SCHWEND'S BILL ON BETTER ROADS

DEER LODGE REPRESENTATIVE HAS A MEASURE TO IMPROVE THE STATE HIGHWAYS.

SPECIAL TO THE INTER MOUNTAIN.
Anacoda, Jan. 9.—If Representative Schwend of this county has his way about it Montana will have better roads. At least in his opinion they will be much better than they are at present.

It is learned that he has the draft of a bill he will introduce for an entirely new plan for building and repairing the highways.

He proposes to create a state bureau of roads, to have charge of all roads outside of cities and towns which are incorporated. The present plan of permitting the road taxes to be worked out will be abolished and a tax levy be collected in cash instead. All work done on the roads will be done under the direction of a competent engineer who will be known as the county road supervisor and who will act under the direction and in accordance with the plans outlined by the state board.

If Mr. Schwend's bill becomes a law the board of county commissioners will have nothing to do with road matters, and in the opinion of many who have looked into the matter, the road affairs will be simplified. The measure contemplates that most of the work done in each county will be permanent and the present method of fixing up the roads this year so that they will need fixing again next year will, in a large measure, be done away with.

Mr. Schwend has had a varied experience in traveling throughout Montana and it is hoped that his bill will solve a bothersome problem.

MAY SETTLE SUIT OUTSIDE OF COURT

COMPROMISE LIKELY IN THE BLACK DIAMOND COAL COMPANY VS. FRIEND DAYTON CASE.

SPECIAL TO THE INTER MOUNTAIN.
Anacoda, Jan. 9.—There is some talk of a compromise settlement being arranged between the Black Diamond Coal company and Friend Dayton over the piece of land immediately north of and adjoining the city.

The Black Diamond company have been prospecting for coal for the past year, and believe that they have found a mine that is very valuable. In taking up the land the coal company assumed that it was unoccupied government land.

Friend Dayton claimed the land for the reason that he has lived on it for the past 11 years, and that he had made an application for it as a homestead just as soon as it was surveyed, and that he was in actual possession prior to that time for years. He makes the claim that it is more valuable for agricultural than it is for mineral or other purposes.

In the hearing ordered by the United States land office, the coal company had experts to prove that the coal found is of the best quality, and that the showing so far as the development work has gone, is of the best. They say that there is every evidence of a producing mine, and that the coal is superior in quality to any found in the West.

Mr. Dayton put no witnesses on the stand, and while the details have not yet been arranged, it is certain that the controversy will be amicably settled out of court.

M. Potter, Wm. Scallon, W. W. Johnston, J. C. Dawkins, Butte; Mrs. Paul Van Cleave, Miss Alice Van Cleave, Miss Dorothy Van Cleave, Melville.

ANACONDA BRIEFS

A. D. T. messengers—prompt, reliable. Peter Valiton, the well-known stockman of Deer Lodge valley, was in the city yesterday.

O. L. Chapman, the real estate man from Butte, was in town for a time yesterday.

R. G. Brown, a traveling man from Minneapolis, is doing business in Anacoda. John Wenger has gone to the Big Hole country to look after his stock interests in that country.

Jimmy Lyons, one of Anacoda's best athletes, has gone to Butte to appear in a specialty with the Munroe-Bau aggregation. Lyons is most expert in punching the bag.

It is expected that fully 50 of Anacoda's sports will go to Butte tonight for the purpose of witnessing the boxing program arranged by Clark Ball.

R. G. Brown, who is the general Northwest agent of the Chicago, Rock Island & Pacific, is in Anacoda. Mr. Brown's headquarters are now in Minneapolis, Minn.

The New Year's edition of the Inter Mountain can be had by calling at the office, 110 West Park avenue.

Miles Cavanaugh, one of Butte's rustling agents, was in the city yesterday.

The old-timers who pretend to know all about such things predict that there will yet be a heavy snowfall and some very severe weather before the flowers bloom again.

H. P. Napton, brother of Judge Napton, has been very sick with typhoid fever and in order to more rapidly regain his former health he was leave in a day or two for Baker City, Ore.

Two more cases of scarlet fever have been reported to the city health officer. In both cases a close quarantine has been established.

HANDSOME STATUARY IN ST. JOSEPH'S KIRK

ST. ANTHONY—The Statue Which is Broken at the Knee.

Four beautiful pieces of church statuary five feet high were yesterday received by Rev. P. A. Quensal, pastor of St. Joseph's Catholic church in South Butte and will shortly be placed among the sacred decorations of the parish church. Unfortunately one of the pieces was broken.

The figures are of papier mache and are of the most artistic and handsome finish. The images represent the Blessed Virgin, St. Joseph and Child, the sacred Heart and St. Anthony.

The Blessed Virgin was donated by Mrs. Mary McDonald, formerly matron of the poorfarm. St. Joseph and Child was donated by Sylvester McDonald, son of Mrs. Mary McDonald. St. Joseph is the patron saint of the church of this parish. The

Sacred Heart was presented by Mr. and Mrs. Gearing, who reside in the Silver Bow Park addition, near Columbia Gardens, and was given to the church in memory of their son, who was killed in a railroad accident on the Northern Pacific about five months ago between Boulder and Whitehall, while working as fireman. St. Anthony was donated by Mrs. William Holland of Arizona street.

