and you will be well.

*Grace Bruce-Dawson*

If Mrs. Bruce-Dawson of Grand Rapids, Mich., had taken Wine of Cardui six years ago she would not have suffered miscarriages. When she finally did take Wine of Cardui she became a strong, healthy woman fit to undertake any duty of womanhood.

Hundreds of thousands of mothers besides Mrs. Bruce-Dawson have known what suffering at childbirth is and have also known what it is to get relief from Wine of Cardui and have an easy confinement.

With this great remedy within their grasp today women need not fear to become mothers. Wine of Cardui builds up all functional weakness and makes childbirth practically painless. It does this by regulating the deranged menstrual function, relieving bearing down pains and healing inflammation and ulceration. Wine of Cardui worked this wonderful change in Mrs. Bruce-Dawson's condition when doctors were powerless to help her. Wine of Cardui will work this wonderful change in you if you will try it today. This successful remedy is not only the safeguard of the mother but the girl just entering young womanhood and the middle aged woman approaching the change of life acknowledge its value. It is woman's best remedy for every ill peculiar to her sex.
