GREEN TICKET SALE IS NOW RUNNING

CUT PRICE SEASON INAUGURATED IN HENNESSY'S, WHERE EVERYTHING IS CHEAP.

Business enterprise in this city and age resorts to astonishing methods in order to interest the buying public. When natural conditions are such that the people have little or no time, and much less inclination, to go shopping, the wide-awake merchants arrange their stocks in the most attractive manner possible and offer the goods at unheard-of prices, so that the discerning buyer, who is always on the lookout for a good investment in household goods or wearing apparel, cannot fail to take advantage of the unprecedented opportunity.

Persons traveling about the country and coming to Butte have often been known to comment upon the exceptionally reasonable figures at which staple articles are offered by local merchants. It is a fact that many things can be purchased right here in Butte at prices which, were they to be offered in such cities as Chicago, Cincinnati and Philadelphia, would not last many hours, because the demand is so great that the economic price would be recognized and the bargains would be snapped up at once.

It is the Best Ever.

In line with this condition of affairs it is worthy of notice that Hennessy's has arranged a sale which is destined to outdo all previous campaigns that have been inaugurated by Butte's wide-awake merchants. The present melange has been announced as the Green Ticket sale, and will certainly surprise the shopping public in Montana from one end of the state to the other. The election always interferes with the general course of trade, because people become so wrapped up in the excitement that they have little or no time to think of other things, much less of buying.

Now that things have once more settled to the even tenor of their way, Hennessy's has determined to enliven the local markets by offering for sale the best goods contained in their stock at prices that are certain to startle all buyers who know a good bargain when they see it. The Green Ticket sale is inaugurated for the purpose of reducing the big stock which this store carries, valued at a half million dollars, and for that reason the buying public will be given a chance to stock up on anything that it may be in need of. Goods which are ordinarily considered cheap at \$1 will be offered for 50 cents, and so long as the big stock holds out the people will have a carnival of bargains.

It is All in Green.

To make this sale attractive, the magnificent store of Hennessy's, which is one of the foremost in the West, has been appropriately decorated in green. Large festoons of verdure have been gracefully draped with this refreshing color, and the scheme has been carried out through each department. In fact, the arrangement is a novel one, and as green is the most restful color to the eye, it is a perfect delight to wander through the various departments of the store and feast the vision on the many pretty things that are offered so marvelously cheap.

Each article is ticketed with a large green tag, on which the former and present prices are plainly marked, so that the shopper can see for himself just what bargain is being offered him. This method also obviates the necessity of asking the prices, which keeps many a modest customer from inquiring and learning how cheap things really are. Nothing has been held from the Green Ticket sale by the Hennessy's, and already the people are beginning to show their appreciation of the bargains.

For several days a band has been serenading all parts of the city in advertisement of the sale, and this afternoon Bergstrom's orchestra will be stationed in the balcony at the head of the store in order to furnish music for the people who visit to inspect the stock. In this way business can be combined with pleasure.

From the early indications this morning, it is certain that Hennessy's will be one of the liveliest places in Butte during the ensuing season, and the shoppers give evidence of making great inroads on this carnival of prices.

J. H. JOHNS IS OFF FOR AN EXTENDED TRIP SOUTH

Walkerville Man Is Going to Look at Mines in Nevada, Arizona and California, So Rumor Hath It.

J. H. Johns, one of Walkerville's well known citizens, is at present completing arrangements for an extended trip through Nevada, Arizona and California. He will leave on next Sunday for Tonopah, Nev., and from there he will proceed southward to Bisbee, Ariz., and will later take in Los Angeles and other points in California.

Mr. Johns' trip is purely a prospecting one, and at the places mentioned he will make a careful investigation of certain mining properties in which both he and other residents of Walkerville and Butte are interested. He also expects to do a little prospecting on the road, and is prepared to stake out any claims that may look worth the while.

Mr. Johns has a couple of mining claims here, having taken out patents on the Meighan and the Violet lodes in 1901. These claims are mostly silver and gold, although copper has been found also, but at present they are not being worked. Mr. Johns would not state for publication in whose interests he is to make his trip, but it is understood that he represents a number of moneyed men of this section.

CLANCY CASE SET FOR FRIDAY

Justice O'Connor Will Hear Suit by D. J. Hennessy in Walkerville.

Justice O'Connor of Walkerville has set the hearing of the case of D. J. Hennessy against Judge Clancy for Friday of this week at 2 o'clock in the afternoon.

All kinds of coal and wood.

IF YOU BOUGHT IT AT SHERMAN'S IT'S GOOD.

MRS. PRYOR IS TO GET HER DAMAGES

AWARDED \$1,500 AGAINST THE CITY OF WALKERVILLE, WHERE SHE FELL AND BROKE LEG.

By a jury in Judge Clancy's court yesterday \$1,500 was considered a just remuneration for a woman's broken leg. Mrs. Sarah A. Pryor was awarded that amount in her suit against the city of Walkerville, although she asked for \$5,000 for slipping on a defective sidewalk. The case had been on trial for two days, Attorney Cotter appearing for Mrs. Pryor and Chancellor O'Donnell for the little city on the hill.

During the course of his pleading the chancellor attempted to show that his client, the municipality of Walkerville, was already in sore financial straits and unable to pay any considerable amount of damages to people whom it had crippled, but Judge Harney ruled that this testimony out as irrelevant.

TWO BAPTIZED AND TWO ARE MARRIED

REV. CROUCH GAINS TIME BY PERFORMING CEREMONIES AT THE SAME TIME.

Rev. C. D. Crouch, pastor of the M. E. church at Walkerville, officiated at a rather unique ceremony, or ceremonies last evening at the home of Mr. and Mrs. Thomas B. Williams, North Walkerville, when he solemnized the marriage of their daughter, Miss Beatrice Williams, to Robert Thomas, and also performed the ordinance of baptism upon two children, one of whom, Leslie James Williams, was the baby brother of the bride, and the other, Robert Leonard Williams, a nephew of the groom.

This wedding was one of those pleasant home affairs at which only the near relatives of the contracting parties were present.

The young couple were attended by Miss Bessie Williams, a sister of the bride, as bridesmaid, while James Thomas, a brother of the groom, acted as best man. The bridal party carried white roses.

An elaborate supper was served immediately after the ceremonies. The young people are very prominent among the Good Templars of the city and are also very popular with a host of friends, who wish them Godspeed upon their new life.

They have taken up their residence at No. 20 Rose street, North Walkerville.