In a quiet and unostentatious way Father Quensal is doing much charitable and religious work. The congregation is growing rapidly and the members are all working in harmony. The members of the parish are looking forward to the time when the parish will have a new church, which is thought will be at no distant day.

MAY BE RELEASED IN NEXT FEW DAYS

THOUGHT JOSEPH SMITH WILL REGAIN HIS LIBERTY IN A SHORT TIME—HIS NERVE.

SPECIAL TO THE INTER MOUNTAIN.

Anacoda, Jan. 9.—It is altogether probable that Joseph Smith, the man who is accused of holding up the train at Bearmouth in October and killing the engineer, Dan O'Neill, will regain his liberty sometime this evening.

Smith seems to be very indifferent about the matter and says that as soon as he is released that he will probably take a trip over to Great Falls and visit for a few days with his brother.

The detectives claim that they cannot be mistaken and that this is the man they have been looking for for some time past. It is claimed that Smith is an uneducated Russian who has been in this country for some years and that he was forced to leave his own country because of a too liberal belief in the principles of the nihilists. It is claimed that Smith fled to America to avoid being sent to Siberia.

He is a quiet-appearing and gentlemanly man with few of the bad habits that mankind is addicted to. He is unquestionably a man of great nerve, and, while he may be a crook, those who know him here do not believe it.

They prefer to believe that he is a hard-working, industrious man.

SCUFFLE AT LARIMER CLUB

Results in Serious Shooting of Several Participants.

BY ASSOCIATED PRESS.
Fort Collins, Colo., Jan. 9.—In a fight at the Larimer clubhouse, William Bailey, the bartender of the place shot Chris Coy and Frank Page and was himself injured by the discharge of his own weapon in a scuffle for its possession with friends of Coy and Page. Coy is probably fatally wounded.

Coy was put out of the resort because he was not a member, but returned later with several companions, and, it is said, assaulted Bailey. Bailey shot several times before he could be disarmed.

MESSAGES FOLLOW ONE ON THE HEELS

OF THE OTHER, TO THE EFFECT THAT OLD BAER IS A GRANDFATHER AT LAST.

BY ASSOCIATED PRESS.

Philadelphia, Pa., Jan. 9.—George F. Baer, president of the Reading railroad, has doubly realized the supreme desire of his life. Within a few hours he became the grandfather of two bouncing boys. I would rather have a grandson than any other honor that is possible to have conferred upon me in this world.

While Mr. Baer was at the office his wife received a sudden call to Lancaster, Pa. Before she arrived there her daughter, Mrs. William N. Appel had given birth to a son. Mrs. Baer had scarcely had time to telephone the news to her husband when there came a message from Reading, Pa. The second message stated that another daughter, Mrs. Frank L. Conrad, had given birth to a son.

REPORT OF CABLE MINE'S PROGRESS

INDICATIONS ARE THAT FAMOUS PROPERTY IS IN LINE FOR A BIG BOOM SOON.

SPECIAL TO THE INTER MOUNTAIN.

Anacoda, Jan. 9.—Reports coming from Cable are to the effect that the shaft has now been cleared of water and that actual work of sinking, drifting and cross-cutting has begun. At present there are about 20 men at work, but it is expected that as soon as a little more work has been performed there will be room for a much larger force.

In many respects the Atlantic Cable mine is the greatest gold mine ever discovered in the state. It was a great mine from the top of the ground and has produced many millions of dollars. It is at present being worked under lease and bond, although the owner, J. C. Sawyer, is on the ground advising and helping to the best of his ability.

It is said to be the purpose of the company to put the shaft down another lift and cross-cut the country both ways for the purpose of catching any stringers or veins besides the well defined Cable vein.

Intelligent Prospecting.

Much intelligent prospecting is being carried on at Cable, Georgetown and in the Red Lion district. Georgetown is just over the hill from Cable and was at one time quite an important placer mining camp. Later on several quartz veins were found that have produced many thousands of dollars for their lucky owners.

The Pyrenees is one of the oldest and best known quartz mines in that part of the country. It was discovered years ago by the late Salton Cameron and was worked by him up to the time of his death. There is a little stamp mill on the property, but it is out of repair. It is reported here that there are some parties who are trying to secure a lease on the property and who, if they succeed, will prepare the mill and fix up the mine shaft for a permanent run.

The Luxembourg, which is situated on the same slope of the mountain, is being thoroughly prospected and it is claimed that at present there is less than \$50,000 worth of ore on the dump ready for milling or shipment.

Twenty Men at Work.

Up on the head of Flint creek the Milwaukee Gold Extraction company have about 20 men at work and it is claimed that on the Hannah claim, where most of the work is being done, there is a splendid showing. George H. Savage is in charge of this property and is said to be much elated over the showing. The company have in contemplation the erection of some sort of reduction works the coming summer.

What the country needs worse than anything else is a railroad, and the hope of the prospectors there is that in the near future the B. A. & P. railroad will be extended at least as far west as Silver Lake.
