OTIS ON CONDITIONS IN THE PHILIPPINES

Gives Inside Facts of Topics Which Are of Interest to the Entire Nation.

BY ASSOCIATED PRESS.
Chicago, Jan. 30.—Major General Elwood S. Otis, in a lecture before the students of the College of Commerce and Administration at the University of Chicago, declared last night that prominent Filipinos urged him to put down the rebellion in the Philippines by devastation and murder.
"The advice given me was that civilized warfare would not terminate the rebellion," said the speaker. "It was urged that the insurgents would attribute humane treatment to cowardice and would be encouraged. Devastation and murder were advocated."
Instances where Filipinos were buried alive, beheaded and murdered by "amisgos" who did not countenance the rebellion were cited.
"What the Islands need," continued General Otis, "is a reformed currency, practical land laws, limited government, concessions for the rebuilding of natural industries and sufficient capital for the development of their resources. The desire of the majority of the inhabitants of the

Islands is for peace and protection, which will enable them to enjoy the fruits of their labor."

BUTTE WILL HAVE A SHARE OF RACING NEXT SEASON

Will Be Member of Circuit, to Include Portland, and Seattle.

It is now an assured fact that Butte will have her share of racing this summer. Ever since the last meet given by the Montana Jockey club the suggestion has been that Butte would have no more racing. The last season was not a success from a financial standpoint.
But the lovers of horse racing here are not to be disappointed. Zeke Abrams, the well-known sport and horseman, is looking after the interests of Caesar Young of San Francisco and he is authority for the statement that Butte will be a member of a big racing circuit this summer, including Sacramento, Portland, Seattle, Anaconda and Great Falls.
The time for the opening of the race meet has not been decided upon, but it will not be later than August.

PRESIDENT AND CABINET FEAR WAR

(Continued from Page One.)
dangerous principle that a resort to war is preferable to efforts to maintain peace. THEIR SETTLEMENT IS ENTITLED TO CONSIDERATION

The second principle of the French position is that the French-Venezuelan settlement is in the form of a treaty which entitles it to international recognition. This was formally executed prior to the adoption of force by the allies, and while Venezuela retained full independence in the exercise of her sovereign right to make a treaty. Therefore it is maintained that this antedates rights arising from a resort to force. It is not insisted, however, that this prior treaty settlement entitles France to priority in the division of the customs receipts, as the officials hold that all the powers having claims should receive equal treatment.

It was at first supposed that Great Britain, Germany and Italy favored this view and that the opposition came from the personal attitude of their representatives. But the latest advices indicate the sympathetic attitude of the British ambassador at Washington, Sir Michael Herbert; the German charge, Count von Quadt; and the Italian ambassador, Signor Desplanches, who are restricted by their instructions. Full recognition is given of the evident fairness of Minister Bowen. The subject is receiving careful consideration and there probably will be further negotiations toward the presentation and acceptance of the foregoing principles.

SHOT DOWN BANDIT BEFORE THEY FELL

Americans Who Were Murdered by Ladrones Killed Their Leader.

BY ASSOCIATED PRESS.
Manila, Jan. 30.—Eight Ladrones and one constable were killed in an encounter at Ormoc, West Leyte province, on Tuesday. The fight was a hard one, but the constabulary ultimately won by a daring charge. One hundred and fifty Ladrones surrendered at Ormoc the following day. The district has been disorderly and it is believed that the surrender of these men will lead to its pacification.
The bodies of the three American volunteers, including Mr. Osborne, a teacher, who were killed at Bolinao, province of Zambales, recently, in a fight with Ladrones, had been recovered. Malanga, a noted bandit, who was among the enemies dead, directed the fight. The Americans charged and killed him before they themselves were surrounded and killed.

HOLD EXECUTIVE SESSION TO FIND OUT WHEN CONCLUSION MAY COME

Helena, Jan. 30.—The judiciary committee will resume the Harney hearing tonight. Chairman Self says it is impossible to say when it will be concluded, but the committee will hold an executive session today to decide how much longer shall be given to the hearing. The house will likely adjourn over Saturday and Sunday and give the committee a chance to hold several lengthy sessions.

INTEMPERATE HABITS OF HIS HONOR AS ALLEGED

Testimony, largely of a documentary nature, was introduced before the judiciary committee at its session last evening tending to further prove the intemperate habits of Judge Harney and to discredit some of the statements which he made in his testimony during the Shores trial.
The court records in that case were produced to show the inconsistencies of Judge Harney's testimony regarding the famous "Dearie" letter. In his complaint Judge Harney swore that his acknowledged letter of even date was not written in reply to the "Dearie" letter, but, in reply to some mysterious letter which has never appeared in the whole proceeding. Facts were brought out at last night's session, partly from Judge Harney's own testimony, to show that his letter was in reply to the "Dearie" letter and could have been in reply to no other.

The Chicago Record-Herald interview, given August 11, 1901, was introduced also.

Judiciary Will Sit Upon Judge Harney's Case Again This Night.

as was his Reville interview, both of which figured in the Shores case. These interviews are to show how Harney has changed the issue in his allegations against the attorneys he has been seeking to disbar.

