COMMITTEE FAVORS MEASURE OF BAR ASSOCIATION

Bill to Limit Disbarment to Supreme Court Is to Be Presented.

SPECIAL TO THE INTER MOUNTAIN.
Helena, Jan. 23.—By a vote of 6 to 1 the judiciary committee of the house has decided to present the bill recommended by the State Bar association in relation to disbarment proceedings. This bill, it will be remembered, provides that disbarment proceedings in Montana shall in the future be conducted only by the supreme court instead of allowing the district courts to have power to disbar as at present. When the State Bar association met recently the Shores' disbarment proceedings were new. They called forcibly to the attention of the assembled lawyers from all parts of the state that while the supreme court alone has power to admit to the bar, the district courts, which are inferior courts, have power to disbar. Accordingly the association recommended the passage of the bill. The matter has been under consideration by the judiciary committee. At a meeting of that body this morning the matter was voted on, with the result given in the foregoing.

A CHANCE FOR LIFE

Jas. Hogan Is Very Ill, But Physicians Say He May Live.

James Hogan, president of the Butte Typographical union, who is very ill with pneumonia, passed a better night last night than he has had for several days. A consultation of physicians was held late yesterday, when it was decided that his right lung was very badly congested and his general condition was very weak. However, it was the opinion of the doctors that if he were given perfect quiet and his heart did not become weakened he still had a chance for his life. The physicians held another consultation this morning, at which time Mr. Hogan was unconscious.

PROGRESS IN HEARING OF THE MORRIS NEER CASE

Conclusion of Examination of Bankrupt
as to Collections After He Was
Declared a Bankrupt.

Referee in bankruptcy Thompson Campbell heard today the conclusion of the examination of Morris Neer, a bankrupt, as to a collection made January 5, subsequent to the time he was adjudged a bankrupt. He was on the rack during the morning and was put through a severe course of sprouts by an attorney representing some of the creditors. The claim amounted to only \$300. It appears the claim was one that a debtor of Neer had against the city. The debtor assigned the claim to Neer and the latter assigned it to Marco Medin, who collected it. It was shown that the claim was assigned to Medin December 15, or prior to the time Neer was adjudged a bankrupt. The next move in the proceedings will be the hearing of the objections to claims filed against the bankrupt.

Referee Campbell expects to appoint appraisers to value the property of Neer in a few days. The bankrupt's debts amount to about \$9,000 and he has assets of about \$3,600.

[Felix Carmen, in Life.]
Dear me, old friend, how time does fly!
I see you with a baby carriage
And think of days when you and I
Deliberated love and marriage;
Ten years ago who could have told
The sequel to such cogitation,
Or guessed which of us first would hold
One of the second generation?

I mind how we used to sit
Around the board with pipes and whisky,
Went to philosophize a bit
And trade off stories rather risky;
I mind me of the good cigars—
How many we have smoked together!
Beneath the sun, the moon and stars,
Alike in every kind of weather.

Gone, gone are those old times, but—
We still among the living tarry;
And life's prescriptions seems to be
Will Shakespeare's frequent dose, "Ay,
marry!"
So here's a health to Her and you—
Companions live until you gray be!
And here's another, just as true—
Congratulations to the Baby!

IS HELD IN BASTILE

Watkins Is Said to Be Widely Wanted—In the Billings Cooler.

SPECIAL TO THE INTER MOUNTAIN.
Billings, Jan. 23.—The county attorney today filed an information against S. D. Watkins on a charge of obtaining money under false pretenses.

A little over one year ago, it is alleged, Watkins started on a career of crime from Chicago. He went over the Southern Pacific to San Francisco and at towns along the route he claimed that he was on a wedding trip and got numerous drafts and checks cashed. In San Francisco he got a check and a draft cashed that amounted to about \$1,200. From San Francisco he went to Portland and beat a hotel man there out of \$50. He came to this city and stayed several days, and when he was about to leave he got a hotel keeper to cash a check for \$100 on a Boston bank. The check was returned and the hotel man followed Watkins to Wyoming and had him arrested and brought back here. A short time after his arrest his uncle came here and offered to settle the forged and pay all of the expenses. He visited District Judge Loid, but the judge would not allow any compromise to be made and instructed the county attorney to file an information against him, charging him with obtaining money under false pretenses. Since his arrest in this city the officers have received many inquiries about him and it is figured that he has beaten people out of more than three thousand dollars within the past year.

WILD HORSES APPEAR.

Fraternizing With Other Storm-Driven
Animals on the Western Slope.

[Denver Post.]
Wild horses in Western Colorado have acquired the characteristics of game and are trailing down into the valleys from the mountains in large droves. Reports received by Game Commissioner Harris show that the horses are as eager as the deer and elk and other game to seek the sheltered portions.

Heavy storms and fierce snow blizzards in the mountains tell the game to go down into the valleys where there is food and water. The same elements speak to the wild horses and together horses and game are floundering through the snows for lower regions. Their common enemy has made them common friends.

The storms have been very severe in the mountains in the Northwestern and Western sections of Colorado and tremendous snow falls have occurred. It is believed that a great many wild horses and game will be unable to get out. Considerable apprehension is also felt that avalanches will destroy many summer homes and hunting lodges.

YEARS AND MEN.

[S. E. Kiser in Chicago Record-Herald.]
The year is dying; soon 'twill lie
Behind us in the fading past;
We watch it going and we sigh
To think it couldn't always last.
All praise for a little while
We greet the vanished years and fret,
Then count the new one with a smile
And hurry onward and forget.

The passing years are like the men
We have to serve—they pass away
We mourn the master dead and then
The new one welcome and obey
We soon forget, if he is kind,
The virtues of the kindly dead—
We do not mourn the years behind
If hope lies in the one ahead.

