SLOW TO BELIEVE SAVOY IS THE MAN

MISSOULIANS DO NO THINK THE SUSPECT HAS THE "SAND" TO HOLD UP A TRAIN.

SPECIAL TO THE INTER MOUNTAIN.
Missoula, Feb. 18.—The arrest of Napoleon Savoy, as the man who held up the North Coast limited near Bearmouth, in which holdup Engineer O'Neal lost his life, is received here with a great deal of doubt.
The local authorities place no credence in the story of the holdup and Savoy's connection with it, for the reason that they say that the man has not got sand enough to undertake a job of that character. Savoy is wanted in Missoula for running away from jail one week ago yesterday. He has been in "lock" several times in Missoula and recently he was given a 30 days' sentence for being in a cutting scrape on Front street. While in jail he has always behaved well and recently he was permitted to go down town with one of the officers.
He saw a good chance and escaped. During the week nothing was seen of him. Later it was learned that he took the Copper City south, on Tuesday.
The first that was heard of him since leaving Missoula was the report that he had been arrested in Anaconda on suspicion for having held up the Northern Pacific at Bearmouth last October.

CALLS GRAND JURY

Investigation of Gambling About to Be Started at Dillon.

Dillon, Feb. 18.—Judge M. H. Parker has been holding court here since Monday. For the first time in five years a grand jury has been decided upon as being necessary. It was not known that a jury would be called until after a consultation held by the judge with a number of attorneys, and the judge decided that a grand jury should be called to meet here in May. A trial jury was also selected for that term of court. While it is not known to be certain, it is thought that the reason for calling a grand jury was to investigate the cattle-stealing cases and the reported violations of the gambling laws in this section.
Since court convened the first of the week four divorces have been granted and a number of water cases have been tried.

CROWDS FLOCKING RED LODGE COURT

Charge of Accessory to Be Filed Against Lambert—Many Witnesses.

SPECIAL TO THE INTER MOUNTAIN.
Red Lodge, Feb. 18.—When the fact that the men charged with the Bridger train robbery were to be brought into court yesterday to plead was noted about a large crowd at once flocked to the courtroom. The men were brought into court by three officers and appeared to have undergone their confinement exceptionally well.
Something of a sensation was caused when Judge Henry gave permission to L. O. Caswell, who is acting as county attorney, to file an information against Horace L. Lambert, charging bank robbery. Lambert was dismissed by a justice on this charge and last Friday was taken to Big Timber by Sheriff Felling to answer to a charge of horse stealing.
Mr. Caswell gave as his reason for asking permission the discovery of a large mass of evidence since the justice court hearing, and also the fact that the state's case was not fully presented at the preliminary hearing, because many witnesses refused at a great distance and were not called.
"We resist the application," said L. B. Gelo, attorney for all those in the robbery charge. He was told by the court that it is only right in the premises was to

Mr. Caswell was also given permission to file an information against John Kelly, now in jail here. Kelly was first incarcerated in Billings, released by Judge Loud on a habeas corpus writ, immediately re-arrested and brought to Red Lodge. The charge of horse stealing was made against him in Billings last week by a roundup ranchman.
Twenty-six additional names of witnesses were today indorsed on all the bank robbery informations, making 32 witnesses in all.

DRAWS THIRTY DAYS

Gowan Must Go to Jail for Alleged Collection of Another's Money.

The case of the State against J. H. Gowan, the insurance agent who is charged with having collected money belonging to John Lockhart, the agent for the Washington Life Insurance company, and failing to account for it, was concluded in Justice Colligan's court late yesterday afternoon before a jury and a verdict of guilty was rendered after a short deliberation. Gowan was detained by Clarence Olds and Deputy County Attorney Coleman acted for the state.
At 11 o'clock this morning Justice Colligan sentenced Gowan to 30 days in jail.

THOUGHT A MAN OUGHT TO ACT THAT WAY, HE SAYS

Young Velvet's Delusion While Smashing a Window—Dismissed by Justice After Getting a Lecture.

