## FOUR VICTIMS OF DIRE ACCIDENTS

MISSOULA MAN KICKED BY A HORSE AND WILL BE A HELPLESS CRIPPLE FOR LIFE.

### HURT IN THE CAR SHOPS

Elmer Lane Hit on Head by Handle of a Jack—Boy Shoots Himself—How Dr. Menger Was Drowned.

SPECIAL TO THE INTER MOUNTAIN.  
Missoula, Aug. 28.—Paralyzed, perhaps for life, by the kick of a horse and with a small chance to live, even as a cripple, W. W. White, a traveling salesman, was brought in from Selish yesterday. He was soliciting orders near the place, which is on the Flathead reservation.

His horse took fright at a goat. White alighted from his buggy and tried to lead the animal by. It reared and struck him with its forefeet. One blow hit his spinal chord and paralyzed him.

The unfortunate man sank to the ground and might have been trampled to death had not some ranchers seen the trouble and pulled him out. He was brought to town last night.

### Elmer Lane Hurt.

SPECIAL TO THE INTER MOUNTAIN.  
Missoula, Aug. 28.—Elmer Lane, a brother-in-law of Postmaster Keep and City Detective Hogan, was seriously injured at the Northern Pacific shops yesterday evening and now lies in the railway hospital.

With other workmen he was engaged in jacking up a freight car. The jack slipped and the handle struck him on the head.

Lane walked to the hospital, but fainted before entering the door. The physicians say his condition is serious. Mrs. Lane is with him.

### How He Was Drowned.

SPECIAL TO THE INTER MOUNTAIN.  
Missoula, Aug. 28.—Details of the drowning in Lake Maggiori of Dr. Menger, son-in-law of Dr. Buckley of Missoula, were received yesterday by the latter in a letter from his wife, now at Florence with her daughter, Mrs. Menger.

It seems that Menger entered the lake to go swimming, against the advice of friends, who told him how cold it was. The unfortunate man ventured beyond his depth and taking a cramp, downed in sight of his wife.

The body was recovered soon after, but physicians were unable to resuscitate Dr. Menger. His wife is threatened with nervous prostration from the shock.

### Accidentally Shot.

SPECIAL TO THE INTER MOUNTAIN.  
Phillipsburg, Aug. 28.—Forest Porter, aged 16, accidentally shot himself this week with a revolver. He was cleaning the weapon when it fell and striking the floor of the cabin, was discharged.

The ball plowed a furrow in his arm, from the wrist to the armpit. No bones were broken and he will be none the worse for the accident, although the wound is still painful.

## SUSPECT IS NOT THE MAN

Supposed Forger Discharged From Custody in Billings.

Billings, Aug. 28.—Under Sheriff Beller of Livingston and John H. Martin, a business man of that place, arrived here yesterday for the purpose of identifying the man in the city jail, if possible as Charles Rooney, who is wanted in Livingston on several forged checks. He is one of Rooney's victims.

After looking at the man in the jail he came to the conclusion that while the description was almost perfect he is not the man.

Chief of Police Morse still thinks he had the right man, as he states that the prisoner knew a great deal about forged checks. He was discharged and has left town.

## STATE BOARD DISSATISFIED

Directs Attorney General to Look Into Deer Lodge Figures.

SPECIAL TO THE INTER MOUNTAIN.  
Helena, Aug. 28.—The state board of equalization yesterday passed the following resolution:

"That the attorney general be directed to take such steps as he deems legal to secure an assessment of bank stock in Deer Lodge county, it appearing that the county board of equalization has stricken from the tax rolls the bank stock placed there by the assessor."

There were no returns of bank assessments in the figures submitted by the Deer Lodge county board of equalization.

The state board believes that it is hardly possible that there can be no assessable bank stock in Deer Lodge county. Hence the resolution.

## FINDS A HAVEN AT LAST

Girl Lured From France by a Villain Is Happily Married.

SPECIAL TO THE INTER MOUNTAIN.  
Helena, Aug. 28.—Angelle L. Grand yesterday became the bride of C. V. Le Brun, a Boulder valley rancher. She is the French girl who was lured to this country.

Camille Leon, who had known the girl in France, sent for her a year ago. She met him in Spokane and he tried to make her a respectable resort. She fled to Helena where, after hearing her story, the police procured her shelter and began proceedings against Leon, who is now serving a term of seven years in the Washington state penitentiary.

## TOOLE NAMES HIS DELEGATES

SPECIAL TO THE INTER MOUNTAIN.  
Helena, Aug. 28.—Governor Toole has named the following delegates to represent Montana at the sessions of the National Irrigation congress, to be held in Ogden, Utah, September 15-18:

Senator W. A. Clark, Butte; Senator Paris Gibson, Great Falls; Representative Joseph M. Dixon, Missoula; B. F. White, Dillon; J. F. Murray, Dillon; J. A. Ferguson, Missoula; F. H. Key, Helena; G. B. Bailey, Big Timber; H. W. Mitchell, Great Falls; W. G. Eggleston, Helena; Henry Anderson, Manhattan; G. W. Dougherty, Corvallis; E. C. White, Uet; Edward Ryan, Boulder; E. C. Kinney, Bozeman; H. W. Rowley, Billings; W. H. Woodbridge, Hinsdale; J. D. O'Donnell, W. B. Sands, Chinook; T. M. Everett, Harlem; and J. W. Shields, Chouteau.

