ANNUAL REPORT OF HOMESTAKE MINES

IT IS INTERESTING READING FOR MINING MEN—RECEIPTS FOR YEAR THAN \$6,000,000.

The annual report of the superintendent and secretary of the Homestake Mining company of the Black Hills has recently been issued to the shareholders, and it is interesting reading whether one is personally interested or not.

The Homestake produced in bullion \$4,303,977.57 for the year ending June 1, 1902, against \$3,639,332.03 for the year ending June 1, 1901.

The six stamp mills of the company produced 241,207.86 ounces of bullion, gross. This was worth \$3,747,406.12 in gold and \$28,496.74 in silver. Mint charges against this amounted to \$10,081.55, which left \$3,765,823.31. The proceeds of concentrates amounted to \$430.45.

The different mills of the company reduced during the year 1,218,083 tons of ore. Of this the Homestake mill reduced 287,134 tons, the Golden Star, 288,310; Amicus, 193,915; Deadwood-Terra, 169,435; Monroe, 139,290; Mineral Point, 83,705; Pocahontas, 57,290.

The monthly average of ore milled has been 101,507 tons, or about 2,850 tons a day. This ore has yielded \$31.53 a ton net. The monthly cleanups at the stamp mills have amounted to \$31,458.74 on the average, and the cyanide plant has yielded a monthly average of \$44,810.31.

The financial report of the secretary furnishes some interesting figures. Among the receipts, in addition to the bullion account, are shown bills payable, \$300,000; proceeds of sale Black Hills and Fort Pierre railroad to C. B. & Q., \$1,000,000; balance of cash transferred, \$91,937.40; new capital stock issued, 8,400 shares at \$75 a share, \$630,000. With numerous minor items and various balances the receipts are brought up to \$6,517,916.63.

SMALL LEVIES ARE USELESS

British Found It Out in Recent Fight—As to Boer Emigrants.

London, Dec. 1.—Details which have arrived by telegraph, concerning the march of General Manning's flying column, which relieved the garrison of Bahr el Jebel, Somali-land, November 15, in the Mad Mahab's country, and mail accounts of the original British reverse at Ergo, all date on the utter worthlessness of the Somali levies, of which the British forces were mainly made up.

In discussing the difficulties in the way of emigrants to South Africa, the colonial office announces that no permit to proceed to the Transvaal will be issued in England, or anywhere except at South African ports. Intending passengers are advised to ascertain beforehand by writing whether they are likely to obtain permits.

LOOKS LIKE WAR IS NOT YET OVER

LIBERALS AND COLOMBIAN GOVERNMENT BOTH APPEAR TO BE SPARRING FOR WIND.

BY ASSOCIATED PRESS.

Kingston, Jamaica, Dec. 1.—Advices by the steamer Para from Colon are to the effect that the liberals are not exhibiting any great haste to fulfill the terms of peace with the Colombian government. The same may be said of the government. The liberals thus far have delivered only part of the munitions of war, owing to the government continuing to exact war taxes, in suspending free telegraphs and in resuming imprisonments.

The political situation on the isthmus is in the same condition. Nothing has been done since the treaty was signed. There are persistent reports that difficulties may arise in the province under liberal control. There are rumors also of the existence of secret political clauses in the peace document.

The revolutionary gunboat Padilla has been sold for \$80,000 gold, which amount the American consul will receive from the government and turn over to an American company. When the Padilla was delivered the government also agreed to pay \$200,000 silver to provide rations for the liberal troops.

CHIEF WANTS THE CHILDREN TO COAST

Chief of Police Reynolds has a warm spot in his heart for the little ones who take up the sidewalks in coasting times with their sleds. In a communication to the city council, handed to the police committee, the chief takes occasion to defend the little ones with this rather acrid and burning comment:

"In regard to the complaint about the children sliding on the sidewalks and enjoying themselves as only children can, I will state that a careful classification of the persons making the complaints against this childish amusement proves them to be such persons as have never been blessed by Almighty God with offspring.

"The police are diligent in confining the children to the out-of-the-way and remote streets and sidewalks of the city."

The chief takes occasion to hand in the names of 33 boys who have been arrested and "admonished" by the police judge and explains this by stating that he called attention to the arrests as it might be the council would think the police were not doing their duty. He says also that he has received flattering commendation from the managers of the theaters in regard to the way the playhouses have been freed from the nuisance of the small boy.

The chief ends his communication, which is to be read to the council Wednesday night, by stating that hardly a day passes that he is not besieged by the parents of the little tots who request that they be permitted to "enjoy this exhilarating play during the short time our streets are favorable for that pleasure."