Gus Velvet yesterday afternoon came before Justice Phil Harrington and admitted breaking a window by throwing a stone. Velvet was charged in connection with two other boys with breaking a window in Dave Nevin's store on Harrison avenue and with malicious mischief, but before the constable had time to serve the warrants on the three boys, young Velvet appeared before Justice Harrington and stated that he was the only party to blame in the case. The young man was severely lectured by the magistrate, but he dismissed the case on condition that the glass be repaired within 48 hours. The promise was given and the case was dismissed conditionally. Young Velvet said that he acted as he did because he thought that was the way that "a man ought to act."

With All on Board.

BY ASSOCIATED PRESS.
Chicago, Feb. 18.—According to the Record-Herald's New Orleans correspondent, a private cablegram received there from Rio Janeiro states that the steamer Bellanca, bound from Rio Janeiro to New Orleans with a cargo of coffee, has gone down with all on board.

Fatalities Number Five.

BY ASSOCIATED PRESS.
Columbia, S. C., Feb. 18.—Fuller reports from Monday afternoon's storms show that considerable damage was done to property throughout Western South Carolina, and that the fatalities numbered at least five.

DISGUSTED BY THESPIANS

Mixologist Who Cannot Bear Actors

The handsome and dapper mixer of delightful beverages at the Butte hotel bar is sore on actors. Not long ago a Helena barber blew into the Butte pool rooms and did a lot of business on the races with several gentlemen to whom he introduced himself as Count Hotoffebatski and who unwisely parted with their coin on his tips. The count was what is technically known as a pechblow mug or something like that. But the mixologist referred to declares that he was only a "travels agent" compared to some of the histrionic celebrities who stray up to where the bar moans in the gloaming.
A night or so ago an actor from one of the traveling companies in Butte at the time thrust a rubicund pliz over the silt-venter rain where the Scotchman gleam through the crystal goblets and called for a beer. Beer is a plebian liquid, but the actor is a graminivorous animal and has no more discrimination than a blue blotter when it comes to absorbing the wet goods.
"Well, I set him up a beer," said the affable mixologist. "I charged him 15 cents. When he heard the price was 15 cents the roar he set up was like the blowing-off of steam in a factory. He said that he was robbed."
"What do you think of that?" He said he had been held up in Chicago, but he

Irregularity and Nervousness

This Testimony of 1,500,000 Cured Women Confirmed by
MRS. EMILIE DANFORTH, 233 Thirty-Second Street, Chicago,
Vice-President Woman's Indian Association.

Chicago, Ill., Sept. 15, 1902.

I feel it my duty to let my afflicted sisters know of the potency of Wine of Cardui for female troubles. It takes the place of a doctor in my family. I have had experience with different kinds of medicine but nothing I ever saw or heard of would dispense with your medicine. It is an ideal little medicine for when doctors fail. Wine of Cardui will cure all cases of irregularity and nervousness when I fail at if nothing I did would do me any good. My doctor's sympathies with those suffering with irregularity. I want to thank you most heartily for what Wine of Cardui has done for me and mine. I am in perfect health now and it is all due to your medicine which is certainly without an equal.

It is women's nature to be patient. A nervous, irritable woman is always sick. The spoiling of the household is generally the cry of a distressed mother, racked with unstrung nerves caused by irregular menstruation, bearing down pains or some other form of female weakness that is making her not herself. Household cares never bring from the heart the cry of anguish that the torture of bearing down pains do.
It is female weakness that is killing so many mothers. It is sad to see sweet tempered and loving mothers becoming haggard, sickly, cross and nervous unlovely creatures when even their nearest relatives and dearest friends never know enough of the truth to give sympathy.
People do not understand female weakness and its power to crush a woman's life. Mrs. Danforth knows about it and she wrote this letter to show sick, tired, nervous and worn out women the way to health. Household cares never bring from the heart the cry of anguish that the torture of bearing down pains do.
She has shown you that Wine of Cardui is the best and surest medicine to take to secure health. You owe it to your family and friends to secure health. You can have health by taking Wine of Cardui. Why not begin now? There is no better time. There is no surer way. Wine of Cardui imparts health and strength to the female organism. This relieves the nerves of strain and tension. This medicine eliminates bearing down pains. It banishes the last traces of irritation of the membranes and maintains regularity in the menstrual flow.

