TRUANT OFFICER IS TO ROUND UP DELINQUENTS

Superintendent Dale Determined to Have All Children of Suitable Age at School All the Time.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Sept. 16.—The truant man will catch you if you don't watch out. It is the burden of a song about to be sung to the bad little boys and girls of Anaconda who persist in playing hooky.

Superintendent Dale of the city school has made the discovery that certain willful youngsters, whose ideas as to when vacation should close do not coincide with the ideas of the school board, have been looking at picture books in the Hearst free library, romping up and down the creek and playing baseball in old Lake park at the very hours when the law says they shall be in school.

He is now rounding up the truants. If there continues to be many violations of the law a truant officer will be employed. The law is very strict on the question and makes it incumbent on parents and guardians, under penalty of a heavy fine, to compel their children to attend school.

MAYOR SHOULD BE APPOINTING MEN

NOBODY DOUBTS THAT PRESENT POLICE FORCE IS TOO SMALL FOR THE CITY.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Sept. 16.—Since the story of a few days ago which appeared in the Inter Mountain regarding the condition of the police force in Anaconda, there are many who believe that some action should be taken which will force Mayor Frinke to reinstate Barkovich on the force, as well as to appoint some other man to serve.

The present force on the night shift is really a matter to be laughed at, with all due respect to Barney Fitzpatrick, the assistant chief of police, and the one man who serves under him.

Even last night a fight occurred in a Main street saloon, and it was some minutes before word could be sent to an officer to make his appearance and quell the disturbance.

Assistant Chief Barney appeared and soon led the combatants off, and additional trouble was averted, yet the crowd which witnessed the fight was a big one and was in a fair condition to make serious trouble in the event of any foul play, being discovered during the progress of the fight.

Had there been a free-for-all row during the two-round bout the assistant chief of police would have been as helpless in the crowd gathered as a 2-year-old babe, for the numbers were many and the members of the crowd, in several instances, were big, brawny men who would go fast if started. It was known that the police force of the city was in the east end of town when the disturbance occurred, so the assistant chief was considered quite lucky in stopping the mill without any serious trouble.

M'CAFFERY IS SEEKING A CHANGE OF VENUE

Old Suit Over Expenses Incurred by the Sheriff in His Hunt for a Murderer.

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Sept. 16.—County Attorney McCaffery is in Philipsburg today to endeavor to secure from Judge Napton in the district court a change of venue to Beaverhead county of the suit brought by Deer Lodge county against Granite county. It is thought the application will not be resisted.

The case is one arising out of the old Hunter murder case. Several years ago word reached Jack Conley, sheriff of Deer Lodge county, that C. Hunter had killed his son-in-law, Walbridge, in the vicinity of Flint creek and concealed the body in the woods. Conley undertook an investigation. It led him into Nebraska, from which state the first tip on the murder came, and into Eastern Montana and Wyoming.

The result of this work was the final capture of Hunter and the discovery of the skeleton. Altogether several hundred dollars were expended. Then it developed that the murder had been committed just over the Granite county line, a survey being necessary to determine this fact. Granite county, however, refused to pay the \$300 claim put in by Deer Lodge county for Conley's expenses. Hence the suit.

AMUSEMENTS

SPECIAL TO THE INTER MOUNTAIN. Anaconda, Sept. 16.—"Alexander the Great," in which Louis James and Frederick Warde will appear next Saturday evening, is said to be one of the ablest modern attempts to picture the strenuous lives of the ancients. It is not a recital of dry historical facts, but an absorbing drama with an historical background. It is developed on strictly modern lines.

As the authors have tried to stir the emotions, so Managers Wagenhals and Kemper, in staging the play, have done all in their power to transport the audience from a visual standpoint.

CALIFORNIA INDIANS ARE RESTIVE UNDER ROUTINE

Refuse to Go to Work on Irrigation Ditches—Superintendent Reports All Sorts of Trouble.

BY ASSOCIATED PRESS. Washington, Sept. 16.—A strike of the Warner's ranch Indians in California in the employment of their tribe as a unit on irrigation works ordered by the government for their sole benefit has been reported to the interior department by George Butler, irrigation superintendent. Butler was ordered to the Pala ranch, whence the Warner's ranch Indians were recently transferred after years of trouble, to develop a water supply and did irrigation ditches for the benefit of the Indians. He employed eight of them at \$1.25 a day on August 31, promising to employ all whenever extension of the work warranted it, but the Indians refused to go to work, deciding at a council meeting that all or none of their number should be employed.

Butler's report arraigns the tribe as dissatisfied, unruly and unsettled, says they attempt to dictate the policy of the reservation and terms of labor and refuse to affiliate with the other Indians except at fiestas. At a recent fiesta, he says, 40 places where drinks were served were counted and the report adds: "It is said a deputy marshal was running a game wild open."

The report questions the advisability of employing the Indians in the irrigation work under the circumstances.

