

DOCTRINE PRESIDENT MONROE MADE IS STILL IN FORCE

But Roosevelt Does Not Mean by That He Will Protect Those Who Do Wrong.

MERELY ASKS THAT NO PORTS BE SEIZED UPON

Length to Which Great Britain, Germany and Other European Powers Propose to Go in Venezuelan Matter Is Well Known to the State Department in Washington, and the Powers All Know How Much Ted Will Stand.

Washington, Nov. 24.—The state department is thoroughly well informed of the length to which Great Britain, Germany and other European powers propose to go in their dealings with Venezuela.

Great Britain and Germany have in fact sounded the department to learn whether any objections would be made to active measures on their part to secure the collection of debts due their citizens on account of violated concessions and the destruction of their property incident to the internal dissensions which have raged in Venezuela for several years past.

The department has been extremely cautious in dealing with these inquiries, but the substance of its replies in all cases has been set out in the declaration of President Roosevelt that the United States did not construe the Monroe doctrine to mean that it should shelter any of the American republics against the results of their own misdeeds or of violation of international amenity.

The only condition made by the president was that the punishment inflicted on any of these South and Central American republics by an European power must not include the seizure by that power of any American citizen.

ANARCHISTS' HOLD UNDER THEIR NOSE

POLICE DISCOVER HEADQUARTERS OF THE REDS WITHIN STONE'S THROW OF THE STATION.

New York, Nov. 24.—As the outcome of the arrest of two Italians fighting fiercely in the street, the police of the Oak street station, in this city, believe they have discovered an anarchist meeting place within a stone's throw of the station. The prisoners gave their names as Dominic Santo and Tony Menz. Santo had a big revolver with which he was trying to shoot Menz. The latter carried a dangerous looking knife. When searched 15 cartridges were found in Santo's pockets. Besides there was an unopened letter from Cannalelli, Italy. Menz had a rough map of Paris and the department of the Seine, with a dozen of the largest building numbers. He also had a bill-head from the Carleton hotel, London, and admitted that he came to this country three weeks ago. According to the police the fight started in a hall in Roosevelt street, where a meeting was in session.

OLDEST BOZEMAN DRUG MAN IS DEAD IN DENVER

Dr. H. S. Osborn Came to Montana From Cincinnati, Where He Graduated at Famous Medical School.

Bozeman, Nov. 24.—Word has been received here of the death in Denver, Colo., of Dr. H. S. Osborn, a pioneer resident of Montana and the oldest druggist in Montana. Dr. Osborn went to Denver with his wife and Dr. Piedadou of Bozeman in the hope of regaining his health. The deceased lived for over 30 years in Bozeman. He was born in 1822 in Warren county, Ohio, and graduated from the Cincinnati Medical college. He made the trip to Pike's Peak in 1860 and reached Bannack, Mont., June 13, 1862, going to Virginia City a few years later and to Bozeman in 1871. He leaves a wife and brother, Frank Osborn, who was associated in the drug business with him. The body is expected in Bozeman Wednesday afternoon.

HEADING FOR SAN DIEGO

Railroads All Looking for That Port as an Outlet to Pacific.

San Diego, Cal., Nov. 24.—George W. Marston, president of the San Diego & Eastern railway, has returned from New York, where he has been during the past month in the interest of the construction of that road from this city to Yuma and thence to a trans-continental connection in Arizona. Mr. Marston says: "Several New York capitalists are actively planning to build this new road. They have a bold object in view—one which will require \$25,000,000. They are, therefore, moving cautiously. The line proposed will have connections to enable it to get its share of trans-continental business.

"Several railroads are building south-westward, and the harbor of San Diego is sought for as a Pacific port."

Holdup Funeral Wednesday. Great Falls, Nov. 24.—The mother and sister of Anthony T. Koldrup are expected here tomorrow to attend the funeral which will be held in Helena Wednesday or Thursday.

Hannah's Hearing Put Off. Big Timber, Nov. 24.—J. W. Hannah's hearing for criminal libel was postponed until tomorrow on account of the illness of several witnesses.