All druggists sell \$1.00 bottles.

WINE OF CARDUI

FUNERAL AT HELENA

Remains of Late William Cannon Laid to Rest at Capital City.

SPECIAL TO THE INTER MOUNTAIN.
Helena, Feb. 18.—Funeral services over the body of William LeGrand Cannon, who died last week at San Diego, Cal., were held this afternoon at 2 o'clock at the residence of his parents, Mr. and Mrs. Charles W. Cannon, 303 Broadway.
Mr. Cannon's remains were brought to Helena Monday afternoon by Mrs. Cannon, who was with her son when he died. The delay in bringing the body of the young man to Helena was due to several causes, principal among which was a freight wreck in a tunnel on the Southern Pacific, which delayed the passenger train. The railroad company proposed to transfer the passengers, but not the baggage nor the casket containing Mr. Cannon's body. Mrs. Cannon refused to leave without the body of her son, and eight passengers carried the casket over the mountain, when the journey was resumed.
Mr. and Mrs. Cannon were met at the Northern Pacific depot by a number of friends.

WANT IMPORTATION STOPPED

Knights of Labor Are After the Commissioner of Immigration.

BY ASSOCIATED PRESS.
Boston, Mass., Feb. 18.—Knights of Labor men from Lynn have just held a conference with Frank P. Sargent, United States commissioner general of immigration on their request that those responsible for importing shoe cutters from Canada, to assist the boot and shoe workers' union in breaking the strike in the Lynn factories be prosecuted. The Knights of Labor accuse certain officers of the union of bringing the Canadians here. The imported men disappeared from Lynn one day last week and the Knights of Labor say that all are back in Montreal.
Mr. Sargent instructed the port commissioner, Billings, to continue the inquiry and if the further evidence obtained is what the Knights of Labor men declare to be to ask warrants of United States District Attorney Moulton against those instrumental in the alleged violation of the contract labor.

Harry Edwards Dismissed.

Harry Edwards, who was caught in the act of stealing scrap iron from the Western Iron works by the watchman on Monday, was yesterday afternoon taken before Justice Sheehan on a charge of petit larceny. He admitted he was guilty, but pleaded for mercy. The court dismissed the youngster with a lecture and payment of the costs.

Getting Ready to Assess.

County Assessor Brown is engaged in districting the county preparatory to putting his deputies in the field March 1. The roundup for assessment purposes this year promises to be one of the most complete and accurate on record.

Default Judgment.

Default judgment was entered in the district court this morning in the suit of A. F. Bray against William and Washington I. B. Nichols. The action was to recover \$250 alleged to be due on promissory notes.

BALMY CHINOOK DAYS

America Freezes and Butte Is Warm

This is the kind of weather that puts people in the aged, makes the children want to play in the road and turns the young man's fancy to the subject of love. Some parts of the country are freezing at a temperature of 40 below. Not so at Butte. Here there is nothing but the warm breath of the Chinook wind and the gladness of spring, or what will become spring in the course of time.
Up to date Butte has had a winter marked by its mildness. Last year the thermometer got down to 32 degrees below zero right in the heart of town, and down on the flat it was cold as Greenland. It rode five hundred miles in the face of a howling blizzard with the thermometer wiggling around 75 below and his sleigh full of lighted lanterns, hot stoves, steam radiators and smelting furnaces, and yet he froze his left ear clean up to the tympanic membrane.
The lowest temperature recorded in town this year occurred at 6 o'clock last Sunday morning, February 15. At the date and hour named the weather bureau thermometer at the street car office registered 9 degrees below zero, and High & Fairfield's thermometer at the corner of Broadway and Main streets registered a cold of 10 degrees below. That was right in the heart of the coldest spell of the year, which lasted about a week and dur-

