STREET FAIR FOR THE NEXT SEASON

PROBABILITY THAT THE JABOUR ATTRACTIONS MAY BE SEEN IN ANACONDA IN 1903.

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Dec. 27.—It is not improbable that Anaconda will have a street fair the coming season. Nothing has yet been definitely arranged, although some considerable correspondence has already been had between one of the most prominent citizens of the city and the Jabour show concern that was famous in Montana two years ago.

The Jabour outfit are wintering at Portland, Ore., and proposals, if proper arrangements can be made to visit nearly every important city in Montana during the coming summer.

There are several innovations and radical changes in the makoup of the show since it was last seen in Montana. Some of the Oriental features will be left out and a great protechnical display features introduced, such as "Napoleon at Moscow," etc. There will be a beauty congress composed of types of women from every nation and the show will be materially enlarged.

From a letter from Mr. Jabour it is learned the two shows will be put on the road. One of them will be a small affair and will only make the smaller towns and the other will be the big show which will visit Spokane, Seattle, Portland, Tacoma and all of the principal cities in Montana.

Mr. Jabour writes that he expects to visit this city in a short time, after which he will go to Europe for the purpose of securing attractions.

When the contest cases were brought before Judge Napton recently he sustained a motion to quash the cases from this county. The plaintiffs, however, have announced their intention to carry the cases to the supreme court.

RED GLOW LIT UP THE SKY

And Everybody Thought There Was a Fire in the Western Part of City.

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Dec. 27.—Great banks of red flame in the western sky last night led many to believe that some building in the western part of the city was on fire.

Investigation proved that the reflection was caused by a building which was burning at the head of the Anaconda Mining company's flume.

ANACONDA TEACHERS WILL TRY TO LAND CONVENTION

Think Smelter City Would Be a Good Place for the Pedagogues of the State to Get Together in.

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Dec. 27.—About 30 of the teachers in the schools of this city will leave Monday for Bozeman to attend the meeting of the State Teachers' association, which will hold a three days' session there next week. The fact that so large a number of teachers are going is a sure sign that a strong bid will be made for the holding of the convention in this city next year.

Superintendent Kooztz of the Anaconda public schools, in speaking of the matter, said yesterday: "There is no reason why this city should not have the convention next year. The new High school building will be completed by that time and will be an ideal place to hold the meetings. Anaconda can in every way take care of the teachers and would be glad to get the opportunity to entertain them."

The members of the delegation from Anaconda are hopeful of being able to carry off the prize.

Dainty May Sargent.

SPECIAL TO THE INTER MOUNTAIN.

Anaconda, Dec. 27.—Few, if any, seen in Anaconda, have gained as many friends in the theatrical profession as that fascinating little actress, Miss Sargent, who will be seen in her clever performance of the oily coquette, "Tiella Van Sittart," in "Other People's Money." She is queen of all she surveys. This is her first Western appearance.

Miss Sargent's modiste, Madam Giannie of New York, has made an extra effort in designing Miss Sargent's gowns for this present tour, and they can honestly be pointed to as the epitome of the dressmaker's art. The attraction will be seen Monday night, December 29, at the opera house.

WHY NOT PUT OUT LOCAL LOAN HERE?

BELIEVED THAT ENTIRE INDEBTEDNESS OF THE CITY COULD BE TAKEN UP BY ANACONDANS.

SPECIAL TO THE INTER MOUNTAIN.
Anaconda, Dec. 27.—One of the many new schemes for the betterment of the people and the lessening of the taxation is the plan of a former alderman to place the entire indebtedness of the city among the local residents who have money to invest or loan.

According to this gentleman, Anaconda is in good financial condition as a city and has but few people within its limits who are not possessed of a bank account. He believes that by refunding the indebtedness of the city and offering it to local residents at the same rate of interests now being paid, which is 6 per cent, every dollar of it would be taken here.

Some years ago, the city was bonded for the purpose of building a sewer, part of which has been paid. The rest of it, about \$15,000, will be due in about five years and while there is no doubt about the ability of the city being able to pay this sum at maturity, it is thought that local citizens might as well get the interest.

This matter will probably receive the attention of the city council at its next regular meeting.

BY ASSOCIATED PRESS.

Springfield, Ill., Dec. 27.—Two Poles, who can scarcely speak English, were locked up in the county jail last night by a United States deputy marshal on a charge of rifling a mail sack. The men admit the crime, but insist, through interpreters, that they were not aware that they were breaking the law.

A mail sack was found by them on the depot platform at Osprey, a station near Decatur. They cut the leather open and used the papers, letters and other contents to build a fire by which they kept warm during a cold night.