WARNER'S SAFE CURE

DR. C. F. P. BURCHMORE, No. 878 Huntington Avenue, Boston, Mass., says: "In my work on gynecology I find there is nothing as beneficial as Warner's Safe Cure. It purifies the kidneys and drives out the poison from the system. It gives support to women and cures the various diseases with which they are afflicted. I am a loyal adherent of Safe Cure, because I know it is a great medicine."

IF IN DOUBT MAKE THIS SIMPLE TEST:

Put some morning urine in a glass or bottle, let it stand 24 hours; if then it is cloudy, or has a brick dust sediment, or particles float in it, your kidneys are diseased, and if not attended to at once, your life will be cut off with Bright's disease, diabetes, uric acid poison or other complications.

ANALYSIS FREE

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence. DR. LEO VOGEL of Rogers Park, Ill., says: "I have prescribed Warner's Safe Cure for diseases of the kidneys, liver and bladder, and am well pleased with the results. I find it drives out the disease germs; it induces sleep and sharpens the appetite. In my estimation it is the only absolute cure for diseases of the kidneys and bladder, such as Bright's disease, diabetes, rheumatism, gall-stones and uric acid poison."

How many a poor fellow suffers untold agony with pains in the back, gout and swelling in his limbs, and does not get at the seat of the trouble, the kidneys! Heal the kidneys so they will perform their work properly and you will have no gout, rheumatism, diabetes, Bright's disease, gall-stones, inflammation of the bladder, eczema, scrotula, or liver complaints, all of which are caused by diseased kidneys. Do not neglect your kidneys if you have any of these complications, but take Warner's Safe Cure. It will cure you.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and is pleasant to take; it does not constipate. It kills the disease germs. Warner's Safe Cure has been prescribed and used by leading doctors for over 25 years, and is used in many prominent hospitals exclusively.

Warner's Safe Cure is what you need. You can buy it at any drug store or direct, two regular sizes, 50 cents and \$1 a bottle.

Refuse Substitutes and Imitations

There is none "just as good" as Warner's. Insist on the genuine which always cures. Substitutes contain harmful drugs which injure the system.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.
WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

INQUEST OVER HORGAN REMAINS

Investigation Held as a Matter of Form Develops Nothing Sensational—Something of the Career of a Well-Known Butte Citizen—Known in the South as Author and Philanthropist.

Coroner Egan summoned a jury and held an inquest over the remains of William Horgan this morning at 10 o'clock. After a few minutes' consultation the jury returned a verdict to the effect that the deceased had come to his death as the result of heart failure. There was no evidence taken, as it was thought unnecessary and the inquest was held as a matter of form.

William Horgan's death came with a suddenness that startled the people of Butte. Only five days ago he was on the streets talking with his friends and looking after his business interests. The employee of the M. J. Conell company declared that he never looked better than he did last Tuesday.

On Wednesday night Mr. Horgan retired apparently in good health. He had just returned from the Grand Opera house where he attended a performance given by home talent, in company with his youngest daughter.

Had Pains in His Chest.

Shortly after the midnight hour Miss Eleanor, his eldest daughter, heard a low noise which sounded like a moan from her father's room. She went hurriedly to his apartment and he complained of having had severe pains in his chest, but said he felt better and the daughter retired to her room.

Mark Twain Couldn't Tell the Number of the Clergyman's Progeny.

[Chicago Chronicle.]
A long friendship has long subsisted between Mark Twain, the humorist, and Stuart Robson, the actor. They are in many respects similar and enjoy many things in common. Mr. Robson recently told this story of his friend:

"Up in Hartford, where Mr. Clemens used to live," said Mr. Robson, "his closest friend is Rev. Joseph H. Twichell, pastor of the Asylum Hill Congregational church. Mr. Twichell, by the way, is the original Mark Twain's minister in 'Innocents Abroad.' He is the father of many children, in fact, so often was an arrival of a little Twichell chronicled in Hartford that the event ceased to enchain more than mere passing attention. One morning some years ago I chanced to be in Hartford when William H. Crane and I were partners and I went, as was my custom to spend an hour with Mr. Clemens. In the course of our chat he happened to remark that he had that morning promised to act as godfather to the latest Twichell infant, born that morning."

"I went over to see and congratulate the proud parent," he remarked, in that inimitable drawl of his, "and before I could escape I had been led into sponsorship."

"How many children has Mr. Twichell?" I asked innocently.

"Really, I can't say, Stuart," responded Mr. Clemens. "You see, I haven't been over to his home since 8 o'clock."

"THE GIRL OF THE FUTURE"

Should Hang on to Her Privileges and Let Her Rights Go.

[New York World.]
At just the point where there should have been after-dinner cordials, at the anniversary feast of New York's Pilgrim Mothers, Miss Josephine Dodge Daskam administered bitters. It was Miss Daskam's privilege to respond to the toast to "The Girl of the Future." "I hope," said the fair speaker, "we may find no greater responsibilities, no wider paths, no more difficulties than the girl of the present has." This was treason to the cause of the advanced woman, and Miss Daskam proceeded to make the most and the worst of it.

She would advise the girl of the future, as between her ever-present privileges and her rights to hang on to her privileges and let her rights go. Ominous silence in the serrated ranks of Mothers. Further, "If you can't get your vote—", coming girl—"you can always get your vote!" And you are to let him still keep the bankbook and interpret the railway time tables and believe that he knows and can do lots of things impossible to you. For yourself, it is absolutely necessary that you be good and charming.

Somebody excused the bold speaker's heresies on the ground that instead of being a school teacher or a civil service employe she is only a successful writer who "gets the same for her books as men do."

Yet it must be that there are circles in which Miss Daskam will be looked upon as no Pilgrim and a stranger to the higher aspirations of her sex.