JACK THE SLASHER A GENTLE GERMAN

SUPPOSED FIEND FOR WHOM THE NEW YORK POLICE HAVE BEEN ON THE HUNT IS CAUGHT.

New York, Nov. 24.—Charles Frederick Roth, a patient in a Brooklyn hospital, has confessed that he was the man who, on the night of November 13, cut and stabbed three men at the residence of William R. Gardner at Bath Beach. The "Jack the Slasher," for whom the police have been searching, turns out to be an inoffensive-looking German collector, who asserts that, thinking Mrs. Gardner was the woman against whom he had a small account, called at the house, where he rapped at the back door after dark. Roth says a woman within saw him and screamed for help. Neighbors rushed up, he declares, fell upon him, and he drew a pocket-knife to defend himself. Becoming greatly excited he cut right and left. One of his antagonists fell off the veranda and broke an arm. Two others were stabbed, one, John McMahon, so severely that it was thought he would die. He made his way home and, with his family, prayed day after day for the recovery of McMahon.

GORE MATTER TO BE LOOKED UP

Uncle Sam Is Going to See What He Can Do About the Mysterious Parisian Murder and Is Likely to Find It All Out.

Paris, Nov. 24.—Acting on instructions from the United States state department to thoroughly investigate the shooting on Wednesday of Mrs. Ellen, Consul-General Gowdy today requested four representative American physicians living in Paris to form a commission, conduct an independent autopsy and report on the circumstances and probabilities of how she met her death. The commission is composed of Dr. A. J. Magin, who is in charge of the American hospital in Paris; Dr. Edmund L. Gros, formerly of San Francisco; Dr. Turner and Dr. Whitman. Mr. Gowdy has sent written instructions to each of the doctors in which he asks them to spare no efforts to make the investigation searching. The commission has already conferred regarding its plans, but it has not been settled when the autopsy will take place. The French officials still hold the body and numerous formalities have to be gone through with before it will be in the

possession of the undertaker designated by Mr. Gowdy. The doctors must act quickly, as the funeral has been finally arranged for 2 o'clock tomorrow afternoon in the American church on the rue de la Boerri. The Rev. Dr. E. J. Thuber will officiate. The questions before the American medical commission are delicate, for their conclusions as to the course of the bullet may conflict with those of the French medical experts. The latter base the accident theory on the upward range of the bullet, but the American officials believe that an independent autopsy will establish the fact that the range was almost horizontal, thus indicating a direct shot from an aimed weapon. The United States consulate staff also is taking the depositions of witnesses independent of those taken by the French officials. So far this action has not developed any new features, but the depositions furnish a complete and unprejudiced history of the case and will be forwarded to the state department at once.

DEFINITE ACTION IS IN THE DIM FUTURE

PRIVATE SETTLEMENT STRIKERS AND EMPLOY AND MAY NOT BE

Scranton, Pa., Nov. 24.—A definite action was taken today with reference to the proposed private settlement of differences existing between the coal workers and the employes. Attorneys for the coal companies have gone to their respective homes to consult with the head officials of the concerns they represent, and no conferences will be held until they return clothed with power to make a settlement. Clarence S. Darrow of Chicago, leading counsel for the mine workers, had a conference with Mr. Mitchell today and also had a talk with Ira Burns, one of the attorneys for the independent operators. No action of any kind was decided upon at either conference. Much interest is taken in the position of the independent companies, a committee from which will hold a conference with the presidents of coal roads in New York. They want to know what concession will be given to them by the coal-carrying roads before they give their consent to an increase of wages.

WESTON FOR CLERK AND RECORDER MAKES GAIN

Fusion Candidate Goes Up 45 in the Precincts Counted Today by Commissioners

PRECINCTS 26, 27 AND 28 WERE GONE OVER THIS DAY

If You Have Any Friend Running on Any of the Tickets, Run Your Eye Over These Figures, for They Will Tell You Exactly How It Is Going in the Precincts Into Which the County Commissioners Have Been Looking.