HIS STATEMENTS SEEM TO BE RATHER MIXED

For instance, in the Record-Herald interview, which he admitted on the stand to have been dictated by himself, he said that the alleged offer to him was not in consideration of any judicial action in the Minnie Healy case but in consideration of Judge Harney giving information regarding his alleged bribery by the Montana Ore Purchasing company. In his complaint against the attorneys, filed October 19, 1902, he charged that the alleged offer was in consideration of an order extending time for filing affidavits in the Minnie Healy case and granting a new trial therein. But, when he got on the stand, he went back on his Chicago Record-Herald interview and stated that the facts therein set forth were correct and that there had been no offer for judicial orders.
The record of the Shores case to prove all this was introduced.
The point is that at one time or the

other Judge Harney must have spoken falsely.

ROBERT M'BRIDE IS PUT UPON THE STAND

Robert McBride, the Butte attorney, was the only witness examined at last night's session. He was counsel for Mr. Geyman in the Yankee Boy suit before Judge Harney in which the court made three contradictory orders. Relating the facts the witness said that on the afternoon of the second day of the trial—April 22, 1902—the judge said that sufficient testimony had been given to justify an order of inspection asked for by the plaintiffs. He made a verbal order to this effect, and said if the plaintiffs would present one he would sign a written order in the morning. He also granted a stay of three days in order that the stenographer might have time to get things ready for the supreme court. Without appearing in court for the written order, a crew of men went to the Yankee Boy mine armed with an order from Judge Harney for inspection. No copy was served on the witness or his client, Geyman. The witness said that he and his client feared shooting at the time, as all parties to the suit were very much excited. The witness found Harney at his home very drunk. He wrote out an order for a stay and Harney signed it.

BRILLIANT SCENE WHEN GRADUATES OF HIGH SCHOOL RECEIVE PAPERS

President Mueller of the Board of Education Presents the Diplomas.

The reception and dance tendered by the junior class of the city high school to the graduating class at Renshaw hall last evening surpassed in brilliancy anything that has ever been witnessed in this city. The decorations in the hall were superb and were so arranged that the festoons of class colors, American flags and potted plants formed one of the most pleasing decorations imaginable. No pains were spared by the committee that had the affair in charge and nothing was overlooked that would make the reception a memorable one in school circles. The attendance was not confined to high schoolers alone, as the elite of the city's young people were there, and at one time during the evening there were fully 300 people in the hall and ante rooms. The music for the dance was furnished

by Bergstrom's orchestra, and the daintiest of refreshments were served by the young ladies.

The committee having the reception in charge was composed of the following members of the high school:
Cecil Booner, Madge Bray, Ben Hammond, Ona Proebstel and Percy Loomis on arrangements, together with Prof. A. Leamy, John Corrett, Lou Kane, Roy Hopper, Dan Hanley, John Kelly and Marvin Ditto.

The graduating exercises of the high school were held at Sutton's theater this afternoon. The house was crowded with friends and relatives of the graduates and members of the grammar schools of the city. The valedictory address by Miss Ione Bradshaw was as near perfect as it was possible to be. The subject chosen

by her, "The American Girl" is one that has long been endeared to the heart of every one, and from the beginning of her address she had the audience captivated. Miss Margaret Ross, the salutatorian, oration, "Poetry on Every Day Life," was an exceptionally brilliant effort and showed that much care had been taken in the selection and preparation of the article. Should the program which the class presented this afternoon be taken as a criterion of the ability of the members thereof it would not be claiming too much when it is said that the class of 1903 is one of the best prepared classes that has yet graduated from the high school. After the exercises Hon. Henry Mueller, president of the board of education, presented the diplomas to the graduates. Those who graduated were:

Ione Bradshaw, Margaret Griffith, Arthur Geneaux, Lillian Lambrecht, Elma Colban, Carl Christian, Margaret Ross, Elizabeth Larson, Thomas Clapp, Frances Chase, Grace Noyes, Jennie Caruthers, Edgar Cohn, Charlotte Featherly, Mary McManus, John Curtis, Dore Shively.

OF NATURAL CAUSE

Mrs. William Banks Did Not Die from Cold and Exposure.

The statement in yesterday afternoon's Inter Mountain to the effect that Mrs. William Banks had come to her death through probable cold and exposure was a mistake.

Her son declares she died of natural causes, the primary reason being gallstones with which she had been suffering for some time. Mrs. Banks was 67 years of age and leaves one son, John Gooch, and her husband, William Banks, to mourn her death.

Coroner Egan summoned a jury at 2 o'clock this afternoon, and the result of the inquest was a verdict to the effect that Mrs. Banks came to her death from natural causes.

TREHANT IS IN JAIL

Missoula Police Think They Have Man Who Robbed E. T. Roullier

SPECIAL TO THE INTER MOUNTAIN.
Missoula, Jan. 30.—Joseph Trehant, the man who was sleeping with Fred T. Roullier in a lodging house and got up before Roullier and is alleged to have robbed him of \$140, was arrested here this morning by the police. The money was not found in possession of Trehant but the police are certain that they have the right man.

Trehant recently served a term of six months in the county jail on a charge of stealing a bicycle. It is thought that he has the money caught. Trehant waived examination this morning and is now in the county jail.
