FITZ'S FUTURE PLANS VAGUE

Lanky Bob Would Like to Meet Jeffries in the Ring Again But Has No Future Desires in a Pugilistic Way--Chitchat.

Although twice defeated by Jim Jeffries for the heavyweight championship of the world Bob Fitzsimmons today undoubtedly stands forth among the noteworthy pugilists as a star among stars.

Fitzsimmons has again been starring on the stage in the play which has made for him a few good dollars in previous years and which still continues to draw good houses, principally, of course, because Bob Fitzsimmons is in the east and not because there is any real merit in the production.

The success which has attended his histrionic efforts has probably had some influence on Fitzsimmons in the way of inducing him to change his decision about never entering the prize ring again.

While Fitzsimmons will make no definite statement as to his future plans he has said that he would like to meet Jeffries again, as it was the big ex-booster-maker who took his title away from him.

There are still many who believe that Fitz was defeated before on a chance blow and not a few maintain that there is no fighter today who is his equal.

Tremble-Reilly Fight. Much interest in northwestern sporting circles now centers in the coming fight between Ben Tremble and Tommy Reilly, which takes place at the Armory in Seattle on the evening of November 18.

Tremble once defeated Reilly in Los Angeles after 20 rounds of the hardest kind of fighting. It will be interesting to note which has improved the most since that time.

Record-Breaking Season. This has been a great season so far on the running turf--record-breaking crowds, record-breaking time and record-breaking betting.

DETROIT ATHLETES TAKE UP PUSHBALL. NEW ENGLISH GAME CREATES MUCH ENTHUSIASM--INTERNATIONAL MATCH IS ARRANGED.

[SPECIAL TO INTER MOUNTAIN.] Detroit, Nov. 13.--Pushball, the game that is enjoying such sudden prosperity in England, and is being boomed as a rival to football, will be played at the Detroit Athletic club within a short time.

FAVORS CANAL TREATY WITH THIS COUNTRY. General Fernandez Ready to Fix Up Treaty for the Canal with United States.

[BY ASSOCIATED PRESS.] New York, Nov. 13.--General Fernandez, minister of war, who has resumed his duties after a period of illness, says he is favorably disposed toward entering a canal treaty with the United States.

can be taken with a grain of salt. It is possible that they were all true, but it is human to exaggerate the winnings and throw the cloak of silence over the losses.

A Good Field for Fighters. Charles S. Everett, who was formerly a prominent boxer of Denver, writes from Sydney, Australia:

There is good money here even for a third-rater who can put on the mitts. They put on bouts here every Saturday evening and very slow ones are rare.

More Dangerous Than Boing. Al Weinig, well known as a boxer, is also a bicyclist of some pretensions.

Champion of His Age. Racing experts are inclined to give the Whitney-Duryea two-year-old colt Acefull the title of champion for his age.

The racing of baby thoroughbreds has been carried to extremes in this country, and some of the thoughtful men on the turf will sooner or later suggest the advisability of having more and fewer rich stakes for two-year-olds.

Of the three-year-olds there are many who have given the palm to Major Daingerfield. There are others who think that Hermis will be able to hold his own with the McLewee colt at even weights and beat him.

Record-Breaking Season. This has been a great season so far on the running turf--record-breaking crowds, record-breaking time and record-breaking betting.

BRUSH DON'T FEAR AMERICAN INVASION. NEW OWNER OF NEW YORK CLUB CONFIDENT THERE ARE NO GROUNDS TO BE HAD.

[BY ASSOCIATED PRESS.] New York, Nov. 13.--John T. Brush, the new owner of the New York Baseball club, is not hithering himself very much over the proposed invasion of Gotham by the American league.

There are only two ball grounds such as would be suitable to the American league on Manhattan island. These grounds are Manhattan field and the Polo grounds.

When asked about his next season's team, Mr. Brush said: "We shall have a winner and a team capable of presenting to the New York public the best article of ball it has ever had."

Feltz Gets the Decision. [BY ASSOCIATED PRESS.] Baltimore, Nov. 13.--Tommy Feltz, the bantam-weight champion of the world, and Jimmy Devine of Philadelphia met in the ring here last night before the Eutaw club.

Feltz had the best of it from the start, and in the seventh a succession of rights and lefts to the jaw sent the Philadelphia boy to the mat, and his seconds threw up the sponge.

WEST IS JUST AS GOOD AS THE EAST

FORMER COACH WOODRUFF SAYS BIG EASTERN TEAMS ARE NOT THE WHOLE SHOW

[SPECIAL TO INTER MOUNTAIN.] Chicago, Nov. 13.--George W. Woodruff, formerly Pennsylvania's football coach, has expressed the belief that the Wisconsin, Michigan, Chicago and Minnesota football elevens possess the ability to bring victory to the West in the event that the Middle West quartet of star elevens met Harvard, Yale, Princeton and Pennsylvania on the gridiron in a post-season tournament.

For two years I have been curious to see the Michigan team play. I was filled with doubts as to whether it was really as strong in material and in style of play as scores would seem to indicate.

That the team is great goes without saying. That it is phenomenal against second-class elevens is equally apparent from the scores of the last two seasons.

In fact, I believe Western teams rank well with those in the East. The best here are evenly matched with the best there.

Just at present Michigan, Wisconsin, Chicago and Minnesota could well afford to match themselves as a four-team combination against the 'Big Four' of the Atlantic coast--Yale, Harvard, Princeton and Pennsylvania.