In the official canvass today, as far as progress has been made, Weston, the fusion candidate for clerk and recorder, has gained 45 votes. Several of the candidates on the different tickets made gains, but his was by far the largest. CZAR OF ALL THE RUSSIAS MAY ABDICATE

St. Petersburg, Nov. 24.—It has been learned that the recent summing of Dr. Merzhievsky, one of the foremost specialists in nervous diseases, to the south of Russia, which gave rise to the report that he was going to attend the czar, or the zarina, or both, their majesties having in turn been alleged to be suffering from melancholia, was to visit Balaklava, where the grand duke, Nicholas Konstantinovich, is detained as insane. Some observers of the situation do not believe the accession of the grand duke,

the prospects of a possible revolutionary movement is regarded as idle speculation. The latest reports about Philip, the messenger, who is said to have the czar completely under his influence, are that he is a former French physician, a naturalized American, and that he has been in Russia for about a year, living in the homes of two Montenegrin princes who married Russian wives. It is added that the czar granted Philip the right to practice medicine in Russia and to wear the epaulettes of a military surgeon of rank of councillor of state, which equals that of general.

This is looked upon in some quarters as evidence that the optimistic statements on the subject of the czar's mental condition require limitation. Numerous persons who have returned from Livadia within the past three days assert that the czar has been moody and disgusted because his

His majesty was also said to be in genuine fear that his abdication would be demanded, which was strengthened by the sudden return of the Grand Duke Michael

Vladimir, uncle of the czar, to the throne in the event of the czar's abdication and the death of his brother, the Grand Duke Michael, the heir presumptive, would be unpopular, and they do not credit the report that the advent to supreme power of the Vladimir family would materially alter the existing state of affairs, as the masses are ignorant in regard to every czar's true character, and the educated people attach merely subordinate importance thereto. Finally it is asserted that the court physician, Dr. Ott, went to Livadia and succeeded in persuading the czar to forbid Philip to practice on the zarina, and the departure of the ministers of war, of interior and of finance from Livadia was interpreted as a sign that Philip's influence was broken. It is also said that these ministers jointly presented a report to his majesty discrediting Philip, that the czar defied Philip and resented what he classes as interference with his personal affairs, but finally yielded.

M'GEARY IS TO GO TO PEN FOR TWELVE YEARS

Verdict of Anaconda Jury Fixes His Crime as Murder in the Second Degree—Prisoner Is Angry With His Attorneys and Says They Betrayed Him—It Is Not Known Whether a Motion For a New Trial Will Be Filed—Jury Came to the Verdict at 11 o'Clock Last Night.

Anaconda, Nov. 24.—The jury in the McGeary murder case found John McGeary guilty of murder in the second degree and fixed his punishment at 12 years in the state penitentiary at Deer Lodge. The verdict was reached in 47 hours and 40 minutes, but was not made known until 10 hours later. Court was called at 9:30 o'clock this morning. A few moments before that time Cyrus Barker, foreman of the jury, informed Bailiff Redmond that a verdict had been agreed upon, and promptly at the

opening hour the jurors were marched into the presence of the court. The foreman of the jury then announced to Judge Napton that a verdict had been agreed upon and read as follows: "We, the jury in the above entitled case, find the defendant guilty of murder in the second degree and fix his punishment at 12 years in the state penitentiary." CYRUS BARKER, Foreman. Judge Napton then went through the formality of dismissing the jury. The jurors lost no time in getting away from the courthouse where they have been al-

most incessantly for the past 10 days, and some of them since November 10, the date of the opening of the case. One of the jurors stated that the verdict was reached last night at 11 o'clock, but because of the lateness of the hour and being dead tired themselves, they decided to wait until this morning to make it known. When they called the bailiff last night and asked to be escorted to their bedrooms in the basement of the courthouse, the word was passed that no verdict had been reached, and the jurors informed no one to the contrary, not even

the bailiff, who spent the night with them. This jury in Anaconda's most famous murder case was composed of the following named men: Paul Meier, Dan Skelton, Daniel Murphy, Jr., Joseph Jacobson, Michael Flaherty, Eric Landet, Joseph Sladish, Frank Gordon, P. J. Maloney, Cyrus Barker, John Kimmeler and Michael Carrigan. The case was prosecuted by County Attorney J. H. Duffy, assisted by his deputy, Attorney J. H. Tolan, Attorney W. H. Trippett of Anaconda and