The chief says the requests outnumber the kicks.

"MISS SIMPLICITY"

Has a Few Lines That Are Worth Perusing. How much in that nondescript mélange of songs and dialogue known as musical comedy depends upon the personality and talents of the leading players is indicated by the subjoined excerpts from the book of "Miss Simplicity." Obviously many of the quips were originally impromptus by Mr. Daniels, but his method of delivering them gave them permanent value, and they promptly were written into the manuscripts of the piece. When a man can keep a theater full of laughter by repeating such manifest nonsense as follows he must be a remarkable man, or else these jokes are much better than they seem in the cold light of a printed page. In any case, here is the opportunity to judge for yourself, but if there lingers in your mind any memory of the grimaces, the queer vocal pranks and the astonishing gestures of Mr. Daniels you hardly will be an unprejudiced judge, for the mere memory of them even in connection with a poor joke is sufficient to wake laughter:

"My former wife was a medium."  
"A medium? What's that?"  
"Haven't you ever been at a seance where they sit in the dark and—"  
"Was she dark or was she light?"  
"Just a happy medium."  
"I'm rough, but I'm frank."  
"How do do, Frank."  
"He threatens to blow you into a thousand pieces."  
"He'll get me conceited if he makes so much of me."  
"You're looking well, captain."  
"I'm called good looking."  
"Well, it's your third and last call, I'll tell you that."  
"You must have traveled?"  
"Why, that's my Prince Albert."  
"That's what?"  
"My long suit, I've been to Manhattan Beach three times."  
"Did you go alone?"  
"Well—I started alone."  
"Rosie, won't you give me a kiss?"  
"No!"  
"Oh, won't you? I'll bet they're very nice today."  
"What's the size of your kingdom, Phil?"  
"Oh, it's a small affair—about three square miles."  
"Just enough for 18 holes. Haw! Haw! That's a good drive."  
"Your majesty, danger lurks about."  
"Not about me, I haven't got a cent."  
"Don't try to escape—all avenues of escape are closed."  
"I don't want an avenue. A little dark alley is good enough for me."  
"So you're a widower—hey?"  
"No, not hay—grass."  
All of which being respectfully submitted, does there seem to be any reason why every family should not have a musical comedy of its own in the house? The scheme of them all is so simple that a child can write them. Yet they are what modern managers believe have relegated works like "Pinafore" and "Mikado" to the remote rear of public estimation.

STOCKS IRREGULAR ON WALL STREET

CHANGES ARE SMALL ALTHOUGH THE ADVANCE IN SOME STOCKS IS NOTICEABLE.

BY ASSOCIATED PRESS.

New York, Dec. 1.—The opening of the stock market today was irregular and the changes were small.

Brooklyn Transit maintained its bull leadership of the market and its rise of 2 1/4 was followed by similar advances in Metropolitan Street Railway and Sugar. A drive against St. Paul lowered it from 17 1/4 to 17 1/8 and caused reactions of about a point in some of the strong stocks. Buying by the short interest rallied St. Paul 1/2 before 11 o'clock and the general list responded.

The market came up again before noon under the continued leadership of the local tractions. Metropolitan Street Railway rose 3/4. Dealings were not on a large scale. Bonds were irregular at noon. Further gains were made by some of the soft coal stocks and specialties. The dealings became more active in the railroad quarter and the Pacifics, St. Paul and Louisville rose strongly.

Amalgamated advanced 2 points and Lackawanna 1/2 in all. St. Paul was offered freely again when it reached the highest and reacted 1/2. Other stocks eased off in sympathy, but a renewed demonstration of strength in local tractions carried the market up again. Metropolitan Street Railway increased its rise to 4 1/4.

WHAT IS DOING IN POLICE COURT

JUDGE BOYLE HAS A NUMBER OF INTERESTING LOOKING INDIVIDUALS BEFORE HIM.

"It's just preservation, judge, to do a thing to me now when I'm goin' to de springs," sobbed Mabel Ford in police court this morning.

"I hain't never given no show an' if you want me to rid me of myself, w'y don't you let me go to the springs? I sure can go to Warm Springs cos Mis' Brown has give me an invitation. The doctor says I hain't crazy so they won't take me 'cept on an invitation. Billy 'ud put up the money fer me to go to th' 'sylum and Mr. Barney's me side pal an' he'll take me to Billy."

The pleading didn't go with his honor, though, and Mabel's case was set for trial. Mabel was arrested as a vagrant and the charge on the police docket is "vagrant by the chief"—whatever that means.