BY ASSOCIATED PRESS. Chattanooga, Tenn., Sept. 16.—Andrew Carnegie is to be asked to establish free libraries in Chattanooga, and several other Southern cities for the exclusive use of negroes.

It is pointed out by Wheaton and his associates that the negroes of Chattanooga, Atlanta, Knoxville and other cities in which Mr. Carnegie is establishing libraries, will be barred from the privileges of the institutions.

TROUBLE IN THE K. OF L.

Temporary Injunction Has Been Dissolved by Justice Gould.

BY ASSOCIATED PRESS. Washington, Sept. 16.—A phase of the Knights of Labor trouble, arising out of the election of officers at Niagara Falls last year, came up in equity court No. 1 yesterday.

Justice Gould dissolved a temporary injunction, issued in June on the complaint of Henry Hicks, Thomas Canning, Symon Burns and others, who insist that they are the legal officers of the society and not J. W. Hays, Isaac Chamberlain and others, who claim to be the legal officers and who are in actual possession of the property and funds of the association.

BUTTE PRESS CLUB TO RECEIVE THEM

WASHINGTON CORRESPONDENTS AT IRRIGATION CONGRESS TO BE ENTERTAINED.

TO VISIT THE SMELTERS

Trip to Anaconda and a Descent Into a Butte Mine Planned—Banquet to Follow at Night.

At a meeting of the Butte Press club and representatives of the several Butte newspapers last evening steps were taken for the entertainment of the excursion of Washington newspaper correspondents which will be in Butte Saturday of this week. The meeting was held at the office of A. B. Keith, managing editor of the Miner.

The correspondents are 24 in number. They have been traveling across the continent, the guests of the Union Pacific railway system, and are now attending the National Irrigation congress at Ogden. According to the schedule they will arrive in Butte at 2:45 a. m. Saturday, remain here all day and leave for Billings and the East on the Burlington train at 11:45 Saturday night.

General Committee. Last night's assembly resolved itself into a general committee on arrangements with A. B. Keith as chairman and J. W. Gilbert as secretary. A general plan of entertainment was outlined.

It was decided to send a committee to the correspondents' car at 7:30 a. m. and escort the guests to the Thornton hotel where breakfast will be served. After that the visitors will be taken to the B. A. & P. railway where a special train will be in waiting. This will convey them to the new Washoe smelters at Anaconda.

The train will run direct to these works on the Anaconda high line. Following the inspection of the plant and the presentation to each visitor of a copper souvenir, the train will carry the party on to Anaconda where luncheon will be served at the Montana hotel.

Banquet at Thornton. Early in the afternoon the train will bring the party back to Butte. The correspondents then will be escorted about the city, probably in a special car on the street railway line, will visit and go down the Original mine and probably will visit Columbia Gardens. In the early evening they will be tendered a banquet at the Thornton hotel.

Senator Clark, the president of the irrigation congress, may accompany the correspondents from Ogden. He has signified his desire to assist in the entertainment of the visitors. President Scallon of the Anaconda Copper Mining company, the Butte Business Men's association, the B. A. & P. railway, the Butte Electric Railway company, Senator Clark and the Butte Press club will co-operate in making the stay of the Washington men in Butte and Anaconda pleasant.

At last night's meeting all the necessary sub-committees were appointed to complete arrangements. Another meeting of the general committee will be held tomorrow night.

CLANCY SIGNS THE INSPECTION ORDER

RIGHT TO SURVEY THE MINNIE HEALY MINE GIVEN THE B. & M. COMPANY.

M'HATTON TAKES EXCEPTION

The order of survey of the Minnie Healy mine granted the Boston & Montana Mining company by Judge Clancy Monday morning was signed by the court this morning.

This is the order which was stayed to days after being issued. It was presented this morning by Attorney L. O. Evans for the Boston & Montana company.

The six engineers and surveyors of the Boston & Montana company who are to inspect the Minnie Healy for 10 days are: H. B. Winchell, W. E. Ward, E. F. Chase, J. W. French, B. W. Brunton, Samuel Barker, Jr., and an assistant.

The two gentlemen named as permanent inspectors are Lee Hayes and R. A. Saylor.

Two Days After. "The order will go into effect two days after the stay expires," said Mr. Evans. "Of course, I don't agree with this, your honor, but the gentlemen on the other side are not getting all they asked for," Judge McHatton interjected.

Mr. Evans had said that the order had been submitted to Judge McHatton. "Oh, it's all wrong, you think," the court said.

"The order of the court gave the gentlemen a survey of the whole of the Minnie Healy. They are not getting it here. I think they ought to get all of that," McHatton persisted.

"That's the kind of an order you got before," said the court, referring to an injunction granted Heinze, which covered all of the Leonard mine, and which was modified by the supreme court.

Affixes His Signature. "They bit off more than they could chew," said Attorney Forbes. "Well, I'll sign this order," the court said, and wrote his name on the paper.

Judge McHatton took an exception and the incident was closed.