JUSTICE NELSON PUTS OFF BRIBERY DECISION

In the preliminary examinations of the election day bribery charges before Justice Nelson today the court announced that it was not ready at this time to render a decision in the Alsop case for the reason that the testimony had not been subscribed to by all of the witnesses. Later it was agreed that a decision would be given on December 3 at 10 o'clock a. m. The examination of George Casey, another of the defendants, was then called and the witnesses for the prosecution, Dan

Cluen, William Ross and William Woods, were sworn and excluded from the courtroom until called. After considerable argument it was also decided that all of the witnesses of the defense should also be excluded. Daniel Cluen was the first witness called and he testified that he resided at the Curtis block on West Park street and is a qualified elector of the county of Silver Bow and state of Montana. He said that he knew the defendant, George Casey,

by sight and by reputation, although he had no personal acquaintance with him. J. Bruce Kremer cross-examined the witness on behalf of the defense and asked the witness very pointed questions, which were frequently objected to by Mr. Breen. "You have no scruples as to telling a lie when not under oath when there's \$5 in it, have you?" asked Mr. Kremer. "That's about it," calmly replied the witness. The county attorney objected to this

line of questions and, after a heated argument, was sustained by the court. "Is it not a fact that you are being paid to remain here and testify in this case?" "Not that I am aware of." Louis Harmon, who lives at 234 South Main street, was the next witness and he testified that he was a qualified voter and was acquainted with Mr. Casey, the defendant in this case. Did not know whether he held any official position with any of the political parties.

"I WILL KILL YOU RIGHT NOW."--ED.

AT LEAST EMMA SAYS HE SAID SO, AND SO SHE SUES HIM FOR A DIVORCE TODAY.

Emma Broughton filed suit for divorce from Edward C. Broughton in the district court this morning. The couple were married in Butte November 30, 1898, and they have lived here ever since that date. Mrs. Broughton charges that the defendant has been frequently guilty of gross cruelty. On November 18, 1892, she claims that he struck her in the face and said: "I will kill you right now." Mrs. Broughton says that her husband is an able-bodied man and is earning \$3 per day, but that he has neglected her. She accuses him of being a dissolute man and unfit for the custody of their two-year-old daughter Ruth. She asks for separation and alimony to the amount of \$40 per month.

PROFESSOR CLARK HAS SOME PECULIAR IDEAS

He Explains His Pet Theories to Congregation in a Chicago Church Last Night.

Chicago, Nov. 24.—That no man has a right to bring into the world more children than he can properly support, and that no parents, however wealthy, have a right to bring children into the world and so train them that by any possibility they may become dependent on others, were two propositions pronounced by Professor Clark of Northwestern university in an address at the First Congregational church in Evanston last night. The chief burden of Professor Clark's address was the possibility of all men and women becoming financially dependent. The professor declared that on a salary of \$300 per year an unskilled American workman could keep a family in comfort and save money. He added that this was not only a possibility, but the duty of every workman.

REPAIRS ON THE BALTIMORE

Famous Vessel Is Now New With the Exception of Name and Hull.

New York, Nov. 24.—What is regarded as the most important ship repairing job attempted at the New York navy yard in years will be practically completed today when the cruiser Baltimore of Manila fame, refitted from stem to stern, will have her machinery officially tested. Her refitting is estimated to have cost \$350,000. She has been at the navy yard since the war with Spain. The cruiser has been equipped with new boilers, smokestacks and decks, approved accommodations for officers and men and will have a new armament of the most modern style. Save for her hull, she will be practically new. It is expected she will be ready for sea by December 13.

Will Build Mexican Railway. Monterey, Mexico, Nov. 24.—The management of the National railroad, Mexico, has decided to at once construct the proposed road extending from the main line to Matamoros.