Quang Ching, who was arrested by Officer Barney McGillic on a charge of receiving property stolen by "Portland Red" and Elliott Levy, the boy burglars, had his preliminary hearing set for December 4.

Thomas O'Malley, arrested on a charge of trying to bite off William Hurd's chin, pleaded not guilty to the charge of mayhem and his case was set for next Thursday, bonds being fixed at \$500.

Kid Murray was charged with getting into a fight at the California Music hall and pleaded not guilty. His friend, W. H. Bickey, was arrested by Officer North for interference, but was afterwards released.

Dan Sullivan and George McAuliffe, the two boys arrested for stealing two pairs of shoes from the dry room of the Mountain Consolidated mine, pleaded guilty and their sentence was deferred until this afternoon.

George H. Lawrence and Jerry McLaughlin, arrested for buying the property stolen from the two boys, pleaded not guilty and their cases were set for December 4.

WANT TO KEEP 'EM OFF THE PLATFORM

BILL WILL LIKELY BE INTRODUCED IN COUNCIL TO REGULATE CABBIES AT DEPOTS.

At the meeting of the city council next Monday night another hackmen's bill will be introduced and an effort made to have it passed by the councilmen.

The bill is similar to one offered some time ago and which was defeated in the council. It provides for the establishing of a deadline at the railroad depots for the hackmen, baggage men and hotel runners and agents and fixes a penalty of not less than \$10 nor more than \$50 for passing over the deadline while soliciting business.

As yet no name of an alderman has been attached to the bill as the father. It is expected that the cab companies and hackmen will unite in another stiff fight on the measure, which is backed up by the representatives of the different railroads running into Butte.

ROSY ALASKAN PICTURE.

A Million People to Find Support in the Yukon Valley.

[Baltimore American.]

Judge James Wickersham of the Third Judicial district of Alaska paints a gorgeous picture of the future of Alaska. He says that 1,000,000 inhabitants will find support in the valley of the Yukon on the American side of the line. Time will tell of the unimaginable possibilities of this grand region beneath the Arctic circle. Good gardening and farming is being done and the country is one of the crying necessities of the country, as they are of any new country. During the winter, however, he says you can have good roads in any direction without any expense. What is needed is a general system by which a road that is greatly needed can be built. The country has no such system now and no law. From this time on Alaska will have to be reckoned with as a residence country. The whole Yukon valley is capable of comfortable settlement and will support an immense population. There is a peculiarity of the plant life of that country in that Arctic vegetation is found at Lake Benares, and a country void of trees, the further one goes north the vegetation increases, until at Port Yukon forests of a mercantile timber grow. These forests fade away again when you reach the coast, and they do not reach the Bering sea by 150 miles.

The interior is much warmer than the coast, owing to the dry atmosphere of the Yukon region. The high coast range of mountains precipitates the moisture on their western slopes, leaving a dry winter in the Yukon valley.

Up-to-Date Methods

Used with skill and ability and with the most careful attention paid to every case have gained for us . . .

The Leading Practice in the West . . . . .

Our Fees Are Moderate Our Facilities the Best

We claim the entire credit for the very first investigations, some years ago, which led to the complete revolution in the treatment of disorders of men. Previous to our announcement of the importance of urethral inflammation and chronic prostatic affections as factors, treatment was conducted in an impracticable and unsuccessful manner. Upon the perfection of methods of treatment which have been so uniformly successful in every case, we made the announcement to the profession and others interested, describing our discoveries as fully as possible. We cannot but feel flattered that others have adopted our plan and taken advantage of our reports, and only hope that our essays have been sufficiently clear to make them equally successful.

Contracted Disorders

From statistics compiled from our practice, covering over 6,500 cases, 90 per cent have recovered in seven days or less, many of these cases being those who had been treated by others for much longer periods without any apparent decrease of the disorder.

Contagious Blood Diseases

By our method no time is lost, no change in diet or habits is necessary, permanent cures being made in a short time with but little expense to the patient. Our method is the result of over ten years' careful and patient study, and our success has been most gratifying.

Varicocele

A radical cure without cutting, without pain, without caustic and without detention from business. Varicocele does not require a surgical operation or hospital treatment. This is a truth that we are demonstrating daily.

Ruptures and all Rectal Diseases Diseases quickly and permanently cured. No pain, no cutting.

Warning Signs of Weakness Weak back, fluttering heart, dizziness, nervousness, poor stomach, pimples and blotches, defective memory, hot flushes to face, aversion to society, nervousness.

Every afflicted man should read our pamphlet entitled "LIVE THE REST OF YOUR LIFE A MAN," mailed free. CONSULTATION FREE, at the office or by mail.