## INTERSTATE FAIR AT BOZEMAN—EXCURSION RATES.

For the Interstate fair at Bozeman the Northern Pacific will sell from all points Miles City, Missoula, both inclusive, one and one-third fare for the round trip. Tickets on sale September 1 to 4, inclusive; good returning September 5 to 11. Merriam, general agent.

## COOKE CITY PLANT WILL BE PUT UP

IMPROVEMENT OF MINING CAMP IS THOUGHT TO BE ASSURED AT RED LODGE.

### BOTH ARE BOUND OVER

Grimes and Smith Held on Sheepstealing Charges—Rocky Fork Coal Company No More.

SPECIAL TO THE INTER MOUNTAIN.  
Red Lodge, Aug. 28.—Prospects are becoming brighter at Cooke City. F. C. Pyne received word from that place that representatives of the Precious Metal company of Helena have secured all the available land up and down the Clarke Fork for a smelter and a townsite and have also secured water rights.

Lawyer Smith and President Tuttle of that company have gone to Pittsburgh, where a final test of ores is being made. The first smelter machinery will probably be shipped to Cooke City next week. Considerable interest is occasioned here by the statement that the most feasible route for a railroad to Cooke City has been found from Red Lodge, going by water grade up Rock creek through the pass at the lakes and on to Cooke City. Red Lodge has the advantage over the proposed route from Big Timber and Bridger in that the starting point would be 2,000 feet higher here.

### Alter Airship.

The directors of the Bozeman interstate fair have been trying to get T. C. Benow's airship for exhibition at the fair, but they were informed that it would cost them \$2,000, the same figure that the Texas state fair has offered, and that Texas would have the preference. Word is received from Frankfort, N. Y., that the car for a full-sized model ship is about completed and that Mr. Benow will make a trial trip inside of two weeks. Experts say his model is unique and that success seems certain.

### Both Bound Over.

Eugene Grimes and Arthur Smith have been bound over to the district court under bonds of \$500 each. They are the men accused of stealing sheep.

Their escape into Yellowstone county and subsequent sensational capture by Deputy Holt and Sheriff Potter is fresh in the minds of the public.

The accused declare the sheep strayed with theirs without their knowledge. The state says the men changed the brands.

### Goes Out of Existence.

The Rocky Fork Coal company will cease existence. At a meeting of the directors, held here yesterday, a disposal of the property was authorized.

The Northwestern Improvement company really owns the mines, having acquired them in 1900. Superintendent Pettigrew acted as chairman of the meeting here and R. F. Gaines of Helena as secretary.

"Lonesome Joe," alias H. L. Hughes, alias L. W. Wallace, is here in jail again. He was captured near Columbus Wednesday by Sheriff Potter.

## DITCH FROM ROSEBUD TO MILES CITY PROGRESSES

Government Inspector and Engineer at Miles City to See How the Work is Getting Along.

Miles City, Aug. 28.—Major T. E. Edwards, inspector of Indian agencies, and a civil engineer named Hill, were in town Tuesday on business connected with the ditch which is being dug down from Rosebud. They drove out to the place where the Tongue river ditch crosses Pumpkin creek to see how the work was accomplished, and also consulted Colonel Scheetz, who was the engineer on the same ditch for information in the matter as they have several creeks to cross, the Porcupine, Sand creek and others on the way down the north side of the Yellowstone.

The ditch water is conveyed under Pumpkin creek by a siphon having a 45 degree angle which gives a half foot fall. The Rosebud ditch engineer was figuring on making a straight drop and rise, but Colonel Scheetz convinced him that the method created liability to obstruction and also that there was another objectionable feature. Where water drops to any considerable depth, as for instance at Horse Plains, where the drop is 32 feet, large quantities of air carried with the water and become compressed in the sluice box. The water comes out at the outlet in irregular bursts accompanied by a considerable noise and disturbance. In the angled sluice box the water rolls out evenly and no object will obstruct its flow. Colonel Scheetz says that a boulder as big as one's head entering at the intake would be rolled a distance of 125 feet and discharged without any difficulty whatever.

The ditch when ultimately finished will be brought down as far as it is possible to a short distance above the new bridge. This of course may occupy two or three years, but it will undoubtedly be done and the whole of Sadie bottom would be irrigated. The temporary outlets may be easily obtained by utilizing any of the numerous creeks that empty into the Yellowstone.

## BEAR AS BIG AS A COW

Columbus Man Has Skin of a Huge Bruin.

SPECIAL TO THE INTER MOUNTAIN.  
Columbus, Aug. 28.—It was reported some time ago that John Trimer had shot a bear. The report proved to be true, and the animal was a huge one, as its hide bears witness. It was shot in the hills not far west of his house, and was so large that Mr. Trimer at first mistook it for a cow.