ing which the thermometer played hide and seek around the zero mark, ranging daily from four or five below to eight or ten above.
The tremendously cold spell of last winter took place between January 23 and February 2. This was the time when the 32 degree temperature was registered. During that time the windows right behind the big range in the kitchen were so thick with hoary frost that it was impossible to see through them, even when the range was a rosy red from the boiling heat within.
One of the peculiar features of the cold weather this year, notwithstanding the mildness of its character comparatively, is the fact that the frost has penetrated deep into the ground. The plumbers of Butte report that there is frost this winter to a depth of six and a half feet. This is considered extraordinary for this country and the temperatures which have prevailed.
The plumbers also report that this is the mildest weather for the time of year that they have observed for several years. Nearly everybody in Butte is hoping that the place will escape this year without the swingeing weather that usually prevails in winter. The season is getting late for it now, and unless a cold spell occurs this month yet, the place will probably escape. There has been plenty of snow in the agricultural regions of the state and there will be lots of water. Therefore there is nothing more to be desired from the winter, except it pass away without handing out any more low temperatures.

HE HAS NOT PAID IT

Florence Williamson Says Her Husband Is Derelict—Asks a Divorce.

After four years of married life, two of which she has been compelled to live separately, by reason of the desertion of her spouse, Florence Williamson has filed suit for divorce from Herschel G. Williamson.
The troubles of the Williamsons were aired in court a couple of years ago, when the wife caused the arrest of her husband for non-support of herself and child. At that time a sort of peace agreement was patched up, the parties agreeing to live separate and the husband agreeing to pay his wife \$30 a month for the maintenance of herself and the little one.
In the complaint filed today Mrs. Williamson sets forth that her spouse continued such payments for nine months and then defaulted. Since then it is alleged he has contributed nothing to the support of his wife and child.
It is recited that the defendant is an able-bodied man capable of earning \$3 a day and that he now at work in Great Falls.
In her prayer Mrs. Williamson asks for an absolute divorce; the custody of the child, Ruth; the restoration of her maiden name, Florence Graves, and for alimony and attorney's fees.

DISMISSED AT INSTANCE OF COMMISSION COMPANY

The suit of the Montana Commission company against M. N. Leterich & Co. of Watonsville, Cal., growing out of the alleged failure on the part of the last-named firm to fulfill a contract for several carloads of apples last season, was dismissed in the district court today at the instance of the plaintiff. Last season, according to the pleadings, the Montana company contracted for ten cars of 640 boxes each to be delivered in this city. The California company, after delivering five cars, defaulted, it is alleged, leaving the local firm, which had contracted for the sale of the entire ten cars, in the lurch. Damages are asked in the sum of \$960.

RAILWAY POSTAL CLERKS TO INCREASE TO \$50,000,000

BY ASSOCIATED PRESS.
Chicago, Feb. 18.—Stockholders of the Chicago Great Western railway held a special meeting here today and voted to increase the capital stock of the company from \$10,000,000 to \$50,000,000.
A portion of this increase is to be used in paying for the Mason City & Fort Dodge railway, recently acquired by the Great Western. The Great Western is to be used for the extension now in process of construction to Omaha and Sioux City.

First Convention of the Association Held in San Francisco.

BY ASSOCIATED PRESS.
San Francisco, Feb. 18.—Thirty Railway postal clerks of the Eighth division of the railway mail service, met here yesterday in the first convention held by Railway postal clerks in the United States. The association was inaugurated by H. H. Thrall, superintendent of the division, for the purpose of making suggestions that would benefit the service. Chief clerks met in session for the same purpose.