BALL PLAYER IS PHILANTHROPIST

FAMOUS SECOND BASEMAN DOES MUCH GOOD IN AIDING UN-FORTUNATE FAMILIES.

[BY ASSOCIATED PRESS.] Philadelphia, Nov. 13.--Ball players as a class are not generally credited with having a superabundance of philanthropic purposes throbbing in their manly breasts, and although Napoleon Lajoie, who has been appropriately termed the king of them all, does not in any way pose as an example of this species, it is known that he has not infrequently contributed material aid to his less fortunate fellow beings.

In Cleveland the story of how he turned Pete Powers from a ragged and dirty urchin into a respectable looking youngster is generally known, but it has just leaked out that while in Philadelphia the great second baseman supported an entire family of unfortunates.

The story came out through a school teacher, who learned the facts from friends of the big ball player in the Quaker city. Larry is a modest sort of a fellow and denied the story, but the facts were indisputable nevertheless.

Lajoie is one of the kind of men who help to elevate the great national game in this country.

EDDIE GEERS HAS LARGEST WINNINGS

CARRIES AWAY THE BIGGEST PILE OF THE LONG GREEN FROM MEMPHIS RACING MEET.

[BY ASSOCIATED PRESS.] Memphis, Tenn., Nov. 13.--The largest money winner during the meeting of the Memphis Trotting association was Edward Geers, who is credited with \$4,375, won through the victories of Direct Hal, Dandy Chimes, Prince of Orange, Dan R., and the "siring" money, \$375, which was given The Abbot when he followed Chain Shot to the wire in the free-for-all trot.

Major Delmar's brilliant victory in the Diamond handicap placed Alta McDonald third on the list, with \$1,150 to his credit, Daniel also assisting with races won.

Walnut Hill farm, with Ed. Benyon doing the driving for the stable, won \$2,500, being assisted by Ferenzo's two stakes and the Walnut Hill \$1,000 purse.

Millard Sanders, the Californian, won \$1,500 with Sir Albert S. Monte Carlo's performances have enriched Monroe Salisbury exactly \$1,500.

MOSE AND JERRY WILL MEET

Definitely Settled That the Two Will Come Together the First Week in December--Willie B. Goode's Local Gossip.

It has been definitely settled that Mose LaFontaine and Jerry McCarthy will meet again in the squared circle. The final arrangements were made today whereby the two favorites of Butte sporting circles will come together at Sutton's Broadway during the first week in December.

The weight question has been settled so far as it is possible to settle it and I understand Mose expects to go in lighter than the Walkerville boy.

Mose still has his hand in bandages because of the broken thumb he got in the battle with Eddie Crooke at Great Falls, but he has had extra good luck with the injury and expects to be in shape inside of two or three weeks.

Jerry has fully recovered from his recent illness and is starting in to train again for what will prove a contest of his life, insofar as it will decide the much discussed question of local supremacy in the welterweight division.

Owing to a mixup in the dates open at Sutton's Family the glove contest between Frank Dunn and Gilbert will go over another week instead of being pulled off on November 20, as at first announced.

Peck's 'Big Boy' will have the theater the week of November 16, so that it was necessary to postpone the bout one week.

Gilbert will start in to train with Jerry McCarthy in Walkerville and has already started his road work in the hope of getting his wind in shape.

Gilbert needs more of the road work owing to his not being acclimated to this high altitude and most of his training will be with that end in view.

Both men realize that they will have a lively time of it. Dunn's well-known toughness gives him a slight lead, but Gilbert is a favorite among those who have seen him work, owing chiefly to his size and great strength.

There are hundreds of people in Butte fellows much more than a sparring exhibition between the lightweight and this match will give them an opportunity to see what the heavy hitters can do with each other.

Some of this talk going the rounds about the amount of money made by the various clubs in the Pacific Northwest league is really amusing.

NEW FEATURES PLANNED FOR THE SHAMROCK III. Some Radical Ideas Will Be Made Use of in Building the New Boat--Defects in Former Boat.

Glasgow, Nov. 13.--The Associated Press understands that in the Shamrock III will be embodied some radical departures in the matter of yacht construction which have not yet appeared in any previous challengers.

These changes are said to be due to an accidental discovery made during the trials of the Shamrock I and the Shamrock II which convinced Designer Watson that there had been a fundamental error in the construction of all the recent challengers.

Both Designers Fife and Watson are convinced that they possess solid data upon which they will be able to build a yacht superior to any previous cup racer.

out of the hole and were on the millionaire's boulevard.

All this talk about Tacoma and Spokane and Portland making bunches of money is hosh. Butte is really next to Seattle in point of receipts and this is accounted for more because of the big attraction Butte was on the road rather than at home.

Speaking of that salary list, I heard a good one direct from the inside and which took place at the Spokane meeting last month.

After the meeting was adjourned, the magnates got together in a certain little place and began telling stories.

"Say, gentlemen," said one magnate, "now that this thing is over with and we are all peaceable and satisfied, let's 'less up and tell the truth about those salaries."

"I understand that Vice-President Lou Eschle's written statement giving the true inside history of the St. Vrain matter has been in the nature of a bomb in the camp of the St. Vrain conspirators.

Now that the real facts in the case have been supported by a signed statement from one who has no reason to misrepresent things, and who is, or should be the chief witness, is there any possibility of those men who rushed to the front to call McCloskey a liar getting ashamed of themselves and handing out an apology?