## Range Eaten Bare.

Miles City, Aug. 28.—It is reported that quite a few of the stockmen around Brandenburg will be obliged to seek winter range in other localities owing to lack of rain and to grasshoppers during the summer.

**The Best Dirt Annihilator**  
is clean, bright, new paint. It not only makes things clean, but makes them look clean. A man and his wife can easily do up their house by the means of our mixed house paint at small expense. They come ready for immediate use, are permanent and durable.

# Old Linoleum

Yes, that's just what we mean, for linoleum that is not of proper age cannot be of reliable quality. It takes age to season the material that goes to make up the best grades of linoleum. The proper seasoning of all the linoleums sold by us is in a great measure responsible for our being able to give linoleum satisfaction with every linoleum sale. With this much for the quality and a few special prices, we hope to make a clean sweep of all single-room lengths and linoleum remnants in time to make space for our first three-carload shipment, due to arrive next week.

## Linoleum Specials

Include all the best grades and choice of any of the patterns in either sample or full room lengths.

## BUTTE WOMAN AGAIN SECURES CHIEF HONOR

Jessie C. Gunn at Head of the Auxiliary to the Ancient Order of United Workmen of Montana.

Helena, Aug. 28.—The Degree of Honor, Ancient Order of United Workmen, closed its sessions late yesterday afternoon by electing officers as follows:

Past Grand Chief of Honor—Cora McDuffie, South Butte.  
Grand Chief of Honor—Jessie C. Gunn, Free Silver lodge, No. 11, Butte.  
Grand Lady of Honor—Fannie Vreeland, Gallatin lodge, No. 21, Bozeman.  
Grand Chief of Ceremonies—Mary Short, Alpha lodge, No. 14, Livingston.  
Grand Usher—Mary Dee, Alta lodge, No. 18, Centerville.  
Grand Outer Watch—Lottie Tennent, Trask lodge, No. 52, Anaconda.  
Grand Recorder—Nellie McGill, Downey lodge, Helena.  
Grand Receiver—Susie Sennett, Uplarch lodge, Helena.

A partial list of the premiums awarded for securing members, etc., was given in the Inter Mountain of yesterday. In addition to those mentioned Mrs. Mary Vaeger of Butte received the gold Degree of Honor pin.

## A DELIGHTFUL SUMMER TRIP.

If you are going East this summer why not see Salt Lake City and Denver and the elegant scenery through Colorado along the lines of the Rio Grande system? You can't beat it for excellent service and good accommodations. Only one change of cars between Butte and Chicago and St. Louis. Write for rates and a copy of "With Nature in Colorado." G. W. Fitzgerald, general agent, Butte, Montana.

## TEN YEARS GIVEN INDIAN MURDERER

LIFE OF CREE IS HELD IN LOW ESTIMATION IN THE FORT BENTON COURT.

## JURY FIXES THE LIMIT

Possible That New Zealander May Get Less Than the Limit for Killing Tom Cree Near Havre.

## SPECIAL TO THE INTER MOUNTAIN.

Fort Benton, Aug. 28.—A verdict of manslaughter was returned by a jury in the district court yesterday in the case of Joseph Cordova, charged with the murder of Tom Cree at Havre. The penalty is to be fixed by the court.

It must not exceed 10 years in prison. Cordova is 17 years of age and a native of New Zealand. Judge Tattan, in commenting on the verdict, said it is the intention of the authorities to rid the community of worthless characters of all sorts.

## Trial Began Tuesday.

The trial of Joe Cordova was commenced Tuesday afternoon, the accused being defended by Attorneys F. E. Stranahan and F. A. Carnal. The jury in the case was composed of G. W. Rouse, F. J. Freeman, Frank Bowes, William Rowe, R. F. Morris, Charles H. Reed, Fred Early, Edward Price, W. R. Hensen, H. L. Ronne, A. Riffenberg and Ezekiel Peers. The prosecution had quite a little trouble with Indian and half-breed witnesses, whose testimony for the most part was given through Interpreter Frank Dubois. They were apparently unwilling or unable to give a true and full account of the affair, but the facts in the case are that Cree Tom was killed, and an Indian woman and a white man wounded in the affair. Whether the shooting was unprovoked or was done in self-defense was the problem that confronted the jury.

## The Witnesses.

Among the witnesses examined were Cash Johnson, P. J. McIntyre, Thomas McDevitt, Mary Cardenia and Cree Tom's mother, who boasts the name of Sha-sha-po-ku-sheeko. This remarkable alphabetical conglomeration means "Daughter of Heaven."

## Crops Badly Damaged.

Fort Benton, Aug. 28.—It is reported from Highwood that a number of grain crops in that vicinity were so badly damaged by the recent hail storm as to necessitate their cutting for hay. Some damage to crops is also reported from the Shonkin.

Good for health and wealth—Schilling's Best—at your grocer's, and moneyback.
