## WOMAN SUFFRAGE NOW AGITATES 'EM

LADIES OF THIS BURG ARE GOING TO TRY TO GET LEGISLATURE TO MAKE AMENDMENT.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—The woman suffrage is now the question that is agitating the public mind in Anaconda. There is an equal suffrage club organized and each individual member has a plan that is warranted to cure all of the evils that voters and the ballot are heir to. It is said that a delegation is already selected for the purpose of visiting the Capital City this winter while the legislature is in session and lobbying for a constitutional amendment permitting women to vote. The members argue that they can do no worse than the men, and they believe that they can improve present conditions.

As a matter of abstract right they claim that the women are entitled to the ballot. One of the ladies who is taking an active part in the movement says that it is time to act, and she believes that the conditions in this city should impel every woman who loves her home and her children to join the movement and help the good work along. She says that for some weeks every summer and fall there is an epidemic of typhoid fever caused by the wretched sanitary condition of the city. It is claimed that it is worse this year than ever before, and it is the expressed belief of physicians that it will continue to increase in virulence each succeeding year.

Women believe that they have the right to demand the ballot that they may at least have a chance to correct this evil and protect their loved ones from sickness and death.

While it is expected that the measure which they will propose will be bitterly opposed by the politicians, there are many men in this city who favor equal rights for all citizens, and it is also understood that all of the members-elect of the legislature from Deer Lodge county, with the possible exception of one, will vote and work for a woman suffrage measure.

## THINK THAT DISEASES ARE STARTED IN MILK

Samples of That Used in Anaconda Have Been Sent East to Be Chemically Analyzed by the Experts.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—Cause for disease is being sought in milk by the county board of health. Dr. T. J. McKenzie, chairman of the board, has just sent a consignment of milk samples to New York, where an analysis will be made. The board of health, after long debate, determines to ascertain the cause of the prevalence of typhoid fever in the city. It was concluded that either the milk or the water being used might be responsible, and a chemical analysis of the fluids was determined upon as the best means of learning the true state of affairs. About fifteen milk wagons were stopped by the physicians of the board and samples taken from each. A return is expected in a few weeks.

## Didn't Hurt the Princess.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—A heavy frame, containing photographs of the "Princess Chic" company, was blown through one of the plate glass windows of the Smith Drug company during the heavy wind storm of last night.

## ELISEE GIRARD IN HIS LAST REQUEST

HOW THE \$100,000 LEFT IS TO BE DISTRIBUTED AMONG MOTHER AND OTHER RELATIVES.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—The will of Elisee Girard, deceased, the well-known old-timer of Warm Springs, in Deer Lodge county, was filed with the county clerk today.

After first providing for the payment of all funeral expenses and just debts, the document proceeds: "I give to my brother, Jean Baptiste Girard of Montreal, Canada, the sum of \$10; I give and bequeath to my sister, Elizabeth Girard, known as Sister St. Athanasie of Farnham, Canada, the sum of \$70." Here follow a number of other \$10 bequests and then the executors of the will are directed to pay to the mother of the deceased the sum of \$20 per month during her lifetime.

The rest of the estate is left to his sister, Rosalie Dansereau, and his brother, Moses Girard, both of Warm Springs, Deer Lodge county, to be divided equally between them, share and share alike.

Rosalie Dansereau, Peter Valiton and Samuel E. Larabie are named as executors, and it is directed that they may serve without bonds, and they are also given the power to sell or otherwise dispose of the property without an order of court.

The will was witnessed by William Williams and John Kalliey, both of Deer Lodge, and is dated the 18th day of November, 1892, shortly before Mr. Girard's death.

The estate is estimated to be worth at least \$100,000.

## THINK THEY NEED ROOM THEMSELVES

ABSTRACTORS DAVIS AND PECK ORDERED TO MOVE BY THE COUNTY COMMISSIONERS.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—The county commissioners have decided that they need the room in the courthouse at present occupied by the abstractors, Davis and Peck. The room will be used by the newly elected public administrator. The order to vacate was made yesterday and the commissioners say that they want the room at once.

John Smurr, who is in charge of the abstract business, expects to secure other quarters in the building, but he has not yet given up hope of holding his present quarters. Some pressure is being brought to bear on the board by attorneys and others who frequently have business with Mr. Smurr.

## But No One Was Hurt.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—A telegraph pole stopped a team of runaway horses hitched to an Anaconda Coal company wagon so suddenly that both horses were thrown clear of the harness. The outfit struck the pole in trying to turn into Front street from Main. No one was injured.

## RUNS THE SOCIAL GAMUT AND DIES IN POOR FARM

End Comes to Charles Blair, Who Received a First-Class Education and Might Have Succeeded.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—After running through the entire social scale, Charles Goldthric, better known as Charles Blair, died in the county poor farm. No one knows where his relatives reside, and the man who once had all the luxuries money could buy may occupy a pauper's grave. The authorities do not wish to bury him under these circumstances and are making every effort to locate his relatives.

Though but 45 years of age, Blair led the life that ends quickly. He was born of highly respected and wealthy parents at LaCrosse, Wis., and received an education, including music and several languages. When a young man he sought distinction on the stage and came to Montana when Katie Putnam first came to the state.

The liquor habit caused the downfall of Blair. He made his home in Anaconda many years, but went from bad to worse. Toward the last it was a question of sufficient drink with him. Food did not enter seriously into his calculations of daily livelihood.

At different times he was employed in dance halls in the city and was quite well known in the city. His hearing always indicated the man of breeding and education, though his station was low, and this commanded for him a certain respect.

On several occasions he made an effort to end his dissolute habits, but did not succeed. Finally he became so broken in body that he was sent to the poor farm to receive proper care. There he was treated well, but death soon came. Dennis O'Leary, manager of the poor farm, who is seeking to locate relatives, said that Blair told him of a daughter being educated by a wealthy man in the East. W. B. Webb says he attended school with Blair, but lost track of him until they met in Anaconda.

## CITY DEBT DOWN VERY LOW

Total Will Now Be Something Like \$51,000, It Is Estimated.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Dec. 9.—County Treasurer Twoby has turned over to City Treasurer Harper \$34,738.66, which is the municipality's share of the money collected from taxes this year. With this sum added to the cash of the city, the treasurer has sufficient to pay off \$30,000 in registered warrants, and the income from licenses will permit of the payment of the remainder of these.

There will also be enough more to pay \$2,000 in sewer bonds, reducing the city's indebtedness to \$51,000. The county treasurer has also remitted to the state \$19,877.71.

### SENATOR MANTLE SAYS HE DOESN'T

DISCLAIMS OWNERSHIP OF ANY PART OF MINERALS UNDER THE SMOKEHOUSE.

Ownership of any of the minerals lying beneath the surface of the property known as the Smokehouse lode claim is disclaimed by former Senator Lee Mantle in the answer filed to the complaint of the Smokehouse Copper Mining company, Patrick Mullins and others.

It is asserted in the answer of Mr. Mantle that he and James W. Forbis hold the ground on the surface of the property under a lease from Mary Barnard and have a building on it. They claim the right to the ground to a sufficient depth to sustain the building, but Mr. Mantle asserts that no title to the veins of mineral that may lie beneath is alleged by him.
